## DRAMA CLUB TO PRESENT COMEDY

### "The Butter And Egg Man" Rolls Up Curtain For The College Drama Club

Beginning its third year of real dramatic activity the Alma College Drama Club, under the leadership of Don Horton, President, has outlined a program for the coming year, which promises to give the people of this community something fine in the field of college dramatic work.

For the past three years, under the very excellent guidance of Earl Closser, the drama club has been very active and has given both the college and the townsfolk some excellent dramatic presentations. Among the outstanding successes were: "The Fool" and "The Enemy," both "best plays" by Channing Pollock, and also "The Show-Off"—another one of the "best plays."

The Program Committee announces that the organization will start activities earlier this year than ever before when rehearsals begin next week for "The Butter and Egg Man," the first production of the year.

"The Butter and Egg Man" will be given at the Strand Theatre Friday evening, November 2, at 8:15 o'clock. This date is perhaps a little earlier than heretofore but other events to be presented at the Strand necessitated this choice.

"The Butter and Egg Man" is a hilarious comedy of character, uproariously funny and yet good drama. It is a story of the theatre portraying its ins and outs, its humor and its pathos. Mr. Burns Mantle chose it as one of the ten best plays of the years 1924-1925. Other prominent critics have been very enthusiastic about it and have equally lauded its merits in their discussions.

The director, business manager, stage manager, etc. have not been chosen as yet but announcements will be made during the week of their selection.

Tryouts for membership for the women of the college were held last Wednesday and Thursday. More than thirty were present and in the course of the try-outs some unusual talent was discovered. Because only six memberships were vacant the committee was unable to choose more than six new members. The list of those selected follows: Katherine Boyd, Frances Cameron, Naomi McQuaid, Helen Logan, Marion MacKenzie, Margaret Reynolds.

## PEDAGOGUES DINE AT WRIGHT HALL

Last Wednesday evening the Faculty of our Alma Mater gathered within the stately walls of Wright Hall and there enjoyed a sumptuous repast and an evening of entertainment—the latter being furnished to a great extent by the Terpsichorean efforts of Professors Hamilton and Kauffman. At the scheduled dinner hour the Faculty, in the van of the usual student procession, filed into the dining room and after grace was offered by the Vice-President, seated themselves expectantly awaiting the treat Miss Houser had in store for them. It was not long in coming (prompt service of the swipes). Boiled Ham and baked southern potatoes following a delicious fruit cocktail, and then in turn was followed by a cake desert. There were of course, the usual "frills and firbuloes" of lettuce, celery and other "sides" (Wright Hall terminology).

After the dinner they proceeded to the Reception Room of the Dormitory where some of the profession quite forgot their dignity and executed the very graceful heel-and-toe "Sailors Hornpipe" to the amusement of all. Not daunted in the least by this success the composer of our "Alma Mater" really did give some very pleasing and excellent piano renditions.

It being a social gathering and not a business meeting the remainder of the evening till about nine-thirty was spent in just exactly the manner in which a group of this kind would while away two social hours.

Everyone ought to be at the Pajama Parade Thursday night. The merchants have a real treat in store for everyone and there will be a rip-roaring program at the Strand. The Frosh will be there!

## FACULTY MEMBERS ENJOY VACATIONS

Every summer finds the members of the Faculty in various parts of the country—or shall we say the world; spending the summer months in research work, in graduate school classrooms, or perhaps seeing the world of culture and romance beyond the two oceans.

Dean Steward and Miss Foley, but recently returned from an extensive tour of the European continent where they visited interest places of the Old World.

A number of pleasant vacation days were spent in England, France, Switzerland and Italy where they visited the many literary and art centers of these old nations. Considerable time was spent in Geneva where they attended the sessions of the League of Nations.

Professor Roy Hamilton was enrolled in the Graduate School of Literature at the University of Michigan Summer Session.

Professor Rockwell Journey attended the University of Chicago the earlier part of the summer, working on his Doctor's thesis. He returned to Alma in August and in the first week of September was united in marriage to Miss Lucille Harold of Grand Rapids.

Dr. Brokenshire was a student in the Graduate School of McGill University in Montreal, Canada.

Miss Banta, of the Department of Classics, did extensive graduate work in the University of Michigan during the summer months.

Miss Roberts, who traveled to Los Angeles with her sister in June, returned after a most enjoyable summer in the California city.

The rest of the pedagogical group enjoyed the wonderful summer climate of Alma. A few adding laurels to their golf records and others working in their studies or in the great out-of-doors.

## "ANNUAL" STAFF IS ANNOUNCED

### Maroon And Cream Editor And Manager Appoint Capable Assistants

The Editor of the 1928-29 Maroon and Cream, Miss Irene Beuthin of Saginaw, announced the personnel of her business and editorial staff the latter part of last week. All the students selected have more than usual ability in their respective fields and Miss Beuthin and Mr. Logan certainly have a fine group of assistants.

## PRESIDENT CROOKS GIVES FINE TALK

### Timely Discussion Of Campus Organizations Interests Chapel Listeners

Last Friday morning during the Chapel half hour, President Crooks gave an excellent talk of vital interest to every student on the Campus. He spoke of the necessity for cooperation in all of the college organizations. He reminded the student body that they had the power of recall and that, if any of their officers or representatives proved inefficient, it was their duty to exercise this franchise. Doctor Crooks said that no campus organization could be effective or successful unless its members were willing to cooperate. He urged the members of the several classes to attend all meetings and not criticize the government unless they were doing their share to improve the situation.

The President suggested that the Student Council keep the campus informed as to its doings by publishing the minutes of its meetings in the student publication. He recalled that the Council had authority to demand from the various college organizations a financial statement of their activities and he believed that if the Student Council would accept this responsibility and enforce the ruling that the campus would be on a better business basis.

The constitution of the Student Council provides that the minutes of its meetings and all financial statements shall be published in 'The Almanian' every other week, and these minutes will be published during 1928-29.

The address was the topic of conversation on the campus for the latter part of last week and the President's appropriate and timely discussion will undoubtedly be conducive to better organization of the different student groups.

## 1928 FOOTBALL SCHEDULE

October 12—Olivet (Olivet).  
October 20—Hope (Holland).  
October 27 — Hillsdale (Dav's Field).  
November 3 — Albion (Davis Field).  
November 10 — Michigan "B" (Ann Arbor).  
November 17—Ka'amazoo (Ka'amazoo).  
The Big Games are in Alma. "Let's Go."

## ZETA SIGMA LEAVES COUNCIL

The past week witnessed a considerable shake-up in the interfraternities organization which has been known for the past two years as the Interfraternities Council.

Zeta Sigma, the oldest fraternity on the Campus, sent a formal note to the Council in special session that it had unanimously passed the resolution to withdraw from the Interfraternities Council. It based its action on two factors: first, the fraternity believed that the Council had utterly failed in carrying out its function as intended by its organizers and as stated in Article II of its constitution, and second, that in addition to doing nothing constructive it had been detrimental to the life of the campus in that it had created ill-feeling between the various fraternities which had inevitably resulted in poor college spirit.

The document of withdrawal stated that the only thing the Council had done was to arrange for the dates and conditions of pledging and rushing, and that it was the belief of the fraternity that this power should be referred to the Student Council, which by its very nature has authority over the relations of all campus organizations.

The Interfraternities Council refused to accept the resolution and decided to defer action until there were further developments regarding the attitude taken by the fraternity.

The Student Council, realizing that the withdrawal automatically dissolved the Interfraternities organization, took action to the effect that, acting entirely within the bounds of its jurisdiction, it would in the future assume the responsibilities and authority formerly vested in the interfraternity organization. The representatives sitting in special session at the Student Council meeting voted unanimously to take this action relative to the defunct organization.

## K. I. PIRATE PARTY SUCCESS

### Traditional Sorority Event Of Last Saturday Night Was Enjoyable Affair

Was there ever a pirate deck more fascinating than the one found in the reception room of Wright Hall last Saturday evening? And was there ever a pirate crew more sinister-looking than the one which gathered on the aforementioned deck for the purpose of dancing and making merry? (Continued on Page 3)

## ALMA GRIDDERS BOW TO FERRIS

### Almaites Lead 7-0 At Half, But Falter In Third Quarter Lose 13-7

"And it came to pass." Not only did it come to pass when Ferris Institute invaded Alma Friday to meet the Alma collegians, but it also came on passes, and the Campbellmen tumbled from the heights of glory, temporarily, at least, before the attack of a far heavier Ferris aggregation, 13 to 7.

Worse calamities have happened than to be defeated by Ferris Institute. For years Ferris teams were a real set-up for teams of the state, but during the past two or three years conditions have changed. Ferris has secured coaches, not a coach. Ferris has gone out for athletic material, and got it. Combining material and coaching Ferris has turned out some crack eleven grid teams during the past two seasons, and this year has an eleven—the best that the Big Rapids school has ever had. And when it comes to Huskies, Ferris has managed to pick up about all of the "corn fed" youth of the land. It was a heavy eleven, and it greatly outweighed the Almaites; besides being able to show some real flashes of speed.

Yet Alma might have won, or might have had a tie game. Both Ferris touchdowns came within a period of three minutes in the third quarter, during a time when the Big Rapids team was showing its one best variety of football of the day; outplaying Alma badly for the time being. A seventy yard run by Bosma for a touchdown, followed three minutes later by another when Poff took a pass from Tonkin, after Ferris recovered Wagner's fumble on the Alma 23 yard mark, and went over the final stripe, told the day's story.

It was a glorious event for Ferris. It was the first victory that a Ferris team had ever achieved over an Alma aggregation.

It might have been an inglorious defeat for Alma. Some might regard it that way. But Ferris Institute teams of former years, it must be remembered, are things of the past. And, more over, Alma is seeking this year a third consecutive Michigan Intercollegiate championship to set a new all time record for the M. I. A. A. That is the goal of the season. And without a doubt this early season defeat is the thing that will be needed to aid in molding the Alma squad into a formidable aggregation, and take from it any possible degree of over-confidence as the Almaites prepare to face the M. I. A. A. teams.

Not only has Alma this satisfaction in the defeat but some good possibilities were found in some of the men that Campbell must rely upon this year. In "Red" Erickson, a slashing, driving fullback was uncovered. The Newberry Kid was hitting and hitting hard, and how he did gain ground! Possibilities were also seen in "Chuck" Mann, at end; in Jimmy Albaugh at end; in Horn, Heartt, Hobart, and Carl Gussin, graduate of last year's frosh outfit, who promises to develop into a classy half.

Ferris kicked to Alma to start the fray, and as the two teams were feeling each other out for the first five minutes a punting duel resulted. Finally, backed against his own goal Tonkin was forced to punt hurriedly as the Alma forward wall crashed through the first line of Ferris defense. The ball went high in the air and out of bounds on the 23 yard line. Erickson hit through tackle for five yards. Then on a second attempt he lacked only inches of first down. Again, and it was first down on the 10 yard line. Lamb slid off tackle for 4½ yards. On a second attempt he was stopped. Karpp threw a lateral pass to Gussin off right end and Gussin dotted across the goal line. Karpp goaled by placement. Score Alma 7, Ferris 0.

The teams battled near the center of the field for the balance of the quarter, which ended with Alma in possession of the ball on the Alma 46 yard line.

Throughout the second quarter the two teams battled between the two 25 yard lines, neither being able to get closer to either goal than that throughout the period when in possession of the ball. Alma had a small edge in the play of the period.

The second half opened with Alma (Continued on Page 4)

College Spirit

We are M. I. A. A. Football Champions! Yes, and we are potential champions! We have reason to be the best spirited student body in the M. I. A. A.—maybe we are, at any rate we can improve about 99.44 per cent.

A few years ago Alma was known throughout the entire state for its wonderful college spirit. Maybe we have won too often, but anyway, we have grown careless. Let's make them talk about Alma's spirit again.

We have a fighting, capable team and all we need to win our third consecutive championship and set an association record, is a fighting, spirited student body. There are only two more games to be played on Davis Field—BUT THEY ARE THE BIG GAMES — THE GAMES THAT COUNT—they will decide the championship for 1928. Let's all be there 100% strong and yell—and yell—and YELL! We must beat Hillsdale! We must beat Albion! We Will!

A Good Move

"To the Members of the Interfraternities Council: Believing that the Interfraternities Council has failed in its function as a representative body of the Alma College fraternities, and further, that it has not fulfilled the purpose designated by its organizers—namely; to promote harmony and better feeling among the members of the various campus organizations, Zeta Sigma Fraternity does, by this document, inform the Council that, by a unanimous vote, the Fraternity is resolved to withdraw from the Interfraternities Council. Be it known, further, that it is not the intention of Zeta Sigma to attempt to be "sufficient unto itself," but that it is entirely willing to refer its future action relating to pledging, smokers, etc., to the Student Council of Alma College, which by its very nature has complete authority over all campus organizations and activities."

Signed:

Max Thompson (Chairman)  
 Harold Logan  
 Harold Hobart

Executive Committee of Zeta Sigma,  
 September 25, 1928.

With this document and the succeeding action of the Student Council the Interfraternities Council ceased to exist. It is better so.

The fracas and farce connected with the general elections of last spring proved very conclusively that this organization did not have the authority (or possibly the desire) to cope with the situation. Article II of its constitution states that it shall have power to settle all disputes arising between the three fraternities—but this simply means that, in case of a disagreement, two fraternities would be opposed to one if any settlement were made. This condition has existed and caused trouble. In 1926 Beta Tau Epsilon and Zeta Sigma were pitted against Phi Phi Alpha—and last spring, after negotiations between Zeta Sigma and Phi Phi Alpha terminated without success, Beta Tau Epsilon agreed to the conditions of Phi Phi Alpha and united against Zeta Sigma. Far be it from the editorial intention to open up old wounds (if they are closed) but it is the purpose of this article to uphold the stand the Almanian took as stated in its platform of last week's edition.

It is quite obvious then that the Interfraternities Council could have never settled any interfraternity dispute without the representatives of two fraternities voting against the other group; and this is not a desirable or healthy condition. Every time an issue or dispute would arise their would be ill-feeling aroused because it is but natural that these members have their loyalties. If their were ten

or a dozen groups represented, it would be a different matter but as the Council was organized, better interfraternal spirit which makes for better college spirit, was impossible.

The Student Council has no power which allows it to dictate in regard to the internal affairs of any of the three fraternities; but, in their relationships with each other on this campus, the Student Council did not exceed its authority when it moved to "assume the responsibilities and authority formerly vested in the Interfraternities Council." There was some unpleasantness connected with the "act of secession" but this will be forgotten when the inaugurated system has had an opportunity to show that it will make for better interfraternal relationship and thus, for better college spirit. The unprejudiced attitude taken by the Student Council representatives from all three fraternities is to be commended, for the motion inaugurating the change was carried by a unanimous vote.

COUNCIL PROCEEDINGS

A special meeting of the Student Council was called to order by the president on Thursday evening, September 27th.

It was found that no treasurer had been elected for this year. Nominations for the office were Mr. Arozian and Mr. Miller. Mr. Arozian was elected to the position.

The Athletic Board of Control sent a resolution to the council that no organization or persons on campus be allowed to raise money without first having the consent of the Student Council. That was considered by the Student Council and a motion to this effect was made and seconded. It was carried.

The Athletic Association recognizes the authority of the Student Council to demand a financial report of all its enterprises whenever it is so desired.

Mr. Kaiser requested the Student Council that the Athletic Association be given permission to hold a dance on the night of home-coming. This was put into the form of a motion and seconded. It was carried.

A discussion followed concerning the Interfraternity Council which, it seems, has been delinquent in its duties during the past year. It was suggested that the Student Council take over these duties, set the dates for the fraternities freshmen smokers and draw up the rules for rushing. A motion was made by Mr. Mann that the Student Council assume the authority and power formerly of the Interfraternity Council of setting the dates for the smokers and of drawing up the rushing rules. It was seconded by Mr. Kaiser and passed by the council. A motion was made and seconded that the Student Council—through the president—set aside three dates for the smokers, and that the three fraternities draw for these dates. It was carried.

A discussion concerning rushing took place. Mr. Kaiser suggested that pledging take place before Thanksgiving vacation as is the custom on so many campuses. A motion was then made to the effect that pledging take place the Wednesday of the week previous to Thanksgiving vacation with the same rules for pledging as those used by the interfraternity council. It was seconded and carried. It was moved and seconded that a committee be appointed by the president of the Student Council to take over the duties of the former interfraternity council committee. It was carried.

A motion was made that the Student Council change the date of the pajama parade from Wednesday, October 3rd, to Thursday, October 4. It was supported and passed. Adjournment. Lewise Salmon, Secy.

COUNCIL GIVES COLLEGE PARTY

First Dance Of The Year Sponsored By Student Council Huge Success

Memorial Gymnasium was once again a scene of social activity, when some two hundred students gathered there last Friday evening for the All-College Party sponsored by the Student Council. It has been customary for the Council to give the first party of the social year to the student body free of charge and so every one who attended Friday evening went "tax-exempt" (this condition undoubtedly being responsible for the large attendance). The entire faculty was invited and a considerable number accepted the invitation—making the event a real all-college affair.

The dance committee of the Council, Miss Salmon, Miss Beuthin and Mr. Wehrly, should feel that their efforts were well rewarded as everybody reported the evening a real success. The music, a five-piece campus orchestra—featuring Wehrly on the trumpet and Pomeroy with the "sax", was excellent and the campus is fortunate in having such a good musical aggregation in its midst.

The dancing began at eight o'clock and continued until eleven. There were many "high-lights" which the reporter catalogued—notably, the unusual sociability of our would-be medic, Mr. Heartt; the intermission solo by "High-pockets" Frosh Ramaker; the general interest taken by the entire male group in the "new-comers" of the weaker sex; and the unusually good condition of the dancing floor due to a Frosh application of Borax instead of boric acid.

Although social ethics per Emily Post condemn any "stagging" on the part of the ladies, the girls from Wright Hall charged over without any masculine accompaniment excepting, of course, those who favored the "stagging idea" until they managed to garner "last minute" dates. Tag dances, (which always please the

robbers) were allowed about every third dance, and helped make the affair a real "get-acquainted" success. The consensus of student opinion is that the party was a huge success and that there should be more of them throughout the coming year.

Once a Theta met a Zeta strolling in the dark.

Said the Zeta to the Theta "Let us go and park."

Said the Theta to Zeta, "I don't believe in kissing."

Said the Zeta to the Theta, "You don't know what your missing." (This didn't happen, honest).

Don't forget the Pajama Parade Thursday.

FROSH ELECT CABINET

The Freshmen living in Pioneer Hall, under Frank Angell and James Albaugh, upperclassmen advisors, organized a cabinet system of self-government which will be put in force during this scholastic year. Representatives from the various floors were elected; and will sit in session when called by the President, to decide questions that may arise within the hall relating to discipline, etc.

Floyd Bennet, representative from the first floor, was elected President of the Cabinet. The other members are: Crowell, Cook, Custer and Cristler. This organization will cooperate with the advisors in making the hall a better place in which to live.

Electricity opens a new era of ocean travel

Miraculously quiet and vibrationless, luxurious and swift, the new electrically operated S. S. California, largest American-built passenger ship, has opened a new era in ocean travel.

Electricity drives the California so efficiently that the fuel bill for the initial coast-to-coast trip was even less than the Canal tolls. Electricity mans the winches, bakes the bread, makes the ice, polishes the silver. And electricity cools the cabins and provides passengers with the

comforts found in the finest hotels.

Complete electrification makes the California an engineering marvel and a commercial success; it is booked far in advance, a sister ship has just been launched, and another is under construction.

On sea or land, in every walk of life, electricity is in the van of progress. Undreamed of yesterday, the electric ship is a symbol of the electrical industry's part in modern civilization and a prophecy of even greater accomplishment.

This monogram is found on great motors that drive the California, and on a multitude of electric appliances which contribute to the comfort of her passengers. It is an emblem of skilled engineering and high manufacturing quality.

## LIBRARY AND NEW ADDITION

"Hope deferred maketh the heart sick; but when the desire cometh, it is a tree of life." This proverb has come to mind many times during the long years of waiting for more expansive library quarters, when hope has had to be deferred; but always with the thought that realization of desire would surely come in time. Another proverb stresses the reward of waiting: "All things come to him who waits." And the refrain of an old song tersely depicts the period of suspension. "But the waiting time, my brother, is the hardest time of all."

During the past summer the contract was placed with the Art Metal Construction Company of Jamestown N. Y. for the steel stacks to fully equip two floors of the new stack building, each floor to shelve 25,000 volumes, or a total of 50,000. The third floor will not be equipped until needed (and this need may be felt in the near future!).

It is hoped that November 1st will see this part of the work completed, with all books and periodicals which are needed for reference, assigned class-work, or for popular reading, shelved in order in their new location. This will be a joy indeed, to the library staff directly and to the faculty and student body indirectly.

These books will be assembled from attic, tower room, vestibule, old stacks and basement. In the basement, in spite of care, the books have slowly but surely taken on a coating such as is generally conceded to be more valuable, for digestive purposes, in cheese than in books!

After these new stacks are in order work will go forward converting the former stacks into an additional reading room. Just how long this may require it is impossible to state. By January first the long deferred joy surely ought to be an accomplished fact.

In the interim library service will of necessity be greatly hampered. The staff will do their best to "carry on" as efficiently as may be possible under the circumstances. The student body will understand that their patience will be rewarded in larger and more attractive reading room facilities.

Miss Ward returned to her library duties on September 25th, (after a delightful vacation abroad) meeting the Library Methods classes in the tower room.

During the summer Miss Helen A. Wolter continued her studies in library science at the University of Michigan.

## CAMPUSOLOGY

Rumor has it that there is a "South Carolina" on the campus.

It is very evident that the days of paddling are gone—seven Freshmen streamed out of the dining followed by "just the Student Marshal." However, they said that they were sorry.

If Mary only knew how badly James acted at M. S. C. last Saturday, there would be trouble.

Mr. Ross Mitchell and Miss Mary McCoy, former Alma students, were at the Kazoo game at Lansing last Saturday—so was Jake.

Mr. Muriel Hendershot, teacher of esthetic dancing, held tryouts in Memorial Gymnasium at the All-College Party.

Louis Peter Paul Zimmerman: "Do you suppose those students would yell if I went out to lead them."

Gooper has been limping for about two weeks—rumor has it that he fell off the bench.

The two crows, alias the Detroit Police Department, were with us once again. They reported that "Pete" is regaining her health—she has gained 31 pounds.

Warning: Girls beware of Hebes' Heap.

Ann Marie is back again. She said she got so lonesome for that Chrysler 70; walking is so tiring. Anyway—Welcome Home!

It is high time to warn the Frosh that their Flag Rush victory is forgotten, and that they must obey the rules—"the reckoning" is not far off.

Some Frosh inquired at the dance: "Is Bret Heartt on the faculty?" (Miss Cameron's feelings were hurt).

What ho! the fox—Woody gave the girls at the hall another break—Miss Biondi favors the medics—eh Bret?

While touring the Thumb in August, Professor Ewer had the unusual experience of being chased by bandits. He was riding near Uby (the metropolis made famous by "Red") in the Holdship Buick with the Doctor and the three Holdship boys, when they were accosted by two men driving a small sedan. They suspected the highwaymen's intention and instead of stopping stepped on the gas to get away. The bandits gave chase but realizing that they could not catch the Buick fired after the fast disappearing car. No harm was done as the body by Fisher received the lead; however it makes an interesting tale for "Prof" and "Red" to tell.

## "Annual" Staff

Is Announced

(Continued from Page 1)

Miss Beuthin, who had considerable "annual" experience in Saginaw high school, was elected editor by her classmates last spring. She is well fitted for the task ahead of her. The editor has been very active in campus affairs since she came to Alma. She is a member of the Philomathean Society and of the class of '30 and is a representative to the Student Council from the latter group. She is Secretary of the Wright Hall Senate and has taken an active place in the Y. W. C. A. organization.

Mr. Logan, the business manager, also has an enviable record since he entered into the activities of this campus. He was elected President of the Freshman Class and has been on the Student Council of the College for two years; and is a representative to that body at the present time. Mr. Logan is the "head swipe" at the college dining room, one of the most responsible positions on the campus, and he has proved his managing ability by giving the students efficient dining room service. He is a member of Zeta Sigma fraternity and holds the responsible position of treasurer of that group. Mr. Logan's experience in managing the financial end of the various organizations will better fit him for his present job.

Miss Beuthin has chosen Miss Helen Frances Miller of Allegan, Miss Frances Colwell of Ionia and John Mitchell of Alma as her associate editors. These students are very capable and ensure the Maroon and Cream readers of a very well written book. Probably the most tedious job on a publication of this kind goes to the Advertising Solicitors. Mr. Edgar Karpp and Mr. Francis Wood were chosen to this arduous undertaking. They are both well known "on the street" and should be able to garner enough advertising to make the project a paying proposition.

The other members are:  
Athletic Editor—Francis Angeil.  
Art Editor—Horace Burton.  
Joke Editor—David Golden.  
Calendar Editor—Mary Burt.  
Snapshot Editors—Elizabeth Martin and Winston Thomas.  
Circulation Manager—Leand Pomeroy.

## Kappa Iota Pirate Party A Success

(Continued from Page 1)

In spite of the dark, vicious faces of some of the more desperate pirates, these robbers of the high sea appeared, as a whole, to be a most delightful crowd of law-breakers, and it is doubtful if an outsider, suddenly conveyed into their midst, would have been greatly terrified. Especially had it been on the Saturday night of which we are speaking, for these happy pirates were certainly in a gay and frivolous mood.

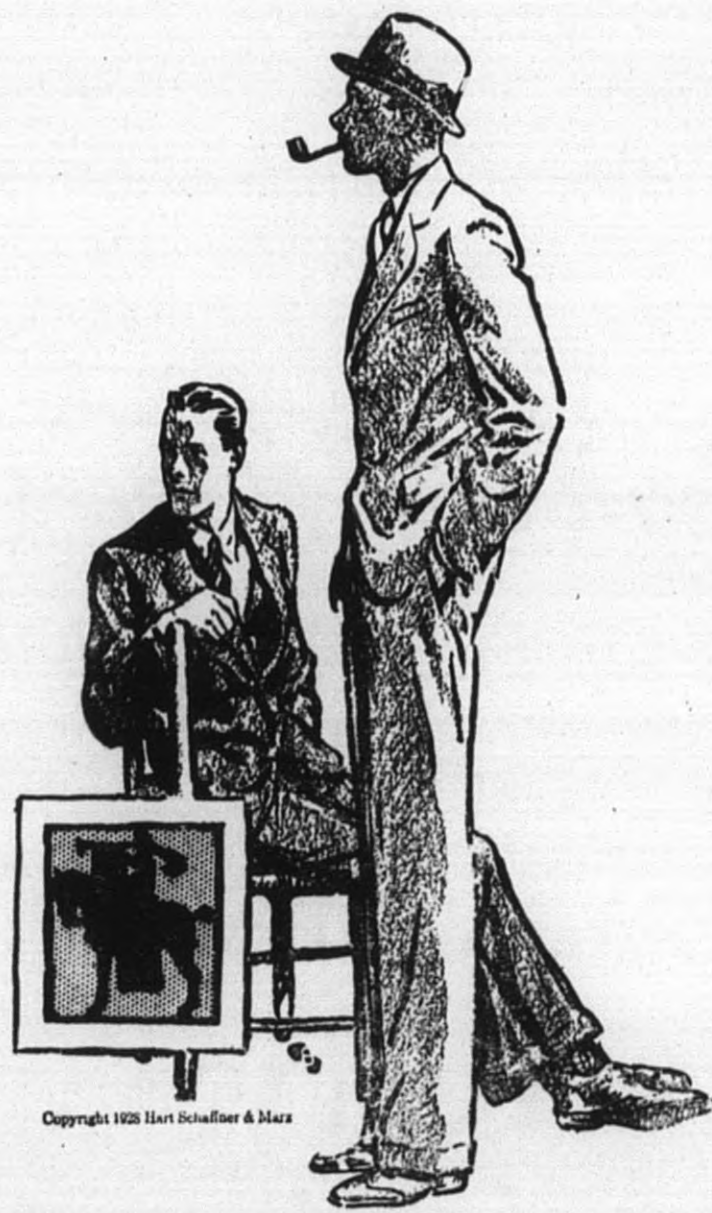

At seven-thirty on Saturday evening the dangerous outlaws began to arrive. Charming dance programs representing pirate ships were presented, to each newcomer and these were soon filled out to every one's satisfaction. Dancing began at eight o'clock with Pom's Band furnishing the music. They certainly played as if inspired by the old pirate blood itself, and did much to contribute to the evening's fun.

During the dances, favors were passed out from the treasure chest: pirate hats, candy and balloons. These also helped to make the evening an enjoyable one and one not soon to be forgotten.

The intermission was welcomed, perhaps by the orchestra, but not by the revellers. Or, rather, it was not welcomed until bottles of delicious, sweet cider were passed out to every one. Some were even so fortunate as to obtain two bottles of it.

Dancing continued then until around ten-thirty, when everyone found a barrel or a treasure chest to sit on, and refreshments were served. They would really have been considered much too dainty for real pirates, but the pirates to whom they were served voted them delicious. They consisted of tuna fish salad, wafers and sandwiches, ice cream and cookies. They were most heartily appreciated.

At the conclusion of the party Kappa Iota gave a yell for the new girls, and the other two sororities each gave its hostesses a yell of ap-

"The Street Angel"

This picture selected by William Fox as worthy to open his new \$10,000,000 Fox Theatre in Detroit, and now playing at that Theatre. If you saw this team in "Seventh Heaven," you will recall what a truly delightful picture it was. Here is another of the same sort, with the same stars. It is wonderful. DON'T MISS IT.

Saturday October 6

**Alma Gridders Bow To Ferris**  
(Continued from Page 1)

Kicking off to Poff. He returned 25 yards to the Ferris 30 yard mark. Tonkin was spilled for a five yard loss when Pezet nailed him behind the line. Horn stopped Bosma for no gain. On the next play Bosma, hit off tackle, reversed after getting through the first defense, and picking up fine interference started for the Alma goal 70 yards away. The interference cut down several would-be Alma tacklers, as Bosma sped down the field for a touchdown. Tonkin goaled by drop-kick, and the score was tied, 7 to 7.

Ferris kicked to Alma and Karpp and Wagner went into the air for the ball, which was fumbled, Wagner recovering on the Alma 28. On the first play Wagner fumbled and Ferris recovered on the Alma 23. Bosma crashed through tackle for 4 yards. Tonkin added 2 through the same spot. Bosma smashed again for 3 yards. Tonkin passed to Poff for first down on the Alma 5 yard line.

Here the forward wall stiffened. Bosma was stopped without an inch of gain. Tonkin was stopped in his tracks. Then on the third play Poff took the ball dropped back and passed to Tonkin, on the 2 yard line. He crashed over for the touchdown. The extra point attempted by pass, when the attempted kick was blocked with Almates hurrying in on Tonkin, failed. Score Ferris 13, Alma 7.

Alma took the kickoff and with a sustained drive off the tackles, with Erickson doing most of the driving, with Lamb, Karpp and Gussin contributing, carried the pigskin to the Ferris 3 yard line, where Ferris took it on downs, punting to safety just before the period ended.

In the closing moments of the game Alma made another hard drive for a touchdown from midfield, but it ended on the 4 yard mark, when Young intercepted an Alma pass, just as the final whistle ended the hostilities.

Alma	Pos.	Ferris
Mann	L.E.	Manahan
Pezet	L.T.	Jullina
Angell	L.G.	Dowling
Kittendorf	C.	Westerman
Van Deventer	R.G.	West (C)
Arozian (C)	R.T.	Horn
Veeder	R.E.	Ripley
Karpp (C)	Q.	Poff
Lamb	L.H.	Tonk'n
Gussin	R.H.	Young
Erickson	F.B.	Martindale
Periods	1 2 3 4 Final	
Ferris	0 0 13 0	—13
Alma	7 0 0 0	—7
Touchdowns	Gussin, Bosma, Poff.	
Goals from touchdowns	Karpp 1 (by place kick); Tonkin 1 (by drop-kick).	

Substitutions—Ferris—Brown for Horn, Bosma for Martindale; Alma—Heartt for Kittendorf, Albaugh for Veeder, Vandeventer for Heartt, Horn for Vandeventer, Wagner for Gussin, Gussin for Wagner, Veeder for Albaugh, Kittendorf for Vandeventer, Hobart for Pezet, Vandeventer for Horn.

Referee—Loomis (Olivet). Umpire—Robinson (Western State). Headlinesman—Lane (Michigan State).

**WRIGHT HALL NOTES**

Ann Arbor has its advantages, we suppose, but evidently it also has its drawbacks. Ann Marie came back the first part of this week for a visit and Alma looked so good to her that she decided to come back to stay. It seems awfully good to have her back again.

Lola was back, too, for the weekend but we couldn't persuade her to stay. She promises not to forget us entirely, though, and to visit us quite often.

Every one seems to have had a fairly good time at the Student Council party Friday night, especially Emily.

We understand there was a big football game last Saturday morning: the freshman team vs. the reserves. The freshmen girls yelled so vociferously that they disturbed our peaceful slumbers.

Helen Carrow seems to be out for breaking records this year. She did not say a word at the table Saturday noon except to ask once for the cream and sugar.

Evidently the art of blushing has not entirely been lost. Babe blushed most reassuringly (and of course charmingly) at supper Saturday evening.

One of the most interesting things that occurred this week in the Hall was the Kappa Iota Pirate Party. The reception room of the Hall was decorated in a very clever manner and from all reports everyone had a marvelous time.

**STUDENTS ATTENTION!**

Make a day's wages for one hour's work after classes. No experience or investment necessary. We have an opening at Alma. Applications considered in order of their receipt. Write today for free particulars. Bradford and Co., Inc., St. Joseph, Mich.
