NUMBER 3

ALMA IS SET FOR ITS 51st HOMECOMING

ALMA COLLEGE HOMECOMING October 16, 17, 1942

PROGRAM

FRIDAY, OCTOBER 16

8:00 P. M. Pep Meeting—Davis Field.

SATURDAY, OCTOBER 17

10:30 A. M. Homecoming Parade.
12:00 Noon Luncheon, Wright Hall.
Tickets at Wright Hall.
2:00 P. M. Football game. Kalamazoo vs. Alma.
Bahlke Field.
Crowning of the Homecoming Queen between halves.
Coffee and Doughnuts at Wright Hall immediately after the game
6:30 P. M. Fraternity and Sorority Dinners
8:30 P. M. Homecoming Dance—Memorial Gymnasium.

Student Body To Be Given TB Test

The Vollmer Patch test for tuberculosis will be given to the entire student body, faculty, and food handlers of the college next week. The test, a delayed part of the required physical examination, is being sponsored by the campus physical education and health departments. The Alma college program is part of a national project to gain cooperation in tuberculosis case finding.

The initial test is free. If the reaction is positive, the reactor will be asked to have an X-ray taken to determine whether or not the germs are active. The X-ray will be provided at a reduced rate, under arrangements made with the Michigan Tuberculosis association. The patch method of discovering the presence of tuberculosis germs in the body, is approved by the Council of Pharmacy and Chemistry of the American Medical association.

PIONEER SUPERMEN TAKE SOPHOMORES

At six-thirty, on the cold, dark morning of Tuesday, October 8, cheers, shouts, and yelling resounded down the ancient corridors of Pioneer Hall, as the Supermen of Alma—the freshmen, leaped out of warm beds onto cold floors and prepared themselves for a friendly tussle with the class of '45." Provided with twenty specimens of manhood, a brief meeting was held and the boys were off for the field. At the field a bleary-eyed group of "sad-case" sophomores stood around a greased pole, and awaited their inevitable doom. A group of loyal freshmen girls stood on the sidelines to cheer the Supermen on, aided by a large group of Pioneer Hall supporters.

At seven-o-five the freshmen, with a well planned attack, arranged themselves in a formation and awaited the signal, the atmosphere was tense and the "sad-cases" were visibly nervous as the blast of a gun shattered the morning stillness.

With a murderous shriek, the Supermen stormed the pole. There was a brief shuffle and soon the situation was under the control of the Frosh. Two attempts to get the flag were made by Jack Middlebrook, with the help of Bob McFarlane, but both were unsuccessful. Finally Fred Phillippe leaped up on McFarlane's shoulders, but was inches away from the flag. With a final push by McFarlane, Phillippe pulled down the flag and the Supermen emerged victorious over the "Sad Cases."

T.K.A. Announces New Members

At the first meeting of the new semester, the TKA chapter of Alma college elected four new members. They were Lenore Meyer, Mary Catherine Bell, Rama Kirkwood, and Dona Peterson.

The new head of the speech department, Mr. Westley Rowland, took over his duties as sponsor of the chapter. He asked for and received a pledge of full cooperation from the members of the chapter in carrying out as full a speech program as possible under war time conditions. The chapter will sponsor the local extempore and oratory contests. Most of the members will be taking an active part in this year's debate program.

The officers for the year have been only partially selected due to the uncertainty of some members returning to school because of the war. The present officers are Miss Virginia Feighner, president, and Mr. Kenneth Plaxton, secretary.

PEP RALLY FRIDAY OPENS HOMECOMING ACTIVITIES

Committees have been appointed and plans for Alma's 51st Homecoming on October 17 are being rushed to completion.

Although the main events are to take place on Saturday, the festivities will begin on Friday evening with a huge bonfire, pep meeting,

and speeches by Prof. Mitchell, Coach MacDonaid, and the football boys, followed by the presentation of the Homecoming Queen, Jean Humphries.

On Saturday morning the Kiltie band will lead the parade at 10:30. Wright hall will open her doors for an all-college luncheon at 12:00. Tickets will be available there at that time.

Alma and Kalamazoo will start the homecoming game on Bahlke field at 2:00 and the official crowning of the queen will take place in front of the stands between the halves of the game.

Immediately following the game, coffee and doughnuts will be served at Wright hall.

At 6:30 p. m. the fraternities and sororities will give dinners for the alumni of their individual groups and at 8:30 the annual Homecoming dance in Memorial gymnasium will welcome friends, alumni, former and present students of Alma college.

College Receives Offers of Support

Professor Roy W. Hamilton representing Alma College, attended the annual meeting of the Presbyterian Synod of Michigan in Detroit on October 6th to 8th, 1942. The Synod, comprised of eight presbyteries in the State of Michigan met at the Woodward Presbyterian church.

Professor Hamilton carried a report to the Synod's committee on Christian Education. He also presented a brief report to the meeting of the Synod as a whole, on Wednesday afternoon, the 7th of October.

After some general discussion, the Synod approved the nominations made for the Board of Trustees of Alma College and expressed its interest and offered its blessing in the necessary campaign which will have to be undertaken this fall. Individuals expressed their faith in an enlarged program for Alma College and offered their support in spirit and material for the coming year.

STUDENTS TO HOLD CONGRESS NOV. 20

A full outline of the arrangements and procedures for the Student Congress to be held at the State Capital on Friday, November 20, will be announced next week. The topics for legislation and study have now been limited to three—Interstate trade barriers, United States mediation between Great Britain and India, and lowering the draft age to include 18 and 19-year-olds.

The debate squad will meet every Wednesday afternoon at four o'clock in the speech room for preliminary considerations on the current question and for discussing plans for the Student Congress.

Meatless and fishless Wednesdays in Washington's 52 government cafeterias are expected to save six tons of the two products weekly.

Wright Hall's Daisy Maes Have Trouble Asking Their Abners

'Twas the week of the girl-bid when all through Wright hall the girls ran madly about debating on such important topics as whom to ask, how to ask, and when to ask. At the first of the week, a few brave souls gathered their fast failing courage and, with a wolfish gleam in their eyes, rushed wildly out to ask the man of their choice, come what may. The vast majority, however, chewed their nails and put the fateful moment off for another day, thinking wishfully, "Certainly tomorrow I'll casually run into him somewhere. I just can't run up to him at the mail-boxes, with everybody standing there listening. What if he says 'no'? Oh dear, I'll be so embarrassed."

Still another girl takes up the telephone. Stealing cautiously up to the phone when no one is around to listen, she whispers the number

to the operator. Then, as the breaks would have it, just as a man's voice is carried over the wire, the deserted hall suddenly takes on the semblance of a railroad station at rush hour. Girls run through the halls, up and down the stairs, and gather at the well for conversation, while our poor wolfish mumbles her invitation into the phone with a horrible effort to appear casual.

Then the tragedy of the girl-bid—the unlucky girl who asks a man only to have him smirk happily with a "goody, goody" look, and reply briefly, "Sorry, I already have a date." He tears off, blissfully unaware of her wounded pride.

Gads, if fellows had so much trouble asking girls for dates, the practice of dating would have been abolished long ago!

Frosh Act Like Bulls in a China Shop on First Day in Chem. Lab.

All was amazement and excitement in the first lab session of freshman chemistry. Many freshmen and several upperclassmen were beholding for the first time the hundreds of test-tubes, clamps, and other equipment with which they are to rock the chemical world. The most bewildering part was trying to decide whether a certain receptacle could be a beaker, a graduate, a flask, a buret, a pipet, a casserole, or a mortar!

During the intensity of the scientific semi-micro process of making stirring rods, breaking glass tub-

ing and drawing out capillary pipets, the Phis nearly received a good reason for calling Bob Baker "Baldy." Maynard "Doc" Dodge's quick thinking saved Baker's brush-heap by blowing out his bunsen burner.

Bill Newton provided a fine sideshow with a swinging rubber tube spouting water about the organic lab.

During the afternoon's struggle, lab assistant Bert Waters, walked around with a wise but apprehensive smile. Wonder why?

Well, even if I can't break glass without scattering it all over the lab, or heat the glass without burning my fingers, just watch me dumbfound the kids at my dinner table by asking them to pass the "sodium chloride"! Will they ever be fooled!

Freshmen Impressions

Each week flits by with such surprising rapidity that we don't have time to get all our impressions organized. Nevertheless, we have a rather jumbled mass in our minds of a number of interesting, fascinating impressions.

All the girls have a happy memory of the WAA picnic last Wednesday at Conservation park. There was the best potato salad! Why don't we have that at Wright hall more often?

Everyone enjoyed the organ recital at chapel last Tuesday. From a cross-section poll of the class, we find that many would like more musical sessions for chapel.

We didn't know they had warm weather here at Alma. Here we were all set for a long, bleak winter, starting October 1. but then along came the grand weather.

Material in four zoot suits will make five victory suits.

Art Department Calls For Models

"We need models for the drawing and painting class," declared Miss Sylvia Ericson, head of the art department. "We've been using the skeleton from the biology lab because we can't get the real thing," she laughed. "We wish that everyone who has Monday, Wednesday, or Friday afternoons free from 1 to 3 would come in and pose for the drawing and painting class. We don't care how they pose, they can bring their books along and study if they really want to!"

The drawing and painting class has taken to the out-of-doors this weather. Last Friday, they used the Jungle for their subject. If a visitor had dropped around, he would have found Ann learning to "look through your eyelashes so you can see the coloring better", Patt wishing she were sitting on a camp stool instead of the damp ground, and Steve wanting a pack horse to carry his equipment.

Reserves May Be Called

During the past three weeks there has been a flood of government press releases concerning the possibilities of the college reserve men being called. Although many of these releases have been contradictory, they have resulted in two main commitments.

The first, made by Secretary of War Stimson, stated that the armed forces are already running short of manpower and new recruits must be called up. "Student members of the enlisted reserve will not be summoned at some indefinite time in the future—they will be called up at the end of the present college terms as they reach the draft age of 20."

The second commitment leaves some hope for college men. It is the statement that men in reserves will not be called if they have a 2.00 average. This in itself should be enough of an incentive for the men in school to study hard. Perhaps at a glance that sounds rather unpatriotic, however, as Paul V. McNutt said in a speech at Purdue, "The colleges and universities are charged with increasing the number of technicians upon which both industry and armed forces depend. The colleges and universities, by insuring a continual supply of technically trained men and women, can insure the continued increase of our strength for victory and for peace."

Knowsey Knews

Ship almost sank Saturday night when he was hit by a "blonde" bomber . . . but managed to save a man overboard . . . and arrived before the good ship Theta lifted anchor.

Found a sailor's knot on deck . . . Olly and Mac . . . long may it be tied! Vonny proved to be a good sailor, too; but we hear she could brain her roommate for getting pinned since she herself can't make up her mind. Sidenote: Jim sure seemed to be floating with the tide! Noted that these captains and mates didn't need a compass to direct them to port: Warren Wille and Marge Bow, Fred Phillippi and "Bugs," Allured and Anderson. (how's the ending for alliteration?)

The
ALMA RECORD

We needed life preservers to keep our heads above the water when we saw "sharp stuff" Olivet and Betsy cuttin' the waves; Marge Wilson and David White gulping cider and munching do-nuts (inside info . . . the shortest way to Dave's heart is through his stomach). "Davy Jones" Dorsett had Norma Lincoln in his "locker" (it's just platonic friendship, everybody, so that does away with any conjecture).

That certain little miss, meaning, of course, Lois Glenn, certainly had a prize catch in her net . . . the "bright" spot of the Freshman class, George Thomas. Speaking of Freshmen, that gal Allison must have "it" . . . enough "it" to make Bob Ruhl come out of his "castle under the sea." . . . in case he's interested, we know of others who would have liked to have staged a commando raid!

Catch of the sea is our Frosh Queen, who is tops even to these two porthole snoopers.

Oh yes, in case you still haven't heard, we recommend water lillies to the dozen or so women who so faithfully patrolled the beach of Wright Hall during this time and finally proved victorious after battling the elements . . . and the enemy . . . a mouse.

So now, it's a case of the breaks and we're weighing anchor . . . so aloha.

PURDUE NOW A WAR PLANT

Purdue engineering students have enlisted in the war as "soldiers of production." The University has signed a sub-contract with Westinghouse Electric and the students are already turning out machine parts. Working part time, 275 students have achieved a production equivalent to a 75-man machine shop on full time.

NO RESTRICTIONS ON WALKING

Bicycles are going to be less plentiful from now on. Their manufacture has been cut to 10,000 a month by WPB and concentrated in two plants: the Westfield Manufacturing Co., of Westfield, Mass., and the Huffman Manufacturing Co., of Dayton, O. They will turn out a "Victory Model" which will carry their name or trademark. The rest of the industry will produce war weapons.

BROTHERS 'N SISTERS

ALPHA THETA

The annual Alpha Theta homecoming banquet will be held Saturday, October 17, in the Wright hotel dining room at 6:30. Miss Margaret Foley will be the guest speaker.

After the welcome address by Beverly Hopkins, sorority members will present a history of Alpha Theta through the years. Betty Jane Fee will discuss the past; Donna Jeanne Francis, the present; and Norma Hass, the future of the sorority.

ZETA SIGMA

The Zeta Sigma fraternity is glad to announce that three new members have been taken into the fraternity. After satisfying the demands that were required of them during their initiation, Maynard Dodge, Van Hardy, and John Burns were taken in.

Through the efforts of Don Humphries and Harry Morley, the very necessary repairs have been made in the front porch and a new paint job has been added.

PI SIGMA NU

Grace Stevens, junior from Highland Park, has accepted a Pi Sigma Nu bid. She recently became a pledge of the sorority.

The Pi Sigma formal homecoming banquet is being given by the sorority's patronesses at Mrs. Reid Brazell's home. It will be served at 6:30 Saturday evening.

DELTA GAMMA TAU

Last week Bob Rodger and Bud Kohler accepted bids to join Delta Gamma Tau. After three weeks of pledgship they will be formally initiated into the fraternity.

Jerry Duvendeck, chairman of the Homecoming committee, is being assisted by Wayne Dorsett, Bill Lemon, Jim Townse; Sil Fortino, Murray Hanna, and Paul Guider.

PHI PHI ALPHA

Phi Phi Alpha formally announce that at a recent meeting of the fraternity a great decision was reached. Phi Phi Alpha put in its order for a Venetian blind.

As Bert Waters, treasurer, calmly called to place the order, he was assured that all priority ratings would be slashed in an effort to secure this newest improvement for the Phi house. In one month it will be formally displayed at a grand open house, when unveiling ceremonies will take place.

This addition to the Phi house will be the final touch in the redecoration of the most popular room in the house—the maroon and cream room.

COLLEGES WILL BE COOLER THIS FALL

Students in Eastern and Mid-western colleges are not going to have as warm rooms as in the piping times of peace, but they need not freeze.

Reason: The East normally consumes 1,500,000 barrels of oil a day. Submarines and the need for tankers in our overseas supply service have cut the supply by water to almost nothing. Overland facilities are taxed and the Midwest must share its tank cars and other facilities. As a consequence, use of all fuel in those regions must be kept at a minimum.

Tip: In buying new clothes, get them warm!

China in her war with Japan has lost, in killed and wounded, about as many soldiers as the total population of Texas.

INTERESTING FROSH

Jo Anne Hardy, vice-president of the freshman class, comes from Traverse City. She was graduated from Traverse City High school, holding offices on the Student Council and the judging council.

Her hobbies are photography, tennis, swimming, and knitting. She is going to major in languages. Her favorite music is brought to her by Kay Kyser. My Devotion places tops with her. By the way she is P. W. S. F. (pretty well spoken for).

She stands 5 ft. 7 in., has blue eyes, beautiful blonde hair, and a way that makes one like her immediately upon meeting her.

Fred Phillippi, president of the freshman class, comes to us by way of Denby High School in Detroit.

Sports is a big interest of his, and he is very much wound up in baseball and basketball. His hobbies are women. He means that collectively. His major is to be chemist.

His favorite band is Jimmy Dorsey. His favorite piece, the Alma Mater, is followed by Serenade in Blue.

Note to girls . . .
He is five feet, 9 inches tall, has brown eyes and brown hair. He's waiting.

Scots Blank Grand Rapids J. C. 28-0

NEITHER TEAM SHOWS EXCEPTIONAL POWER BUT ALMA IS VICTOR

The Alma Scots have crossed another hurdle in this year's schedule by taking a tough Grand Rapids Junior College team by the score of 28 to 0. In reality it was rather a dull, unimpressive game with neither team showing much in the way of spectacular power.

Grand Rapids opened the game by kicking off to Alma's ten where Wares took the ball and brought it back to the 30-yard line. On the first play Pink went for no gain, but then Wares took the ball for 15 yards and a first down. It looked like a march was on, as Walters picked up another first down on 11 yard plunge and Wares followed with five more yards. But here J. C. tightened and Alma lost the ball on downs on the 35-yard line.

J. C. tried two plays with neither making any yardage. Blackburn tried a quick kick but Edgerton and Hartt came through and blocked it and Andy recovered for Alma on J. C.'s 30 yard line. Although this could have been a big break for the Scots, they couldn't get going. A lack of blocking caused three plays to fail. Pink then got off a good 35 yard punt to the J. C. 10 yard line where Schad brought it back for five yards.

On the first play Blackburn, Grand Rapids' most consistent ground gainer of the day, went around end for a 30 yard gain before he was stopped. Holeverda picked up five more. Then Blackburn carried for another first down. It was Blackburn again for nine yards, but Hanna nailed him for a loss on the next play. Here Alma put on the pressure. Swanson stopped Holeverda for a loss and two passes were knocked down. Alma took over the ball.

The Scots' backfield then began to click with Wares, Pink, and Walters carrying the ball down to the J. C. 20 as the first quarter ended.

14	Dennis Youngblood	17	46	180	6'	Rochester
	Wayne Dorsett	19	45	160	5' 10"	Detroit

As the second quarter began, Emling carried and picked up two yards. Then a pass from Pink to Hanna was incomplete. Here Wares came through and tossed a five yard pass to Tait in the flat and Darb went the remaining 15 yards for a touchdown. Pink, as usual, converted and Alma led, 7 to 0.

Pink got off an excellent placekick to Grand Rapids' goal, where Emling and Hanna hit Schad behind the goal line. The official brought the ball out to the 20. At this point the game bogged down and neither team threatened. Lack of blocking was Alma's big trouble. Pink then brought the stands to their feet when he went around end and shook off three men, making a 29 yard run and not being stopped until he hit the J. C. one yard line. It looked like a sure touchdown, but on the third play with the ball on the foot line, Alma fumbled and J. C. recovered. Grand Rapids kicked out of danger but they couldn't hold the Scots down. Alma took over on their own 45 and Emling made four

Continued on Page 4

SCOT SCRIBBLINGS

By Dorsett

Here's hoping the Scots show more power and team play next week when they meet a tough Kalamazoo team. This week at Grand Rapids it seemed the Scots just couldn't get going. They were playing hard ball and trying to give as much as they could but the day was hot and that might have bothered them. They didn't look like the same team that beat Hillsdale. Their blocking was far from good. Each man was playing fair ball but team play was what was missing and this is necessary to any winning club.

But let's not make excuses, it was an off day, and yet they had plenty left to get a decided win. There was some bright spots in play and Coach Macdonald got a good look at some of his second string men. Some of these showed much promise. Bob Ruehl came through in fine fashion and showed he can play ball when he wants to. He was good on defense and made some hard tackles. On offense he caught two important passes, one of these for a touchdown. Bruce Butler was the one player you might call the star of the day. He called signals and ran the ball over for two touchdowns and passed to Ruehl for a third. All day he played heads up ball. Two other men, a new freshman, Lee Good, from Breckenridge and Herb Dahl showed promise. Good, playing in his first game, showed he had plenty of determination and with experience should play good ball. Dahl was playing a new position but he also was fighting and was a hard man to get through.

All in all, the game probably did the boys a lot of good. It should have showed them they have to keep playing ball at all times to win. Their reputation won't help them because every team is laying for the Scots. They will have to tighten their defense when they hit Kalamazoo, for the Hornets have an offensive team. Only last week they beat Hillsdale 24 to 6. All in all it looks like a bangup Homecoming game.

Here's hoping the Scots can keep up their record. They have gone 10 consecutive games without a defeat.

JACK TAIT

Co - Rec

For all of you who want to take beginning lessons in social dancing, there will be a class every Tuesday at 4:00. It is under the direction of Miss Smith.

Each Monday and Wednesday afternoon at 4:00, there will be hockey practice. Let's hope the freshman girls can organize a team worthy to play the sophomores. Remember all the time you devote to these sports, counts on your W. A. A. credit.

The Chapel Social Hall will be open every Friday night for dancing, ping pong, and games. The W. A. A. has this year bought some new records.

The girls have decided to give one or two evenings a month to Red Cross work. At these group gatherings, projects of rolling bandages and knitting will be worked out.

COLLEGE AGENTS
WILBUR CALAHAN — BILL PINK

Congrats

This week it looks like we will have a double header in this little column. Two backfield men, Bruce Butler and Bill Pink, teamed to lead the Scots to a victory over Grand Rapids J. C. Butler finally came out of a slump he has been in and scored two touchdowns and passed to Ruehl for another. Bruce called signals and ran the team well but it was his running and passing that made him outstanding. Bill Pink was again the old reliable and consistent Pink. He has all year played outstanding ball and has added that point after touchdown in a consistent manner. Against J. C. Bill made four conversions and one the hard way by catching Butlers pass and ploughing over the line. His punting is also outstanding. These are two valuable men—here's to them—keep up the good work.

To be "right-eyed" makes reading easier, according to Dr. H. R. Crosland, associate professor of psychology at the University of Oregon.

**Chit Chat From
The Hermitage**

By HARRY MORLEY

Well another week has passed leaving me wondering where the time has gone to. I always seem to have more to do than I can find time for. Of course nobody finds himself in the same straits.

It is amazing the way the freshman convert themselves into old timers around the campus, acting and looking, except for ribbons and pots, just the same as their older sisters and brothers.

For Those Who Want to Know

American sabotage is at work again. Two thousand American citizens, employees of Chryslers in Detroit, have gone on strike over a no-smoking rule. Thousands of man-hours lost and God only knows how many lives. How long is the ignorance of the American laboring man going to keep botching up the defense program.

The Germans are threatening to

fetter with chains the English, Canadian, and American prisoners already in their hands because they say that we are abusing their soldiers who are in our hands.

For some reason not yet clear to the public or the army is the abandoning of the islands of Attu and Agattu in the Aleutians. Here's hoping the Japrats have made up their mind to leave our shores.

Speaking about taxes, and who was, the U. S. senator, has set the corporation tax rate at 40 per cent.

A hint of a very irritating underground movement is brought to the fore by the announcement from London that the Germans are executing hundreds of so called objectors.

Things I Wish I Could Forget

Telling Professor Richter, the new religion prof., to take his time in getting to chapel, as well as trying to put him wise to things around the campus; thinking that he was a new freshman and then finding out who he actually was.

Taking Miss Erickson for a transfer student. Oh well, this sort of thing keeps life at a very exciting pitch.

GRAND RAPIDS

Continued from Page 3

wards, Butler passed to Ruehl for 20 yards. Dyer made three yards. Then Butler attempted another pass and it looked like he would be trapped for a loss behind the line but he shook loose and ran with the ball. He went around end and down the sideline, going over and through four different tackles, till he hit pay dirt. This was the most spectacular run of the day. Pink again converted as the first half ended.

Early in the second half Grand Rapids threatened with Blackburn doing most of the running. They got down to Alma's two yard line. Schad went to the one-half yard line. Blackburn then fumbled and Harold Hartt, who played the best game of the linemen, recovered for the Scots. The third quarter was uneventful and neither team scored or threatened very heavily, Darb Tait making the only good run of the quarter. He picked up 25 yards on a naked reverse.

In the fourth quarter with Butler sparking the attack, the Scots came back to score two more touchdowns. After Pink got away a beautiful quick kick from his own 30 to J. C.'s one yard line, the attack began. Frederick punted out of danger to his own 40 yard line. Emling then made 10 yards, Butler passed to Pink who went to the J. C. 20. Pink carried for five yards. Emling made one more. Butler's pass to Ruehl was incomplete. But on the next play Butler again passed to Ruehl and this time it was good for a touchdown. Pink converted for the point but Alma was offside and penalized five yards. Butler then made up his own play and passed to Pink who went over for the extra point.

Lineups and Summary

GR. RAP. J. C.	ALMA
Buichman LE	Hanna
French LT	Edgerton
Davidson LG	Hicks
Hunsberger ... C	Navarre
Read RG	Hartt
Novein RT	Swanson
Peveau RE	Kohler
Holwerda Q	Tait
Blackburn ... RH	Pink
Frederick ... LH	Wares
Schad FB	Walters

Score by quarters:
Alma substitutions: Dittmar, Emling, Butler, Budge, Kegel, Gillard, Corbin, Goodrich, Ruehl, Dyer, Rodgers, Murray, Dahl, Fischer, Youngblood, Good.

ALMA	0	14	0	14	—28
J. C.	0	0	0	0	—0

Firstdowns—Alma 14, J.C. 8.
Touchdowns—Butler 2, Ruehl, Tait.

Pink again kicked off to J. C. Nelson carried it back to the 20. Royce carried and was hit hard and hurt when tackled by Ruehl. Frederick's pass was intercepted by Butler on the J. C. 40. Corbin carried for four yards. Butler

went for three yards. These two carried the ball in plunges to the 15 yard line but Alma was penalized 15 yards for holding. Butler went 25 yards to the five yard line. Pink picked up two yards. Butler then carried the necessary three yards for the last touchdown. Pink again converted. This ended the scoring and all of the action for the day as the gun sounded soon after.
