ALBION SPONSORS M.I.A.A. TRACK MEET

Alma Receives Fourth Place In Forty-First Annual Event

Alma College placed fourth in the forty-first annual M. I. A. A. track and field meet which was held at Alumni Field, Albion, last Saturday. Hillsdale won the meet with 38½ points; Albion was second with 36½ points; Kalamazoo captured third honors with 33½ tallies; Alma slipped into fourth after garnering 21½ counters. Olivet's score was 20, and Hope was sixth with 13. Albion was ahead of the field most of the time, but the winning of the relay by Kalamazoo nosed out Albion, giving the coveted first honors to Hillsdale which was ahead a few points previous to the race.

Alma almost lost the shot put due to the fact that as the event was starting Pezet had not arrived as yet. His appearance at the last minute and his first throw cinched the event for the Maroon and Cream. Pezet has won the shot put for the last four years, a record that will never be equalled. Wally entered college just the year before the Freshman ruling went into effect. Wehrly tied for second in the pole vault, placed second in the shot put and third in the discuss and high hurdles. Gene Tarrant won the broad jump by a leap of 21 feet 7½ inches, and Brown garnered fourth in the same event. Muscott and Williams fought hard for fourth place in the ½ mile but the former won by a narrow margin.

There were no records broken, but the competition was so great that long conferences of the judges were necessary to decide many of the races. Knight of Hillsdale was individual high point man. In 1928 MacFarland of Alma received the same honor.

The M. I. A. A. Board of Control voted baseball off the list of the recognized association sports. Hillsdale will, however, have a team. The secretary was directed to codify the rules in regard to Freshman athletics. The Board also decided for an amendment to be voted on in December.

SENIORS ARE LUCKY

You won't have to stand in front of the mirror figuring out what causes the image.

The school of life won't make you stand up in the corner and tell all you know.

Psychology will be Psychology, not mental statistics.

Mr. Frog and Mr. Clayfish will be pleasant memories.

You will amaze your friends with your public speaking ability.

You can speak to the waiter in perfect French.

Or if it's German or Spanish you have him "hooked."

In the laboratory of life you won't have to weep over tear gas.

You have the examples of other great men who have succeeded.

KAPPA IOTA GIVES SPRING FORMAL

Delightful Event Was Fitting Climax To College Year

The strains of "Goodnight" brought to a close the last formal party of the year which was given by the Kappa Iota Literary Society last Saturday evening.

A beautiful warm spring night made a fitting background for the colorful event. The various cars with their formally clothed occupants left Wright Hall at 6:00 o'clock for a nearby city where the long awaited party was to take place. At 6:30 the orchestra announced the time for the entrance into the dining room. As the couples filed in they found the tables arranged around the room in such a manner that the diners would be able to dance between courses. Each of the tables was illuminated by candles, and as the guests seated themselves, the gentlemen were pleasantly surprised at finding silver belt sets at their respective places. The crest of Kappa Iota was embossed upon each of the favors.

The menu consisted of fruit cocktail, browned fricasse of chicken, mashed potatoes, creamed carrots and peas, stuffed date salad, orange rolls, upside down cake, ice cream, wafers, curled celery, olives, and coffee. The appetizing food was almost over-ruled by the inspiring music, for the guests could scarcely wait until they could dance before the serving of the next course. The last service soon arrived and the couples left the room to await the most delightful part of the evening.

Music sounded the call for return, and everyone re-entered to find a complete transformation. A dimly lighted ballroom produced the desired effect and soon many figures were seen skimming over the polished surface. Happy students thoroughly enjoyed themselves in spite of the combination of a warm evening, a very "warm" orchestra and disastrously starched shirts and collars. Loud applause followed every number and soon the "Sophomore Shuffle" took the stage. The dancers flashed here and there.

SENIOR CLASS HAS ATTAINED HONORS

Commencement Program To Open With Baccalaureate Sermon

In the fall of 1926 one hundred and ten Freshmen invaded the Alma College halls of learning. The four years in Alma found the members of that honorable class engaged in many activities, bringing victories and glory to Alma Mater. The journey was long and the road was rough. Many fell by the wayside and when the robed men and women receive their diplomas Monday, only forty-three survivors of the great class will be present. The class is extremely proud of its achievements and wishes to take this opportunity to show what its sons and daughters have done. The numbers represent the corresponding year of attendance in college.

FINIS

It is with mingled feelings of joy and sorrow that the editorial quill is manipulated for the last time. We are happy because we feel that many of the objectives outlined at the beginning of the year have been reached. Our only regrets are that some things have been left undone. The leaving of Alma College with her beautiful campus and wonderful friendships cannot help but bring a peculiar ache in the region of the heart. Perhaps this is partially due to the knowledge that some of us may never see Alma again.

Undoubtedly many articles have been published in this paper which have appeared to be directed at special groups, but may it be said that everything which has been written in this column was designed primarily to be constructive. This has often been construed to be otherwise, and probably the end result was not the one desired, but we feel that the college benefited in many cases. Necessity sometimes prompts the airing of certain problems in this publication in order to stimulate enough thought to initiate action which would not be prompted otherwise.

The editor of a college paper is in a difficult position. It matters not what stand he takes on campus problems, criticism generally follows from some source or other. If he takes no definite position, he is a milk and water editor. If he follows the opposite course, he is radical.

We are sorry if any remarks appearing herein have caused any permanent hard feelings. Many thrusts have been seen in Campusology which invariably have caused much comment, but everything was done with the hope of making the paper interesting.

The staff wishes to thank all who have faithfully contributed to this publication, and we sincerely hope that the new editor will receive as much cooperation.

In parting may we express our hope that the new staff will enjoy working for the interests of Alma College as much as we and may success attend their efforts.

CHAPEL PROGRAM WELL ATTENDED

The student recital which was given Wednesday, May 28, in the College chapel was very well attended. The program was unusually interesting. Those who participated in this final recital were Margaret McMillan, Lucile Chamberlain, Henry Block, Gertrude Martin, Edith Doty, Majel Brezette, Ellen Buck, Mary K. Burt, William Owen and Theo Barnes.

The young men and women are the students of Professors Grace Roberts and Jesse Ewer.

PROFESSORS TO BE BUSY THIS SUMMER

Every summer Alma College faculty members are found in various points of the country. This summer Miss Ward and Miss Roberts will be in California. Dr. Randels will be teaching at Central Normal in Mt. Pleasant. Professor Spencer will also teach at the same institution. Professor jour-

ney will pursue the same occupation for the summer months at the State Normal in Kirksville, Missouri.

Professor and Mrs. Leon Tyler are planning to summer in Europe. Miss Foley will attend summer school at Columbia University and Miss Banta is to study at the University of Michigan.

PHILOMATHEAN NOTES

At the regular meeting of the Philomathean Society Flora Lau was elected president for next year. Dorothea Prouty was chosen as vice president. Charlotte Dakin, treasurer; Mary Lou Peters, corresponding secretary; Josephine Woodard, recording secretary; Christine Freiberg, Almanian reporter; and Doris Amesbury, Sentinel.

The society presented the Seniors with beautiful brass candelabra, and plans were made for the slumber party which will be held Thursday night. The meeting was adjourned.

A bound copy of the Almanian makes a fine way to keep a record of

**Lee Sharrar Appointed As
The Assistant Dean At Rice
Institute In Texas**

Lee Sharrar, a graduate of Alma College, and well known young man of this city, has been signally honored recently at Rice Institute, Houston, Texas, where he is a faculty member. For several years Mr. Sharrar has been instructor in economics, jurisprudence and business administration, and his work has been so satisfactory that he has been appointed assistant dean for the coming year. He has already served one year registrar, substituting for the regular registrar who had a leave of absence. In the new position he will carry full responsibility as the dean is leaving for a year's absence and Mr. Sharrar will act for him during that period.
The appointment is a very fine compliment to Mr. Sharrar's ability as Rice Institute is an important educational center which has 1,200 students. It is heavily endowed and is among the foremost schools of its kind in the United States.
