STUDENT PUBLICATION OF ALMA COLLEGE

VOLUME 29

ALMA, MICHIGAN, TUESDAY, MARCH 24, 1936

NUMBER 22

67 Clubs to Meet at IRC Conference

Walker, Knight, Boynton and Ewer to Represent Alma.

Sixty-seven International Relations Clubs in the Mid-West Region will hold a conference at Indiana University, Bloomington, Indiana, April 3 and 4 under the auspices of the Carnegie Endowment for International Peace. Plans were completed last week to send a delegation from Alma consisting of Claude Knight, Ben Ewer, George Walker, and Arthur Boynton.

As Dr. Nicholas Murray Butler, President of the Endowment, says, the purpose of this work is not to support any single view as to how best to treat the conditions which now prevail throughout the world, but to fix the attention of students on those underlying principles of international conduct, of international law and of international organization which must be agreed upon and applied if peaceful civilization is to continue.

21 From Michigan

Colleges and universities in Illinois, Indiana, Michigan, and Wisconsin will take part in the Conference. Twenty-one of the colleges and universities in Michigan are planning to send representatives.

The program begins Friday with an open meeting at 11:30, followed by a luncheon at which Dr. Buehrig, Instructor in Political Science, Indiana University, will talk. The afternoon will be devoted to three round tables: the Underprivileged Nations, American Neutrality, and the East in Revolt.

At six o'clock there will be a banquet and speeches by President Bryan, D. Hocking, Harvard, and Dr. Patterson on world problems. The evening will be spent in an informal discussion of the speeches and a dance.

Program Ends Saturday

Saturday morning will be devoted to a meeting of the International Relations Clubs. At the luncheon Dr. Paul Dengler will speak on "Can Peace be Maintained in the Danube Basin?" The Italian-Ethiopian conflict, Sanctions, and Japan, the United States and the Far East will be the subject for the round table (Continued on page 2)

\$500 Offered for Best Essay on Advertising

An all expense trip to Boston, plus \$500 in cash, is being offered undergraduate students in colleges and universities for essays on "The Economic Function of Advertising," in a contest being sponsored by Advertising Age, the National Newspaper of Advertising, 100 E. Ohio Street, Chicago.

The contest is open to any undergraduate, without restriction, and requires no entry blank and no entry fee.

Essays are limited to 1,500 words in length and must be submitted to the Contest Secretary prior to May 15, 1936.

The writer of the best essay will be awarded \$250 in cash, plus an all expense trip to Boston, where he will be awarded his prize at the annual convention of the Advertising Federation of America, the large national association of advertising interests. This organization's convention will be held June 28 to July 2.

The writer of the essay considered second best will receive \$100 in cash, the third best \$50, and the next ten, \$10 each.

Complete details of the competition may be secured from the Contest Secretary, 100 E. Ohio Street, Chicago, or from the Editor of the Almanian.

Pre-Meds Show Pictures at Open Meeting Friday

At an open meeting of the Pre-Medic Club last Friday night, four reels of pictures were shown on the subject "The Relation of Healing to Absorbing Sutures." These pictures were from a special series released by the Davis and Geck laboratories of Brooklyn for the Yale School of Medicine.

The first reel presented both an actual and a graphic view of the process of healing, in which the efficacy of using sutures to promote optimum healing conditions was clearly demonstrated.

The second and third reels dealt with the manufacture of plain and chromic gut, showing the various steps of the chemical treating, testing, and sterilizing processes through which the gut must pass before its release on the market as sterile sutures of standard specifications.

The final reel demonstrated the practical uses and peculiar advantages of each type of suture as applied in modern aseptic surgery.

The president announces that more pictures have been booked for showing after spring vacation.

Alma to Compete at Indoor Track Meet

Campbell Plans on Sending 16 Men to Hillsdale.

Coach Argyle is preparing to send approximately 16 men down to the second annual MIAA track and field meet this coming Wednesday at Hillsdale. Of the 16 probable entrants, only one, Ralph Scheifley, was entered last year, when four were sent.

On paper the Scots have not the strength this year to go down and take first place, but they have possible point winners, who may make the results interesting until the end of the final relay race.

Ralph Scheifley, who led the individual scorers in the MIAA Field Day meet last spring, is the outstanding Scot who is expected to pace the men from the north. Ralph's events will be the 40 yard dash, the 40 yard low and high and low hurdles, and the 8-10's of a mile relay. When the preliminaries for the first three events are figured in, it would seem that the Alma senior will have his hands full for the afternoon and evening.

Gilbert Is A Threat

Bruce York, who won the broad jump last spring, will again enter this event with John Gilbert, who beat him out in the inter-class event last spring. Gilbert is also entered in the high hurdles, the 440, and the relay.

Riley Block is also considered one of the possible point winners in the pole vault, while Art Smith hopes to make a bid for first in the same event. It was decided at the coaches' meeting at Grand Rapids last Thursday, that the pole vault will start at 8 feet 6 inches and be raised six inches at a time.

Melvin Fuller and John Hurosky will be the Scot representatives in the high jump, and Fuller and H. B. Johnson in the shot put. Clyde Dawe is expected to be Scheifley's running mate in the 40 yard dash and the low hurdles.

Run Against Time

The 440 yard dash, due to the narrowness of the track, will be run against time. Bob Sayles is paired with Murray of Hillsdale, while Gilbert will run against Tell-man of Hope. Finals will not be run out, but the best times will win the places.

The 8-10ths of a mile relay will be run in much the same way. Alma will run against Hillsdale, each runner running two laps of the 1-10th of a mile track. Immediately afterward Albion and Hope will run against one another, while Kalamazoo will run all alone starting on the other side of the track. The best times again will prevail.

Stronger in Long Runs

The Scots will show better running in the middle and farther distances. (Continued on page 3)

Vacation to Start Friday; Next Almanian, April 14th

Students will start out for about every direction of the compass next Friday when the college activities will be temporarily terminated for the spring recess, which will start at exactly eleven thirty.

College exercises will be resumed at seven-fifty, Monday, April 6th. This will be the last edition of the Almanian, however, until Tuesday, April 14th. There will be no publication on the first Tuesday following spring vacation.

Ten weeks of school remain after the spring holidays before the Commencement exercises on Saturday, June 13th. There will be no school on two days during this period: Campus Day, May 13th, and Memorial Day, May 30th, while final examinations and graduation exercises will occupy the tenth week.

Alpha Thetas Observe 47th Birthday Monday

Nineteen guests in addition to the active members of the society were invited to the meeting of the Alpha Theta Sorority last night to observe the forty-seventh birthday of that society.

After a short program by the active members the birthday cake was cut and served with coffee and ice cream.

The faculty members invited to the birthday party included Dean Steward, Miss Ward, Miss Roberts, Miss Foley, Miss Banta, Miss Gesner, and Miss Vincent.

Other guests were Mrs. Crooks, Mrs. Steward, Mrs. Lamb, Mrs. Soule, Mrs. Spencer, Mrs. Hamilton, Mrs. E. Clark, Mrs. C. Robinson, Miss Elsa Struble, Miss Frances Stephens, Miss Elizabeth Smith, and Miss Marion Nummer.

The Alpha Theta Society was the second to be formed on the Alma campus, the Zeta Sigma fraternity being first. Both started in 1889 and at that time they were for the express purpose of furthering literature culture through the writing of essays, debates, and mutual criticism.

Today Alpha Theta is the oldest society for young women on the campus.

IR Group Begins Work on Model League Questions

The International Relations group at Alma has already begun preparing for the Model League of Nations at which they will play an important part in representing Italy.

The president, Claude Knight, announced the first assignment of countries at the last regular meeting. Gretah Wilson, Betty Hamilton, and Russell Staudacher were assigned to Bolivia. Herbert Peters and Betty Roberts will represent New Zealand. Another will be added to this group later.

The Italian delegation, which will have representatives on the three committees of the League and the Model Mandates Commission, will consist of Myron Reyher, Molly Parrish, Bordon Netzorg, Alfred Fortino, and Arthur Boynton. Claude Knight will work with all groups and fill any vacancy.

The model assembly will meet May 1 and 2 at East Lansing.

'Future Veterans' Move Spreads from Princeton to Nineteen Colleges

Nineteen colleges have applied for permission to start veterans of future wars' posts, it was announced by Lewis J. Gorin of Princeton, national commander, according to a recent article in the New York Times.

The veterans of future wars is a student organization demanding the payment of a \$1,000 bonus now to the men who will engage in the next war. A subsidiary organization is the gold star mothers of veterans of future wars, who are asking for a trip to Europe to see the site of their future son's graves.

Has Faculty Support

Dr. Henry Reining, Jr., of the Politics Department, the first faculty member to pay his 25-cent initiation fee declared:

"I am happy to become a member of the splendid organization. I approve of its objectives. It is high time America thought in terms of the future as well as the past."

Support for the movement was received in a telegram from Donald A. Hobart, National Commander of the American Veterans Association who voiced the hope that the organization "may well have evolved an idea that might have great possibilities in the common welfare."

Soph Shuffle to be Given Thursday

Seven Act Amateur Hour to Feature Party.

Seven acts of vaudeville in an intermission amateur contest will be the feature of the annual Sophomore Shuffle to be held in the Memorial Gymnasium Thursday evening, March 26, at 8:30.

All committees have been in operation for weeks and final preparations are rapidly being completed.

Jack Spot's Commodores, well known Saginaw band, will provide the music.

The decorations committee which is headed by June Tindall and Al Jenkins started work on the gym Monday. They promise something distinctly new in decorations. The only information available is that the decorations will have the class colors as a basis for the color scheme.

Intermission Program

Seven acts of vaudeville will take up the intermission period. "Cac" Erickson is to be master of ceremonies. Also featured on the intermission program will be the Floradora Sextette. However, the sextette will not compete for prizes in the amateur contest.

Committees for the dance are: Chester Hardt and Cassius Lea, co-chairmen; June Tindall and Alfred Jenkins, decorations; Pauline Chick and Daniel Tenny, chaperones; Pauline Dionese and George Walker, program.

Tickets on Sale

Chaperones and honored guests will be: Dr. and Mrs. H. M. Crooks, Mr. and Mrs. Chester R. Robinson, Professor and Mrs. Roy W. Hamilton, Miss Marjorie Gesner, Dean Florence M. Steward, and Dean James Mitchell.

The sophomore class cordially invite all alumni and former students to the annual Sophomore Shuffle, which will be held in the Memorial Gymnasium, Thursday evening, March 26, starting at 8:30. The price of admission is one dollar.

Alma Has 2 Chances of Having a Favorite in Presidential Race

Students of Alma College who live in Michigan have two very good chances of having a favorite win the Republican presidential nomination and possibly the presidential election, for Frank Knox is certainly the pride and hope of Alma College, while Senator Vandenberg is probably the favorite son of the state as a whole.

With the presidential campaign getting hotter and hotter every week Alma cannot help but wonder about the chances that their favorites have for winning the Republican nomination at Cleveland this summer.

According to early February odds quoted by Jack Doyle, who runs a famed billiard room in Manhattan's Times Square and who is the most oft-quoted quoter of odds on national and sporting events (except horse racing and murder) according to an article in the Fortune for March, Knox is a 5 to 8 bet and Vandenberg 1 to 8.

Alf Landon, governor of Kansas, who is apparently out in front today is a 1 to 2½ bet for the nomination. Other odds quoted by Mr. Doyle at this time are Borah,

1 to 4; Dickinson, 1 to 6; "the field" (Hoover, Glen Frank, Senator Wadsworth, and Ogden Mills), 1 to 20. Roosevelt, Taft, and Fish were not even considered.

For those wanting to bet on Roosevelt's reelection the best that could be had was even money.

This seems to put Alma's former student far out ahead of his rivaling friend, but then there are many who see a splendid opportunity for Vandenberg when Knox and Landon deadlock the convention.

Recent headquarters in the Knox camp, more especially a radio program, has led many political commentators to predict the possibility of Knox and Douglas, President Roosevelt's erstwhile budget director, running on the Republican ticket next fall.

It all adds up to the point where your guess is as good as anyone else's. Without a doubt Knox and Landon will go to the convention with the strongest backings, and the final decision will be determined by what direction "the field" swing their votes.

TED HETH

Edward Goggin _____ Business Manager
Holmes Sullivan..... Advertising Manager
Gretchen Wilson. _____ Circulation Manager

Let the Editor Speak . . .

Last week Ted Heth, representing the interests of the students in the band and choir, asked the Student Council for a permanent allotment for the above organizations from the Students' Activity Fee.

We strongly endorse this proposal and sincerely hope that the Student Council will vote in favor of it. If the members will review the situation, we feel that the request will be granted.

Certainly from the standpoint of "the greatest good for the greatest number" such a change is justified, for the band and the choir comprise about twenty-five percent of the student body. If these organizations did not exist there would be a great deal of agitation, so now that we have them and since they are such an important part of the extra-curricular activities of the institution, let us not fail to support them in their need.

It cannot be denied that the band is essential in creating the spirit at all athletic games. Their failure to do so at one or two basketball games this year is probably more our fault than theirs. There is no one on the campus that will question the value of the choir. They are both organizations of which we are proud, and we should do all we can to make them the best possible.

When we consider that well over a hundred dollars is used to support a debating team that is getting college credit for their work in addition, it doesn't take long to decide that really worthwhile organizations, whose members are willing to serve far more time than any two debaters, without reward, are deserving of the small portion of the students activities fee for which they are asking.

It might be said at this point that we wish to mince no words in voicing our opposition to the FINANCING OF ANY ACTIVITY GIVING COLLEGE CREDIT by the STUDENT ACTIVITIES FEE. If debaters are going to be given college credit then they should not share in the activities fee.

Perhaps we digressed a bit too far here, but it was only to show that the choir and band are deserving of aid from this fund. We feel certain that if the Council representatives clearly understand the situation, they will not take long in acting favorably on Mr. Heth's proposal.

CAMPUS HALL / FAME

"Luther Evans"

The fourth person whose accomplishments have not gone unnoticed by his fellow students is ex-editor Luther Evans, another senior, who came down from the Eskimo country (Gaylord being his home town) in the fall of '32.

As a high scholar he could not find anything too hard for him in the way of studies, so graduated with a perfect all-A record. In them thar' days he was an officer in the Leal Hi Y and also served as president of his class for one year.

For his first two years at Alma he used to top the honor role every year, but in his junior year he began to stray. A certain Marion came into his life—maybe she is the cause of it all.

At any rate he now receives the vote of the Hall of Fame judges for being the resigned Almanian editor, the senior class president, and a member of the Student Council. He will leave us this June, the second highest student of his class, a Baptist, a member of Phi Sigma Pi and Phi Phi Alpha, and the young hope in the scientific world.

"Bruce York"

How did this name get in here? Oh, you say he is a leader in his class, at one time candidate for its presidency, and at the present is the retiring president of the Zeta Sigma fraternity.

In addition Mr. York has kept

Block Is Named on Second MIAA Team

Albion, Olivet, and Hope Men on First Team.

Riley Block, high scorer on the Alma basketball team this year, was picked as one of the guards on the second team when the coaches of the six colleges met recently to pick the All-M. I. A. A. basketball men.

In naming the all-star aggregation this year the coaches chose two men from Albion's championship team, two from the Olivet team, and named to the third place, Hope College quintet, for the fifth member of the first team.

First Team

Forwards—Stanley Arthurs, Olivet, and Russell Kroege, Albion.

Center—Edward Novak, Olivet.

Guards—Edward King, Albion, and George Herringa, Hope.

Second Team

Forwards—Donald Thomas, Hope, Leigh Prettyman, Albion, and Ralph Beardon, Hillsdale, tie.

Center—C. Poppink, Hope. Guards—LeRoy Block, Alma, and J. Bouman, Albion.

Honorable Mention—Walter Survilla, Kalamazoo, guard; Robert Koestner, Kalamazoo, forward; Clayton Linton, Hillsdale, forward; Joe Santini, Albion, forward.

Arthurs of Olivet was the only unanimous choice of the colleges, while Novak and King had the honor of being named for the second time on the honor team.

The 1935 M. I. A. A. team is one of unusual strength with five men who were outstanding in their floor play. Defensively they were all exceptionally strong and offensively all fine basket shooters with clever footwork that permitted them to take full advantage of their speed to break through opponents' defense for close-in shots.

Sixteen to Compete as Scots Go to Hillsdale

(Continued from page 1)

tances this year, although the result might not show itself until later in the year. The squad of runners with Hugh Brenneman, Russ Ludwig, and Kenneth Ling back from last year are greatly strengthened by Harold Dean, Joe Kennedy and Wayne Forrester. In Harold Dean, Coach Argyle has a runner who ran the 880 in 2:03 before he was old enough to enter the state regional meets.

Harold Dean is setting his marks at the time of 2:00.3 in the 880 that was set in 1923 in the MIAA meet of that year. Ludwig and Ling will enter the 880 with him. Forrester, Brenneman and Kennedy will be the participants in the two mile, with Brenneman, the only experienced runner of the three. Brenneman, Hurosky, and Ludwig will be the entrants in the mile.

The relay team of Gilbert, Sayles, Dean, and Scheffley will try to give the MIAA champions of Kalamazoo something to run for, although Albion is reported strong in this event.

Tennis and Golf Teams Planned for This Spring

Recent action of the Athletic Board of Control, if approved by the Administration, will give Alma a regular M. I. A. A. golf and tennis team this spring with a full schedule, allowing them to officially contend for the title in these two sports.

A ruling of the M. I. A. A. Board requires a golf team or a tennis team to meet all the other schools having such teams in at least two matches before they can officially contend for the title at the annual track and field day.

Last year Alma had what might be called a tennis and golf team but they were without coaches or directors and did not have any regular schedule. This year arrangements are being made to have a coach for both teams and a full schedule with the other schools. Further announcement of details will be made in the near future.

Juniors Plan to Publish College Annual Next Year

Final Decision Not Until Next January; Staff to Be Chosen.

There will be a Maroon and Cream for the Class of '37 according to a decision reached last week in a junior class meeting. If plans discussed at that time are successful, the first yearbook in two years will be published some time next year.

A representative from the John and Ollier Engraving Company, H. M. McGuire, spoke to the class and outlined the following plan: a representative from the company will work with the yearbook staff and help with technical difficulties, and if by next January the class has not raised enough money to publish the annual, they can drop it without any cost.

The staff for this publication will be chosen at an early date, so that work can begin immediately. Before doing this, however, adjustments will have to be made with the Student Council, for two years ago this office was made one elected by the entire student body.

The last Maroon and Cream to be edited was in the school year of 1933-34. At that time Bud Campbell was the editor with Louis Meisel and Russell Hubbard as business managers. That spring Robert Lehner was elected to the business managership and Earl Tomes was editor. There was no attempt to publish a book, however, and this year there has been no one interested in the work.

Pioneer Men Organize to Sponsor Afternoon Dances

Russell Staudacher Is Elected President of Group.

For the purpose of sponsoring the afternoon dances, the first of which was held last Thursday, the fellows in Pioneer Hall held a meeting last Tuesday after the evening meal and elected officers.

The following officers were elected: President, Russell Staudacher; Vice-President, Douglass Garrison; Sec'y-Treas., David Smith; Sargeant-at-arms, Angus MacGarvah; Refreshments, William Askren and Wilson Dunnette. An Executive Committee to meet with the officers was elected as follows: Arthur Dunlap, Richard Neville and Charles Skinner. H. B. Johnson is the adviser of the group.

The organization was for the express purpose of backing the dances but it is intended to have monthly meetings and various other entertainments for the men in the Hall.

Former Alma Students Are Married at Gelston Home

Mr. and Mrs. Bert Reynolds of Michigan avenue announce the marriage of their daughter, Miss Helen Reynolds to Mr. Keith Yale. The wedding took place Monday evening of last week at nine o'clock in Highland Park. Rev. W. L. Gelston, formerly of this city, performed the ceremony at the manse.

Both Miss Reynolds and Keith Yale are former students of Alma College, having entered college with the class of 1936. At present they are located in Detroit where both are employed. Helen is with the Associated Investment Company and Keith is in the Ford plant.

During the past week-end they were visiting their friends in Alma.

New Members Entertain Philomathean Society

The Philomathean Society, under the leadership of Jo Watkins, entertained the rest of the sorority with a very interesting program, Monday, March 1th.

Musical selections were rendered by Bernice Miecakowske and Gladys Turrel. Kathryn Lake read a poem by Edgar A. Guest. A play, "The Effects of Wright Hall Coffee," was ably portrayed by Margaret Sandel and LeElla MacLeod.

"Russian Leaders Against War," Says Dean Steward

Student Body Hears Review of Summer Travels in Russia.

"The leaders of Russia today are opposed to war, for then their whole platform would fall to pieces," was a statement made by Dean Steward in her talks before the student body last Tuesday and Thursday, on Russia as she saw it while traveling last summer.

She continued with an explanation of this platform of discipline, education, socialization, and play and its results by means of a word picture of Russia; the people, activities, conditions, and problems. Her story of the present as she saw it was also colored with descriptions of past conditions, especially the terrible post-war famine, the effects of which are still apparent.

The first part of the speech dealt with her entrance into the country from the northwest and a picture of modern Leningrad and the northern country which she reached by means of a newly constructed and very wonderful canal.

On Thursday Dean Steward disappointed her listeners when the lack of time forced her to omit a discussion of the criminological problem, but this subject will probably be taken up in a future talk.

Instead she talked on socialism and religion in Russia and reviewed her travels to the south and around the Crimean territory.

In her travels she found that those opposed to the Lenin regime wanted war, while the others did not, fearing that it would ruin all their plans. On the whole one was

impressed by a great improvement in the conditions and a bright hope for the future.

One of the most picturesque parts of her speech was the description of the beautiful cities and especially the old palaces of the czars, which seemed to reflect the attitudes of those former rulers.

Joy Olney Is Elected Drama Club President

Miss Joy Olney was elected president of the Alma College Drama Club for the second semester of this school year at a meeting held last Wednesday night.

Other officers elected at this time were Alfred Jenkins, vice-president, Eleanor Burgess, treasurer, and Irene Folkerth, secretary.

At this same meeting the new president named Pauline Dionese, Wilma Wright, Al Jenkins, and Holmes Sullivan on a committee with the duty of selecting a spring play.

In addition to their annual spring production the club is also planning to give a chapel program right after spring vacation.

A new member was added to the club when Edward Carpenter, freshman from Detroit, was invited to join.

Alma High Students Are Afternoon Dance Guests

With about one hundred Alma High School students as guests of the college the second All College Mixer is being held in the Memorial Gym this afternoon.

The first of the dances was held last Thursday afternoon from 3:30 until 5:30 with about sixty persons present.

Peace Oratorical Contest Finals at Calvin College

\$100 Given by Mary and Helen Seabury for Prizes.

The annual Michigan Intercollegiate Peace Oratorical contest which was won last year by Hugh Brenneman will be held again this year, according to information given out last week by Professor Hamilton. The finals will be held April 17th at Calvin College, but as yet there has not been a definite date set for the local try-outs.

With the tense situation which exists in Europe today and with the war threats of activities in the Orient and Africa, this contest is expected to attract unusual interest this year. In spite of the fact that there has not as yet been any public announcement of the contest there are already several who have entered their names.

These contests which are held in practically every state in the union are sponsored by the Misses Mary and Helen Seabury of New Bedford, Massachusetts. They donate a hundred dollars to every state conducting such a contest, and this money is divided among the first three places in the finals.

Both men and women are privileged to enter, with no restrictions as to class year. The orations of 1,700 words maximum length are, however, strictly limited to the subject of peace. The set-up of local, divisional, and state contests will be the same as the M. I. S. L. oratorical contest.

The date of the local contest will be announced in the near future, but will probably be held during the week following spring vacation.

aroma... it's as much a part of Chesterfield as the taste

*Did you ever
notice the difference
in the aroma of
Chesterfield tobacco?*

Every person who knows about tobacco will understand this... for to get a pleasing aroma is just like getting a pleasing taste from fruit.

Mild ripe tobaccos, home-grown, and welded with the right kind of tobacco from far-off Greece and Turkey (Samsoun, Smyrna, Xanthi and Cavalla)...

*...that's why Chesterfield
has a more pleasing aroma.*

...with that pleasing aroma
