Yageman Stops Albion In Finals With Three Hits; Struckout Eleven

After coming from behind to pull down a 4 run lead Friday and topple Kalamazoo college in the first game of the M. I. A. A. elimination series, by a score of 7 to 4, the Alma collegians stopped Albion dead Saturday afternoon to put the finishing touches on the series and return the Reach trophy and pennant to Alma, winning from Albion 2 to 0.

The game was an exhibition of masterful pitching by Bill Yageman of Alma and Collins of Albion, with the Alma men having by far the better end of the hurling duel. Yegeman allowed Albion just three hits, while Alma took to Collins for six blows, half of which contributed by the stickwork of Boutin in his final college game. Yageman struckout eleven men and Collins 13.

The victory game by which Alma won the elimination series championship, was won under a big handicap of a team that had been riddled by eligibility. Alma lost Kippert last year when he played a game in Detroit after the M. I. A. A. season closed but before the end of the college year. Conlen, catcher, was lost by leaving school. Erickson, second catcher was lost, by reason of a deficiency in honor points. Tidderington, shortstop last year, who started catching this year, was suspended for failure to attend classes. Liephan, outfielder, was suspended for the same reason. Golden, good second base prospect, suffered a fracture of the small bone in his leg, so the job that Coach Campbell had on his hands was a tremendous one, but the team starting poorly, gave a display of gradual and consistent improvement, defeating the seasonal champions twice, while Albion defeated Alma a single time, and then in the elimination series turned in the elimination championship. It was not the most polished baseball team in the world, it is true, but it was a team of fighters, with true fighting spirit.

In the game the hitting of the Alma team was somewhat of a feature, despite the fact that thirteen men struckout. Two Alma men accounted for six of the struckouts, so the record of Collins does not stand out so brilliantly. That Alma's hitting was a feature is shown from the fact that the Albion first sacker had only a single putout, something indeed rare.

The Game

Alma, first—Holdship fled to center. Wagner struckout. LeBlanc walked and stole. Boutin struckout. Results—no hits, no runs, no errors.

Albion, first—Elliott struckout. Zimmer walked. Nutt grounded out. Camburn struckout. Results—no hits, no runs, no errors.

Alma, second—Hawthorne fled to left. Westfall singled to center and took second a moment later on a passed ball. Pezet fled to short. Karpp's attempt to deliver Westfall resulted in his striking out. Results—no hit, no runs, no errors.

Albion, second—Kuhlman struckout. Grey walked. Hasline struckout. Wiseman was hit by a pitched ball. Collins failed to deliver, Yageman ending the inning by striking him out. Results—no runs, no hits, no errors.

Alma, third—Yageman struckout. Holdship fled to third. Wagner walked. On LeBlanc's roller to third Wagner was thrown out at second. Results—no runs, no hits, no errors.

Albion, third—Elliott grounded out, third to first. Zimmer singled to right and stole a moment later. Nutt grounded to third. Camburn rolled a weak roller to Karpp at first. Results—no runs, one hit, no errors.

Alma, fourth—Boutin opened with a teasing single to second. Hawthorne singled to center and Zimmer let the ball get away and the runners took an extra sack. Westfall fled to Collins. Pezet lifted a sacrifice fly to left center, Boutin scoring. Zimmer threw to Nutt at the plate, who relayed to third to nail Hawthorne for the third out. One run, two hits, no errors.

Albion, fourth—Kuhlman struckout. Grey fled to center. Hasline singled down the third base line in left. Wiseman walked. Collins rolled to Yageman and was out at first. Results—no runs, one hit, no errors.

Alma, fifth—Karpp was safe on Zimmer's error. Yageman struckout. Holdship fled to left. Wagner struckout. (Continued on Page 2)

WAGNER, PEZET WIN 4 VARSITY LETTERS

This year for the first time in more than a decade, it is said, Alma college has athletes who have been letter winners in all four major sports. Alma can claim one of these two men as her own. They are Walter Pezet and Eugene Wagner, letter winners in football, basket ball, baseball and track.

It is said that the last four sport letter winner at the college in the four major sports was Malcolm Smith, who is now guiding the destinies of the athletic teams at Alma High School. It is possible, however, that some one has won four major sport letters on one year since, but no one seems to recall the athlete.

The winning of four letters by those two men in the four major sports this year came as a distinct surprise, in both cases. No one had expected Pezet to achieve the honor in baseball, early this year, and until this past week no one had even the slightest idea that Wagner would achieve more than three major sport letters.

In this pair Alma college has two fine athletes and both of them should go stronger than ever during the 1928-29 college year.

"IPHIGENIA" VERY WELL RECEIVED

Difficult Greek Tragedy Was Presented Last Night In Gym

The Greek tragedy, "Iphigenia In Aulis," by Euripedes, was presented by the students of Alma College last night in the Memorial gymnasium, at eight-thirty o'clock. It was presented as a part of the Commencement program. There was a very good audience present to see the drama, and it was, on the whole, very well received.

The idea of giving a Greek drama was conceived by Miss Josephine Banta, professor of Greek and Latin in the college, and it was largely through her persistence and effort that the finished production was made possible as the big feature of Friday night.

Miss Banta is deserving of much credit in the carrying out of such an undertaking, since a play of this type is very difficult to stage and interpret. Earl Closser, who has so ably directed the affairs of the Alma College Drama Club this year, was the director of the production, besides taking a part in the cast itself. He had very much work to do, and the character of the performance Friday night showed his success in his efforts. Mr. Closser has shown himself to be extremely gifted in dramatics, both in directorial work and in the interpretation of the characters. He has done more to establish dramatics in Alma College than any other person. To him goes much of the credit for the fine production last night. The Drama Club as a whole, let it be said, deserve mention for their aid as an organization to the success of the play.

The drama was a very big undertaking. The production of the ancient tragedy called for much and hard work on the part of the cast, who had to practice for weeks on the difficult lines and long speeches which characterize the type of Grecian drama. It was much harder than a modern play of the same length, because of the antiquated and unfamiliar style and diction which was employed in the speeches of the characters. But, with all the problems which it presented, the production last night was absolutely authentic as to costuming, setting, and interpretation. The stage of the gymnasium was transformed into a woodland scene by the clever handling of evergreen branches and foliage of different sorts. The lighting effects were well handled and entirely in keeping with the spirit of the production. The costumes were well chosen and embodied the recognized features of the ancient Grecian dress. The work of the chorus, perhaps the keynote of all Green drama, presented the most difficult problem of all. The members of the chorus had to learn dances, lyrics, and melodies for all of their many appearances. When the character and scope of the music is realized, the problem confronting the chorus is more easily realized. The orchestra, (Continued on Page 4)

TOOK SECOND IN M. I. A. A. MEET

Failure Of Kalamazoo And Hillsdale To Show Hurt Chances Of Alma

Failure of Hillsdale and Kalamazoo college track teams to show as expected, let Albion college pile up a big bunch of seconds, thirds and fourths at the M. I. A. A. track meet, and take the meet with 66½ points, precluding a possibility of Alma taking the honors. Alma finished in second place with 43 points. Other scoring: Kalamazoo, 26½; Hillsdale 21; Hope 6; Olivet, 2.

John McFarland of Alma, a local resident and sophomore in college, who has two years more of competition in the M. I. A. A., was the big noise of the meet, scoring thirteen points. McFarland qualified in the century and 220 dash events Friday and four minutes after the 220 preliminary race ran the finals in the 440, that gruelling man-killing race, turning in first place in this event. On Saturday he came back and turned in first in the finals in the 220 yard dash and, although drawing the worst lane for the 100 yard dash, was second place winner in the century. These 13 points gave him individual scoring honors of the meet.

Another feature of the meet was the taking of the broad jump by Wagner, another local lad. Wagner had not practiced in the event, but jumped 21 feet 3 and 7-8 inches to win the event from Albion by a quarter of an inch.

Highly pleasing also was the freshman relay, an exhibition event in which the Alma quartett ran wild, finishing a good twenty yards ahead of the field, with the final runner almost walking the final 10 yards to the tape so great was the Alma lead. Aplan, Hall, North and Couse, formed the combination.

The results follow:
Shot put—Won by Pezet, Alma; Johnson, Kalamazoo, second; Adler, Albion, third; Tatter, Albion, fourth. Distance, 39 feet 4½ inches.

BARLOW IS FIRST HONOR CLUB HEAD

At the last regular meeting of the newly organized honorary society, Phi Sigma Pi, the constitution of the organization was finally adopted and the officers for the ensuing year were elected. Homer Barlow was elected President and Elizabeth Sidebotham succeeded to the Vice-presidency; these being the only offices necessary in an organization of this nature.

The members passed on the design of the new society key which will be worn by all members attaining membership in Phi Sigma Pi as a symbol of their scholastic achievement.

Early in the school year President Crooks called a meeting of twelve students of the Senior and Junior Classes, who were the leading students, scholastically, in their respective organizations. Dr. Crooks explained to the group that there was a definite need for an organization on the campus that would reward and encourage scholastic endeavor and moral character among the students of the college. The Juniors and Seniors chosen by the President started working on the project and Phi Sigma Pi is the result. The Society has for its purpose and function the encouragement of studious endeavor and sound moral character among the students of Alma and with this as "its" reason for being" it must inevitably come to be recognized as a vital force in our school life.

LAST CHAPEL HELD FRIDAY

Campbell Gives The Athletic Awards; Lauds Work Of Various Teams

Yesterday morning the Farewell Chapel service of the college year was held and the curtain fell on the scholastic activities for 1927-28. With Miss Roberts officiating at the piano the Senior Class, in a body, donned in caps and gowns, marched into the Administration Building and took their chapel seats for the last time. President Crooks opened the service with a brief though interesting address, directing his remarks for the most part to the outgoing graduates. He spoke of the need of a Chapel Hall which would have as its function a meeting place for the students only as they come together to worship God—not a combination class-room, study room and election hall. He emphasized the fact that The Chapel building should be of a nature that would be conducive to contemplative thought and reverence. He passed a few entertaining remarks regarding the quality and character of the chapel speeches throughout the year—hinting that often the "talks" lacked careful preparation and were a bit too extemporaneous. He admonished the outgoing Seniors to be tolerant in their memories of chapel association, and think of the beneficial and inspiring events and speeches that have their origin on the Chapel platform.

He briefly reviewed the athletic, dramatic and forensic achievements of the year passed; congratulating all those who made possible the excellent record of the college in the various activities. He paid tribute to the spirit of the Student Body—pointing out that college spirit is an intangible thing, but very essential to the success of any educational institution. He cleverly and humorously illustrated his point by telling an interesting little story which proved very conclusively that college spirit answers the question, "What is it that ain't?" He then pulled another chestnut out of the fire of memory by reminding us that the old lady said of the brandied peaches, "It's the spirit."

He gave us athletic statistics which proved as he brought out that Alma has won a majority of the M. I. A. A. championships in the past few years and that when any other school has won one they usually had to beat Alma to get it. He extended his congratulations to the Seniors who are members of Phi Sigma Pi, the newly organized scholastic honorary society, and emphasized the point that Phi Sigma Pi should be the goal of every student. He closed his remarks by stating that a meeting with the Board of Trustees called him away from the remainder of the Chapel service and that he would turn the meeting over to Professor Hamilton.

In the capacity of Master of Ceremonies, Professor Hamilton called on Coach Campbell, Jesse Ewer, Dean Mitchell, Dr. Randels and Ross Mit-

FORTY-NINE WILL RECEIVE DEGREES

One Of The Largest Classes In History To Get Degrees Monday

Monday morning at ten o'clock the Commencement exercises proper will be held at Memorial Gymnasium. A class of forty-nine seniors will receive their degrees. This is one of the largest classes ever graduated from Alma College.

The academic procession will start from Wright Hall at about nine-forty-five, and will make its way to the gymnasium immediately. Faculty members and the graduating class will be in academic garb for the occasion.

The address of the morning will be delivered by Colonel Frank Knox, who graduated from Alma with the class of 1898. His theme will be "The Newspaper, The Universal University." Mr. Knox has been a newspaper man since his graduation from college, having held the editorship of various papers in the country. In the past year he has been made head of the Hearst Newspaper interests in the United States, in which capacity he is now acting.

Frank Knox left Alma College in the spring of '98 to join the Rough Riders, the famous regiment of the Spanish American War, so that he did not graduate with his class. While he was on the campus here he was prominent in the activities of the school, being an athlete of real ability as well as a student of recognized merit.

Another feature of the commencement exercises will be a vocal solo by Mrs. Sibley of Pasadena, California. Mrs. Sibley will be remembered as Mary Sharp, daughter of Mr. L. A. Sharp of Alma.

Miss Hannah Spencer, a member of the graduating class, who has been studying under the great Auer in New York City this year, will also be heard at the exercises.

Sunday evening, at eight o'clock in the Presbyterian Church, President H. M. Crooks will deliver the Baccalaureate sermon. His subject will be, "Victory Over the Monotony of Life." The Sunday evening service will be marked by special music by the combined Glee Clubs of the college.

Saturday evening the final ceremonies of the senior class will take place, with the illumination of the campus. At 9:00 o'clock President and Mrs. Crooks will receive at the President's house, their friends and friends of Alma college. All friends of the college will be welcome at this reception.

The feature Saturday night will be the illumination of the campus, which is the last activity of the seniors on the campus. Following this will be the President's reception at the President's House, to which all students and friends of the college are invited. This reception will last from nine to eleven o'clock.

The following students will receive their degrees Monday on the completion of their four years work at Alma: Ernest Bare, Helen Benson, Paul Bernd, Laverne Bixby, Pierce Boutin, Karlton Brown, Gertrude Burch, Elizabeth Burgess, Earl Closser, Isabel Craig, Lee Crooks, Donald Darnell, Lauritz Drevdahl, MacDonald Fowler, Ralph Frazer, Malcolm Gobel, Lorimer Grant, Leslie Hawthorne, Erwin Hendershott, Romaine Hogan, Merrill Holdship, Katherine Joiner, Frank Kinney, Erle Leichty, Kent MacGregar, Edwin MacKinnon, Inez Maurer, Claude Morrow, Carl McManus, Charles Nelson, Russell Neuman, Louis Nickles, Charles Nims, Alice Olson, Russell Riley, Charles Schaefer, John Smith, Marvin Stapleton, Jack Thoma, Lucille Wolfe, Helen Wood, Treva Zinn. There are seven who will graduate with the class of '28, who have finished their scholastic work elsewhere. These are: Melvin Orr, Bruce Knowles, Mrs. D. D. Yoder, Ernestine DesJardins, Hannah Spencer, Kenneth Wolfe, John Dawson.

THE YEAR

We are not pessimistic nor gloom producers but frankly the Alma College Alumni Association, as such, has not functioned during the past year.

someone has the courage to start the ball rolling, the rest will gladly join in with their whole-hearted support. Why not have conventions or get-together meetings in other places? If you meet someone who went to your college, you always feel like you knew them all your life and friends you like are always in demand for little entertainments you give at your homes. Why not invite in the Alumni in your vicinity? I know you would be delighted to meet them if you have not done so all ready. You would do it too if you just knew who the Alumni were in your vicinity and where they lived.

When you arrive Saturday at your Alma Mater for Alumni Day, just look up the Secretary of your Alumni Association and give him your name and address and the names and address of all the Alumni you know. He will be glad to meet you and will write you later the names and addresses of the

Home Coming

Why shouldn't our home coming game next fall bring out a record crowd of Alumni? Our team won the M. I. A. A. championship last fall for the second successive year which is the second time such a feat has been accomplished. If we could get the title next fall for the third time it would be an all time record and would probably stand indefinitely. An active Alumni support will help a lot and Home Coming will without doubt be one of the big Seat games from every angle that Alma has had. Kalamazoo Game

Scoring in the first and third, with two runs in each inning, Kalamazoo took a lead of four runs in the first game of the elimination series Friday morning, but it was not enough when Alma turned a barrage of base hits against Watson in the succeeding innings and Alma rallied for a 7 to 4 victory.

After the third Albaugh settled down and pitched superb baseball the rest of the distance, while Watson was somewhat ineffective, Alma pounding him hard in the late innings of the game to win.

too, did wonderfully well with the score for the dances and choral singing.

Among the outstanding performances Friday evening, although all of the cast were extremely good in their interpretations, were Miss Irene Beuthin, Miss Mary McCoy, Ross Mitchell, Earl Closser, and Lewis Salmon. Miss Beuthin took the part of Clytemnestra, the wife of Agememnon, who was the commander of the Greek host. Iphigenia, the daughter of Agememnon and Clytemnestra, was played by Miss Mary McCoy, who did her part beautifully. Ross Mitchell, as Achilles, the hero of many old legends and tales, and son of the sea-goddess, Thetis, was very adequately handled by Ross Mitchell. Earl Closser gave his usual sterling performance, this time in the part of the Messenger. Miss Lewis Salmon was the leader of the chorus. She was in charge of the dances, and was leader of them. Miss Salmon's ability in the terpsichorean art is too well known on the campus to need much exposition here.

Miss Banta, Mr. Closser, and the members of the Drama Club and student body who worked so hard on the production of "Iphigenia In Aulis" deserve the whole-hearted praise of the campus for their efforts. They gave the campus a very worth-while thing in the play. It added immensely to the success of the commencement period.

**ALMA NETMEN TOOK
3RD IN M. I. A. A. PLAY**

The Alma College Tennis Team took third place at the M. I. A. A. meet at Albion last week. In view of the fact that tennis has been handicapped to a great extent on the Alma campus this year on account of the inclemency of the weather, and that only two matches had been played previous to the entrance into the meet at Albion, this showing was very good. The competition this year was very keen in the matches at Albion. Leahy and Angell, both sophomores at Alma, made the trip, playing both singles and double matches.

In the drawings, Leahy drew a bye in the first round. He met Schipp, of Albion in the second round of single matches and took the match in straight sets. Leahy played steady, consistent tennis in his match, placing the ball far back in the opponent's court every time on his return. In the third round he met Meighn, of Hillsdale, and lost by a score of 6-0, 6-0. Meighn went through to the finals in singles after defeating Leahy. He and his teammate, Gar-completion.

Angell met Shiltz in the first round of singles (Shiltz was an Albion entrant) and defeated him in three sets, 4-6, 6-4, 7-5. Angell played the best tennis he has shown this year to take the match after a hard struggle. The points in this match were contested hotly and most of the games went to deuce before they were decided. Garlow of Hillsdale, beat Angell in the second round of singles, 6-1, 6-2. Garlow also went to the finals in singles.

In doubles the Alma team took third place. They met and defeated Albion in straight sets. Meeting Hillsdale in the second round, they were defeated rather badly, 6-4, 6-2. In the consolation series, to decide third place, the Maroon and Cream pair took the match from Olivet, and finished the doubles brackets in third place.

**STUDENT COUNCIL
GAVE LAST DANCE**

The Student Council gave the last dance of the year last Thursday evening in Memorial Gymnasium. It was a free party, with all the students invited to come and enjoy themselves at the expense of their governing body. It has been the custom every year for the Student Council to give a dance sometime in Commencement Week. This year it was necessary to have the party earlier in the program than usual, because of the Greek Play and the numerous affairs Saturday night.

The dance was not too well attended. Some estimates place the total number of couples at about forty. Others say that this is too high. At any rate, the floor was not too crowded for dancing. Music was furnished by Pom's Pounders.

CAMPUSOLOGY

We bid adieu as this is our last column of the compliments we have handed you this year. The few lines of today that we use will end our career as campusology editors. We want to sincerely thank everyone for giving us the dirt, and also others when their names appeared in this column.

The last chapel was well worth waiting for, the best one of the year. Each participant was at his best, we believe.

Great words by great people—The Seniors—"Now we go to work."

We know a fellow that thinks the foreign element is getting almost too strong, when they start giving Greek plays.

Per usual the marks handed out are gaining remarks. It's always plenty hard figuring how you got a "C" when you wrote an "A" exam, opposites attracting again.

Definitions by Webster—Love—"An ocean of emotion entirely surrounded by expenses."

If the Seniors could hold an auction sale there would be splendid buys for under classmen. The prices might run very high, though.
