NUMBER TWO

## ALMA HOLDS U. OF D. TO 15-0 SCORE

### FRESHMEN ENJOY SPREAD AT GYM

#### Pres. and Mrs. Crooks Entertain Yearlings. Class Elects Officers.

The freshmen class was entertained to a dinner party Thursday evening at the new gymnasium with President and Mrs. H. M. Crooks as host and hostess. Preparations for the occasion were carried on by Mrs. Crooks and Mrs. Campbell, with the willing help of the Frosh girls.

An informal but pleasant dancing program was indulged in for a time and then all sat down to a bountiful repast at promptly 6:30 o'clock. Everybody was merry, especially one table which was regaled by Dean Lanier with choice bits of gossip.

When all had been completely satiated and the last diner had given up all further attempts toward board saving, Dean Mitchell arose to address the assembly, he himself taking part in the hearty applause which greeted his appearance. After a few remarks, "Jimmy" stated that it was quite necessary that the Freshmen class organize, so time was taken for the election of officers.

Reed Ruggles, a popular and energetic yearling was elected president. Mr. Ruggles' personality and executive should make him an ideal leader for the Frosh. He is the son of F. W. Ruggles, of Alma, prominent manufacturer. Following custom a girl, Miss Dorthea Youngs, also of Alma, was elected to the vice presidency. Miss Youngs, who is prominent in Alma society, was no doubt wisely chosen by the class. Mr. John Anderson, of Tecumseh, a fine business-like chap was chosen to serve both as secretary and treasurer.

Following the election, Miss Margaret Ely, the versatile freshmen co-ed, led the Frosh in a yell for Pres. and Mrs. Crooks, after which the guests joined in a further dancing program.

In order that several might keep pressing engagements, the party was dispersed at seven-thirty. The Freshmen all declare with enthusiasm that they had a fine time and it is certain that the class as a whole appreciate the kindness and hospitality of Pres. and Mrs. Crooks.

The infants are very rapidly becoming acclimated to the campus, and now that they are organized under the leadership of their very capable officers, they hope to accomplish a great deal this year.

#### Smoker Given at Zeta Sigma House

The Zeta Sigma Literary Society entertained its friends among the new men in school at a smoker last Thursday night. The Zeta Sigma Alumni living in Alma, headed by Dr. DuBois, furnished the smokes. Among the Alumni present were Prosecuting Attorney Clark, C. R. Robinson, Prof. Mitchell, Coach Campbell and Homer Dunham. After introductions had been completed, Mr. Robinson led in singing some of the old familiar songs. Huntly, Hudson and Wolfe furnished music of the most inspiring kind. The vocal selections of Russel Catherman and Mr. Robinson were greatly enjoyed by all present. Coach Campbell announced that all football men should be in bed early.

After singing the college song the party adjourned to the DeLuxe for refreshments. Bob Wyatt took the floor and led in singing that plaintive melody "Sweet Rosie Rosinsky" and several yells. Not having exhausted their lungs, the party moved to the museum steps and rendered several old favorites to the inmates of Wright Hall.

#### Class of '23 in Varied Pursuits

A recent census of the class of 1923 finds the greater number of them teaching throughout the state. A few have entered into other lines of work with four continuing their school work at other places, two in the automobile business and one salesman. Alma manages to keep her graduates at home as all of the graduates are to be found in the state, except one, who is teaching in New Mexico.

H. J. Ainsworth is now located at Flint in the services of the Buick Motor Co.

Miss Irene Anguish is teaching classics and English in the Ubbly High School.

Miss Grace Beshgetoor, continuing her dental course at the U. of M.

Miss Violet Bramley is doing substitute teaching work in the city of Detroit schools.

Miss Helen Brien is the English and History instructor at Manistee.

Miss Leone Brown is teaching in the Cheboygan High School.

W. V. Crittenden has charge of the Chemistry and Athletic departments of the Manistique schools.

J. T. Dasef is taking post-graduate work at the University of Michigan.

N. T. Des Jardins is also in the services of the Buick Co. at Flint, holding a responsible position in the driveway department.

Miss Lucy Fellows is teaching in Davison.

S. D. Foster is associated with the Symon's Bros. Wholesale Grocers with his headquarters in Flint.

Miss Mildred Gerow is teaching French at Cheboygan.

C. W. Hendershot is teaching at Midland.

Miss Edith Hughes is teaching languages in the Bad Axe High School.

W. A. Kemp is superintendent of schools at Mt. Rose.

Miss Ellen Laman has a position in the Grand Ledge High School.

Miss Avis Lane returns to her Alma Mater to take up the position of assistant librarian.

Miss Marjorie MacCurdy has charge of the French department in the Mt. Pleasant schools.

Miss Marjorie Mackie is teaching at Midland.

Miss Helen Mason is teaching at Cheboygan.

Miss Marjorie McLearn has a position in the Tecumseh schools.

Miss Elizabeth Munger is instructor in physical training at Raton, New Mexico.

S. S. Pratt is continuing his ministerial work in a theological seminary in Chicago.

Miss Persus Robinson is principal in the Deckerville Union School.

Miss Hazel Shankel is in the English department at Grayling.

D. N. Sullivan is in the engineering school at the University of Michigan.

E. C. Swanson is in the first aid department of the Ford Motor Co. at Detroit.

R. L. Waggoner is principal of the East Jordan public schools.

Miss Fromilda Young is teaching in Manistique.

H. L. Wilson is also teaching with Miss Young at Manistique.

Mr. Wm. Gallagher the only one of the class to dive into the sea of matrimony is pursuing a post-graduate course at Mt. Pleasant Normal.

#### ALPHA THETA

The first meeting of the Alpha Theta Literary Society was called to order Monday, Sept. 24, by the president, Norma Messecar. Business, including plans for the first term, was discussed and adjournment followed.

#### KAPPA IOTA

A short but important business meeting of the Kappa Iota Literary Society was called to order Monday night by the President, Margaret Morrison.

The Freshmen girls were very pleasantly entertained at Sunday night lunch in the rooms of the Sophomores and Upper Class Women.

#### NEW DEAN OF WOMEN

MISS LAURA ELSIE LANIER

#### SIX NEW FACULTY MEMBERS AT ALMA

##### Professor MacCurdy Gets His Long-Needed Assistant in Biology.

Six new faculty members including three heads of departments have started their instruction work at Alma College. The several changes in the personnel of the faculty are already familiar to most of the students.

In the music department, both Prof. Birger M. Beausang and Miss Grace Roberts are missing. Prof. Beausang, who resigned last year to pursue further study in voice culture, will be succeeded by Prof. J. W. Ewer. Professor Ewer comes to Alma from Montana State College, where he was in complete charge of the music department. He has spent many years in study and has been teaching for eighteen years.

The sabbatical leave of absence, which is granted annually by the college to some member of the faculty, was given Miss Grace Roberts, instructor in piano and pipe organ. While Miss Roberts is away studying in New York and abroad, her work will be done by Miss Fanny Keller of Evanston, Illinois. Miss Keller received her training at Northwestern University, at Evanston and at the University of Wisconsin.

Following Dean Montgomery's recent resignation, Miss Laura Elsie Lanier has become Dean of Women. Miss Montgomery's able leadership, we are sure will be amply fulfilled by Miss Lanier's charming personality. She came to us last year as instructor in English and assistant Dean. After graduating from Vassar College, the new Dean continued her studies abroad at Oxford University, where she received her master's degree. She also has had a number of years experience in teaching in Philadelphia.

As instructor in English and assistant Dean, Miss Irene H. Wilson comes to Alma from Massachusetts, to take her place on the college faculty. Miss Wilson is a graduate of Wellesley with the degrees A. B. and A. M. She has spent several years teaching in Massachusetts High School.

The new instructor in physical education for girls is Miss Louise E. Hollweg, who will fill the place vacated by Miss Elizabeth Munger. Miss Hollweg is a graduate of Northwestern University. In addition to her physical training work, Miss Hollweg will work with Dr. MacCurdy in the biology department as assistant instructor.

(Continued on page three)

#### Chinese Student a Junior at Alma

Jui Ying Kwong the Chinese student whom the college has been awaiting for the past year and a half is finally established here. She enters Alma College as a Junior and plans to specialize in biology with a view of returning to China to teach it.

"Catherine" as she is familiarly known is a favorite already on the campus. She received her high school training in an Academy school in Peking, and her college work in Peking University. Her home is in Canton, but the family moved to Peking so as to give the family an opportunity to attend the Peking schools.

Catherine is the youngest of six children. One of her older sisters is studying commerce in Cornell University. Two others are in Iowa City studying chemistry, in preparation for medical study and music respectively. Her only brother is a civil engineer in China, being a graduate of Yale.

At the Lake Geneva Conference of 1921, Avis Lane then president of the Alma Y. W. C. A. met Wen Ying, a sister of Catherine, and it was through Wen Ying, in Iowa City, that the Y. W. communicated with Jui Ying. A year ago Jui Ying was expected, but arrangements went amiss, making it necessary for her to postpone her coming until this year.

Jui Ying was approximately one month on the way, having been delayed in Shanghai to secure her passports. She landed in Seattle, from whence she travelled to Iowa City and then to Alma.

Wednesday, September 19, was the date of her arrival in Alma. She was greeted with delight by old and new students alike.

#### Miss Field Reported Safe in Japan

Miss Mabel Field '22, who was in Japan at the time of the recent earthquake disaster, is safe. No details have been received concerning her situation, except a telegram from her carrying the short, but acceptable message "safe."

Miss Field is starting her second year as instructor in Kobe College, Japan.

#### FERRIS GAME SATURDAY

Alma fans will get their first opportunity to look over the 1923 football prospects at Alma College Saturday when the Maroon and Cream meets the Ferris Institute eleven in the only game to be staged here until late in October.

The opinion of those who have been following the fortunes of Campbell's squad of more than three teams believe that the Alma Mentor will have a football team that will be a contender for the Michigan Intercollegiate championship. That, however, is sufficient to predict at this time as it is a long road to be traveled before the final association game with Kalamazoo college, and the closing game of the season with Mt. Pleasant Normal.

Ferris is reported as having the strongest aggregation that has ever been put together over at Big Rapids and the chances are that the Big Rapids team will show sufficient strength to make the contest an interesting one.

It is expected that Campbell will try out a number of combinations during the fray, both on the line and on the backfield, in order that he may get a good line on the respective ability of the men before the Michigan Intercollegiate games come on in another week or two.

#### PHILOMATHEAN

Philomathean Literary Society was called to order, Monday night by the President, Margaret Poole. A short business meeting was held.

The members then adjourned to the Strand Theatre for the traditional officers' treat, the first of the good times of the year.

#### BATTLE 0-0 FOR THREE QUARTERS

##### Light Alma Aggregation Outweighed Thirty Pounds to the Man.

Although defeated Saturday in the opening game of the football season the Alma College eleven covered itself with glory, holding the famous University of Detroit eleven, a team of veterans to a 15 to 0 score after forced to 'spot' the Detroiters an average of between 25 and 30 pounds per man. And Detroit by reason, possibly, of her greater experienced men was able to make two breaks turn way for touchdowns, which were of the fluky and lucky variety.

It was a joy to see the light Alma eleven scrap the big Detroiters right from the start and, while permitting Detroit to gain in midfield at times, held like a stonewall when the goal line was threatened, toppling the 200 pound Detroit backs for losses or without a gain time and again. It a delight to such old men as "Eph" Johnson, Johnny Stewart and other former famed warriors, who saw the light. In defeat Alma had won a victory. The U. of D. expected to roll up a score of more than a half hundred points, and Detroit papers which referred to the contest as an easy practice affair, turned around as a unit after the contest and praised Alma mightily. Screaming clear across the top of a late edition Sunday sport page the Free Press said, "Those Presbyterians fought hard before they yielded to University of Detroit's superior weight." And down in the article it was stated, "They yielded in the fourth quarter, only after they had played themselves into a state of physical exhaustion and the breaks of the game had gone against them." Again, "Only superior weight, which gave it a decided advantage at straight football, enabled Detroit to emerge from the conflict victorious. In this one department of the game did the U. of M. excel." The 10,000 people who witnessed the battle were loud in their praises of the Alma eleven, which battled harder than Detroit had seen any eleven in years against odds that seemed impossible to cope with.

Yet for three quarters of the fray Alma played the Detroiters on even terms, neither being able to count. During this time the Alma eleven looked the better team of the two, showing more polish, more fight, better generalship and better physical condition than did the Detroiters. To smash against such odds in weight and hold their own entitles the Alma eleven to consideration as one of the most promising teams in the state, and Detroit is now talking Alma College more and more favorably than ever before. Detroit has seen the measure of the courage and fight that the men of Alma can show. Detroit is convinced.

Going into the game against this team of veterans, Alma was sending in a quarterback new to college football, a new half, a new tackle, and as the game progressed continued to shoot more and more inexperienced men into the fray. Regardless of who went into the game at any given time that man had the old Alma fight and the Maroon and Cream continued to surprise the ten thousand Detroit fans, and to possibly surprise the U. of M. team more than the Detroit fans.

In the fourth quarter luck broke against Alma. It opened with the ball near Alma's goal in Detroit's possession, and the Detroiters, unable to gain, called on Hogan to dropkick again, he previously having had three kicks blocked by the rapid work of the light Alma line. From the 22 yard mark Hogan booted the

**YOU**

who have not sent in the necessary Two Dollars to the business office, please note that this is the last copy of the Almanian that you will receive. Provided, of course, that we do not receive said Two Dollars and your name and address within the next few days. We honestly believe that you want the Almanian. You want to know just what is going on among the students at Alma, and among the Alumni. You want to know how Alma won the M. I. A. A. pennant, you will want to know who made the baskets against Albion, you will want to know how Alma's debater's matched up against Hope's. You will want to know all sorts of things about Alma students and grads.

We want to keep you informed. We want to put before you, every week, the Alma that you know. In order that we may do this, please send us your name and address at once, so that you will not miss next week's issue.

**A BAND?**

Our first home game is not far in the distance. It is not as important as some of the later games, but it ought to help us put our pep machine in running order, to oil the gears so to speak, to make sure it is running smoothly before an important game claims our attention. First in importance, in the writer's opinion, as an enthusiasm getter is a band. We had a band last year—a real, live, large, noisy, ear-splitting band. It was responsible for at least half the enthusiasm we showed at the games of last year; it was the talk of the M. I. A. A., and rightly so. True, it may not have rivalled the heavenly chorus for sweetness, or Sousa's band for artistic deftness, but it made plenty of noise and that is what we need. Noise drives away the blue devils, and drives the competition to the towel.

In such a time as this, when the biggest thing in the world is the earth's temperature, and when the Pioneer of the West is about his ears, you would not doubt an instant that we have musical material in our midst that would frighten the boldest visiting team in the state into panic terror. If those freshmen wont enlist, draft them. The members of last year's dispenser of sweet sounds will serve as nucleus for the new one. Our team will romp to victory to the boom, boom of Doc's drum, the shriek of Freeman's bugle, and the groan of Ruegsegger's and Hudson's saxophones.

Up, Alma rooters, on your feet. What's the matter with the new band? It's all right. Who says so? We all do. Pat.

**FACULTY AT SEA**

"Mother may I please canoe?"  
"Oh yes, my darling daughter.  
But dry your clothes first thing you do—  
When you've climbed from the water"

Nothing less than a very compelling sense of duty to Alma students can account for our publishing the following incident in the heretofore conservative columns of the "Almanian." It is with regret that the editor finds himself obliged to air a story which is bound to dampen the enthusiasm of old Pine river fans, and at the same time put fear in the hearts of those who have not yet been initiated to the thrills of canoeing.

Saturday afternoon, the Misses Ritter, Keller, and Hollweg embarked in McGlone's canoe and set out for a delightful afternoon up the river. Miss Ritter is an experienced canoeist and added to that the final instructions that McGlone gave the members of the ill-fated party, and the catastrophe which followed is well-nigh inexplicable.

As some wise-acre has said before, "verything went well until"—the

party was nearing Second Grassmere. Miss Hollweg, seated in the front of the canoe, became suddenly desirous of taking a rest, and rose up in the canoe to exchange places with Miss Keller, who was occupying the seat of leisure. Miss Ritter blurted out a caution, her sense of navigation seeming to warn that such action was extremely hazardous. The land-lubbers, however, failed to sense the imminent peril which prompted the skipper's monition and further spasmodic activities increased the precarious situation. A raddle fell from a feminine grasp. Ready hands reached for it. The frail craft careened toward the waves. The propelling instrument was beyond reach. With self-sacrificial resolve the noble three, ever mindful of McGlone's property, plunged into the dark waters to bring forth the elusive paddle. Miss Ritter was the first to reach land. She hastily telephoned to Misses Poole and Vreeland at Wright Hall, petitioning advice. Having ascertained the proper mode of procedure, she hastened back to her shipwrecked companions. Shortly afterward Old Sol was much perturbed to find himself forced to a duty to which considerate housewives generally consecrate his Monday services. He was further displeased by the fact that Messrs. Proctor and Gamble had not lent their usual assistance to the project. To vent his spleen he noticed some small boys to throw con- sternation into the camp of the castaways. They were highly successful.

Our heroines lacked consideration for the reading public and gave up the opportunity to add an illustrious companion to "Robinson Crusoe" and "The Swiss Family Robinson." In fact when our reporter requested an

interview concerning the adventure he was severely manhandled. It is another instance in which the reticence of the eminent has deprived posterity of a literary gem. Thus we regret being unable to record the impressions of the refugees. We must ask the readers to draw upon their imaginations from the facts presented. We are sure of our facts as they have been corroborated by several hundred eye witnesses. P. S. McGlone has informed us that both paddles were returned to him with the rest of his nautical equipment.

**When Henry  
rang the bell**

If any bell was ever heard around the world, Joseph Henry rang it in his famous experiment at the Albany Academy. The amazing development of the electrical industry traces back to this schoolmaster's coil of insulated wire and his electro-magnet that lifted a ton of iron.

Four years later when Morse used Henry's electro-magnet to invent the telegraph, Henry congratulated him warmly and unselfishly.

The principle of Henry's coil of wire is utilized by the General Electric Company in motors and generators that light cities, drive railroad trains, do away with household drudgery and perform the work of millions of men.

**THE WRIGHT HALL SENATE**

An important factor in the development of student government on Alma's campus is the Wright Hall Senate, which was first organized in March, '23, and after surviving a year of probation we feel that it has justified its permanency as a Wright Hall institution. This year's Senate has taken new responsibilities upon itself, thus better fulfilling its purpose as an efficient governing body.

The aim of the Senate is to cooperate with the Dean of Women in promoting the highest standard of honor in all matters of personal conduct, and to maintain order and discipline among the women of Wright Hall. As the Senate is a thoroughly representative body, so the added sense of responsibility has become a personal matter with each and every Wright Hall woman.

The plan of organization is simple but effective. Each class has been granted equal representation, one member being elected from each literary society and non-society group. The president is elected by all the women of Wright Hall, while the remaining officers are elected by the Senate members.

The officers for the ensuing year are as follows:

President—Helen Scott.  
Vice President—Dorothy Flanegin.  
Secretary and treasurer—Christine Decker.

**LIBRARY NOTES**

Some interesting books have been added to the reference works during the summer. Among these are Post's "Etiquette" and Ward's "Encyclopedia of food." Both of these volumes are illustrated by plates which are exceptionally good.

For a time there will be displays representing the material which may be used under the different departments of the curriculum.

During the last week there was an astronomy exhibit in the show case. The radium star map which "shines at night" was of especial interest.

The display for this week shows Bibles in various languages. It is not generally known that Alma College Library owns one of the most complete collection of Bibles in foreign languages in the United States. This collection, bound in a uniform binding of tooled leather, was donated by Mr. John Munro Longyear.

**SIX NEW FACULTY MEMBERS AT COLLEGE**

(Continued from page one)  
Mlle. Marie Louise Boissot, a former student of Alma College, will be in charge of the French department, succeeding Mlle. DeJean. Immediately after her graduation from Alma with the class of 1920, Mlle. Boissot took over the French department for two years and now returns to us after a year's vacation in France.

Last year's freshmen did not have the opportunity to become acquainted with our well-loved "Pinkey" as he is called. Dr. Notestein last year enjoyed his leave of absence in travel both at home and abroad.

Undoubtedly the most conscientious and prompt among Alma's faculty, Dr. Notestein's vacation was more than well-earned. He has been at Alma twenty-four years serving in various capacities as instructor. His cordiality and helping hand has brought to him the respect of hundreds of old Alma students and we are glad to see him back again meeting his classes.

Professor John M. Howie, who last year had charge of the mathematics department will take up graduate work at Columbia University this year.

Mrs. J. M. Howie will succeed Mrs. K. S. Ginerich as matron of Wright Hall. Mrs. Howie's hospitality together with her popularity among the students makes her an ideal matron. Her services as nurse last year among several Pioneer Hall invalids will long be remembered. To satisfy the critical appetite of Wright Hall's numerous boarders will be her job, but everyone is willing to pin their faith on Mrs. Howie.

Mr. Sidney Foster '23, was a campus caller over the week end. Sid is now at the service of the Simmons Bros. Grocery Co., being located at present in Flint.

Miss Edith Hughes '23, was the guest of Miss Florence Leighton last Saturday and Sunday. Miss Hughes is now teaching in Bad Axe.

Mrs. S. L. Lyons, of Cheboygan, visited her daughter, Ann, several days last week.

Miss Josephine Peavy spent the week end at her home in Howell, Mich.

Rathsburg—"I was talking to your girl yesterday."

Cuddy—"Are you sure you were doing the talking?"

Rathsburg—"Yes."  
Cuddy—"Then it wasn't my girl."

**BATTLE O TO O FOR THREE QUARTERS**

(Continued from page one)  
ball between the goal posts for the first three points of the game. Detroit kicked to Alma and the ball was downed on the 23 yard line. A bad pass caused McDonald to fumble, and he was thrown on the six yard mark. A bad punt rolled out of bounds on the 13 yard line and on the first play Welch went around left end for a touchdown. The try at goal, by dropkicks, was blocked. Detroit again kicked to Alma, and Carty passed to Elias for first down. Elias was busy throwing passes working some for short gains and was then forced to punt. Detroit failed to gain and kicked over the goal. On the first play from the 20 yard line Elias attempted to pass, but was tackled just as he was about to throw the ball, which went into the arms of Kubacki, the Hamtramack policemen, who dashed to the goal for the final points.

Alma took the next kick off and by a series of forward passes marched down the field to the Detroit 10 yard line. Time was going fast and Elias in the hope of putting over a touchdown, passed to Tebo behind the Detroit goal. A Detroit man attempted to block the ball, and deflected it slightly, so that Tebo was unable to hold it, and it fell to the ground an incomplete pass just as time was called.

No one man can be singled out as the star or stars of the fray. Every man is deserving of only the highest credit for the fine work that was shown, and which brought to Alma a victory even in defeat. Without a point to her credit, the Alma football team walked off of Dinan field more highly honored in the minds of the Detroit people than was the winning Detroit aggregation. Such defeats are always victories, and with the fighting, never-licked squad that Coach Campbell has this year any defeat will be a moral victory, if any more defeats should come. But, it is going to be a mighty hard job for any team to lick the Maroon and Cream, a team that doesn't know when its beaten.
