We are enabled to publish a college paper because we have goods friends outside of college. We refer specially to Alma's merchants and professional men. These men think it is a good thing to boost the college and college paper, think it is worth while to advertise in the Almanian. Perhaps some think that advertisements play a small part in the Almanian's financial receipts. We assure you this is not true. COOK - ROBINSON

On Saturday, September 25th, 'Tar" Robinson and Sidney Cook, '15, left Alma on their way to Columbia University where they expect to take work in Journalism.

It is unnecessary for the Almanian to introduce these men to its readers. Both were active in literary, athletic. society and Beta Sigma circles. However, we will say that Robinson was one of the editors of last year's Almanian. Due in part to his efforts and ability the Almanian grew from a college paper of mediocre rank to one of first class standing.

In time of need "Sid" Cook proved an efficient helper to the editor of the Almanian. Many of the athletic 'write ups" were contributed by him. Cook has been working during the summer months in the Record Office where he has proven himself a competent reporter. Alma College owes much to these men. With Cook and Robincon the Almanian and student body send their wishes for a

On June 16th, 1902 he was married to Miss Elizabeth I. Hoyt, who was graduated from the Alma College Kindergarten in '96.

The following September he accepted the position of Superintendent of Schools at East Tawas where successfully served for three years. He was called in 1905 to become the Superintendent of the Caro Public Schools, which position he held until 1910 when he accepted his present position of Superintendent of of Schools at Holland, Michigan. During his stay at Caro he served as ruling elder in the Presbyterian Church.

While he has been Superintendent the Holland Schools have had a continuous growth. At present there are seventy-two teachers serving under him. Under his leadership Holland has recently built a new \$120,ooo high school.

In addition to his public school work he has completed two summers' work in the graduate department of the University of Michigan and Columbia University.

Mr. and Mrs. Fell are members of the Consistory of Hope Reform Church. Both are active in church, social, and civic organizations.

They have three sons, Ranald Hoyt, Egbert Howard, and George Alfred. Superintendent Fell has always been a friend of Alma College, one who appreciates student activities and a strong believer in a splendid future for the institution.

ALUMNI 1 OTES

Rev. George P. Har t W. D. af the class of '08, has recently been called from Philadelphia to the Second Presbyterian Church of Portsmouth, Ohio. He has a church of over 1,000 members, the third in point of mem bership in the Buckeys state. His church building is also large and beautiful, having cost over \$150,000. Incidentally it may be said that Washington College, Tennessee, has conferred on him the degree of Doctor of Divinity.

Very likely the Portsmouth people have a manse in harmony with their beautiful church, so that all Dr. Horst lacks is a wife. Who could have thought that one so susceptible in his college days would have remained unmarried so long.

Mr. Stanley C. Johnson, a former Alma student and star base ball pitcher, is now living at 762 W. Grand Boulevard, Detroit, Michigan. He is in the employ of the People's Outfitting Company, which is one of the largest credit concerns in Detroit. Mr. Johnson has been advanced once or twice and is in line for a position still higher up.
