

HERE AND THERE

Loom Purchased

A new style loom, which has just been put on the market, has been purchased by Alma College and is now in use by students of the art department. At present Barney Roepcke is making some table coverings.

New Courses

New courses for the year 1939-40, which are not listed in the college catalogue, will be announced in a special bulletin soon, according to President John W. Dunning.

Represent Alma

Profs. Roy Hamilton and R. W. Clack represent Alma College Friday at the divisional meeting of the North Central Association in the Michigan Union building, Ann Arbor.

Bible Talk

Dr. Charles D. Brokenshire will give a talk on the Bible at 7:30 Sunday evening in the library. He will demonstrate his talk with several Bibles from the college's valuable collection.

Make Marionettes

Students of Miss Katherine Ardis' art education class are making marionettes which will be used in various shows for the public school children of Alma. A dress rehearsal will probably be held Friday afternoon in the art room.

Librarian Meetings

Miss Annette P. Ward, librarian, today is attending round table meetings of the Michigan Library Association at Mt. Pleasant.

Michigan Regional Group of Catalogers will meet from 12 to 5 Friday afternoon at Alma College, according to Miss Ward. Luncheon will be served in the recreation room of Wright Hall.

Senior Girls' Tea

The American Association of University Women will sponsor a tea for all senior girls Thursday afternoon in the Dickie Room, Wright Hall.

Reading Class

Final exams in Mr. Carney Smith's interpretative reading class will consist of a 30-minute memorized program of poetry by each student. The selections are chosen by the students themselves, and represent a wide range of topics such as Bob Munger's recitation of 'Casey at the Bat' and Jeanette English's 'How to Handle Modern Salesmen.'

German Club

Another hike will be made by the German club on Saturday. The group will start at 2 p.m. from the front of Wright Hall.

Smith to Speak

Carney C. Smith is scheduled to make two speeches in the near future. He will give a commencement address to the graduating class, Hesperia high school, on May 26. He is also the principal speaker May 26 at the recognition banquet for members of the Western State Teachers College chapter of Tau Kappa Alpha, national honorary forensic society.

Child Development

Child Development, which will appear in the catalogue as Education 35, will be included in the program of the Education department next year, according to Prof. Silas O. Rorem, head of the department.

Geology Trip

Dr. Paul Rice and 22 students of his geology class visited geology department exhibits and the Museum of Paleontology at the University of Michigan last Friday. (Continued on page 2)

STUDENT ELECTION THURSDAY

COL. KNOX OPENS EXPANSION DRIVE

To Start Construction on Three Faculty Homes Immediately.

The opening gun for Alma College's expansion campaign was fired by Col. Frank Knox, chairman of the financial committee and editor of The Chicago Daily News, last Wednesday at a luncheon meeting of 37 churchmen and business friends of the college from every section of the state at the Detroit Athletic club.

Following the luncheon, a meeting of the board of trustees was held, at which it was voted to start construction immediately on three faculty homes.

Lauds Small College

In opening the meeting and the campaign, Col. Knox said:

"I am taking a very active and aggressive part in the campaign for Alma College not only because it is my Alma Mater, but more especially because I believe that the small, denominational college of which Alma is a type has a critically important part to play in our educational system.

"There was never graver need than right now for straight thinking and clean living, and it is my conviction that both straight thinking and clean living are more easily inculcated in young men and young women in a small college like Alma than would be possible in any great university.

600 Students, Aim

"Until we get back to some of the finer and more spiritual elements which go to make up what we call good citizenship, we are not going to enjoy the prosperity and happiness and contentment which once characterized us as a (Continued on page four)

'TAG' ARNOLD NEW IRC HEAD

Elected at Annual Banquet Thursday; Vic Serves Foreign Dinner.

Margaret Arnold, editor of The Almanian, was elected president of the International Relations club for next year at the annual banquet of that group Thursday evening in the recreation room of Wright Hall. The other officer chosen was Anita Byron as secretary.

A foreign dinner was served to about 30 members and guests. The latter group included Miss Florence Steward, the club's sponsor; Miss Margaret Foley, Prof. and Mrs. Theodore Schreiber, and Prof. Lyder Unstad, Richard Neville, retiring president who took over those duties when Douglas Clack went to Kalamazoo for municipal study, was toastmaster and closed the meeting with short thanks and good wishes for the future.

The menu included foods from all corners of the earth prepared by Chef Vic. A surprise addition to the meal was tasty pastries donated by Mrs. Unstad. The diners spent much time in attempting to name the foods they were eating, but finally gave it up for the more pleasant task of enjoying the food.

Prexy Asks Clean Election

BY PRESIDENT DUNNING—One of the slogans of our school is: "Alma—A Laboratory For Living." It is the hope of the college administration, more and more to make Alma a laboratory for democracy—in which everybody—students, faculty and administrative officers—shall have a real and living part.

The coming of our elections emphasizes both the privileges and the responsibilities of our citizenship in the Alma College Democracy.

Among our responsibilities is that we shall make our elections clean and sportsmanlike, and above personal or partisan interests. One of our poets laments that the glory departed from Rome "When all were for the party and

none were for the state."

Rutherford B. Hayes, in his inaugural address as President of the United States in 1877, echoed that idea, "He serves his party best who serves his country best."

It is my hope that in the coming college elections everything will bring forth good-will, good sportsmanship and THE GOOD of the college.

This will be an example to the politicians of the nation who so often descend to low levels of personal bickering and partisan selfishness. In this "laboratory for living," let us educate ourselves among other things to the highest motives and practices in our politics. How else shall we be able to make a better contribution to a better political life in our world?

FIVE CAMPUS POSITIONS OPEN

Students Urged to Consider Welfare of College in Choices.

Alma students will go to the polls on Thursday, May 25, for the annual election of officers to campus positions and to the Student Council.

Campus offices to be filled are: Editor and Business Manager of the Almanian, President of the Athletic Board, Manager of Oratory and Debate, and MIAA Representative. Balloting for these offices will take place from 8-12 a.m. on the second floor of the Administration Building.

Class elections for Student Council Representatives will be held from 11:30 to 12:30 in the following rooms: freshmen, room 8; sophomores, room 11; and juniors, room 12.

The Student Council consists of 14 members chosen as follows: five juniors, four sophomores, three freshmen, and two incoming freshmen, who will be elected in the fall.

The nominations are: Juniors, Clifford Carter, Donald Carpenter, Hugh Cook, Webster Cutler, Elaine Doubles, Jean Mitchell, Edwardene Reavie, Florence Telgenhof; freshmen: George De Hority, Clarence Hoogerland, Bruce Lindley, Bruce Mellinger, Russell Sterling, Ann Wacker. The sophomores had not made their nominations by the time that the Almanian went to press.

Class officers for next year will be elected also. The junior nominations are: President, Homer Le Claire, Barney Roepcke, Morley Webb; vice-president, Gene Lewis, Eileen Sullivan; secretary, Marjorie Sutton, Jean Williams; treasurer, Robert Gould, John Tomes. The freshman nominations are: president, Ralph Brown, Fred Hartt; vice-president, Phyllis Koepfgen, Dorothy Ziegler; secretary, Eileen Carrier, Anna Jean Sherman; Treasurer, Victor Fox, Robert Kirby.

Absentee Ballots—Students who expect to be absent on election day may obtain absentee ballots for both elections from Charles Skinner, president of the Student Council, not later than 9 p.m., Wednesday.

On the ballots will appear the names of candidates which have been submitted to the Student (Continued on page 6)

PHILOS OBTAIN TERRY ALLEN FOR SPRING FORMAL

The music of Terry Allen and his Alma orchestra will set the tempo for the Philomathean sorority formal Saturday evening at the Midland Country Club, according to Marjorie Holmes, general chairman.

Dinner, which will be served at 6:30, will consist of fruit cocktail, mashed potatoes, roast veal, fresh peas, salad, and strawberry sundaes.

Shirley Saad, chairman of the chaperone committee, announces that group will include Mr. and Mrs. W. E. Kaufmann, Miss Margaret Foley, and Miss Katherine Ardis.

Other sorority members assisting Miss Holmes are Ruth Lyons, orchestra; Betty Reed, menu; Jeanette English, finances; Florence Brown, programs; and Beverly Reigleman, decorations.

LIBRARY GIVEN VALUABLE BOOK

Small Religious Volume Published in Seventeenth Century.

The Alma College library recently received an unusual gift, a tiny volume four and three-quarters by two and a half inches in size, leather bound, the binding much worn, and two of the leaves partly missing. It seems to have been published in the 17th century by the Presbyterian church of England.

Alma received the book as a gift from William R. Longstreet of Saginaw through the Rev. H. W. Fischer.

The book contains four title pages, but only two paginations. These four pages and the dates on each one follow: (1) The Confession of Faith, 1650; (2) The Larger Catechism, 1649; (3) The Shorter Catechism, 1649; (4) A Directory of the Public Worship of God, 1650. The first three parts are continuously paginated, numbering 190. The last section is separately paged and contains 82 pages.

This book was printed by one Evan Tyler, "printer to Kings Most Excellent Majesty," in Edinburgh, Scotland. Dr. Charles D. Brokenshire, head of the Religious Education department, thinks that the first edition must have been published in London, and that this is a second edition.

Miss Annette P. Ward, head librarian, has requested Library of Congress cards for cataloging this valuable volume. If that organization has a copy of the book, it may be possible to discover this book's edition.

CALENDER

- Wednesday, May 24—Students Council chapel. Forensic banquet, 7 p.m., recreation room, Wright Hall. Tentative chemistry trip to Midland.
- Thursday, May 25—Annual campus elections. Senior girls' tea in Dickie Room.
- Friday, May 26—French play, 8:15 p.m., in chapel.
- Saturday, May 27—German club hike, 2 p.m. Philomathean formal, Midland Country Club.
- Sunday, May 28—Bible talk, 7:30, in library, by Dr. Brokenshire.
- Monday, May 29—Chapel—Dr. John Gardner, pastor of the First Presbyterian church of Midland.
- Tuesday, May 30—Memorial Day vacation.

SCOTCH SUPREME ON CAMPUS DAY

Queen Jeannette and Court Reign Over Variety of Events.

As Canada thundered its salute to the arrival of the British king and queen, skirling bagpipes marked the coming of another Queen of Scots to Alma College for the annual Campus Day activities Wednesday, where Jeannette Davidson, '39, Sandusky, reigned over the events of the day including varsity and freshman track meets with Central State Teachers College, the classic freshman-sophomore tug-of-war across Pine river, a tennis meet with Hillsdale, inter-fraternity and inter-sorority softball games, picnic lunch in the grove, and the Queen's Ball in the evening in Memorial gymnasium.

The procession of the queen and her court moved through the President's House through the grove to her throne. With his sporranswinging to the "Skye Boat Song," the coronation parade was headed by Jack Bryce, native Scot and Alma's official bagpiper. Prof. Hamilton in academic dress was followed by Queen Jeannette and her court, Kay Pesek and Hester Moon carrying the Queen's train, Gene Lewis and Jean Williams, Mavis Harrison and Vera Pitcher, Virginia Mack and Vera Bernecker.

GRIDDERS MAY WIN THREE GAMES!

Alma College's football team may win two or three games next fall!

You are startled by this statement? You hastily challenge me by showing that on paper we should have the strongest team in the conference. You will remind me that our freshman team had no trouble in defeating every team in the MIAA. You will explain that the Scotties defeated the Western State yearlings worse than did either the University of Detroit or Michigan State. Someone will mention that in "Duck" Smith we have one of the best halfbacks in the MIAA, if not the best.

But again I repeat, Alma College's football team may win two or three games next fall!

How can I make such a statement in view of the above facts? It is simple that eleven men, or even sixty, cannot bring victories to Alma. If the Scots are to come out on top this fall, it will take the support of every single student in Alma College.

Alma teams are terrible, but more because of the lack of school spirit than because of the lack of material. The student body is defeated before the season starts, and yet it expects the team to go in and win. We tell them that they haven't a chance and they soon believe it.

A team which is convinced that it can't be beat has already won half of its battle. I know of one high school in which has become outstanding because of just one thing—Michigan which has become outstanding because of just one thing—they play to win. And by they, I mean the entire student body and faculty. The results: State championship football and basketball teams about every third year, holders of their conference and city titles every year in the same sports, the greatest debating record in the state. Why? They are sure that they can't be beat!

I challenge not only myself, but every person connected with Alma College to prove that I am a liar when I make the following statement:

Alma College's football team will not win over two or three games next fall.

—HAROLD DRAPER.

WORLD IN REVIEW

By George DeHority

King George VI and his Scottish Queen arrived in Canada last Tuesday, two days behind schedule, on their historic visit to Canada and the United States. The reception officials were hampered by the necessity of telescoping parts of the Canadian tour to make up for a two-day delay forced on their travel ship, the Empress of Australia, by fog and ice. Arrangements for their majesties to spend June 8-11, inclusive, in the United States stood unaltered.

The administration sustained two major defeats Wednesday when the Senate killed the \$200,000,000 Florida ship canal project by the decisive vote of 45 to 36 and a senate committee voted a prohibition of navy purchases of foreign (Argentine) beef.

All day Thursday 175,000 Jews marched through the streets of Jerusalem and on Friday resorted to a passive resistance campaign of non-cooperation and economic pressure in an attempt to thwart British plans to set up an Arab state in the Holy Land with Jews in a minority.

Prime Minister Neville Chamberlain offered Friday to lay down a definite long range policy for European peace if Germany would renounce in a convincing way the "intention of aggression or the further use of force" in her relations with other countries. Speaking in foreign affairs debate in the House of Commons, Chamberlain said, however, that Britain was "not prepared to buy peace with concessions which would only lead to further demands."

The dreams of airplane enthusiasts came true Saturday when the 41½ ton Yankee Clipper rose from a Long Island bay and pointed its nose eastward to inaugurate airliner service, between Europe and America. In its broad, high hull were 17 men, the first to cross the North Atlantic in an airplane operating by time table. So, on the twelfth anniversary of Charles A. Lindberg's memorable flight to Paris, began a service which men have talked about since the North Atlantic first was spanned by air in 1919 and actually have planned for a full decade.

Safety Pin Is Great Invention

Took Thousands of Years to Develop; Now Indispensable.

Just a thin piece of metal, bent double, and snapped together, yet it is one of the greatest inventions ever conceived. Its job is small—simply to hold things together—but it has won a place for itself in every home, office, and factory in the world.

You ask "What is this thing that is so important? I don't know of anything that plays such a large part in my life." Yet you have made use of it all your life to date, and will probably continue to do so.

No Strings

Yes, my friends, it is the simple safety pin! Simple to be sure, but it required thousands of years to develop it to its present stage. In dispensable! But to be sure, for who hasn't at some time or other been saved by the safety pin?

The baby—of course he will endorse it, in spite of recent inventions in the form of diapers with strings. And what about adults? I would venture to say that everyone has found a time when he thanked his lucky stars that such a simple thing as a safety pin existed to save the day for him.

The safety pin is not something new that the Industrial Revolution brought about. It has been in existence for thousands of years. The Greeks had a word for it! In fact, evidence shows that the father of today's safety pin made his appearance back in the Bronze Age when the brooch came into existence. The earliest type was found in Italy and is believed to date back to 1400 B. C. Later the Greeks used these brooches to hold their flowing clothes together.

'Safe and Secure'

But it was not until 1875 that the so-called safety pin actually became 'safe and secure.' Previous to this time, several attempts were made to produce a pin that would really be safe, but they mostly resulted in complicated devices that would have taken a mechanic from Mars to operate. But in 1875, A. V. Sargent of Newark, New Jersey, decided that simplicity was the keynote of success and put a small cap on the head of his pin.

Of course, his pin was not the safety pin as we know it today, but it was a major step in the right direction and led the way for the improvements which have given the world this simple, but invaluable device.

May I repeat? Just a thin piece of metal, bent double, and snapped together, the modern safety pin, yet it is one of the greatest inventions ever conceived.

Who's Who

Betty Thomas is: Tennis player no. 1. Most versatile girl on Alma campus. WAA President. Member of the choir. Treasurer of Alpha Theta. Participator in MIAA sports. Still finds time to be a loyal Tiger fan. This blonde lass likes: all food, red colors, ping pong, "Tiger Rag," and driving cars. Mates: Housework. Aims: To be a good athlete. Favorite sport: tennis.

Tinker Kirby is: Outstanding freshman athlete on campus. Could boast of a 2.4 average, too. Doesn't have a favorite sport, just likes them all. Is partial to the color red. As for food, not particular, as long as there's lots of it. Aspires to become a coach. Likes: boats, music, and traveling. Pet aversion: women!

Bill Moody is: Fresh track star. Trainer for baseball, football, and basketball. Phi Phi Alpha. Noted for the half-mile. Likes: blue colors, swimming, and grilled steak. Pet aversion: washing dishes. Likes fast music, but prefers the soft strains of Wayne King. Aims to be a boy scout executive.

Bruce Mellinger is: Debater on the first squad and preaches at the Emerson Presbyterian Church. Is a 2.73 student, and a ping pong fan. Likes: peach pie, blue, public speaking, and his favorite orchestra is Tommy Dorsey. He is a member of the Phi Phi Alpha. Pet aversion: Gossips.

JEST FOR FUN

Alma's band had better look to its laurels. It seems that a new two-man band composed of Fred Crockett and Don Tobey was doing a little tootin' last Wednesday night.

Robert Benchley, radio humorist and Hollywood actor, once brought the dean of the University of China to a Harvard reunion. There he made a great impression by acting as interpreter. The 'Dean' turned out to be Benchley's laundryman.

Some people regret that they have poor memories. But, according to Bud Howe of Boy Scout fame, it is much more difficult to forget!

Life is one full thing after another, but love is two fools after one another.

According to Buck Yoh, the trouble with blondes is that so many have 'bleaches and cream complexions.'
Oh well, let's leave him to stew in his prejudices!

Witty Lard Draper was calling on his girl friend one evening, and the time just seemed to speed along until it was one o'clock. At this time, the young lady's father came to the head of stairs and called:

"Young man, isn't your self-starter working tonight?"
Our young hero, with an ever-ready retort on his lips, came back with: "No, but it doesn't matter as long as there's a crank in the house."

And what Almanian was it that said, "Be good and you will be happy—but you may be lonesome"?

What member of the debate squad, after passing a lovely blonde on the street in Dayton, Ohio, said: "Boy, is she a sexation?"
And what other member of the group, in his usual heckling manner, said: "Yea, but did you notice the snubbed look she gave you?"

Wonder if Chuck Weiss has bought his Kentucky hill-billy girl friend a pair of shoes yet?

Women's styles may be changing, but their designs remain the same. (Subtle, eh?)

Wright Hall girls are all planning to become animal trainers. Reason? It seems someone told them that any girl can handle the beast in a man if she's cagey enough.

Debater George DeHority, after his affections had been alienated three straight times, was heard to remark:
"Maybe I am rejected, but by gosh I am respected! Or am I?"

Wonder why Sheldon Hastings and Faythe Ingersoll were looking at stoves and various articles of furniture last Saturday night? It's getting to be a habit according to the best sources.

Why does George DeHority act so embarrassed when questioned concerning a diamond a certain girl in Kalamazoo received from someone (?) named George?

This columnist would like to know why Edwardene (Eddie) Reavie gets into such a fighting mood whenever someone sings out, "Room 201? Escort Service calling."

SEASON IS ONE OF REVIVALS IN FEMININE ATTIRE

By Dorothy Ziegler

Regardless of how old or sophisticated you may feel this spring and summer you'll have to suppress your desire, for the trend in feminine attire is becoming more youthful every day. There is a very evident trace of grandmother's era this season, for the shirt waist is the thing. Even formals are being shown with both tailored and frilly shirt waists.

Another revival is black and white checked taffeta, which is being made into old fashioned dresses with a fitted top and wide circular skirt. If you should happen to see some fair damsel in a red and white checked cotton dress, please don't think she's resorted to her mother's tablecloth because she's being up to the minute in what's what for the well dressed girl.

The gypsy theme appears to be here to stay. Dresses with long full sleeves, full skirts, and three contrasting colors are very smart. Roman stripes continue to be popular. Remember not to tell a young lady her slip is showing these days for it might be intentional, because petticoat dresses are a current fad.

The color scheme still favors fuchsia in clothes, make-up, and nail polish. Vogue predicts that yellow will be a popular summer shade. In the line of shoes the ever popular spectator pumps continue to reign. This year blue and black are being combined with white as well at brown. For comfort, though, huaraches are vying with the traditional saddle shoes for top honors.

Dangerous Courting

Fellows! It could be worse! Although courting a woman is a dangerous game for us men, the little male of the Black Widow has a more fearsome task. When seeking a female, he cautiously approaches and strokes the female with his forelegs. If she is not ready for his advances, death is the result.

India's royal rajahs eat gold leaf on their ice cream and on their stewed fruit.

USEFUL QUOTES

"Nothing is cheap which is superfluous, for what one does not need is dear at a penny."—Plutarch.

"Experience is not what happens to a man. It is what he does with what happens to him."—Anon.

"We first make our habits and then our habits make us."—Anon.

"Love is the business of the idle, but the idleness of the busy."—Bulwer—Lytton.

"If you do not know how to lie, cheat, and steal, turn your attention to politics and learn."—H. W. Shaw.

Chemistry

Dr. Wilford E. Kaufmann announces a tentative trip to the Dow Chemical Company of Midland Wednesday for all chemistry students.

Advanced physical chemistry, which is being given for the first time at Alma this year by Dr. Ralph L. E. Seifert under the catalogue listing of Chemistry 45-46, will be required for a chemistry major in the future, Dr. Kaufmann announces.

Humiston to Oberlin

Chuck Humiston has just been awarded an assistantship in chemistry at Oberlin College, consisting of \$750, tuition, and fees, which will be effective next fall. Oberlin is the Alma Mater of Dr. Kaufmann.

Philo Picnic

Patronesses of the Philomathean sorority will entertain the members with a picnic at 5:30 Tuesday afternoon, May 23, at the Lumberjack Camp.

An expert ice hockey player can skate from one end of the rink to the other in the unbelievably short time of five seconds.

LIBRARY POSTS NEW BOOK LIST

Unusual Reference Volume on The Scriptures Purchased.

A list of new books, including both Bonbright and department and reference volumes, has been posted on the bulletin board of the library.

Some of the more outstanding of these books, not yet ready for circulation as they are in the process of being catalogued, are: (1) Macmillan Encyclopedia of Music and Musicians; (2) Oxford History of Music, four volumes; (3) The Art of the Book and Its Illustrations, Jan Poortenaar; (4) Social Work Year Book for 1939; and (5) Going to the New York Fair, being a preview with illustrations of things to look for at the fair and in New York City.

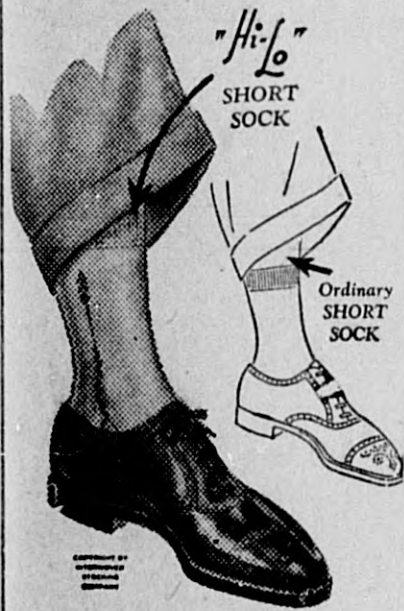

Miss Annette P. Ward also announces an unusual reference book just purchased by the library, The Book of A Thousand Tongues by Eric M. North, general secretary of the American Bible Society. This volume is "some account of the translation and publication of all or part of The Holy Scriptures into more than 1,000 languages and dialects with over 1,100 examples from the text."

All of the old volumes in the library's fire-proof section will be listed by NYA workers in the near future, Miss Ward also announced.

Two kinds of wood are used in making a match; she would and he would. (They wood.)

Frosh Lose Tug-of-War, But Sophs Get the Rub--In the Mud

By Austin Brenneman
Spurred on by blood-curdling screams from the Wright Hall gals and the hundreds of townspeople lining the banks, the lofty and tough sophomores, aided by a tree anchor, Charley Skinner's umpiring, a high bank, and Sheriff George Purdy, strained and pulled their utmost and in five seconds had the fresh frosh freezing in the waist-deep mud of the muddy Pine. After the next half hour there were 14 sophomores wallowing in the mud with 20 freshmen standing guard over them. All serious injuries were prevented by the alert eye of Sheriff George Purdy who plucked 14 black jacks from the frosh's pockets and gave them to the sophs to use.

Gentle Leaders
Cappie Cappaert, whom spectators say didn't even wait to pull the rope, was the first man to dive into the freezing Pine and charge the soph line and he went down in the muck dragging six men with him. Lee Clack, leader of the frosh, and Tom Purdy, leader of the sophs, made a bee line for each other but this scrap was very gentle as the boys knew they would have to pose after the battle royal for The Saginaw News camera man near-by.

A double coronation featured this Campus Day, that of Miss Davidson on the hill as "Queen of Scots" and that of Mark Todd, who was crowned and crowned hard by Stub Reese and Slug Dickinson. Anchor man Clare Albee, who was buried at the end of the freshmen line was uprooted so fast that he travelled in a large semi-circle and was able to attack the sophs from the rear.

Many 'Slugs'
Strapping Lou Friedrichs at one time or another was sat on in the mud by every freshman. Slug Fenner, Slug Harmon, Slug Leestma, Slug Baklarz, Slug Loveland and Slug Brown were in there slugging, as Hugh Garrison, Jerry Lappin, Chuck McLain and Caroll Jones gave mud inch by inch while Bud Wilson and Andy Horne had a private wallow close by.

Consequently Skinner's "That's all fellers!" was welcomed and a few left for the college and the rest for Carney-Smith Memorial hospital.

AWARDS TO BE GIVEN AT FORENSIC BANQUET

Awards for debate, extempore speaking, and oratory will be given at a forensic banquet at seven Wednesday evening in the recreation room of Wright Hall, according to Coach Carney C. Smith. This will climax the greatest forensic year in Alma College's history during which time the debate squad participated in 127 intercollegiate contests. The 1938-39 season also marked the advent of women's debating as a regular form of intercollegiate competition for Alma College.

The reason Cab Calloway's wife can't water the lawn is because Cab Hi-De-Hoes.

Sociology Students Visit Ionia Monday

Dean Florence Steward took her sociology students to Ionia Monday to inspect the conditions and methods in the Michigan State Hospital for the Criminally Insane. Dr. Robertson, noted psychiatrist, spoke to the group, presenting the case histories and then the patients themselves for study and analysis. Following this, the students made a tour of inspection of the hospital, returning to Alma in the evening.

ALMA GIRLS LOW IN M. I. A. A. TENNIS

Alma College girls were well represented last Friday and Saturday in Albion. There were five schools entered: Alma, Kalamazoo, Olivet, Albion, and Hope. Each school had three singles players and two doubles teams. One score was counted for each match won. Betty Thomas won two matches and scored the only points for Alma. Thomas first match was from Jo Shane of Kalamazoo, 6-4, 1-6, 8-6. The second was from Willa Winter of Albion, 6-4, 7-5. The third match Thomas lost to Margaret McKee of Albion, 3-6, 4-6.

Lahaie played McKee the first round and lost 4-6, 1-6. Connie Hamilton was defeated by Wismeier of Hope 1-6, 2-6. Alma's Hunkley-Fredericks doubles team had a bye the first round and then was defeated by Hope's number two team, 6-3, 2-6, 1-6. The Doherty-Brunner team played Olivet's first team and lost 1-6, 6-8.

SCOT GOLFERS WIN TWO MORE

Alma's golf team, consisting of Dick and Bill Ginther, Phil Becker, and Gordon Netzorg, played smooth, consistent golf last week to win over Flint Junior College and Ypsilanti State Normal.

In an interesting match Friday, Alma and Flint battled it out to an 18-hole tie. The playoff, hole medal play was taken by the Scots who marked three fours and a five as against Flint's three fives and a four, thus giving Alma a 10-9 win. Saturday morning in a nearly even contested match, Alma won from Ypsilanti by a 10-8 score.

In the MIAA, Alma is at present in third place with two wins, a loss, and a tie. Albion leads with three wins and a loss, while Kalamazoo is second with three wins and a loss. A win from Hillsdale, whom the Scots play there today, should place Alma in a tie for second place.

RACQUETEERS TAKE ALBION SQUAD, 7-0

Adding to their already long list of triumphs, the Alma Scot tennis squad, coached by Art Smith, and composed of Tom and George Purdy, Bob Garthwaite, Joe Goodell, and Don Smith, took the tennis match 4-3, from Albion in a meet last Friday on the Alma courts.

After the singles, in which Tom and Don Smith had won, and George Garthwaite and Goodell had lost, Alma was trailing 3-2 as the doubles were played off. Tom Purdy and Bob Garthwaite won from Albion's No 1 and 2 men in the first doubles match and George Purdy and Don Smith outshot the other Albion duo aided by some erratic playing by Peterson, Albion's No. 4 man.

The only nut you can eat that has no shell is a dough-nut.

DR. DUNNING A BASEBALL LOVER

His Interest Big Factor in Return of the Sport This Year.

The return of baseball to Alma College as a varsity sport this year was largely due to the interest and enthusiasm of President John Wirt Dunning, an ardent lover of the game from way back when.

His great love of the game and his desire to aid it in retaining its position as the national sport by taking a step towards the revival of intercollegiate play in the M. I. A. A., made it possible for Alma College to be represented by a team outfitted in new uniforms of the best quality.

In Semi-Pro Ball

Dr. Dunning's great interest in baseball goes back to the time when he, himself, was an enthusiastic player, holding down the backstop job for the college nine. He also played some semi-pro ball, and continued his catching activities even after taking over a pastorate. In fact, it was his friendly way of mixing with the young people and taking part in their activities that gave him his first big step towards success in the ministerial field.

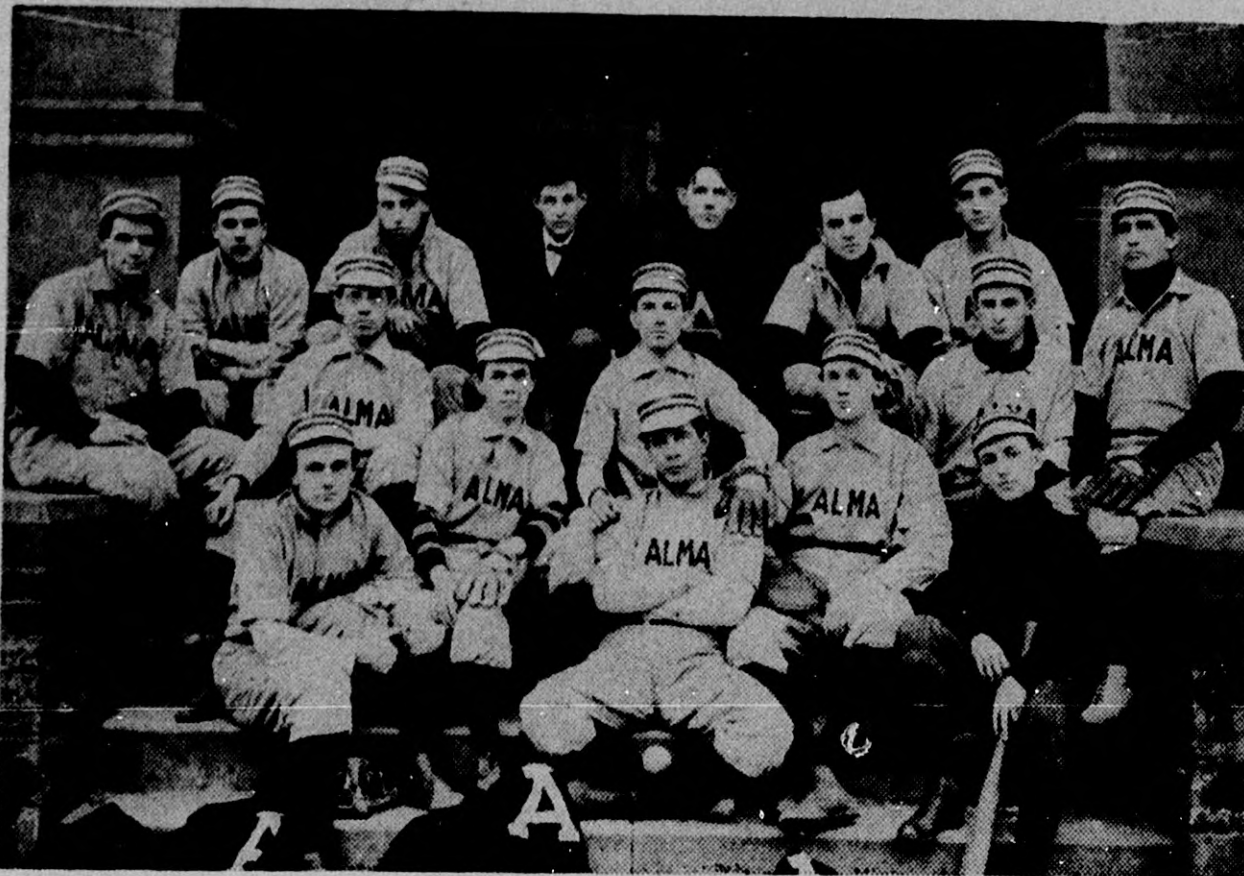

Although not a big gun with the stick, Dr. Dunning handled himself well behind the plate, usually playing an errorless game. He held that position for four years, from 1900 to 1904, being captain of the nine during the first season.

'A Peach'

His prowess as a minister-catcher is shown in a clipping from the Homer News of that day.

"Rev. Dunning, the Presbyterian preacher at Tekonsha, is also a peach as a baseball catcher. It is said that he can steam some hot ones over at a cowering sinner try-

Puzzle! Can You Spot President Dunning?

Among this group of stellar baseball stars of Alma College during the 1903 season is Catcher J. Wirt Dunning, now president of his Alma Mater. Can you spot him? This group, posing on the steps of Hood Museum, is a far-cry from this year's nine resplendent in new uniforms. In case you're in doubt, compare with the picture on page five. Note especially the difference in shoes and caps.

ing the sleep-game at the back end of the church one day, and nail a napping runner at second base the next, with an ease that surmounts all understanding."

Another article of the day, from the columns of The Detroit Journal, said:

"Rev. Dunning, the Presbyterian preacher at Tekonsha, is not only a first-class pulpit orator, but is also a first-class back-stop in a ball game, usually playing errorless ball.

Thought Scandalous

"When he first began to play ball with the local team some of the members of his congregation thought it scandalous and argued that it should be stopped. However, he continued to play good ball and deliver good sermons.

"Now there is nothing but admiration and praise for the young clergyman. His mingling with the young men of the village has resulted in a large increase of young people who attend church regularly.

"Although he is frequently compelled to hustle from the ball field in order to attend prayer meeting, he is always there with the goods and his influence in the community is doing much good.

"Verily, the Lord works in mysterious ways."

Although he also played some football while in college, all his time was not spent with various sports. In addition to being a star athlete and a stellar scholar, he was editor of The Almanian, at that time published monthly in booklet form. Governing the columns of the student publication was a board of control, chairman of which was Prof. James Mitchell.

Renew Scholarships For Landscaping

The scholarship offered by the Bloomfield Hills Branch of the Women's Farm and Garden Association to a young woman resident of Michigan who wishes to study landscape architecture at the University of Michigan has been renewed for the coming three years, Dr. Dunning was advised last week.

To be eligible to compete for this scholarship, which pays \$150 each year for three years or a total of \$450, the young woman must have had two years of regular or special college work at any university, college, or junior college.

Use Slave-Salute

"That 'Roman salute' invented by D'Annunzio, which has now become also the 'German salute,' was copied from some statue or fresco. He forgot that in ancient Rome citizens greeted each other by shaking hands—only slaves made the sign adopted by the subjects of Mussolini and Hitler." —Count Carlo Sforza.

Flattery is soft soap, and soft soap is ninety percent lye.

COL. KNOX OPENS EXPANSION DRIVE

(Continued from page 1)

nation. To promote this end the small college is most effective.

"Michigan has every reason to be proud of Alma College. I am sure the people of the state who are interested in the education of its young men and young women will rally to this campaign for Alma and carry it through to a successful conclusion."

President John Wirt Dunning then outlined the ideals of the school, after which Dr. Samuel H. Forrer, chairman of the board of trustees, outlined the needs of the college from the standpoint of the trustees, emphasizing the building and constructional needs. Dr. Forrer said that with the improvements, the trustees would aim at a limited enrollment of 600 students. He pointed out that Alma College is the only institution of any kind which is sponsored and supported by the Presbyterian Church of the Synod of Michigan, and is the only Presbyterian college within a radius of 300 miles.

General Plan

Dr. A. G. Studer, treasurer of the board of trustees, spoke on the subject, "It Can Be Done." Lyman Pierce, of Pierce and Hedrick, San Francisco firm which is managing the financial campaign, presented the general plan. During the spring and summer the needs and possibilities of the college will be put before the public with some solicitation. The general campaign of solicitation will begin October 1, and will carry over into 1940 as a part of a five-year program.

Offices for the financial campaign are on the mezzanine floor of the Wolverine Hotel, Detroit, with James I. Muffley of Pierce and Hedrick in charge.

Alpha Theta Dance Attended by Eighty

Forty couples attended the Alpha Theta spring formal Saturday evening at the Midland Country Club where the music of Casa Royale and his Bay City orchestra held sway.

Dinner, which was served at 6:30, included fruit cocktail, baked ham, potatoes, asparagus, combination salad, sherbet and cake. Dean Florence Steward, Prof. James Mitchell, and Prof. and Mrs. H. W. Spencer chaperoned the party.

Alumni returning for the affair were Mr. and Mrs. Gordon Mann of Saginaw and guests; Mr. and Mrs. George Cole, Rhea Wark, Harbor Beach; Aletha Hapner, Frasier; Marian Perkins, Detroit and Charlotte; and Helen Temple, Flint.

Free speech is no excuse for talking too much.

Thanks!!

The editor wishes to take this opportunity of thanking the members of the freshman class for electing him as their representative in publishing this special edition. He would also like to express his appreciation of the fine way in which the staff members aided in this work. Also deserving of special mention is the excellent co-operation given the staff by the faculty and by the advertisers.

V-MEN, FROSH LOSE TO CSTC

High Scoring Honors Again Taken by Bearcat Ken Loop.

BY AUSTIN BRENNEMAN— Although Big Angus MacGarvah of the Alma Scots threw the discus, the javelin and the shot farther than any of his opponents, and although Dudley Tabor, also of Alma, captured both dashes, the Central State thinclads repeated their track victories over the varsity and frosh last week at the annual Campus Day track meet on the cinders at Davis Field by the score, 73 1/8-52 2/3. The Scotties fell before the CSTC frosh 90-41.

Highest scoring honors went to Ken Loop of Central State, who won the high and broad jumps and was second in the 100-yard dash and shot put. Loop was also high scorer of the Alma-CSTC meet earlier in the year. Elzinga, highly-touted Bearcat, tied for first in the pole-vault at 11 feet, got a second in the high hurdles, and a third in the discus. Jack Benford, a usual winner, was out with a sprained ankle.

In the distance runs, the freshmen placing in these events all broke the tape before the varsity distance men. Scottie Bob Dickinson was clocked in the two-mile in 10:41.3, and Central's Casimir Rakowski turned in a 4:36 mile, both near-record times. Tinker Kirby, of Alma, freshman, tossed the javelin 151 feet, farther than did MacGarvah of the varsity. Jack King and Bill Moody captured seconds in the mile and half mile respectively and Austin Brennehan two thirds in the mile and two mile, for the Alma freshmen.

Trailing Tabor in both the dashes, Don Smith also copped a second in the low hurdles and won the 120 yard high hurdles for Alma in 16.6.

Mile—Peterson (C); Juhola (A); Carr (A). Time 5:07.7.
44-yard dash—Curtis (C); Borden (C); Carr (A). Time 54.5 seconds.
100-yard dash—Tabor (A); Loop (C); Smith (A). Time 10.2 seconds.
880-yard run—Diamond (C); Buchanan (C); Norris (C). Times 2:08.3.
120-high hurdles—Smith (A); Elzinga (C); Callings (C). Time 16.6 seconds.
Shot Put—MacGarvah (A); Loop (C); McMahon (C). Distance 40 feet, 3/4 inches.
220-yard dash—Tabor (A); Smith (A);

Baseball Makes Return to Alma College

Under the active leadership of Charles Skinner, Phelps, New York senior, Alma College returned this spring to the ranks of intercollegiate baseball in Michigan. Other members of the squad are: Top row, left to right: D. McKeith, H. Adams, R. Krall, W. Ramsey, W. Hartt, G. Collins. Middle row: Coach Max Davis, Skinner, J. Emms, B. Wilson, F. Hill, C. McLean, V. Fox, F. Cappaert. Bottom row: T. Hackenberg, C. Humiston, A. Johnson, G. Tice, T. Plowman, W. LePaugh.

Keharer (C). Time 23.7 seconds.
Two-mile—Peterson (C); Cole (C); Lindley (A). Time 12:03.8.
120-yard low hurdles—Smith (C); Smith (A); Godleski (A). Time 14.1 seconds.
High jump—Loop (C); Elder (A); and McMahon (C). Distance 22 feet 1 inch.
Javelin—MacGarvah (A); Diamond (C); McMahon (C). Distance 150 feet, 10 inches.
Pole vault—Elzinga (C) and McMahon (C) tied for first; Hultman (A). Height 11 feet.
Discus—MacGarvah (A); McIntyre (C); Elzinga (C). Distance 124 feet.
Broad jump—Loop (C); Godleski (A); Smith (C). Distance 22 feet 1 inch.
Javelin—MacGarvah (A); Diamond (C); McMahon (C). Distance 150 feet, 10 inches.

M. I. A. A. TRACK IN G. R. FRIDAY

Running under flood lights, the Alma Scot Thinclads will finish their "39" season with the Michigan Intercollegiate Athletic Association track meet to be run off between the seven schools of the circuit next Friday night at Grand Rapids.

Hefty Angus MacGarvah is counted on for firsts in the javelin, discus and shot put. Dudley Tabor in the sprints and Don Smith in the hurdles are expected to bring Alma some points. Godleski will enter the broad jump and Bill Garr the mile and two-mile.

Albion's strong team expects to take the meet, having triumphed over the MIAA schools so far this year. Alma's strong freshman squad will have a chance, however, to take the frosh meet, presenting Tinker Kirby in the javelin and discus, Jack King, Bill Moody and Bob Dickinson in the distance runs, and Bill LaPaugh in the dashes. It will be the first time that an Alma track squad will have run under lights in an all-squad meet.

Ping Pong Tournament Nears Exciting Climax

Wright Hall's ping-pong tournament is reaching an exciting climax. Alma Adams has reached the semi-finals having defeated Teak, Smith, and Thomas. Sally Hinckley is also right up there after winning from M. Arnold, Jones, and Weavers. Other girls who still have a chance for the championship are Sullivan, Dreisbach, Schaafsma, Sergent, and Marshall. This promises to be a close finish with stellar players Adams and Hinckley.

Kirby Comments

Bud Howe's Boy Scouts were much in evidence at Thursday's ball game. Led by Chief Heckler Howe, the boys had the bleacher spirit of Comiskey Park. Though this method of cheering may be questionable, it seemed to have the desired effect. . . . Congratulations to "Little John" MacGarvan on his fourth place in the discus at the State Intercollegiate Meet. . . . As the game of golf originated in Scotland, it is natural for the Alma Scots to have a strong and winning team. We wonder, however, if those little side wagers have any bearing on the success of the bonnie lads o' the links. . . .

It has been suggested that a hair ribbon be given our center-fielder, whose curly locks seem to have impaired the accuracy of his receiving eye recently. . . . Aside from demonstrating to his opponent from Albion, "Tennis As Is Should Be Played," the younger Purdy boy also demonstrated his ideas on "The Care of a Tennis Racket" and "The Proper Use of the King's English."

Alma's much acclaimed and noticeably evident school spirit has been gradually becoming even more and more evident. It was indeed remarkable the other day when, by actual count, there were at one time 33 students witnessing a home baseball game. What is more astounding, at least four different persons are reported to have known that the Alma ball club was playing Michigan State Frosh last Saturday morning. And not only in baseball is this upward trend noticed. There were, perhaps, two dozen students who sauntered by the tennis match Friday afternoon to briefly watch while Alma's tennis team was wrestling second place from Albion.

Every team equipped with new uniforms seems to undergo a period of breaking in which is not too profitable. Such has been the case of the baseball team. We are eagerly waiting for these uniforms to undergo this treatment, and hope that it may be done this season.

Western State Group to Give French Play

L'Alliance Francaise, the French club of Western State Teachers College, will present a play entirely in French at 8:15 Friday night in the Alma College chapel. After the play there will be a tea in the Dickie room of Wright Hall for the cast, the faculty and their wives, and the advanced French students. The group is under the direction of Prof. Louis Foley, a cousin of Alma's Prof. Margaret Foley.

KI's Defeat Alpha Theta Softballers

Batter up! Here comes the pitch! Alpha Theta started the first inning with five runs. The Kappa Iota's were not far behind. The game lasted five innings on the decision of the two captains. Pitching for Alpha Theta was Marjorie Fleming and for the K. I.'s was Gladys Glass. The K. I.'s hit five home runs. Fleming, after allowing one walk was relieved in the last inning by Adams. The final score was 25-10 in favor of the Kappa Iota's. The Alpha Theta's were handicapped by lack of players.

NINE HAS TWO LOSSES, ONE WIN

Three Games on This Week's Schedule; Will See Tigers Play.

The past week saw the scarlet-sleeved baseball aggregation of Alma College suffer two defeats as against one win.

Tuesday afternoon in a hard fought game, Western State Teachers College stopped Alma's eighth inning rally to go on and win the ball game, 8-6. Thursday afternoon, however, inspired by the moral support in the bleachers, Alma set back Central State by an 8-7 score. This game was well played and many interesting developments enlivened the afternoon considerably. Saturday the home club bowed, 12-0, to the strong Michigan State College freshmen. This game was marked by the lack of hitting power and the ragged fielding of Alma.

This week the club plays three games, all away from home. Today they took on Grand Rapids Junior College, a team they previously defeated at Davis Field earlier in the season. Friday, the team packs up and travels to Ypsilanti for a game with Michigan State Normal. They will stay overnight and go into Detroit Saturday morning, where they will play Lawrence Tech. The club will stay over in Detroit and witness the Yankee-Tiger game Saturday afternoon.

Score of games thus far follow:
Alma-8, Hillsdale-12.
Alma-4, Grand Rapids J. C.-1.
Alma-6, Western State Frosh-8.
Alma-1, Central State-4.
Alma-6, Western State Frosh-8.
Alma-8, Central State-7.
Alma-0, Mich. State Frosh-12.

The coils of a person's sweat glands, if unrolled, would extend for five miles.

Commencement Week Schedule Announced

Dr. Charles W. Gilkey, Dean of Chapel, University of Chicago will be the commencement speaker at the Alma College exercises June 17 in Memorial Gymnasium, when 56 seniors will bid "farewell" to their Alma Mater. The following is a tentative program for the week beginning June 11:

Sunday, June 11—Farewell Communion at 11 a. m. in the First Presbyterian church; baccalaureate address at 7:30 p. m. by President John W. Dunning in the First Presbyterian church.

Varied Program
Thursday, June 15—Senior Class Day—Senior Class Breakfast at 8:30 a. m.; Kiltie Band Concert at 8:15 p. m. in the Grove; Promenade and Senior Farewell to the buildings at 9:15 p. m.

Friday, June 16—Alumni Day—Annual meeting of the Board of Trustees at 10 a. m.; Faculty-Trustee luncheon at 12:30 p. m.; Informal class and group reunions from 2:00-5:30 p. m.; Tea for Mothers of seniors given by Dean Steward in Wright Hall at 4 p. m.; Alumni dinner and business meeting in Wright Hall at 6 p. m.; A Cappella Choir concert in the First Presbyterian church at 8:30 p. m.; President's reception at the President's House, 9:30 a. m.

Saturday, June 17—Commencement Day—Academic procession from Wright Hall at 9:45 a. m.; commencement exercises in Memorial Gymnasium at 10:00 a. m. with commencement address by Dr. Gilkey; commencement luncheon in the Grove at 12:15 p. m.

The 1939 graduates are:
 Robert Adams, Fairgrove; Mary Allen, Royal Oak; William C. Bainbridge, Alma; William Barstow, St. Louis; Marjorie Battles, Alma; Richard Bendall, Bay City; Herbert Bingham, Alpena; Jean Bird, Detroit; Louise Black, Detroit; Joyce Bowden, Bay City; Frederick Braman, Bay City; John Bryce, Detroit; LaMar Case, Saginaw; Peter Cicinelli, Merrill; R. W. Clack, Alma; Chester Currie, Manistique; Helen Davidson, Port

Sanilac; Delma Dawson, Sandusky; Robert Devaney, Saginaw; John Dunnette, Grand Rapids; Carl Elder, Alma; Donald Feicht-enbinder, Ithaca; William Follis, Bay City; Douglas Garrison, Three Rivers; Robert Garthwaite, Flint; Willis Gelston, Highland Park; Gordon Grapes, Traverse City; Carolyn Hamilton, Alma; Chester Harvie, Norwalk, Connecticut; Kenneth Hoffman, Saginaw; Millard Hultman, Grand Rapids; Charles Humiston, Clawson; Alfred Jenkins, Mount Vernon, New York; Kathryn Lake, Alma; John Mathews, Alma; Hester Moon, Saginaw; Gordon Netzorg, Alma; Richard Neville, Manistique; Howard Nunn, Riverdale; Kenneth Otis, Belding; Kathleen Pesek, Detroit; Thomas Plowman, Perry; Robert Purdy, Alma; Richard Rademacher, Alma; Gilbert Runkel, Lake Orion; Jack Sanders, Alma; Julia Schaafsma, Grand Haven; Francis Seavitt, Ecorse; Charles Skinner, Phelps, N. Y.; Clare Spears, Flint; Harold Stacey, Rockford; Russell Staudacher, Saginaw; Dudley Taber, Grand Rapids; Gladys Turrel, Crosswell; Mrs. Jeanette Ward, Edmore; and Marion Wynton, Detroit.

Campus Positions

(Continued from page 1)

Council. If students should wish to vote for candidates whose names do not appear on ballots, they may do so by naming their candidates in the blank space provided under each office.

Only students who have maintained at least a C average during the entire course are eligible for office.

The following nominations for campus officers have been submitted to the Student Council, and will appear on the ballots:

Editor of the Almanian, William Carr, sophomore, Alpena; Herbert Spendlove, sophomore, Merrill.

Business Manager of the Almanian: Florence Telgenhof, junior; Morley Webb, junior, Wheeler.

President of the Athletic Board, Don Smith, junior, Charlotte; Bill Ginther, junior, Traverse City.

Manager of Oratory and Debate, George DeHority, freshman, Kalamazoo; Harold Draper, freshman, Flint; Marvin Koffman, sophomore, Bay City.

Sample ballots for both campus and class elections will be posted on the bulletin boards a few days before election day. The elections will be supervised by a committee of three faculty members and two Student Council members. Ballots will be counted by members of the Student Council and checked by the committee.

Both the faculty and the Student Council urge all students to vote, and to consider primarily the welfare of the college and the common good of the students in making their choices.

Charles Skinner, President of the Student Council commented: "All society names have been omitted from the ballots so that voters will be influenced to vote for candidates as students of Alma College, rather than as members of organizations."

Eileen Sullivan KI Dance Chairman

Eileen Sullivan has been chosen general chairman for the Kappa Iota dinner-dance to be held June 3 at the Midland Country Club with music by Casa Royale's orchestra from Bay City. Committees are: Edwardene Reavie and Anita Byron, orchestra; Eleanor Blakely, chaperones; Betty Hamilton, transportation; Louis Goldie, tables; and Mavis Harrison, menu. The latter will include fruit cocktail, creamed chicken, vegetable, potatoes, spring salad, and pie.

Scotch Supreme

(Continued from page 1)

The sophomores, as usual, won the tug-of-war across Pine river, but the frosh gained revenge by giving the upperclassmen a taste of the mud and oil in the cold water in the following battle royal.

Central State Teachers College trounced both the Alma varsity and freshman track teams despite the outstanding performances of Dud Tabor and Angus MacGarvah. The Bearcats won 70³/₄ to 52³/₄ and the Scotties fell to the tune of 90-41, despite the brilliant two-mile run of Bob Dickinson, in which he outdistanced both varsity and freshman competitors, and the steller work of Tinker Kirby in the field events. (See sport page for further details.)

The Scot racqueteers swamped the Hillsdale tennis aggregation in straight matches, 7 to 0, virtually assuring the Alma racquet wielders of second place in the MIAA to Kalamazoo's outstanding squad.

The Queen of Scots reigned over the ball in the evening, and presented the Zeta Sigmas with the student council softball trophy due to their win over the Phi Phi Alphas that morning, 11-10. In the girls' softball game the Kappa Iota sorority swamped the Alpha Thetas to the tune of 25-10.

After dinner the girls of Wright Hall entertained at an open house from 6:45 to 8, presenting a short program.
