ALMA, MICHIGAN, WEDNESDAY, APRIL 15, 1931

Subscription, \$2.00 per Year

NUMBER 23

TENTATIVE COMMENCEMENT PLANS ARE ANNOUNCED

COACHES CAMPBELL AND EWER PREDICT GOOD ALMA TRACK SEASON

25 Men Answer Cinder Call Last Week

"Spring is here—Come out to get your track suits." So read the note placed in the Ad Building last week, calling hopeful aspirants for the track team to begin performance on the cinder paths. About 25 men answered the call for positions on the varsity squad, while about 15 freshmen were forming daily getting in readiness for the coming season.

Interest in the sport, which has been languishing for the last few years, seems to be on the gain this spring. Coach Campbell and Coach Ewer predicted a championship season. Coach Campbell, who will aid Coach Ewer this year, will devote most of his attention to the field events, while Ewer will expend his energies on the sprinters and distance men.

Five letter men form the nucleus around which this year's aggregation will be built. This list is headed by Harry Wehrly, all-around performer, from Napanee, Ind., who can hold his own in the high jump, pole vault, discus, shot and the hurdles. Leo Brown, Alma, and Gene Tarrant, Royal Oak. Both were consistent point-winners in the broad jump last year. Tarrant also lists the high jump as one of his specialties. Jack Williams and Ford Graham, both of Alma, devote their time to the distance runs, in which both scored regularly last year. Graham runs the 1 mile and 2 mile, while Williams is content with the half-mile jaunt.

New men who are trying for places are: Block, McCurdy, C. Peterson, Johnson, Sharp and Baldwin, in the dashes; Tromater, Gould, Boutin, Crowell, in the distance runs; Rehkopf, Borton, H. Peterson, Gray and Potter in the weight events.

The first year men who have reported thus far are: Novak, Foster, Hubbard, F. Peterson, Dawson, Aitken, Campbell, Beach, Estes, Drury, D'Angelo, Hinshaw, Newell and Bacon.

PHI FROSH PRESENT GOOD WILL SMOKER

Just to do something new and unusual and to show that their hearts are in the right place, the Freshmen of the Phi Phi Alpha Fraternity are sponsoring a Smoker for all Freshmen men, April 16. William Boyd is the chairman of the committee in charge. Other members are Robert King and John Menoch.

Kellog Beach, President of the Freshman Class, will open the program with a short speech. The feature of the evening will be a talk by President Crooks. Kressler and Camp have been signed up to do a little act. De Wilde will play his violin, accompanied at the piano by Ben Leyrer. The quartette composed of Holly Fales, Robert King, William Boyd and John Menoch will give several numbers.

Coffee and doughnuts will be served. There will be cigarettes and candy in abundance. The Smoker will last from seven till nine.

Maroon and Cream Work Is Finished

C. Douglas McLellan, editor of what promises to be the best Maroon and Cream in the history of Alma College, last week announced that all of the art work for the 1931 Annual was at last finished. The theme of the Annual has not been announced, the staff feeling that it will have more of an appeal if it is kept secret. McLellan promises that it will be an innovation in annual theme and art work. The artists directly responsible for the fine work which will appear in this year's Annual are Leslie Struble, Class of 1934, of Alma, and Sheila Littleton, Class of 1933, of Crowell.

GRADUATION WILL FEATURE TWO NEW EVENTS

Alma College will celebrate the forty-fourth Annual Commencement with four days of farewell feasting in honor of the Seniors. This year there will be a departure from the usual program. The Commencement exercises will be held on Saturday instead of Monday as is the usual custom. The date will be June 13. Another new feature will be the Alumni Dinner held in the Wright House, Friday evening, June 12. The usual custom has been to hold the dinner in the Grove at noon.

Tentative plans of the committee were made last week. There will probably be a few minor changes and additions. These will be announced in the near future.

On Sunday, June 7, the Seniors will receive the farewell communion at the First Presbyterian Church, Rev. Willis S. Gelston, Pastor. In the evening President Crooks will deliver the Baccalaureate Address from the same pulpit.

Thursday, June 11, will be Senior Class Day. It will feature a farewell breakfast at the home of President and Mrs. Crooks.

Friday, June 12, will be Alumni Day. In the morning will be the farewell Chapel and the presentation of awards in Oratory, Debate and Athletics. This will be followed by a meeting of the Board of Trustees. There will be a Faculty-Trustees dinner in the Grove. Faculty, Trustees and students will participate in a golf tournament in the afternoon. In the evening the Alumni dinner and business meeting will be held. The Senior Promenade and Farewell to the Buildings will follow. There will be a reception at the home of President Crooks. All friends of the College are invited.

Saturday will be Commencement Day. The Academic Procession will proceed from Wright Hall to the Memorial Gymnasium for the Commencement exercises. The Commencement Address will be delivered by Professor Gordon Jennings Laing, Ph.D., L.L.D., Dean of the Graduate School, University of Chicago. Commencement Luncheon will be held in Wright Hall at 12:15.

DRAMA CLUB GIVES FINE CHAPEL PLAY

The Alma College Drama Club once more made itself prominent in the Campus eye, with the successful presentation of George Ad's one-act play, "The Mayor and The Manicure," before the assembled College in the Chapel, last Friday morning.

If one can judge by the amount of laughter that the play brought forth, it was a tremendous success. Acting laurels go to Buford Hosford for his excellent portrayal of the Hon. Otis Milford, Mayor of Springfield and candidate for Governor. Hosford has created a name for himself with his excellent characterizations. Hosford was supported by an able and efficient cast. Josephine Woodward must be commended for her interpretation of a sweet young girl. William Johnson made a fine college boy and was especially effective in the hair-pulling parts. Aileen Waters, as the manicure, handled convincingly, a difficult part.

Much credit goes to Leslie Struble for his fine directing. This being the first attempt that Struble has made in the field of direction his success is to be especially commended. It is interesting to note that there was not a single case of prompting, and the play showed that the action had been efficiently and well worked out.

After a short chapel service, closing with the singing of the "Alma Chant," the curtain rose, disclosing an office scene, the headquarters of The Hon. Otis Milford, Mayor of Springfield and candidate for Governor, as a large poster proclaims. There are two phones. One is a dummy and is used by the Mayor to rid himself of annoying persons.

The Hon. Otis has a son who is just graduating from college. He is engaged.

PLANS PROCEED APACE FOR MOST ATTRACTIVE J-HOP IN ALMA HISTORY

BRUMM WILL SPEAK IN CHAPEL

Students in Alma College will be honored April 21, by having the privilege of hearing Professor John L. Brumm of the University of Michigan extension division, in a special Chapel program.

Prof. Brumm is head of the University of Michigan Department of Journalism, having assumed those duties when the department was organized. He is famous for his speaking ability, all over Michigan, and is much in demand, especially by men's clubs and organizations. He will speak from the subject: "Journalism As A Profession," or some related topic.

The chapel hour will be from eleven until twelve o'clock, so as to give Mr. Brumm more time. Class hours will be reduced on that date accordingly.

SPRING BRINGS JOY TO GOLF AND TENNIS FANS

With the advent of the balmy spring weather, the golf course and tennis courts have been crowded with devotees of these sports from among the student body.

The completion of the new hard-surface court has greatly relieved the tennis situation, and the court is usually occupied from early morning till late in the evening. The clay courts are rapidly rounding into condition and within a few days all the courts will be open for use. The varsity team's schedule has not, as yet, been completed but several matches are pending. The only members of last year's net team left are Carl Gussin and Kendall Sharp. Other promising candidates are Irwin Nichol, of Ionia; Floyd Byron, of Saginaw, and Norman Borton, of Alma.

Golf was inaugurated last year as a varsity sport, with a rather informal team which broke even in four matches. An all-college tournament is planned in the near future, and the varsity team choices will be based on the standing made in these contests. The members of last year's team returning are James Gustin, Bay City; and Alan Dean, McBride. There will be a wild scramble for places, with no one assured of a position on the team. A full schedule of matches is expected, with several already pending.

PRESIDENT CROOKS HAS BUSY TIME IN FUTURE

Spring does not give "Our Prexy" any needed vacation or rest from the various duties and engagements that are his. If you do not believe that Prexy is more than a busy man, just look at the following list of engagements:

April 14, he attends a meeting of the College Presidents of Michigan. This meeting will be held in Lansing. Problems related to those of college presidents will be discussed.

April 17, he lectures at the Ingham County Teachers' Institute, which will be held at Leslie, Michigan.

Over the week-end he attends and speaks at a conference of the Older High School Boys of Michigan. The Conference is under the auspices of the Northern Michigan branch of the Young Men's Christian Association, and will be held in Boyne City.

April 20, Prexy speaks at a Father and Son Banquet at St. Johns Episcopal Church, in Saginaw.

April 24, he speaks to the Parent

LAING WILL SPEAK AT ALMA COMMENCEMENT

President Crooks announced that the Commencement speaker for this year had been definitely engaged. He will be Gordon Jennings Laing, Dean of the Graduate College, University of Chicago.

Mr. Laing will speak from the sub-

May Ninth Will Be Definite Date

Saturday, May 9, has been definitely settled upon by the committee in charge as the date when the Junior Class will be hosts to the student body and Alumni at the J-Hop, the outstanding social event of the college year. Friday, May 8, had been set as the tentative date, but when requests came in from old grads to hold the affair on Saturday rather than on Friday, the date was changed to meet the requests of the former students.

With less than a month to work, plans are being rapidly formulated under the direction of Eddie Gould, General Chairman, and they promise one of the most attractive J-Hops in Alma history.

Favors have already been selected, as have the programs, and the former will eclipse in appearance and usefulness any favor that has ever been given to the fair sex at a Junior prom.

Gene Tarrant, Chairman of the Ticket Committee, flooded the Campus with all the available pasteboards last week, and indications are that there will be a complete sell-out for weeks in advance of the party. Another departure in the plans this year is that only 125 couples will be able to attend. Inasmuch as this number permits ideal dancing conditions on the floor of Memorial Gym, the attendance will be restricted. A block of tickets has been reserved for members of the former graduating classes who have signified their intentions of returning, and will be held in reserve for two weeks. All old grads who plan to attend should send in their \$5 immediately and their ducaats will be forwarded. After the first of May all tickets reserved for Alumni will be sold to students on the Campus.

While no definite band has been chosen to provide the music, the committee working under Marge McMullen

McLELLAN HAS A BIRTHDAY PARTY

Young America came of age last Friday and the event was celebrated by a special dinner in honor of the lucky man last Friday night in the dining room of Wright Hall. C. Douglas McLellan can now crow from the housetops that he has attained his desire. He is now a man.

Places were laid for eight, but Art was out golfing with Libby and did not get back in time to take his place among the celebrities. Those present at the dinner besides the entire dining room were: Alden Potter, Edward Gould, Jack Frost, Louis Baldwin, Jake Koehline, Clark Jamieson and, of course, the guest of honor, Mac.

The dinner consisted of beef and potatoes, spring salad, pie and a special birthday cake for the occasion. Edward Gould presented the present, a handsome, hand-painted ash tray, which Mac will find some occasion to use in the near future.

Frank Prouty Wins Michigan Fellowship

Frank Prouty, former Alma College student was recently honored by securing the nomination to the Michigan Fellowship. Leslie P. Harris was named as alternate. The nomination has been received at the University and everything points to favorable action on the part of the board granting the fellowship.

Prouty was graduated from Alma College in 1927, having been prominent in many branches of Campus activity, especially debate. He also wrote much and well for the Almanian. After graduation he taught English in the public schools at Wax-

THE ELIZABETH MAE DORRIS MEMORIAL

The Elizabeth Mae Dorris Memorial is a collection of books and papers donated to the library by the family of Elizabeth Mae Dorris. The collection includes a variety of titles, including Shakespeare's Macbeth and Twelfth Night, in the Variorum edition. It is hoped eventually to complete the Variorum set for the library.

FROSH WILL EDIT GREEN INK EDITION NEXT WEEK

Yes, it's here at last. What? The much-yearned-for and long-awaited edition of the Freshman Almanian. The Frosh promise something worth while now to compensate for making us wait so long.

At a meeting of the Freshman Class, held in the Chapel, previous to the Easter vacation, it was decided that the matter of selecting the Editors and the Staff, and the Business Manager should be left in the hands of Dean Steward and Professor Spencer, because they are in a position to know the relative merits and demerits as well as the journalistic ability of the Frosh.

The selections having been duly made, the following were the lucky or unlucky ones. They will begin to gather material and think out new and different ideas for the finest edition of the Almanian ever to be printed in green ink:

Editor
Herbert Estes
Business Manager
William W. Boyd
Almanian Staff
Associate Editor John Menoch
Associate Editor Edith Davis
Associate Editor Robert Shaft
Circulation Mgr. Dorothy Royce
Campus Editor Mary Wood
Wright Hall Editor Claire Wilson
(Continued on page 4)

ALMA COLLEGE LIBRARY IS HONORED BY BULLETIN

The Alma College Library and the Almanian were signally honored in the latest edition of the Michigan Library Bulletin, which is published monthly except August and September by the Michigan State Library. The magazine has a wide circulation and a high rating among publications of its kind.

The Bulletin carries a page and a half story about the Alma Library. The write-up was occasioned by the issue of the Almanian totally devoted to the Library. It says:

"The Alma College Library, of which Miss Annette P. Ward is the librarian, is honored by the Almanian, the official student publication of Alma College, in a special library edition issued Feb. 18th. Pictures of the library building, an historical sketch of the library, and a highly complimentary editorial column of the special edition, are the outstanding features of the Library Edition."

The editorial, "Our Librarian," and

BIBLE ESSAY CONTEST IS ANNOUNCED

Announcement has been made of the subject for the Spencer Bible Essay, prize competition. It is: "The Relation of Foreign to Native Christian Control in the Native Christian Church."

CHANGES?

"The old order changeth yielding place to the new." How true we find that statement when we stop to consider the changes that have taken place on the Campus since we first came here. In another place the Almanian carries an account of the loss of several trees on the Campus. Everywhere we look we see the ravages of time and new order of things.

How long it seems since Miss Banta's room was the business office of the College and conversely so. How long it seems since we have had snappy pep meetings and the ringing of the Chapel bell.

Even the familiar faces and forms change, but they are bound to change from the very nature of colleges.

However, they are some things that should never change. **THEY ARE THE NATURAL CAMPUS SCENES.** We should do everything in our power to preserve them. Let's keep the Campus looking the same so that when our Alumni return they will not think themselves in a strange place. There are many things that we could do to further this aim. One of them is to clean out the jungle and mark it as a spot of beauty. A few strong arms and willing hearts would soon accomplish this. Are you "game" to do it?

LOST?

It is old news to us now, the defeat of Chet by Redman in the mayoralty race. It was a good race and close, all the way through. The Almanian commends the people of Alma for their wisdom and foresight. Certainly it would have been a very bad thing for the city, to have the College mixed up in politics. Would it have been?

It is quite another thing to have the people of Alma mixed up in unrestrained villification. That is, some of the people. That is too bad.

We will not go so far as to say that Chet lost because of these things. That would be collegiate conceit. But we will go so far as to say that certain people and certain city institutions were most indiscreet in their predilection for unsupported assertions.

We would not say anything about the new mayor. For all that we know he is a good man. Perhaps as good a man as our Chet. We are not dealing in personalities.

Politics is a queer game from any angle. In the Chapel play Friday, Hosford said that he was not a gentleman, but a practical politician. That may be too strong. Perhaps it is.

We, of the College, are only sorry that we could not give "Chet" the support that he deserved both from the College and the city. We are sorry, but when it sifts down to the final analysis we college people have our own ideas as to who would have been the best man.

We college people, too, are jealous of our honor and that of the men we have grown to love.

ALMANIAN RECEIVES LETTER

Pasadena, Cal., Mar. 23, 1931
 Dear Editor Almanian:

To publish the statement of Guy Nickals without comment does not ring true to "Almanian" policy. His statement is neither scientific nor clever and I am surprised at your giving it space, especially since your space is very limited anyway.

Please read the factual monograph on "The Value of Law Observance," recently published by the Department of Justice, Washington, D. C. Then write a paragraph on "Prohibition."

Sincerely yours,
 E. A. Thompson.

To a faulty staff for overlooking the significance of this statement, a merited reprimand.

To the readers of the Almanian, an apology.

To Mr. Thompson:

The Editor wishes to thank you for your kind letter and hastens to assure you that the publication of the statement was contrary to Almanian policy. The statement was published as a filler for a small and rather hard to fill space and the significance of the statement was entirely overlooked.

The kind and friendly criticism of Mr. Thompson, who is the Minister of the First Congregational Church at Pasadena, California, and a former

Alma man, is the first letter of its kind that has been sent to the Almanian this year, to the knowledge of the Editor. It is very much appreciated. We urge all the readers to give us those hints and suggestions that will make for a better paper.

The Editor would rather not write an article on Prohibition, as he can see no definite need for one. He is sure that all Alma students realize the value of observing the laws of this our country. The Almanian will be glad to print anything that anyone else may wish to say about it.

The Editor.

K. I.'S ELECT OFFICERS

A short meeting of the Kappa Iota Literary Society was called to order April 7 by Elsie Sprague for the purpose of electing the new officers. The election went as follows:

Ann Mileski	President
Ruth Moore	Vice President
Nancibel Thorburn	Secretary
Onilee McDonald	Cor. Secretary
Sue Gillam	Almanian Reporter
C. McCraig	Sentinel

Stuart S. Pratt has an article in the Presbyterian Advance that will prove of interest to all.

Winston Thomas is the Editor of his Seminary paper.

John R. Smith was in town last week, Thursday. He is now doing research work in Highland Park. He

was graduated from Alma College and Harvard University.

SONG OF A HOMESICK SWISS SAILOR

Oh, Ye Wise Authorities,
 Please bid them to refrain—
 They're digging up our Campus,
 And it's driving me insane.

Whene'er a nice green grassy spot
 Their baleful eyes do spy
 They grab their picks and shovels
 And they pile our Campus flat!

Arise! Ye strong young College Men,
 And e'er again we sup
 Let's plant those dog-gone trees as deep,
 They'll never dig them up.

President Hoover's spacious man-

sion overlooking the Stanford University Campus is for rent.

Measurement of noted brains at Cornell University has demonstrated that women are equal mentally to men.

CAMPUSOLOGY

Well, Folks, it was all a big bluff. Mac was only trying to make us think that he had fallen for some little girl. Anyway we see that he has his pin back and that shows something. Altho we seldom make a mistake, we are bound to admit that we have made one this time, and that is that. All is quiet on the Western front now!

Time must be taken out to speak of the shameful conduct of the younger Peterson and Cant on the way back from Detroit. And they weren't even introduced to the girls, either.

Hebe, the Master Mind, influenced by the coming of spring last week,

swept the cobwebs and dust out of that massive collection of gray matter and came through with a new name for The Demon, Speed, Lightning, Or What Will You Have, otherwise known as the Mailman. Hebe's new name for him is "Ornithorhynchus," which is merely Latin, meaning a beast with a bill. Maybe Hebe has been getting some.

We must pause here to remark about the propensity of Gould and the older Peterson to collect photographs of charming girls.

And then we always have the Colonel.

Statistics show that there are too many people using the phone at Wright Hall. A fellow can't even

make a business call!

But the doings of Ernie Oliver Eichorn, the Bay City Cuffer, still remain a mystery to all of us.

There's a terrible situation up at Alma College. Since Gussie Heerschap left us we haven't much Campusology to write about.

Yes, we just must mention Al Royer, "the dancing demon." Anyway it's something to start a new college craze.

These fine days are just the kind we have been looking for. They invite many of us to spend the week-ends at home. However, Professor Ditto's stiff assignments will keep some of the students in town over the week-end.

Has anyone been swimming lately? Was the water cold?

Many new Easter outfits have beautified the Campus since the vacation. All of the girls have at least a new suit to boast about. What the "well dressed Alma Man" is wearing is sometimes too loud to mention. Who says that the women wear louder clothes than the men?

The most densely populated body of land in the world is Java with a population of 690 persons per square mile.

General Electric Contributions to Health

Sunlamps are a popular feature of the swimming pool at Hotel St. George, Brooklyn, N. Y.

at College
at Home
at Play

COLLEGE-TRAINED electrical engineers cooperated with the medical profession in developing G-E products that safeguard health. Notable among these are the x-ray tube, the G-E refrigerator, and the G-E Sunlamp. Of these three, the Sunlamp is the latest development, but it has already been acclaimed for its service in helping build that vitality which maintains the happiness of good health.

At Cornell University, members of "cold-prevention classes" (under daily, brief, ultra-violet-ray lamp treatments) reported 40 per cent less colds than were reported by class-

mates in a group without this treatment. Beyond home and college, the use of Sunlamps has extended to swimming pools and indoor golf courses. In the future, you may enjoy the Sunlamp as a standard fixture in offices, trains, clubs, and many other places where people gather.

And you may continue to expect new, unusual, and useful developments from G-E engineering and research. Among such products, there will doubtless be further contributions to personal health, comfort, and convenience, as well as to the promotion of industrial efficiency.

GENERAL ELECTRIC

Laing Will Speak at Alma Commencement

(Continued from Page 1)
ject: "Specialization And Its Place in Education." President Crooks tells us that Mr. Laing is a very fine and polished speaker and assures us that he will bring us many worthwhile ideas.

Mr. Laing is not unknown in the field of letters, occupying a high place in that field. He is the editor of "Masterpieces of Latin Literature. Selections from Ovid, The Phormio of Terence." He is ranked as one of the greatest living classical scholars. He is also Editor (General) of the University of Chicago Press. "Who's Who in America" devotes upwards of three inches of space to his achievements and accomplishments.

Bible Essay Contest Is Announced

(Continued from Page 1)
best are offered by Rev. W. K. Spencer, D. D.

The deadline set for "handing in" of essays has been set for May 16. No previous winner is eligible and there must be at least six contestants.

Charles Bates, '31, was last year's winner.

Plans Proceed for J-Hop

(Continued from page 1)
lan is promising the very best music available in the State.

The Decoration Committee is going to do a job, if the skeleton outline is a fair criterion, that will knock the spots off of former years and former decorations, and in view of the elaborateness of last year's decorative display, that is taking in lots of territory.

With only a limited number of tickets available, the sale will be a

"first come, first served" proposition, and students who are planning to be among those present to see the Seniors tripping the much-talked-of light fantastic, should procure their ducats immediately from the members of the Junior Class who have them for sale, for when the quota is reached, there will be no further sale. Remember, if you have any friends who have been planning to get back write them immediately so that they will be able to get their pasteboards before the supply is exhausted.

(Continued from page 1)
seon and was last year made principal at Swanton. He traveled in Europe during the summer vacation last year.

Harris, Alma Senior and Business Manager of the Almanian this year, will graduate in June. Harris, too, has been engaged in many activities on the Campus, and is Secretary of the Honor Society. He was originally from Detroit, but his family moved to St. Louis a few months ago.

Prouty majored in English while in Alma. He will study Law at the University.

President Crooks Has Busy Time in Future

Teacher's Association of Traverse City. This association is called the Michigan Congress of Parents and Teachers.

In between times he manages the affairs of the College and gives numerous Chapel addresses.

Drama Club Gives Fine Chapel Play

(Continued from Page 1)
gaged to a sweet and innocent young girl. Everything is prepared for the

welcome return of Wallie, when in walks the Manicure. Wallie's jilted college sweetheart. She makes known her plans which are: either she gets Wallie or sues for heart balm.

Wallie enters and confesses that the Manicure is right and does a fine bit of hair-tearing. Due to his excellent political training, the Mayor is able to bluff the Manicure and frighten her away, by pretending to call the police on the fake telephone. All ends well.

Due to the great demand for another major play this year, the Program Committee will bring several plays under consideration in the near future. One of these will be selected for presentation about the latter part of May.

Frosh Will Edit Green Edition

(Continued from page 1)
Sports Editor Russell Baumblatt
Make-Up Editor Robert King
Feature Editor Eugene Miller
Joke Editor Frank Erskine
Inquiring Reporter Francis Mahon

The College has a right to expect something of high value and merit from such a capable and efficient staff.

The Frosh Edition will feature the regular Campus and local news and in addition carry a great deal of worth while humor.

The date selected for the publication of this issue has been set for next week. Be sure to not fail to see the next issue.

Alma College Library Is Honored By Bulletin

(Continued from Page 1)
the historical sketch of the library are then printed below. It is quite an honor to make the pages of the Bulletin.

The person directly responsible for this honor is C. Douglas McLellan, who so ably filled the Editor's chair during the illness of the latter. All due praise goes to McLellan. It was Mac's idea and Mac's write-ups and editorials which were reprinted.

The Library will be closed Saturday afternoons during the remainder of the semester. Reserved books may be drawn on Saturdays at 11:15 a. m.

INITIATED

Dorothy Noyle, Flint, and Thelma Hachstettler, Claire, were initiated into the Alpha Theta Literary Society, Monday evening, April 13, at the regular meeting of the Society.

CAMPUS NOTES

Homer and "Hobie" dropped in last Saturday and nearly ran over the Editor.

"Goldie" Merrill Hendershott and his oldest brother, Harold Logan, and "Del" McGregor were also among week-end visitors.

Koehline was promoted to "head swipe" over the week-end, too. What a time "Jake" had.

Announcement was made last week that Alan Dean, Senior, had obtained a teaching position for the coming year. Dean will go to St. Johns, there to teach in the public schools. His work will consist of teaching elementary algebra, and coaching, football, basketball, baseball, golf and tennis. Dean signed the final contract last week. He is the first Senior to obtain a teaching position.

Marvin Stapleton was in town visiting friends last Friday.

Alma College has lost some old landmarks. Three trees, maples, in front of the Administration Building, have been cut down and one in front of Wright Hall have been cut down. The trees were either totally dead or rapidly dying. Other trees on the Campus have been sprayed, especially the spruce and the apple trees, in an effort to stop the ravages of insect pests.

The Campus is being dug up once more. This time close to Wright Hall.

Despite the fact that the tennis courts are not in very good shape as yet, there have been many players in the past week.

Golf has also attracted numerous players and would-be players.

It has been rumored in authoritative circles that the newly erected "Ghost Poles" will soon be taken up.

A lot of the fellows out for track have been suffering considerably lately. Dancing and running are too strenuous for some.

RAINBOW TRAIL INN
