NUMBER 2

Frosh Vote To Obey Freshman Rules For Year

Will Wear Pots Through Football Season

At a meeting held last Tuesday night in Pioneer Hall the freshmen voted to accept most of the traditional freshman rules. They will wear pots until the football season is over. They will enter the dining hall after the upper-classmen and will appear at all football games without coeds to sit in a body in the cheering section. They also will obey the dictates of the Student Council providing the orders come through the Student Marshall. Upper-classmen cannot have freshmen do odd jobs for them as they have done in the past unless by special permission of the Student Council. Plans for Pajama Parade are still to be made.

This extra-ordinary procedure of asking the freshmen to vote on rules that have been literally imposed upon the first year men for many years comes as a result of cooperate action by the Student Council and Faculty in an effort to curb many of the unpleasantities that have always been a part of freshmen discipline. After the very offensive Pajama Parade of last year the Faculty very nearly ended all such student festivities, finally agreeing to allow the freshmen to vote on the matter.

All hazing and kidnapping is definitely forbidden. Unlike other years when this statement was made, offenders this year face the possibility of being campused by the Student Council and even suspension from school by the Faculty.

Frosh on Equality With Upperclassmen, Says Crooks

But Pots, Pajama Parade, Flagrush To Continue

The ruling of last year's student council, extending to freshmen the rights and privileges of campus citizenship enjoyed until then only by upperclassmen, is still effective. President Crooks pointed out in a recent statement to the Assembly on freshman discipline.

While not seeing any objection to many of the old campus customs in vogue at Alma College, most of the faculty does object, as it did last year when the student council ruling was put through, to the obvious unfairness of the attempted leveling of the freshmen by a body of upperclassmen which fosters no group discipline for itself and will expect the legislation passed by the student governing body to prevent this unfairness to be respected.

On the other hand, President Crooks reminded us, any freshman class should be willing and eager to cooperate with the rest of the college in preserving campus color and distinguishing itself from the rest of the student body by the wearing of the traditional green pots, particularly since the pot is not a symbol of ignominy, but a class emblem of many years standing. Nor will last year's ruling affect many of the campus institutions, such as the pajama parade, the flag rush, or the tug-of-war. Some may require modification under a strict interpretation of the ruling, but the spirit of good fellowship and friendly rivalry which they foster will be kept virtually intact.

Dr. Schreiber Speaks Of Germany In Saginaw

Dr. Theodore Schreiber, head of the German Department, spoke to one hundred and twenty members of the Saginaw branch of the American Association of University Women at the home of Mrs. Charles W. McClure in Saginaw last Monday evening. His topic was "Nazi Germany and Its Historical Background." It was the first meeting of the season for the Saginaw branch.

Dr. Schreiber traced the development of Nazism in Germany and the historical developments that led to it. He contended that although practically all of Europe is today against Germany, the German people are making a comeback that is astounding when one considers the odds that circumstance has put up against them.

A native of Germany who has educated himself in both this, his adopted country, and his native land, Dr. Schreiber is frequently called upon by various organizations throughout the state to speak upon subjects of linguistic or social-political significance.

Six '36 Graduates Marry in Summer

Six Go to Graduate School; Nineteen to Teach

The class of 1936 certainly believes in doing things in a big way. Besides breaking scholastic and academic records while in school they proceed to break records immediately upon graduation. Six of the graduates were married during the summer and a seventh will be married within a month. Miss Katherine McKay of Midland was married to William Hopkins, ex '37 of Ohio; Bruce York of Belding married Miss Florence Schwartz, '35, Clawson; Elwyn McGregor, Flint, and Miss Bertine McGarvah, ex '37, were married last week at a double wedding in Detroit; Lester Dankert, Saginaw, went to the altar with Miss Betty Darger, also of Saginaw on September sixth; Miss Helen Kellogg of Ithaca was married to Delbert Strong, '37, Ithaca; and Miss Isabel Palmer of Kalkaska became the wife of Mr. Robert Grant of Detroit. Melvin Fuller will marry his boyhood sweetheart, Miss Frances Nelson, of Alma, next month.

The class of 1936 established one of the most brilliant records in the history of the college. Greater versatility was shown by last spring's graduates than by any other class of this college generation. Despite a new and higher standard established last year, more students graduated summa cum laude than in any previous class. Despite the fact that they had earned the honor, three seniors were compelled to wait until Commencement to enter Phi Sigma Pi, the honor society, because the quota had been filled since the previous fall.

(Continued on page 4)

Alumnus To Have Play Produced in New York

Philip Lewis, who was a student in Alma College during the year 1923-24, is the author of a play which is to be produced in New York during the coming season. The name of the play is "Some of the Time." Mr. Lewis has been engaged in dramatic work for several years, having left Alma to join a stock company.

In Alma College Lewis early made a name for himself as a debater and orator as well as an actor. A graduate of Alma High School, Mr. Lewis was associated with John Holmes and Elliott Crooks in the first Alma High School Debating team to win considerable honors.

Class of 1936 Takes Honors For Semester

Leads in Scholarship for Fourth Time

Once more, this time for the last time, the class of 1936 led the other three classes in scholarship. Thirty one of the fifty-two graduates maintained a B average or better during their last semester in school. Four of them, Fred Battles, Claude Knight, Luther Evans and Russell Ludwig had nothing less than A. Only three other students, Opal Hines, junior, Irene Folkert, sophomore, and Jack Sanders, freshman, were able to obtain perfect grades. The seniors also had the most 2.5 students, fourteen. The freshmen were next with ten. The sophomores and juniors followed with seven and four respectively. The freshmen proved their capacity for second place when twenty one members of their class made B or better. The sophomores had twenty such students and the juniors fourteen.

A total of eighty six out of a student body of approximately two hundred and fifty succeeded in getting at least a B average. Of this number thirty eight were boys and forty eight were girls.

Phi Sigma Pi, the honor society, led all other groups with an average of 2.83. The senior women placed second with 2.23 and (among the regular students) the senior class was next with 2.08.

Although the four seniors to make 3.00 averages were men, the senior girls finished ahead of the men in the group standings as the best the boys could do was 1.97.

The Honor Roll, as reported by the Registrar's office, is as follows:

Seniors		
Fred Battles	17	3.00
Claude Knight	16	3.00
Luther Evans	13	3.00
Russell Ludwig	13	3.00
Lester Dankert	14	2.86
Mae Nelson	20	2.86
Arthur Boynton	15	2.80
Margaret Randels	18	2.78
Constance Clark	13	2.69
Ralph Scheffley	15	2.69
Helen MacCurdy	14	2.57
Allen MacDonald	16	2.56

(Continued on page 4)

Miss Judd is Assistant to Miss Ward, Prof. Mitchell

All the way from Tacoma, Wash., to Ann Arbor and then to Alma is the road that Miss Marjorie Judd, new assistant to Prof. Mitchell and Miss Ward, followed to reach Alma college. Miss Judd comes to Alma college faculty after doing graduate work in the University of Michigan library school. She will teach history 21 and 35 and be assistant librarian. While in Alma she is making her home with the Watsons at 224 Philadelphia avenue. Her real home is in Tacoma, Wash.

In addition to her academic achievements Miss Judd is profoundly interested in all outdoor sports, but because of a heavy schedule and her outside work, her indulgence in these activities has been somewhat limited. She has been a member of the Girl Scouts and is particularly fond of boating, tennis and basketball.

Miss Judd attended the public schools of Tacoma and the College of Puget Sound in Tacoma for two years. She was a member of the College Athletic association and member of Lambda Sigma Chi sorority. She received her A. B. degree with a major in history from Washington State University. Her degree from the University of Michigan is an A. B. in library science. She worked in the Tacoma Public Library before entering Michigan. She expects to continue doing graduate work in history.

Freshmen Win Flag Rush In 1 Minute, 58 Seconds

The Freshmen team captured the flag in the annual "Flag-Rush" with the Sophomores at 5:15 Saturday, September 26 on Davie Field. It was exactly one minute and 58 seconds after the opening gun that Bert Angelus backed down the Soph's banner.

The "One Man Gang," Harold Allen, valiantly stayed off defeat, but the Freshmen were too numerous.

The members of the winning team were captain William Smith, Midland; Robert Spencer, Midland; Bert Angelus, Keith Greene, Ned McKee and Howard Greenwood, Alma; Donald Brown, and Clifford Carter, St. Louis; Neil Babbington, Sault Ste. Marie; Jeffrey Johnson, Escanaba; William Wright, Dexter; and Jack Bryce, Detroit.

The men on the Sophomore team were Harold Allen, Grand Rapids; Harold Stacy, Rockford; Roy Anderson, Belding; Stanley Sweet, Detroit; Claire Spears, Flint; Robert Gould, St. Louis; Charles Humiston, Clawson; Peter Cicinelli, Merrill; Joseph Kennedy, Mt. Clemens; and Chas. Skinner, Phelps, N. Y.

By winning the Flag-Rush the Freshmen are not obligated to tip their pots to the sophomores.

First Team Is Question, Says Alma Old-Timer

Teams of '94, '95, or '99 May Be Called First

By C. W. Sidebotham, '98

There is some confusion of records as to when Alma College had its first football team. This is due in a large measure to a lack of definiteness as to what is meant by a college football team.

As one who played on the first football team that Alma ever had, no matter what is meant by the term, I am writing the facts that give the basis for determining just when Alma College did have its first team.

The first team that went under the name of Alma College in outside competition was that of 1894. Whether this was Alma's first team hinges upon the question whether a college team must use entirely college students and play only in college competition. This team played no college teams, its only games being with Saginaw West Side High School. It used several players who were not college students. In those days Alma had a preparatory Department which was the equivalent of a first class high school. It prepared students for Alma College. Some of the players were enrolled in this department and were taking no college work. Twelve students, college and prep, played on this team. They were Caple, Scott, McCarty, Knox, Magaw, Brooks, Watson, Sigfried, Todd, Trethewy, Jamison and myself.

The first Alma team that played a college game was in 1895. The game was with Kalamazoo and the latter won by a score of 12 to 8. This team also used students who had not enrolled in the college proper but who were in the prep department. Frank Knox was the dashing, brilliant captain and coach of this team.

The first Alma team that played college games and used only students enrolled solely in college classes was in 1899.

Now, if the first team is to be determined by the team that first took the name of the college and played an outside opponent the year is 1894. If the first team is the one that first played a college game the year is 1895. If the first team is the one that first played college

(Continued on page 4)

Scots Beat Hope In Hard Fought, Close Contest

Pass In Third Period Is Winning Play

The Alma Scots defeated Hope College, 6-0, last Saturday on Bakke Field, to open their 1936 MIAA title defense campaign in the newly inaugurated round-robin series. The Scots ran their winning streak to nine straight, covering a period of two seasons.

In the first half a ground game was fought mostly between the 20 yard lines with two evenly matched teams fighting bitterly for yardage. The Scots finally resorted to an aerial attack in the third quarter and scored when Jake Miller heaved a long pass to H. B. Johnson on the 15 yard line and Johnny, after evading two would-be tacklers, scampered the remaining distance for the touchdown.

Alma kicked off to Hope to open the second half and after Jappinga and Miller had exchanged punts the ball rested on the Hope 21 yard line. Thomas gained 3 yards, but on the next play Klomprens was tossed for a ten-yard loss. Jappinga then punted to Miller on the Hope 45 yard stripe and Jake returned the kick to the 42. Miller lost a yard, and on the next play tossed a pass to Art Smith who ran to the 15 yard line. The Scots were momentarily stopped by a five-yard penalty but on the next play Miller threw his long touchdown pass to Johnson. Keglavit missed the try for the extra point from placement.

Alma threatened to score with a down-field march near the end of the first quarter. Johnson intercepted a pass on his own 38. Dawe smashed through the line for 5 yards, and after Ewer picked up 2 yards, Dawe made it first down on the 49. Smith crossed mid-field to the Hope 46. Dawe gained 3 yards, and Gilbert made it first down on the 39 yard line. Dawe circled end for 5 yards; Pinkey then picked up 2 more before Gilbert slashed off tackle for 4 yards and a first down on the 28. Smith gained 4 yards, and Ewer lugged the pigskin to the 20 yard marker. Gilbert picked up a yard, but on fourth down Ewer was smothered for no gain and Alma lost the ball on downs.

Hope took advantage of a break in the closing minutes of the first half and threatened to score. Hope recovered Gilbert's fumble on the

Tickets For Community Concerts Are On Sale

The program for the Community Concert Course for the 1936-37 season has been issued and copies of it have been put up in the various buildings on the campus. The Michigan cities which are to have concerts this season are Battle Creek, Bay City, Flint, Kalamazoo, Lansing and Saginaw. The Lansing and Saginaw schedules are as follows:

Lansing: November 20, Helen Jepson; January 14, Harold Bauer; February 4th, Carola Goya; March 11, Gordon String Quartet; March 23, Nelson Eddy. Saginaw: October 27, Detroit Symphony Orchestra; November 30, Helen Olheim; February 4th, Vladimir Horowitz; April 14th, Joseph Bentoni.

Adult tickets are \$5; student tickets, \$2.50. They may be bought from Everett Lowry or Charles Coulter. A bus is to be provided for the Saginaw concerts if enough people are interested. Otherwise transportation will be an individual responsibility. The tickets are good for any of the concerts at good for any of the concerts at any of the cities.

Why Not Phi Beta Kappa?

Alma College's honor society is a very inactive one although it is one of very high standards. It would be much more interesting for its members as well as the rest of the student body if it would sponsor some lectures or hold some programs on the campus. Another question that comes to mind when one discusses the honor society is why it is not a chapter of the national society, Phi Beta Kappa. Very many of the Alma graduates who go on to graduate schools have better scholastic records than those who wear Phi Beta Kappa keys. Yet they face a slight handicap because the keys are always an asset to those who have them. Not a few of the old graduates have come back saying that if they had it to do over again they would insist on making our Phi Sigma Pi a chapter of Phi Beta Kappa if for no other reason than to do justice to Alma's scholars.

It is hard to believe that it is impossible to have a branch of Phi Beta Kappa on our campus. It may require much work and effort but it certainly is a worthy project. In last year's graduating class there were several who had the scholastic rank of a Phi Beta Kappa and it is negligence on our part that they must work beside others of less scholastic rank who wear the emblem of the highest scholastic order in the United States.

Let's Sing Again!

Among other things Alma College needs more songs as well as more sings. Prof. Hamilton outdid himself when he composed the Chant. It has driven out all of the other Alma College songs. Very few students know the Alma College song or the Varsity song. All that one hears are "Hear, hear them cheering," and the Chant. We should revive the songs and write new words to old Scotch songs. What would be more fun than to have the entire student body gather before the museum after dinner every two weeks to sing old songs together?

A splendid scheme would be for the freshmen, girls and boys, to sit together at the home games and sing not only the college songs but old Scotch songs.—"The Campbells Are Coming," "Annie Laurie," "Auld Lang Syne," etc., with John Bryce, the bagpiper, accompanying. Not only would that be a lot of fun, it would add color to our games as well as to the school.

Don Blackstone, '32, Gets Pastorate in New York

Don Blackstone, '32 started his duties as pastor of The Church of the Covenant in New York City last week. He is receiving a salary of \$1,200 per annum. Blackstone graduated from the Auburn Theological Seminary in Auburn, N. Y., in June and immediately was called to this pastorate. The Church of the Covenant is located in the Tudor City development, and is affiliated with the Brick Presbyterian Church of New York City, the most highly endowed Presbyterian church in the world.

"Don" transferred to Alma College in the fall of '30 from the U. of M., and soon became known as the "Kingfish" on this campus. During his two years in Alma College, he was manager of oratory and debate, drum major of the band, and on the editorial staff of the Almanian. At the same time he served a country church outside of Alma, was an active member of Phi Phi Alpha fraternity, took one semester of practice teaching in Alma High School, and maintained a high scholastic average. He was married while in Alma and he and Mrs. Blackstone lived here.

Following graduation from Alma College in '32, he entered Auburn Theological Seminary. Here he earned his way as minister in the church at Oaks Corners, N. Y., and by clerking in an A and P store in Auburn. Finding the A and P none too profitable, he applied as substitute teacher in the Auburn School System. A few days later he unexpectedly received a position as teacher of public speaking and English in the Junior High School. Here he met a few students interested in dramatics. Under his leadership they rebuilt the school attic, and organized a drama club. Soon after this club was organized, dramatics became a part of the school's curriculum.

Since he could see his way clear financially to finish seminary, he resigned his teaching position to concentrate on his church and seminary work. However, the Cayuga County Children's Home was in a deplorable condition. The board of directors, acting on recommendations from the seminary faculty, appointed Blackstone superintendent of the institution. During the year that he was there he transformed the home from a despot Hell-hole similar to the one in which Orphan Annie has just been thrown to a decent modern home for destitute children.

Almanian Makes Foolish Move and States Policy

The policy of a college paper should be not so much the reporting of news as the reflection of the life of the college. It should emphasize those particular traits and characteristics of the institution which make life on its campus interesting as well as worthwhile. The essential function of an ordinary newspaper is to give news to the public. In a small school there is little news that is not known by the entire student body long before the student publication prints it. On the other hand there are many features in the customs, traditions and practices of the college which are abounding with interest and information if only the time is taken to explore and investigate.

The Almanian for the next year shall be dedicated to the task of revealing the true character of Alma college as it has grown and developed through the years. It shall attempt to bring the alumni closer to the school by refreshing their memories of their student days as well as informing them, as much as possible, of the whereabouts and doings of their old schoolmates.

Certainly in all this there is a great deal of interest for the students who are now on the campus. Certainly Alma will mean much more to them for having read such a paper as is here described than one that is filled by stilted notes on the routine functions of the student body and artificial humor. There is a great deal of humor in the lives of the people who have come in contact with Alma college that is real and needs little "touching up."

The paper this year will be all "Campusology" because it will be little more than a reflection of our campus as it is today and as it has been in the past.

Because this is the college's Golden Jubilee year it is a splendid time to contract (so to speak) into the pages of the paper the story of Alma college. How well this can be done depends upon a great many factors, not the least of which is the co-operation that is expected from all Almanians, students and alumni.

Six Sophomores Place on New Chemistry Staff

Three of Last Year's Staff Receive Better Positions

The student chemistry staff as announced by Dr. Kautmann has undergone a vast change with only three members remaining from last year's staff. Six of the positions are being filled by sophomores. Of last year's staff five members were lost by graduation while the other was not granted a position this year.

Replacing Allen McDonald in the Organic Laboratory is Weyant Fangborn who formerly had charge of the stockroom. Lawrence Phillips, who last year assisted in the Freshman Laboratory, is instructor in the Physical and Analytical Laboratory, replacing Luther Evans. Robert Thorn, who last year was an instructor in Freshman Laboratory, has been appointed to do N. Y. A. research work.

All other positions have been filled by sophomores. The janitorship has been assigned to Roy Anderson who replaces Floyd Clark. The stockroom has been turned over to Chester Currie. In the Freshman Laboratory Charles Humiston, Charles Skinner and Harold Stacey replace LeRoy Block, Lawrence Phillips and Robert Thorn. Another N. Y. A. position has been assigned to Jack Sanders.

Of the six staff members who graduated last June three have secured appointments in graduate schools, one is working in a commercial laboratory, one goes to medical school and the other has returned to college. Claude Knight and LeRoy Block go to Penn State College while Lester Dankert has gone to the University of Illinois. Luther Evans has a position at the Dow Chemical company in Midland and Allen McDonald will enroll in the University of Michigan Medical School this fall.

Fuller Succeeds Block As Freshman Coach

Mel Fuller, former all-MIAA tackle, has been appointed freshman football coach to succeed Riley Block, who resigned last week.

Fuller's athletic career closely paralleled that of the man he succeeds. Mel and Riley were teammates and stars in the local high school, competing in football, basketball and track, and continued as such in college, where each won nine varsity letters.

Mel entered college heralded as one of the most promising tackles in years and for three years was a mainstay in the line and one of the most outstanding tackles in the MIAA. Last fall he was unanimously chosen to the all-conference team after being placed on the second all-star team the two previous years.

Fuller didn't stop at football, however. He was a regular on the basketball quintet for three years, performing at forward and center, and was a main cog in the cage scoring machine, always finishing among the leading point-getters. Mel was an outstanding trackman, competing in the field events and was a sure point-getter in the discus, javelin and shotput.

Alma Students Take Four Positions at Polls

Students from Alma were elected to the majority of the campus offices in the recent elections, taking three of the five freshman offices and one of the two vacancies left by those who did not return—a total of four out of seven.

Alma people filling freshman offices are Raymond Walker, President; Ruth Niles, Secretary; and Jean Williams, Student Council Representative. The other freshmen elected were Donald Smith from Charlotte, Treasurer, and Gene Lewis, Gaylord, Secretary.

In the junior class Arthur Smith, Oxford, was elected President to replace Louis Schneider who transferred to the University of Michigan. Opal Hines, Alma, replaces as Philomathean President Bertine McGarvah who did not return this year.

ON TO ALBION!

Music Department Starts Work; Has New Music

The various college musical organizations will get under way this week. Prof. Ewer is anticipating a busy season, and is quite pleased with the amount of talent available.

Last year the choir made a fine record as it appeared at various places throughout the state. Prof. Ewer is in hopes that the same spirit of co-operation among the members will prevail this year, and that it will be possible to take the choir and the band as well on a number of trips. There will be opportunities for smaller groups such as string ensemble, etc., to be formed should the students be interested.

Prof. Ewer spent several days in Chicago this summer looking for new music. He has chosen a number of very interesting works for use during the year. The financial aid awarded the Music Department by the Student Council last spring makes possible a good share of this purchase.

Prof. Ewer and the others connected with his department wish to inspire every student, skilled or not, to take part in some form of musical activity this year. They also wish to express their wishes and desire to be of every possible service toward the better part of Alma College through their work.

Scots Beat Hope in Hard Fought Contest

Continued from page 1
27 yard line and on the next play Marcus sprinted to the 19 yard line. Jappinga gained 5 yards and a first down in two smashes at the line. Robbert moved up to the 12 yard line but on the next play was spilled for a 5 yard loss. Jappinga gained that yardage back by completing a pass to Robbert on the 12. On the fourth down Bob Mack broke through and smeared Jappinga for a 5 yard loss on an attempted pass.

In the final period Hope made two serious bids, but the Scots, inspired by the full-fledged Scotch highlander who paraded between haives, kilts, bagpipes, and ail, were tighter than their reputation and repulsed the Dutchmen without giving an inch.

Early in the fourth quarter Hope again moved up to the 12 yard line but on fourth down Klompars made it first down on the 8 yard line. But then the Scots became stingy and on the first play Art Smith dashed through and tossed Klompars for a 4 yard loss. Klompars was then smothered at the line of scrimmage and the Dutchmen, disheartened, took to the air. On the fourth down Marcus passed into the end zone and Alma took the ball on the 20 yard line. Alma punted out, and shortly afterwards Smith intercepted a Hope pass, two plays before the final gun.

Art Smith, playing his first game as a regular, went the full route and proved to be an excellent field general. Butch Gilbert played an outstanding game at fullback, making more than his share of tackles and gaining yardage when it was needed. Jake Miller's passing and punting were of high caliber as was his handling of kicks from the safety position. Pinkey Dawe was the leading ground gainer and Ben Ewer played a stellar game despite the recurrence of an old injury.

On the line of veterans, Washburn, Johnson, Fortino and Mack played their typically fine game. Johnny made a nice run for the lone score after snagging Miller's pass, and Bob Mack was a nuisance to the Hope backfield.

The new-blood in the varsity line performed well enough to bring joy to Coach Macdonald. A pair of sophomore ends, Bob Devaney and Johnny Mathews, performed admirably, and big Andy MacGarvah, sophomore tackle, bowled over plenty of Dutchmen in the brief spell he was in the lineup. Cash Lea and Steve Keglovitz were much in evidence at the guard posts, and Stan Cater and Gordie Mann proved to be able replacements at tackle and guard.

The summary:

Alma	Hope
Johnson (c).....LE.....	Schaubel
Washburn.....LT.....	Hadden
Lea.....LG.....	Nordhouse
Fortino.....C.....	Bonnette
Keglovitz.....RG.....	Norlin
Mack.....RT.....	Buy (c)
Devaney.....RE.....	Lokker
Smith.....QB.....	Thomas
Gilbert.....LH.....	Klompars
Ewer.....RH.....	Robbert
Dawe.....FB.....	Jappinga

Score by periods:
Alma 0 0 6 0-6
Hope 0 0 0 0-0

Touchdown—Johnson.
Substitutions — Alma: Miller, MacGarvah, Cater, Matthews, Mann. Hope: Wyngarden, DeGroot, Marcus, Vanderhill, Heneveld, Wishmyer, Van Domelin.
Referee—Kobs (Mich. State); umpire—Beam (WSTC); headlinesman—Andrews.

Alpha Theta Mixer Enjoyed By New Students

Seventy new students danced to the music of the Alpha Theta Mixer orchestra at the Zeta Sigma Memorial Gymnasium Saturday night. The decorations, spelling Alpha Theta on one wall and forming the initials of Zeta Sigma on the opposite side. Balloons and toy pets of all descriptions floated in the air above the heads of the dancers. The rose and gray programs were decorated with animal crackers.

Dean and Mrs. Rorem, Miss Steward, Professor and Mrs. Clack, and Professor Mitchell acted as chaperones.

The committees were as follows: General chairman, Charlotte Temple; orchestra, Pauline Dionese and Pat Bale; decorations, Jeannette Verplanck, chairman; June Tindal, Kay Pesek, and Aletha Hapner; programs, Marguerite Witt and Vivian Harwood; publicity, Grace Mathews, chairman; Molly Parrish, and Jeannette Davidson; chaperones, Helen Dawson.

Six '36 Graduates Marry in Summer

(Continued from page 1)
Six of the graduates will continue their studies in graduate schools, five on scholarships or fellowships. Claude Knight of Bayne City, valedictorian of the class, goes to Penn State to do graduate work in chemistry on a scholarship. Lester Dankert, Saginaw, has a scholarship at the University of Illinois, also in chemistry. May Nelson of St. Louis, winner of the Michigan Fellowship, has been in Ann Arbor for the past summer

and will continue her work there this year in French and music. Margaret Randels, Alma, another French student, has a scholarship to Oberlin College and Constance Clack, also of Alma, received a scholarship from Michigan State. Her work will be in Bacteriology. In addition to these Fred Battles of Alma will attempt to get his Master's degree in history at Michigan. Luther Evans of Gaylord, who is salutatorian, will probably attend graduate school after a year's work with the Dow Chemical Company in Midland.

Three other graduates will attend professional schools. Arthur Boynton, Grand Rapids, and Ed. Goggin, Alma, will attend law school in Ann Arbor while Allen McDonald of Clawson will attend medical school there.

Eighteen of the thirty who obtained life certificates received teaching positions. All of those who did not get a position are doing graduate work, have good business positions or are married.

First Team Is Question, Says Old-Timer

(Continued from page 1)
According to the custom of the games, using only college players, the year is 1899. Earlier days a student in the first year of the Preparatory department could play on the team that bore the name of the college. There was no limit to the number of years one could play and therefore, it was possible for a student to play eight years. On the first championship team of 1906 there were three who played for Alma for six years. (Mr. Stechotham was one of these and he later played football for Princeton while attending seminary.)

Chesterfield
Wins

...for tobacco
cut right to smoke right

There's a right way to carve a chicken or slice a ham.
And there's a right way to cut tobacco.

When the tobacco in your cigarette is cut the way it is in Chesterfield...right width and right length... it burns even and smooth... it smokes better.
