ALMA TEAM DEFEATS FLINT TECH. 46 - 0

Paced by Captain Gussin, playing his last collegiate football game, the Maroon and Cream grid squad came to life in the second half and snowed General Motors Tech under by a 46-0 score at Flint Saturday.

Gussin, that "Ghos" of the Gridiron, whom none seemed able to keep his hands on, was easily the outstanding star of the game. He closed his gridiron career in a blaze of glory, fitting through a broken field with his marvelous change of pace, snaring passes all over the field and returning punts with great dexterity and grace to score 5 touchdowns and kick one point after touchdown for a total of 31 points to his credit.

Although Tech held the Campbellmen to 2 touchdowns in the initial half, they never were in scoring position and did not get past the Alma 20 yard line. With a fury that would bid woe to any team the Presbyterians unleashed an attack in the last half that left Tech dazed and breathless and left no doubt as to Alma's decided superiority.

Gussin scored once in each of the first two periods, one coming after receiving a pass from Baldwin and the other on a 20 yard dash around end.

Tech was able to do little against the wary Alma team, making only 2 first downs in this half, although some

INTER-FRAT GAME RULES ANNOUNCED

Phi Phi Alpha, holder of last year's inter-fraternity basketball cup offered by Prof. Clack, will be called on the court to defend the title December 4. The Phis will meet the Zetas on that date in the opening game of the inter-frat season.

Stan Vliet, of the College Supply Store, has offered a new trophy, something to be much sought after. Although Stan's cup has not yet been seen it is certain that it will be something elaborate and fine.

Coach Wally Pezet will referee the games. They will be played in strict accordance with regular inter-collegiate basketball rules and will not be characterized by that rough and tumble fighting that has prevailed in past years. Local rules for the game have been announced by Pezet as follows:

Rules Governing the Inter-frat Games

- Eligibility—
1. Men that are in good standing with the Fraternity they represent.
 2. Pledges are not eligible to play.
 3. Men with varsity possibilities are ineligible (according to R. R. Campbell.)
 4. Rules—Governed by the National Inter-collegiate ruling.
 5. Names must be registered at least one week previous to the date of game.
 6. Failure to have 5 men on court at scheduled time of game will constitute a forfeit (2-0).
 7. Fifteen-minute halves will be played.
- The schedule as decided at a meeting of representatives of the three Fraternities is as follows:
- Dec. 4, 9:00—Zeta, Phi.
Dec. 6, 4:00—Beta, Phi.
Dec. 9, 9:00—Beta, Zeta.
Dec. 13, 3:00—Zeta, Beta.
Dec. 16, 9:00—Phi, Beta.
Dec. 20, 3:00—Phi, Zeta.

MEN

I like men—
They stride about,
They reach in their pockets,
And pull things out.
They look important,
They rock on their toes,
They lose all the buttons
Off of their clothes.
They throw away pipes,
They find them again—
Men are queer creatures;
I like men.

TO JOHN ANDERSON
You are like a laughing Vagabond friend
I found somewhere among wind-tossed trees;
You are part of their green and two bits of sky
Are your laughing eyes. There is a song
In your smile like thrushes sing at dawn. . . .

ZETA SIGMA SMOKER IS ENJOYED

About 90 new men, pledges, honorary members and members of Zeta Sigma, were present at the annual Smoker held by that Fraternity last Monday evening and marked the end of the fall rushing season preliminary to pledging by all fraternities on Thursday.

The early part of the evening was spent in playing cards, getting acquainted and talking over incidents of high school and college life which can never be left out of any of those well known sessions.

Wally Pezet was master of ceremonies during the course of the program and in his inimitable manner kept the crowd in high spirits. Clarence H. Havel, President of Zeta Sigma, was the first speaker and welcomed the visitors in behalf of the Fraternity. The welcome was followed by an introduction of members of Zeta Sigma prominent in Campus life, by Alan Dean.

The Faculty was represented by Chester Robinson, '17, who gave a brief history of the Fraternity and its achievements; President H. M. Crooks and Coach R. R. Campbell, both of whom gave short talks on the fraternity problem in general.

FRATS PLEDGE NEW MEN LAST THURS.

The rushing season for the men came to a close last Thursday with the regular pledging of new men and Freshmen to the several Fraternities. The bids to Beta Tau Epsilon and Phi Phi Alpha Fraternities were passed out in Chapel in accordance with the time-honored ruling of the Interfraternities Council. Zeta Sigma had passed out its bids previous to that time. The Freshmen and new men were given until noon to decide which way they wanted to go.

In the evening the men were entertained at the different Fraternity houses with cards and much shaking of hands. At this time the new members signed the regular and formal pledge agreements. Everyone was happy knowing that the rushing was all over and the men can now settle down to the studies once more. FRESHMEN WILL PLAY INTRAMURAL GAMES

According to Coach Wallie Pezet, the Freshman Basketball prospects look very good this year. Extensive practices have been held since Monday afternoon and Pezet says that the fellows are looking fine. An elaborate schedule of intramural games has been arranged with the squad in order to show Pezet the most likely prospects for regular competition. After December 18 the regular teams will be picked. The following teams have been made out of the candidates that have reported for Basketball thus far:

A

Dawson, Captain. Wilcox, Hubbard, Kahn, Terry, Newell, D. Sprague, Colbeck.

Y.W.C.A. TO GIVE XMAS PARTY FOR CHILDREN

The meeting of the Y. W. C. A. was held Thursday, Nov. 20, 1930.

Temporary plans were made for the Christmas party, to be given at Wright Hall for the Republic School children.

Evelyn McCurdy gave the substance of her interview with the social welfare committee of Alma. Nancibel Thorburn reported the conditions of the Republic School.

It was decided that this year Wright Hall girls would have a larger party and try to clothe more than four girls. Boxes have been placed in each corridor for old dresses, etc., that can be made over into something useful for the poor children.

The devotional part of the meeting was in charge of Grace Eaton.

Aside from the singing of hymns and reading of the Psalms, Jean Turnbull played "Consolation," by Mendelssohn.

The meeting was closed with the benediction.

PRACTICE DEBATE HELD LAST THUR.

The Alma Debate Teams met the Heidelberg Teams in a heated contest last Thursday in a no-decision, no-audience debate on the unemployment question. Although there was supposed to be no audience, about ten or fifteen managed to creep past the gate-keeper somehow and provided an intelligent if not too large audience.

Two debates were held. Both teams felt that the encounter was very valuable to them in arranging and selecting and enlarging material. It also showed them just how their cases held up under fire.

The first argument was with two-man teams. Alma upheld the negative while Heidelberg presented the affirmative case on the question:

"Resolved, That the Several States Shall Enact Legislation Providing for Compulsory Unemployment Insurance to which the Employer Shall Contribute."

Professor Tyler acted as Chairman for this debate.

The first Affirmative Speaker, Bain Reams, showed that the situation is at a critical state and that it demands immediate attention. He showed where unemployment in insurance would work where other systems have failed.

PHILO OPEN MEETING

Philomathean Literary Society held its annual Open Meeting on Monday, Nov. 17, at 7:30 in the society room. Each guest, on entering, was presented with a corsage of baby "mums", and a book program.

The meeting was called to order by the President, Flora Lau, and after the repeating of the pledge, roll call was answered by the brief biography of some famous woman.

The regular order of business was dispensed with and the society adjourned to the program.

Mary Louise Peters read a paper on the "World's Greatest Woman," and Lillian Leyrer gave a clever reading on "Katrinka's Day in the Big City."

After the benediction the meeting adjourned to the reception room where marshmallows were roasted over a fire in the open fireplace. There Dorothea Prouty sang two delightful solos, "I Know a Garden" and "Coming Home."

Among the guests were the patronesses of Philomathean, the women of the Faculty, the new girls on the Campus, and the officers of Alpha Theta and Kappa Iota.

WOMEN'S RUSHING CLOSED WITH PLEDGING WEDNESDAY

Wednesday night was one of great activity for the Wright Hall Girls. The annual pledging of the three Women's Societies featured the evening. After much strenuous rushing the final results were the following:

Philomathean Pledged

Lillian Ogle, Dorothy Royce, Maxine Lilly.

Kappa Iota Pledged

Mary Painter, Sue Gillam, Jean Turnbull, Marion Day, Annabelle De Kraker, Jean Cameron, Mary Wood, Margaret Wellwood, Madeline Wiley, Hellen Murphy.

Alpha Theta Pledged

Evelyn McCurdy, Irene Haines, Clare Wilson, Helen Vincent, Aileen Waters, Alice Girvin, Marjorie Morrison, Janet Hill, Inez Passenheim, Thelma Tarrent, Marjorie Lundbom, Wilma Hochstetter, Edith Davis, Freedom Burgett, Francis Stevens, Mabel Kennett.

Of course all the men got up for breakfast Thursday morning especially to see who pledged who and why. Each society had arranged for a special breakfast table and the three long tables provided a pretty picture, surrounded as they were by very happy and satisfied girls.

INT. RELATIONS GROUP ELECT NEW PRESIDENT

The first formal meeting of the International Relations Club was held in the reception room of Wright Hall at 4 o'clock, November 20.

The secretary, Walter Elder, opened the meeting with an explanation of the purpose and work of the Club. He then asked for the election of a president and secretary for this year.

The nominees for president were Walter Elder and Kenneth Ollis. Mr. Ollis begged to be withdrawn and Mr. Elder was unanimously elected.

The nominee for secretary was Louise Waider. The polls were closed and a unanimous vote cast for Miss Waider.

The invited guests of the Club were formally accepted as members and will be so listed at National Headquarters.

A report about the Fascisti movement in Germany was given by Ronald Bacon, a new member.

Mussolini's Mysterious Machine was explained by Walter Elder.

No intensive work will be done until Hillsdale assigns Alma specific countries for the Model League Assembly.

A LETTER FROM KALAMAZOO

A letter addressed to the students of Alma College came to the President last week. It was from Kalamazoo College and contained the following poem:

TO ALMA

Alma, as friend to friend,
We send our heartfelt praise to you.
The spirit which you brought
To us, nigh thrilled us through and through.
You sang and clapped your hands,
You came in goodly numbers, too;
And round that peppy band
Your spirit always grew.
So keep that gallant fight!
Support that wish to win and do!
For in one game, Oh Alma,
You lit the torch of old Kazoo.

From Kalamazoo.

We were glad to receive the letter and join in extending our thanks and appreciation to Kazoo for its fine sportsmanship.

THANKSGIVING

The Thanksgiving vacation period begins November 26, Wednesday, at noon. School will be closed until noon the following Monday. Following is an excerpt from the Thanksgiving Proclamation of Fred W. Green, Governor of Michigan:

"It is, therefore, eminently fitting that Thursday, November 27, shall be set aside as a special day for Thanksgiving, a day for all the people of this Commonwealth to observe in thanksgiving and prayer that our glorious nation, under the wise direction of our President, may go forward unswervingly as the leader of all the world."

THINK OF THE OTHER FELLOW

Have you ever noticed an artist painting some beautiful landscape scene? Have you ever noticed that he often stoops down and looks between his legs so that he may see the scene upside down? Do you know why he does that? It is because in looking at things every day in the right and normal way we become so accustomed to seeing the things that we fail to notice the finer shades of color in them. If one would go up close to the painting of Ami W. Wright in the chapel and spend a few moments looking at the fine shades of color in the shadows of that painting he would get exactly what the Editor has meant by the above. The point of the whole matter is that we become so accustomed to our own ways of seeing things and our own ways of thinking of things that we often fail to notice the finer and more delicate things lying underneath. In order to see these things it is necessary that we change our view or perspective. In other words, the things that happen to us every day would look much more complete and reasonable if we tried to see it the way the other fellow is looking at it. Judging a thing by its superficial appearance is a poor way to judge it. So when something happens to us let us look at it the way the other fellow did and realize that perhaps we are trying to see something that is not really there.

NOTICE

There will be no Almanian following the opening of school after the Thanksgiving Recess period.

Frosh Will Edit Issue
Of Almanian Soon

Yes, it's true. The Freshmen are really going to get out an Almanian. This important decision was made at a session of the class last Wednesday. The meeting was called to decide whether or not the Frosh should edit one issue of the Alma College's student publication.

Besides a brief discussion as to what the Almanian should be and when it will be published there was no other business undertaken. It was thought better to wait until the second semester for this important undertaking so that the real talent of the class could be discovered rather than putting it out now when little is known of the merits of the new students. Several men in the class of '34 have had experience on high school papers and it is thought that this up and coming class will really make a fine contribution to the life of the school year with the Freshman Almanian. The date has not yet been arranged.

A SHAKESPEAREAN ROMANCE

Many years ago in a little "Hamlet" in England there lived two lovers, "Romeo and Juliet." After a short courtship, which seemed to them like a "Midsummer Night's Dream," Romeo asked Juliet to marry him and she replied, "As You Like It." "Twelfth Night" was set as the date for the wedding. Romeo made a special trip to Austria, there to buy his bride's ring from the renowned "Merchant of Venice." "Anthony and Cleopatra" were chosen as best man and maid of honor, while "Two Gentlemen of Verona" were chosen as ushers. After the wedding ceremony a reception was given by the "Merry Wives of Windsor."

During the honeymoon Romeo discovered that Juliet had a temper like "Tempest" and he soon realized that his chief occupation was to be the

"Taming of the Shrew." Their first quarrel was "Much Ado About Nothing." When their married life began to resemble "A Comedy of Errors," they realized that their first courtship was "Love's Labor Lost." But, as they gave each other "Measure for Measure" all their friends exclaimed in a pleasing manner, "All's Well that Ends Well."—Exchange.

Co-ed News

This has been a busy week for Wright Hall—not the week-end, but during the week. At last closed rushing and pledging are over. The Freshmen no longer have any privacy—for the upper-classwomen and Sophs are once more in their rooms—eating their food, reading their magazines—monopolizing their beds.

The Co-eds swarmed to Flint for the week end—still proving their worth as the faithful rooters.

Seen at the game:
Helen Lee, Cora, Alice Biondi, Marjorie Lundbom, Thelma, Nancibel Grace Teunis, Margaret Mc, Dottie, Helen Temple, Onilee Mc, Mary Wood Margaret Wellwood, Jean Cameron, Jean Pete and Rachel. Some of the Alumni seen were—Franie, K. Lehner, and Babe.

We weren't able to keep track of them after the game, so no news there.

Nothing exciting happened in the Hall—at least, nothing as exciting as another pin being given away—so no sensational news. Emmy was in the hall—that was some excitement, but that's all the news.

Sheila to Frosh: "Do you like to have poetry written about you? Look in the Almanian next week!"

HOLIDAY SEASON BARGAINS

TIME TO GET DOWN AND STUDY

As the end of the first semester of the college year ap-
proaches it is well for one to ask oneself the question, "Am
I satisfied with myself thus far in the year?" That implies
that one should concern oneself about studies at this time.
Many of us let the work slide in order to have a good time,
and many of us have taken on too many extra-curricular
activities. This is the time to get down and study if one
has not been doing so well with his studies to date. There
is still enough time left to win your way back into the
graces of the professors and there is still enough time left
to get a good mark if you work for it. Alma has had a
reputation of having very good students in the past. Now
is the time to begin to think about the future.

New Means Of Rating
College Is Found

and Society," two Lafayette profes-
sors suggest a criterion for rating
colleges according to their fruits in
intellectual leadership. They have un-
dertaken this statistically by counting
the number of graduates listed in
Who's Who in America. They furnish
an impartial barometer and they are
typical of what the institutions of
higher learning in the United States
are doing. About a third of college
graduates listed in Who's Who come
from the New England institutions
and about one-seventh come from
Harvard and Yale alone. Only about
one-fifth was contributed by the 25
State Universities. The real triumph
is scored by the smaller colleges and
institutions which score very high.

Michigan has 470 men listed in

Alma Team Defeats Flint Tech, 46-0

(Continued from Page 1)
 splendid punting by Follis, fullback, kept the Presbyterians on edge.
 The second half was an entirely different story. Presenting a deceptive power and aerial attack that Tech was unable to cope with, the Almatites scored twice in the first five minutes. Gussin made both counters. One came two plays after the kick-off, when Brown went around end for 20 yards and Gussin went around the other end for the score.
 Soon after Borton interjected his score with a 30 yard jaunt around end and through a broken field for the 5th touchdown. Gussin's last counter

came through a 60 yard run on an off-tackle play which left prospective tacklers strewn in his wake all down all down the field.
 Tech started a belated aerial attack late in the game but nearly everyone was intercepted. Brown took one of these heaves and streaked up the sidelines for 70 yards and the last score. Jackson, who went in for Alma late in the first half, played a great game and bids fair to hold high the name of Newberry, which Red Erickson made so well known. He got away for 60 yards on one play, but it was called back and Alma penalized for offside. Borton, Leadbetter and Gray also played well for Alma.
 Follis, Pancoast and Weaver played best for Tech.

the Negative, attempted, rather unsuccessfully, to score this plan and show that the present system is better.
 Both teams hotly contested major issues in the rebuttal. The feature of the rebuttal being the argument between Blackstone and the Negative concerning the feasibility of the Affirmative plan.
 The debate was characterized by good sportsmanship and tended as a whole to show that our teams are progressing very nicely under Coach Herman Spencer and that they may be expected to win a good share of their debates this year. The next encounter will be with Mt. Pleasant on both sides of the question some time between the Thanksgiving and Christmas vacations.

Zeta Sigma Smoker Is Enjoyed

(Continued from Page 1)
 known quartette composed of Prof. J. W. Ewer, G. V. Wright, C. R. Robinson and F. R. Phillips, lent a spice to the program which everyone enjoyed. Red Erickson with his mouth organ and his "Chicago" story put a finishing touch that left everyone in high spirits for the apples, doughnuts and ginger ale. After all had eaten and drank their fill everyone (as per usual) journeyed to Wright Hall to entertain the fair sex with their melodious warbling. Judging from the applause and response, the serenade was enjoyed by everyone as well as any that has taken place this year. And none more so than the one which Norm Borton asked to have dedicated to Helen Temple and "sung softly."
 The consensus of opinion was that this Smoker should take place alongside of the excellent get-togethers sponsored by Zeta Sigma in previous years.
 The honorary members present were: President H. M. Crooks, Prof. J. W. Ewer, Prof. L. L. Tyler, C. R. Robinson, Coach R. R. Campbell, E. J. Lobdell, Dr. Chas. DuBois, and Dr. H. B. Lehner.

Practice Debate Held Last Thursday

(Continued from Page 1)
 tive, showed that the situation had been exaggerated by the Affirmative, and that there was no need for legislation.
 Raymond Hartsough, continuing the Affirmative case, showed that insurance is practical and that it is humanitarian and that it would be socially desirable.
 DeWilde, speaking for the first time from a college platform, proved that other such systems have failed and challenged the affirmative to show how a scheme of unemployment insurance would be put into effect. De Wilde made an excellent showing for his first time out.
 In the rebuttal the issues of each team were hotly contested by the opponents.
 Alma upheld the Affirmative and Heidelberg the Negative in the next debate. Three men were used. Ollis acted as Chairman. Ruddock, speaking first for the Affirmative, showed that the situation is bad and that it has always been bad and that a change is needed. The first Negative speaker argued that unemployment insurance was economically wrong in principle.
 Brown, for the Affirmative, showed that the burden of responsibility rests with the industries and that they have refused to bear the responsibility. Kohler, for the Negative, argued that unemployment insurance is structurally weak.
 Blackstone, for the Affirmative, presented in detail a plan of unemployment insurance for the Affirmative case and established proof to show that it would work. Diefenbach, for

Oratorical Contest Will Be Held Soon

The annual Oratorical Contest of Alma College will probably be held sometime shortly after the Christmas vacation, announced Professor Hamilton, Coach of Oratory. A fine group of orators will try for the prize. About eight men will enter the men's contest and there will be about an equal number of women entered in the women's contest, as near as can be now estimated. The contests will be held on separate nights.
 Alma students have shown a keen interest in oratory in the past years. Last year Kenneth Ollis, who is now student manager of Oratory and Debate, placed second in the state contest and Francis Cameron, who graduated last year, placed third in the women's state contest. The year before that, Homer Barlow won first place in the men's state meet. Alma has an enviable record even back of that.
 Orators may expect some keen competition this year, for Ollis is still in the running and Ruddock and McClellan, who tied for third last year, have signified their intentions of competing. Besides these there are many others who have the experience of previous contests and those who come with splendid high school and college records from other places.
 Alma will hold the divisional contest here and the final state contest will be held at Mt. Pleasant. Everyone interested in oratory should see Professor Hamilton and come out for the contest.
