Fortino Wins First in Peace Oratory

Contest Was Also Won by an Alma Speaker Last Year.

Winning the State annual Peace Oratorical Contest, Alfred Fortino, Alma junior, brought the state championship to Alma for the second consecutive year, Friday, April 17, at Calvin College, Kalamazoo.

Fortino, competing against six contestants in the finals received six votes for first place out of nine judgments. The title of his speech was: "The Insidious Germ." Second place went to the University of Detroit, and third to Western State Teachers.

The summary of the speech follows: Fortino drew the parallel of disease and war. He stated the case of Pasteur and his theory of germ causation of Anthrax. None would believe Pasteur's theory. Today people will not believe that the social disease war is caused by definite germs of a different nature. He investigated Italy, France, and Germany and found that what is causing the festering is the Versailles treaty. He urged students to question and probe, for the responsibility for war lies upon their sifting of the reasons of war and unrest. Upon the questioning, searching attitude lies the hope of peace.

Eleven Michigan colleges entered the contest. The preliminaries were held in the afternoon, where the groups were divided into two groups of six and five respectively by lots. Fortino was in the former group. Six qualified for the finals in the evening. Ten judges, including those of the losing contestants of the afternoon, judged the contest. Fortino received six firsts, two seconds and one third out of the nine judging, Professor Hamilton, his judge, not voting on his own man.

The winner of last year's contest was Hugh Brenneman, a senior.

Jack Williams, Alma '32, Is Father of Baby Boy

A son, Jack Larry, was born to Mr. and Mrs. Jack Leland Williams on April 8th. Mr. Williams is a member of the Class of 1932 and is at the present time employed in the Dow Chemical Company, Midland.

Spendlove says, "Wait til Ewer goes to Columbia."

Prof. Ewer Talks on 'Music at Alma' at State Convention of Music Clubs

Professor Ewer, speaking at the State Convention of the Michigan Federation of Music Clubs last Friday emphasized the place of the small college in the field of music, referring to Alma College in particular.

He stated that for the past 20 years, Alma has allowed complete credit for music both theoretical and applied. This means that a candidate for the Bachelor of Arts degree may make music his major subject just as one might elect English, French, or chemistry. It is interesting to note his statement that not all colleges have permitted this procedure and not until recently have they given credit for applied music.

An interesting observation was brought out in his speech relative to the scholastic record of music students at Alma. Last year the registrar made a study of student averages in all courses, and found that a large percent of those who had elected music as their major courses was making higher aver-

Seniors! Order Announcements

Seniors! Make out your list of friends and all those who might send you a graduation present and order your announcements immediately.

The deadline for ordering announcements is Thursday of this week. It will be impossible to do so after that date. All orders should be given to Miss Jane Allen not later than noon.

Choir to Sing at Saginaw Churches, Sunday, Apr. 26

Other Concerts to Be Given in Detroit, Saginaw, Midland.

The A Cappella Choir will open its spring concert season with a recital at Dr. Fisher's Church at Saginaw on Sunday, April 26. It has been planned that on the same day, the small choir will sing at Dr. Boyer's church and members of the college faculty and student body will address the Christian Endeavor Societies there.

On Friday evening, May 15, the choir is to appear in concert at the Fort Street Presbyterian church at Detroit. It is probable that another recital will be given at Royal Oak later in May.

A heavy schedule has been set for the small choir on May 21. In the morning of that day concerts will be given at the Saginaw High School and Arthur Hill High School also of Saginaw. In the afternoon the group will appear at the Midland High School, returning to Alma that night.

Season for Spring Formal Parties Opens with J-Hop

The J-Hop on May 2 will start off the season for spring formal dances, which with the three sorority formal dinner dances will last through the month of May.

The dates for two of the society parties were announced last week. The Alpha Thetas have reserved the sixteenth of May and the Phi-matheans the twenty-third. No definite announcement had been made by the Kappa Iotas when the Almanian went to press.

Committees for all three parties will be appointed in the near future.

Kay Pesek, Marion Fortino Initiated by Alpha Theta

The Alpha Theta Literary Society formally initiated two new members on Monday, April 13th. Those initiated were Miss Kathryn Pesek, of Detroit, and Miss Marion Fortino, of Alma.

age grades than those who had not elected music.

In closing Professor Ewer said that the small colleges occupy a position of very great usefulness in this particular problem of musical education. Thousands of young people attending our small colleges live in an intimate environment of activities and intense community interests. They become infected by the college ideals, their modes of thought are so colored by college atmosphere that their outlook on life is materially changed. They return to their respective communities inspired with the realization of the true educational and spiritual values of music as vital elements of a cultured and intelligent citizenship.

Other speakers at the meeting were Dr. Earl Moore of the University of Michigan School of Music, Prof. Fred Patton of Michigan State, Pres. Joseph Brewer of Olivet, Prof. Fred Bush, Director of the Mt. Pleasant Civic Chorus, and Mr. Valbert Coffey, music supervisor of radio station WJR.

Scots in 2 Track Meets This Week

Inter-Class Meet Today; Go to Albion Saturday.

Because Muskegon Junior College called off its whole spring athletic schedule due to the condition of its athletic fields, the Scot thinclads will hold an inter-class track meet today to open the track season.

Saturday the Scots will journey to Albion to meet the Britons, Kalamazoo and Hope in a quadrangular meet. Next Wednesday a meet will be held with Grand Rapids Junior, there.

As football will be terminated Friday, emphasis will be placed on track starting Saturday with the quadrangular meet. Although Scheifley, Dean, Cresswell, Ling and others have been spending all of their time with track, still the majority of the squad have been busy with football, and next week will see the whole squad concentrating on winning the championship bunting in track.

A noted improvement has been made on the local track in the past week. The straightaway has been widened and re-cindered in places. Also the east curve shows marked improvement, to cause Coach Argyle to state that the track is in the best condition he has seen it in 16 years.

The Scotch mentor also stated that Ralph Scheifley and Harold Dean would enter the State Inter-collegiate meet at East Lansing this spring, and others would be added if they showed marked improvement. Meets with Central State, Hillsdale, Olivet and others are progressing slowly, but ought to take form within the next week.

Knox for President Hopes Fade After Illinois Vote

The presidential hopes and political fortunes of Alma's favorite son, Frank Knox, received a sharp set back last week when he failed to carry the entire state of Illinois over Senator Borah in the primary elections.

After piling up a big lead in the metropolitan area of Chicago and Cook County Knox trailed his opponent in the down-state returns, losing out in most of the southern districts in spite of the fact that the Illinois Republican machine was backing him.

According to a number of political commentators the farm vote is very important to the Republican party this year, and Knox's failure to obtain it virtually puts him out of the race.

With things continuing to develop like they have been, a deadlock at the Cleveland convention this summer seems more than likely. If such is the case Colonel Knox will still play an important part in at least determining who the nominee will be.

The question being asked now is in which direction will the Knox delegates go. Most writers think they will go over to Gov. Landon, but a number of Michigan papers see in this set-up a possibility for the nomination of Senator Arthur Vandenberg, who is incidentally a very close friend of Colonel Knox.

Students Are Invited to Party at Baptist Church

Indoor basketball (with balloons) will be played at the party to be given by the B. Y. P. U. society next Friday night at 7:30 in the recreation room of the Baptist church.

Ping-pong, bagatelle, shuffleboard, checkers, and card games will add to the confusion. All interested students are invited. The admission will be free but the refreshments will be "sold."

Notice! Candidates for Editorship

Among other things spring means elections for next year's officers, so at this time the Almanian announces its plan of allowing all prospective candidates for the Editorship not on the regular staff to edit one Almanian between now and election time. Anyone desiring to do this should make arrangements with the present editor, Arthur Boynton.

Alma Not to Have Golf or Tennis Teams This Spring

Local Tournaments for Prizes Are Proposed by Dr. Crooks.

There will be no regular M. I. A. A. golf or tennis team at Alma College this spring according to a decision of three faculty members of the Athletic Board of Control announced last week.

In a letter to Bruce York, president of the Athletic Board, president Crooks suggested that those interested might hold informal tennis and golf matches at their own expense, but that a regular schedule could not be financed this year.

It was further pointed out by Dr. Crooks, Mr. Robinson and Prof. Clark that the Board might sponsor a local golf tournament and a tennis tournament for the boys and one for the girls, offering prizes for the winners.

No action has been taken on the latter suggestions, but they will be up for discussion at the next meeting of the Board, which will probably be held sometime this week.

Soc Classes Visit Ionia Criminal Insane Hospital

On Monday, April 13, the sociology department visited the Michigan State Hospital for the Criminally Insane at Ionia. The group was shown through the Women's, Occupational, and the Clinic buildings.

After the tour of these buildings, a clinic was held in the auditorium which was opened with a short talk by Dr. Robertson, head of the institution, who stated that the purpose of the hospital was to cure if possible.

Dr. DuVall then brought out ten patients who illustrated certain types of mental disease such as senility, dementia praecox, and brain paralysis. Several had not been officially diagnosed, which made it all the more interesting.

Dean Steward and 4 Seniors Attend Social Work Conference at Detroit

Dean Steward and four members of the senior sociology class attended the Detroit Regional Conference of Social Work, which was held on Friday and Saturday (April 17 and 18) in the Y. W. C. A. building at Detroit. There were 922 delegates present from the entire state.

At 1:30 there was a general meeting at which time Prof. Ogburn, Professor of Sociology at Chicago spoke on "Trends in the Family," emphasizing that it is dwindling in social significance and that the personality of its members is the chief concern.

Saturday afternoon a resume was given of the three discussion groups, Children, Youth, Family. The Children's group, under the leadership of Jacob Kepecs, Supt., Jewish Home Finding Society of Chicago, and the Dean of the Catholic University and School of Social Work had brought the practical facts about child care for the present day rather than ideals for the future.

The Family group, under Miss Reynolds of the Smith College School for Social Work dealt with

Queen of Scots to be Crowned at Hop

Juniors Make Plans for the Best Party of the Year.

Indications that this year's J-Hop will be the greatest in the history of Alma College were increased with the announcement that the crowning of the Queen of Scots will feature the Junior Class party of May the 2nd.

All of the details of the affair have not been settled but Fraser Malcolm, general chairman, gives you the following platform and hopes for unanimous support:

1. Coronation of the Queen of Scots.
2. Two Grand Marches.
3. The best decorations you will ever see.
4. The best orchestra available.
5. Favors.

AND the best party you can hope to attend.

The decision as to the crowning of the Queen at the Hop was reached last week and will be a distinct innovation in that it will give the Queen a reign of two weeks instead of the customary Campus Day term. This will not however do away with the Campus Day ceremonies regarding Her Highness. After she has been crowned and welcomed, probably by Professor R. W. Hamilton she will lead a Grand March in her honor.

The second march of the evening will find the General Chairman or the President of the Junior Class and their "lucky lady" leading the parade.

As is always the case the decorations are kept secret until the big night but Holmes Sullivan, chairman, promises the most exciting interior the Memorial Gym has ever presented.

"You shall have music," says Ben Ewer, music chairman, and to back it up he is negotiating with one of the best dance orchestras in Michigan to furnish the scintillating tunes that make a J-Hop a J-Hop.

Tickets for this party which promises to be worth twice as much as they are asking went on sale today with Marshall North and Bob Sayles directing. The ducats may be purchased from any member of the Junior Class and retail at \$3.50 per couple and there is no wholesale quotation.

The party will be formal and the last chance to wear the soup and fish this year.

the philosophical rather than the scientific aspects.

The Youth group, the Assistant Executive Director of the Child Welfare League of America, and the Assistant Professor of Sociology of Religious leading, emphasized the problems of leisure time, need of realization of realities, unemployment, education, and race discrimination.

Prof. Dunham of the Institute of Health and Social Sciences, Detroit, created a great deal of interest in his speech. He named four necessary factors in the social activities of Michigan: Consolidation of services both state and local; the civil service system; and a revision of laws pertaining to social welfare work.

Miss Reynolds closed the conference by addressing the newly organized Michigan Federation of Social Agency Employees on "The Role of the Case Worker in a Changing World."

Her main emphasis was on the fact that case workers should overlook imperfections and difficulties and be loyal to their organization.

May 15 Is Deadline for Essays on Advertising

Less than a month now remains before the final closing date of the essay competition for college and university students on "The Economic Value of Advertising" with the deadline for entries set at May 15, 1936.

This competition, sponsored by Advertising Age, The National Newspaper of Advertising, Chicago, calls for essays of not more than 1,500 words on this subject, and offers a total of \$500 in cash prizes, plus an all-expense trip to Boston this summer for the principal winner.

It is open without restriction to all undergraduate students in colleges and universities in the United States.

There is nothing to buy as a requirement for entry in the competition, and the rules are very simple. Complete details may be secured from the Contest Secretary, Advertising Age, 100 East Ohio Street, Chicago.

Cast is Chosen for 3-Act Comedy "Oh, Professor"

The cast for that three act comedy entitled "Oh, Professor", which is to be given by the Drama Club sometime in the near future, was chosen last week. Rehearsals are to begin immediately.

As up to now we cannot tell you where they will display their Thespian efforts, or how much you will pay to see their production or why they had to go and pick a play with such a lousy title, because as we figure it the pros play too big a part in our scholastic life without horning into our leisure time.

The play has a plot that is as complicated as one of Dr. MacCurdy's biology exams and to try and tell you about it would be like trying to tell you why we have classes on week day mornings.

The play is being directed by George White Brenneman which means a lot can happen. We

might even get a "Corn Fed Indiana" number and who wouldn't like that?

The cast as announced by Hughie is as you read it: Jean, Joy Olney; Mlle. Fifi, Elinor Burgess; Professor Percival Courtwright, Eddie Carpenter; Miss Frederica, Patricia Bale; Dr. Aristotle, Ralph Daniels; Michael Pemberton, Al Jenkins; Bertha, Helen Jordan; Fluff, Irene Folkerth; Patricia Patterson, Pauline Dionese; Jimmy Anderson, Richard Rademacher; Belle, Betty Roberts; and Jake, Joseph Kennedy.

To leave you with a smile may we say that when the date is announced please don't pay any attention to it and tell the ticket sellers that you've got a date with Grace Mathews that night.

40 from Alma Hear Gladys Swarthout Concert Friday

Forty Alma people, including students, faculty and townspeople, went to Lansing last Friday night, April 17th, to hear the concert given by Gladys Swarthout, which was featured as a part of the program of the State Convention of the Michigan Federation of Music Clubs.

Miss Swarthout, popular on opera, radio, and cinema, presented a varied program, ranging from the old classics to the modern works. For the last group she sang three arias from "Carmen," including the well-known "Habanera."

This concert marked the end of the Community Concert Season of 1935-36.

Olivet to Sponsor Series of High School Days

Olivet College will sponsor a series of prospective student week-ends starting April 18 when high school students from Chicago will be the guests of the college.

The following week-end is set for entertaining students from Cleveland and Grand Rapids; Detroit Day will be May 2; and the grand finale will be Olivet Day on May 9.

CAMPUSOLOGY

Wayne (in Math class): Say, Prof, does Jupiter have five moons?

Prof: More than that—nine.
Wayne: Gee! What a place for a date! (But do you suppose there are red-headed girls on Jupiter? —Ed.)

The Alma College Have An Animal Club:

Gretchen's rabbit . . . Hester's chicks . . . Charlotte's canary . . . Betty Jane's dog . . . Tenney's Laddie . . . Has no one any goldfish?

"But we just couldn't say goodbye"—Keg and Jeanette.

And then Bob Leahy came on the scene—say what is this, a three ring circus.

This space was supposed to be occupied by one of George Walker's jokes, but there is a limit to everything.

Who says, "Wilma's in love with me but she doesn't want to get to thinking that I'm in love with her."

SIMILES:

- as foolish as Ginny Anderson.
- as egotistic as Jenkins.
- as intelligent as Butch Reed.
- as happy as "Anytime Annie."
- as useless as Oswald.
- as studious as Seavitte.
- as cracked as a Wright Hall glass.

From the way Hammie gets along with his new equipment we are lead to wonder if they might be secondhanded.

Turrell is learning to dance so it looks like ASKREN gets a bid to the Philo Formal.

Reagan didn't accept the Latin teaching job.

Spring is here and things are thawing . . . Wright Hall Senate prexy is "witt" Norm a lot and she says he's all Wright.

They tell me Dawson and Molly are going out for football . . . H. B. will have to get in there to keep his job.

"I Keep Them" Hannigan sure hangs on to her Floyd.

Anyway—Bowen's still got his swipes job.

Brenneman . . . Big Bill . . . Broke . . . Bad . . . BOUNCE.

With Campus Day in the offing the freshmen are kind of glad they didn't kick Lionel Gibb out of school.

NO SCHOOL TOMORROW . . . Dave Smith got an A on a test.

By now, if rumors are correct, Totten will have knocked Jenkins on his ear.

Lud pulled his best job of swiping for his J-Hop date.

We don't wish Miss Houser any bad luck but we hope she cuts an ear off on one of the cracked, chipped and dangerous glasses we have to use.

Introducing "Sammy" Seavitte and "Moey" Mann.

It takes a mighty little jack to raise a car, but it takes a lot of jack to keep one up. Ho-hum.

Horn returned to Alma after a visit to the Hub of the Universe last Sunday.

\$50 dollars now and then would have us all talking about Peace—don't you think so, Al.

TO BILL

Why so pale and wan, fond lover? Prythee, why so pale? Will, when looking well can't move her.

Looking ill prevail? Prythee, why so pale?

Why so dull and mute, young sinner? Prythee, why so mute? Will, when speaking well can't win her

Saying nothing don't. Prythee, why so mute? Quit, quit, for shame this will not move,

This cannot take her; If of herself she will not love,

Nothing can make her: The Devil take her.

Student of Miss Roberts Wins Contest at Flint

Ann Berman, piano student of Miss Roberts, Professor of Piano at Alma College, won first place in the contest between the Bay City District winners and the Flint-Lansing District winners at Flint recently.

Miss Berman represented the Gratiot County Junior Musicale and competed against students from music conservatories in Flint and Lansing. The piano solos that she played were "Gavotte" by Bach, and "Menuetto," by Schubert.

Class Scraps to Be Held at Albion, April 27

Albion—The annual class scraps will be held Monday, April 27, at Albion College, according to a decision reached at a combined freshman-sophomore class meeting.

Unorganized guerilla warfare will probably be held in the morning with organized scraps scheduled for the afternoon. Included in the organized program will be a baseball game, tug-of-war, football rush, canoe tilts, the flag rush, and several other events.

Supposed Meteor Is Only The Result of Hot Wires

The supposed meteor discovered in front of the club house of the Alma golf course last Saturday morning by the caretaker turned out to be only a fusion of soil caused by high tension electrical wires, when examined by Dr. MacCurdy, head of the Biology and Geology department.

The club caretaker discovered what he thought was a meteor while burning over the grass along the road in front of the club

house and immediately brought a specimen of the rock substance to Dr. MacCurdy, whose interest was especially aroused by the peculiar composition and lightness.

Still thinking that it was something from outside the earth's gravity, Dr. MacCurdy went to the golf course in the afternoon, photographed the largest stop of the three places hit and dug the material out of the ground for closer examination.

Dr. MacCurdy, Prof. Ditto, and Prof. Clack were led to doubt that it was a meteor, for anything of the size that this would have been seen as far away as Lansing, and no one had seen anything fall around here. This fact started them to search for other possible causes for the discovered formation.

Sunday morning Dr. MacCurdy announced that examination of the material, which was mostly silica filled with air-holes, revealed the fact that hot electrical wires had fallen, burned the grass away, and fused the sandy soil into a glassy substance. The presence of wire on top of one of the pieces substantiated this fact.

President Crooks Attends Meeting to Discuss N.Y.A.

On Thursday of last week President Crooks attended a meeting at Ann Arbor to discuss the National Youth Administration with the assistant director of the N. Y. A.

The work of this year and something of next was discussed. It is expected that the N. Y. A. will be continued, but it is too early to prophecy what form it will take. There was nothing definite as to the future of this movement.

At the first part of last week, Monday through Wednesday, Professor Clack attended the meeting of the National Registrars' Association in Detroit.

Patronesses Give Buffet Supper for Alpha Thetas

Twenty-four members of the Alpha Theta Literary society were given a buffet supper at the home of Mrs. Lamb last Saturday by four of their patronesses, Mrs. Lamb, Mrs. Soule, Mrs. Hamilton, and Mrs. Montigel.

Soon after six o'clock the group enjoyed a supper consisting of

noodle ring with creamed mushrooms and shrimp, gelatin salad, cloverleaf rolls, assorted relishes and jellies, coffee and maple nut upsidedown cake.

After the dinner the girls spent the evening dancing until about eight-thirty when they adjourned to Wright Hall.

Rare Discovery No. 55555: A freshman wearing a green pot. We suggest that he be put in the Museum with the other ancient relics of the past.

Each Puff
Less Acid

Each Puff Less Acid A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobaccos for Lucky Strike Cigarettes.

They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco ("Toasting"); consideration

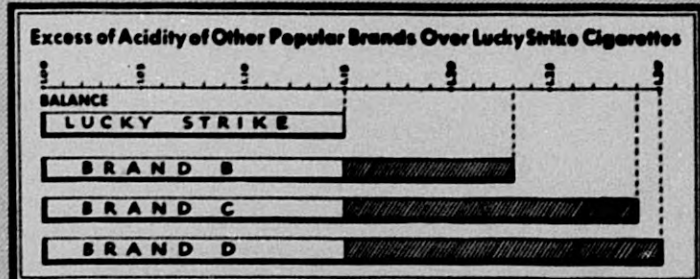

of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product.

All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Practice Game Will End Spring Football Friday

Spring football practice will terminate Friday, as a practice game has been scheduled between the Yellows and the Blues. Two teams captained by John Gilbert and Ben Ewer are practically equal in strength in the line, and the backfields contain power and deception. Although practice sessions have usually been limited to signal practice and drill on fundamentals, three scrimmages have kept up the fighting spirit.

Coach Argyle is highly enthusiastic over his grid hopefuls. In fact he was willing to bet that his was the best spring practice in the state with the possible exception of MSC and its Charlie Bachman. Because his charges worked so hard and learned the new sig-

nals and plays so eagerly, the Duke is calling off practice this week, less than his 18 practice sessions formerly agreed upon.

And no wonder Argyle is enthusiastic about the workouts. Haven't his boys worked out in every kind of weather? A blizzard blew over the field the first day of practice. Since then, rain, sunshine, gales, sleet, and hail have beat down upon the Gaels but to no avail. Practice went on. If the elements fail to stop the fighting Scots, what can the Hornets, Dales, Britons, Dutch and Comets do next fall? Or will fate step in in June?
