

Pioneer Hall to Open Store for Student Use

Mr. Marvin Volpel, faculty resident of Pioneer hall, announced that the boys of Pioneer hall will now be able to purchase candies, gum, cigarettes, and other merchandise at the supply store to be opened in the basement of the hall.

All profits from the sale of these articles will go to the two boys who will run the concession. The room is being opened for the convenience of the fellows in the hall, and also for the boys who enjoy the use of the recreation room located there. Such articles as stamps etc. will also be available.

104 STUDENTS ON HONOR ROLL

One hundred four students are listed on the honor roll for semester 104, the same number as in the previous semester. Twelve of them, Mildred Bradfish, Jack Bryce, Anita Byron, Douglas Clack, Arvo Juhola, Katherine Lake, Louise Marshall, Bruce Mellinger, Eugene Nixon, Clare Spears, Robert Spencer, and Woodrow Wooley, maintained the three point, All-A average. The frosh placed the highest number on the roll with thirty-four. The juniors were next with thirty, while the seniors placed twenty-three, and the sophs, seven-

100 Couples Attend Alpha Theta Mixer

Over 100 couples danced last Saturday night at the girl-bid Alpha Theta mixer held at Memorial gymnasium. The dance marked the first social event of the college season.

Chaperones were Prof. and Mrs. Roy Hamilton; Mr. and Mrs. Carney Smith; Prof. Grace Roberts and Prof. James Mitchell.

HEITMAN IS NEW FROSH PRESIDENT

New freshman class officers are Walter Heitman, president; Wayne Henrickson, vice-president; Jack Blackmar, secretary; Melbourne Medler, treasurer; and Wally Moore, student council representative. Elections were held last Thursday.

DUNNING TELLS OF CAMPAIGN

Wm. McFadden Will Be Alma
Chairman of Committee
to Raise Funds.

A statewide campaign was launched last week to raise funds for the development of the college equipment and for further endowment. Dr. John W. Dunning, in his announcement, stated that William McFadden, Alma banker, had accepted the general chairmanship of the Alma district campaign. To assist Mr. McFadden, he has solicited the services of Dr. C. F. DuBois, Harry T. Glezen and Mrs. Sadie Soule. The Rev. A. J. Anthony will be public relations advisor for the county.

In a statement, Dr. Dunning said: "We need a new men's dormitory and a chapel. We have a very inadequate room where chapel services are held four times weekly, and it is so crowded that many students have to remain standing. The surroundings of the room do not make for that atmosphere desirable in a college chapel service.

"A men's dormitory is essential. Two-thirds of our student body are men and we can not house on the campus anything like the number of men who want to live in our one dormitory. Additional endowment is necessary to add to present income and to take care of the needs of a rapidly growing student body in curriculum and activities."

PLANS SET FOR YEAR BY W. A. A.

Under the faculty supervision of Miss Grace Andrews the Women's Athletic Association has initiated plans for the coming year. Each sorority will send a representative to all future meetings, thus increasing the W.A.A. executive committee to ten members.

Plans were made to set aside one evening a month from college activities for the girls. This month was given over to the Treasure Hunt, and in October a Halloween party will be given.

The Association, this year, intends to sponsor various tournaments for both men and women students of the college. In this, the W.A.A. asks full co-operation of the entire student body. The group has adopted the slogan "Pep-Vim-Vigor and Vitality."

Small Choir Goes to Grand Rapids. Elect New Officers.

The eighteen voice chapel choir will sing at evening services at the Grand Rapids North Park church Sunday. Last year this group presented thirty-five concerts in Michigan.

The A Capella choir has elected the following officers for the year; Stuart Warnaar, president; Edwardine Reavie, vice-president; Jean Williams, secretary, and Harold Teak, business manager. Prof. J. W. Ewer announces that he will continue giving auditions for the choir for another week.

BIOLOGY DEPARTMENT

The biology department, headed by Dr. Paul L. Rice, is offering a course in histology this semester. The course is devoted to the study of microscopic tissue structure. The department has purchased a new skeleton for advanced study. Dr. Rice states that the museum will be open to the general public on special Sundays during the year.

Zeta Sigma Prepares for Annual Homecoming

Zeta Sigma fraternity has initiated plans for its annual homecoming festivities, October 13. Invitations to alumni and honorary members will be mailed in the next few days. Phil Becker, Flint senior, is again in charge of house decorations and promises something bigger and different in the way of lighting attractions.

Eighteen men are living in the fraternity house. Bill Ginther is president.

DELTS OCCUPY NEW FRAT HOUSE

The newest fraternity organized on the campus, Delta Gamma Tau, founded last year, has established itself in their new fraternity house. The group purchased through the college the three-story frame house at 603 West Center street.

The house has present accommodations for twenty resident members, however, President Barney Roepcke announces that with the anticipated remodeling, the house will accommodate twenty-four. At present, the house has space for two sleeping dormitories, and is equipped with a hot-water heater, and automatic coal stoker. There are two rooms in the house adaptable for recreation and hospital purposes.

One unusual feature of the house which may distinguish it from the other fraternities, is the fireproof vault in the basement. It is planned to store fraternity records there in the future.

New showers and additional plumbing facilities have been installed. New furniture has been ordered for the living rooms, while the study rooms are already completely furnished. With the present planned improvements, the new Delta house will take its place alongside that of the Zeta house and the newly remodeled Phi house.

The fraternity was organized last year when it became apparent that another men's group was needed on the campus, due to the increase in enrollment. Coaches Macdonald and Howe were instrumental in its development.

Fraternity President Roepcke has announced that plans for an all-college openhouse and housewarming are under way. Further details of these events will be announced in the Almanian.

CONCERT SERIES OPENS NOV. 5TH

The dates have been announced by Miss Grace Roberts for the Community Concert series in Saginaw. On November 5, Vronsky and Babin, Russian duo-pianists; January 23, Virovai, Serbian violinist; March 12, Bidu Sayao, Brazilian soprano; April 29, joint recital by Lotte Lehmann, soprano, and Lauritz Melchior, tenor; May 12, the Philadelphia Symphony orchestra with Eugene Ormandy conducting.

All ticket holders will be entitled to hear the Nelson Eddy concert on the Flint course.

Tickets will be sold in the college business office. Season tickets for the faculty are \$5.00, students \$2.50. A representative of the Saginaw course will speak in chapel next Monday morning to outline the series. Following this talk, tickets will go on sale for one week. As the number of tickets is limited, last years ticket holders will be given first consideration.

Dr. Dunning Speaks From Fair By Radio

NEW FACULTY SUPERVISOR

MISS GRACE ANDREWS

M. WEBB NAMES COUNCIL AIDS

Plans were initiated for the annual homecoming festivities at the first regular Student Council meeting held last Thursday night at Wright hall. Council President Morley Webb appointed Bruce Mellinger, Wally Moore, and Helene Wheeler to work with Prof. Carney Smith in arranging the program. The minutes of the meeting follow:

The Student Council met for the first time this semester Thursday evening at Wright Hall. Two new council members, Warren Heitman, president of the freshman class, and Wally Moore, Council representative, were introduced.

Bob Hanzel presented the rules for freshman discipline as drawn up by Cliff Carter, student marshal, which were approved by the Council. Reappropriation of student activity funds was also discussed due to the increased activity programs of the debate, oratory, and music departments. The president, Morley Webb, appointed Ralph Brown, Edwardine Reavie, Bob Hanzel, and Professor Hamilton.

Physics Department Receives New Equipment. No New Courses.

The physics department of Alma College is enjoying better housing conditions this semester. The laboratory is located in the basement of the administration building, and is resplendent with new apparatus.

A new Fortin barometer has been purchased, as well as a new sensitive voltmeter that registers everything from zero up. Other equipment added this year included new galvanometers, new lenses, a vacuum pump plate, gamut bells, molecular motion apparatus, and a new steam generator. Two new rheostats have also been purchased.

The department is offering no new courses this semester, but it is believed that the old courses will be greatly aided by this additional equipment.

SPEARS EMPLOYED AT STATE PRISON

Clear Spears, '38, Flint, has been appointed head Sociologist at Jackson State Prison. Spears, along with Jack Bryce, '38, spent nine months at the prison last year, studying for this type of work. Herbert Lints, ex-'40 studied at the prison this past summer.

COLLEGE HEAD IN N. Y. SAT.

Discusses the Small College's
Merits and Advantages.

Dr. John W. Dunning was one of four college educators who formed a symposium on "Christian Education and Democracy" last Saturday morning. The program was aired from the World's Fair by the National Broadcasting System.

The three other speakers were: Dr. Hugh Thompson Kerr, Chairman of the Board of Christian Education; Dr. John H. Finley, editor of the New York Times, and Dr. Ralph Waldo Lloyd, president of Maryville college.

Dr. Dunning's speech follows: The distinguished president of Columbia University once said: "Civilization is a race between education and catastrophe." That word is profoundly true! The right kind of education!

Our times witness the greatest revival of paganism in Christendom's long history. Pagan ideals, pagan practices, the pagan spirit are ascendant over vast areas of human life. Whole peoples are being educated and coerced to hatred, violence, cruelty, treachery, loose morality. Human integrity has broken down to the point where confidence is destroyed, and human relationships disrupted.

Frantic attempts are being made by social planners to "save society." The ordinary pathway sought, is by way of social reform, social revolution. New laws, new institutions, new deals, new class and party programs are the paths where we seek Utopia. It is assumed that what is wrong with

(Continued on page four)

PIONEER BOYS SET OWN CODE

Pioneer hall boys held a meeting Thursday evening to formulate standards for better living. According to Mr. Marvin Volpel, faculty resident, the administration hopes that it will not be necessary to set up any fixed rules for the hall. Rather, it is hoped that the boys will realize that there must be a certain code of ethics to be followed which will make for more pleasant rooming facilities. These standards will be grouped around one main objective, namely, complete respect for the other fellow's rights.

Special events and occasions will be held in the hall in an effort to carry into practice the college slogan, "A laboratory for living." Another innovation in the hall is the employment of a full time janitor there to aid in keeping the hall in perfect condition.

CHAPEL PROGRAMS

Wednesday, Oct. 4, Rev. Charles K. Johnson.
Thursday, Oct. 5, Speech department.
Monday, Oct. 9, Financial campaign. Dr. Dunning.
Tuesday, Oct. 10, Miss Kathleen Gillard, Dean of Women.
Wednesday, Oct. 11, Community Concert series. Speaker from Saginaw.

WHAT GOES UP, MUST COME DOWN

Sophomore Bob Rentz as he starts up the flag pole with freshmen pulling him down. Soph-Frosh wars began unscheduled last week when freshmen hoisted their flag atop the college mast in front of Wright Hall. The freshmen won the scheduled event last Saturday pulling down the flag in thirty-one seconds.

Frosh-Soph Battles Begin in Earnest

With their forces drawn up in partial strength, the frosh-soph wars began in earnest last Thursday afternoon when the yearlings hoisted a white and green flag atop the pole in front of Wright hall. Sophomore Bill Ramsey started the fireworks when he tried to climb the pole but was hauled down by the green forces who left the Wright hall dining room.

Following the noon lunch, both classes recruited their forces and then it really began. For twenty-minutes they fought until Dr. Rice came out from his surroundings of cats and mice in the biology lab to give the boys an extra ten minutes of fighting—or else. Anyway, it was rumored that the sophs were outbattled and the frosh went on to prove it the following Saturday morning when both classes gathered at Davis field to settle their dispute. The first year men hauled down the flag defended by the sophs in thirty-one seconds.

FELLOWS! BRUSH UP ON THE RULES. THE GIRLS ARE SMART

The gals of Alma college know all about football now. Coach Gordon MacDonald held a football clinic last Wednesday evening, and explained all the football ills that needed medical attention. Two teams were present on the gym floor to run through various types of plays, and also to aid in the explanation of certain fundamentals of the game. The coach described many different football formations and plays, and then was bombarded with questions by the fair sex.

Many fellows were also present at the conclave, and it is rumored that Phil Becker asked for the definition of a "Pig-skin." One frosh gal wanted to know how come all the football players were always so cute, but that was one question even the coach couldn't answer.

Coach promises that a basketball clinic will be held just prior to the first game of the season.

All in all, it was quite an affair.

Three Upperclassmen Are Pledged By Zeta Sigma

Three upperclassmen have accepted pledges to Zeta Sigma fraternity. They are Bob Higgins, Pleasant Ridge; Don Martin, Detroit, and Cy Firth, Flint. These men will be initiated into the society within ten days, as will Stan Smith, South Lyons, sophomore, who has renewed his pledge.

BREAKS AGAINST 'EM. SCOTS LOSE.

Opening Game Lost to Albion 6-0 in Final Minute of Game.

BAHLKE FIELD — Friday night's game between the Alma College Scots and the Albion Britons was another link in the chain of proof for the old adage that "experience is the best teacher."

With a veteran team that played heads-up ball, the Britons took advantage of a break in the last minute of play and passed to a touchdown to win over the Scots, 6 to 0.

After playing a see-saw battle throughout the entire first three-quarters of the game, both teams started loosening a little in an attempt to score. A mistake in signals caused a fumble by the Scots on their own 18-yard line, which was recovered by the Britons with only about a minute and a half to play.

A pass, Beban to Lindow, gave Albion the lone tally of the game as Alma's defending backs were pulled in, and the Britons won their first MIAA tilt of the year.

Albion's veterans and the inexperienced sophomores of Alma were about equal in strength throughout the battle, but it was the alert, experienced playing of the Britons which won out in the long run. The loss of Tinker Kirby, Scot signal caller, during the second half of the game because of a bruised hip also proved a great factor in Albion's favor.

In the second quarter Alma's best chance came. Kirby kicked out of bounds on the Briton five. After taking the ball on the return punt, Alma went to their opponent's nine on a pass, Smith to Carr and line thrusts by Smith and Kirby. Alma then attempted a place-kick but failed because of a wide center pass.

In the last period Chick Gallagher, who just last week was given a try in the backfield, shifted from end to a back post and looked good in line thrusts and pass catching, although still needing

SPORT SHORTS

by CRIT

In losing to Albion last Friday night the Scots played a fine game . . . in fact a great game considering that the starting lineup included eight sophomores.

The Britons had a good team . . . big, powerful, and experienced. In giving them such a good battle throughout the entire game, the Scots distinguished themselves and put another feather in the hat of Alma college.

Rumors of a championship for Alma this year have made many persons too inclined to look for a miracle team. Such cannot be expected of sophomores facing experienced men. Alma has a good team and should win its share of victories.

But the fans must remember that the boys will make mistakes. They are certain to make them! The best to be hoped for is that they will come at a time which will not harm the Alma cause. But such cannot always be! The important thing is that these sophomores are learning new things with every game, will probably not make the same mistakes again, and, above all, are laying away a store of football lore which should stand them in good stead next year.

Then, rumors of a truly great team with an outstanding chance for a championship would be in order . . . for then the boys will have become seasoned veterans with many mistakes behind them and with a new confidence.

The experimentation and learning of this season are already bearing fruit. For example, look at the cases of "Cap" Cappaert and Chick Gallagher. Both played in the line until last week. Then both entered the Albion game, took over backfield roles, and acquitted themselves admirably in view of their inexperience. Although his greenness told on pass defense, Cappaert's fine backing-up of the line, during which he made several fine tackles, certainly entitles him to consideration for a regular backfield job.

Signal-calling is another branch in which experience will play a great part. Mistakes were made in both the Ohio Wesleyan and Albion games, but the important thing is that the quarterbacks are learning under fire just what to do for various conditions. Having erred in one instance, such as the place kick experiment Friday night under poor weather conditions, they are not apt to make the same mistake again.

Inexperience alone has not weakened the Scots in these first two games. Injury, too, has had a great part. The loss of Jack King in the Ohio game and his still tender condition hurt Alma's cause, as did the loss of Kirby during the second half of Friday's contest. Gerry Barnett was also a loss in the Albion game after injuring his head. Although apparently recovered now, he does not remember the game . . . but this reporter can remember some strong work by Barnett when he was probably acting through the instinct which comes to a veteran player. Bill LaPaugh, back, and "Varsity Fred" Hartt, center, were also on the sidelines Friday, both with foot injuries.

Just in case any of you fans were slightly confused Friday night by the Scots' numerals, as was this reporter, Coach Macdonald explains that the boys were wearing practice suits because of the poor weather. The boys will return to their regular numerals for the Olivet game. 'Nuff said!

much experience. Cappaert, who changed from guard to back last week, played the entire game at the fullback post.

Barnett, Ziem, Carter, and Baklarz played outstanding games in the line and "El Pancho" Carr stood out at the right end post.

SCOTS GO TO OLIVET SAT.

During this week, Coach Gordon A. Macdonald, Scot mentor, will introduce the Alma college grid-ders to the double-wing-back formation in preparation for the Homecoming game with Hope on Oct. 13.

The Scots next MIAA contest is with Olivet next Saturday afternoon, there. The new formation will undoubtedly be put to test at that time, thus giving the squad a chance to correct any fallacies before the crucial game with Hope.

Last year the Scots defeated Olivet, 34 to 6, and should have no trouble repeating the victory. In Olivet's only MIAA game of the current season, it was defeated 21 to 6 by an unimpressive Kalamazoo eleven.

The Hornets, a big but slow team this year, did not even have to extend itself to win over the small, but scrappy, Comets. It is expected, therefore, that the Scots will have no trouble in subduing them, even with the loss of Tinker Kirby, whom Coach Macdonald will probably rest for the Hope game.

Alma's line will probably be the same as the one which looked so impressive against Albion last Friday. The lineup in the backfield will be an unknown quartet depending mainly upon whether or not Kirby plays.

New floor coverings have been placed in the reading and reference rooms of the library.

25 FROSH OUT FOR PRACTISE

Scotties Open October 6 With Central State Yearlings. Several Good Men.

Alma's Scotties will take to the field for the first time October 6, against Central State's Bearkittens. About twenty-five first-year men have been working out under Coach Art Smith with several fine prospects for next years varsity in the group.

Frank Navarre, 210-pound Fordson high school fullback, has been working at center. With his line-backing experience, Navarre looks good. Bill Ramsay and Stan Abrahamson have been at the ends. Bob Higgins, transfer student from Cleveland's Case University, and Steve Toth, Bay City Central graduate, are at the tackle positions. At the guard posts, Smith has Jack Gilchrist, Jimmy Hicks, and Jack Brown. Hicks was an all-city guard at Detroit's Mackenzie high school.

Backfield prospects look fine. Neil Lyyski and Jack Tait, both former all-upper peninsula backs from Newberry, and Bill Pink from Farmington, along with Charlotte's Max Tullis, make up an excellent backfield combination.

Phi Phi Alpha Fraternity Set for Open House Oct. 7

The Phi Phi Alpha fraternity is planning to hold the first open house of the season next Saturday evening, October 7 from 8:30 to 11:30 in their completely remodeled house.

Bill Carr, newly elected social chairman, is in charge of arrangements. At the present the plans call for dancing, cards, ping-pong, and pool in the line of entertainment. Cider and doughnuts will constitute the refreshments.

The entire student body, faculty members and families are invited to the party. Mr. and Mrs. S. O. Rorem and Mr. and Mrs. Carney C. Smith have been asked to act as patrons at the party.

Dunning

(Continued from page 1.)

life is the setting of the stage. Change the scenery and these stuttering, stumbling actors in the human drama will become as graceful as queens and as eloquent as archangels.

Eager as we are for every needed social change, and ready as we may be to serve it, if we have any perspective in history, we know that these alone will not bring us to the Age of Gold.

"Our hope is in heroic men Star-led to build the world again."

Edwin Markham is right. A change of set-up will not avail if the same old sinners run the show. Until upon the present scene of turmoil, trouble and treachery, comes a generation of leaders, who think of life as a workshop instead of a playground, of human relationships in the spirit of goodwill, co-operation and brotherly love, no Utopia will redder our East.

Here is where the Christian college comes in. It is dedicated to the task of training leaders committed to the Christian philosophy and way of life. It seeks to send forth men and women, who believe in the worth of human personality as the ultimate value; who hold and practice good-will as the motive of human relationships; who recognize the fatherhood of God, and the purposefulness of life. These are the fundamental concepts of the Christian faith. "We need more religion," men are saying to me. We do! Religion of this kind. Our Christian colleges are sending out young people trained to this kind of religion, dedicated to making it function in all areas of life. The college which I serve has as its slogan, "A Laboratory for Christian Living." Our Christian colleges seek, in a campus laboratory, the solution of the nation's and the world's problems, that our students may go forth into the larger field of life to function as Christ-like men in human affairs. Ultimately in their hands, as in the hands of the little band of Christians of the first century, lies the hope of our nation. If they will "keep God's model safe," in a pagan world, "new men will rise to meet its mold," Robert Browning has it, in "Surlia".

This was Christ's way. Time does not alter its effectiveness. It is as significant to the twentieth

century as it was to the first. The College of Jesus with only twelve graduates uplifted the Roman world. The Christian Colleges today will do it again.

Thinking back to the record of the coronation of King Saul, Aldous Huxley says in one of his recent books: "Every time the world has fallen into the dumps, it has been raised out of them by a company of young men whose hearts God has touched." The Christian colleges are sending out that sort of young men into our world so deeply in the dumps.

In the continuance of that task of the Christian Colleges lies our hope for a happier, holier tomorrow.

Upon us who serve the Christian Colleges, on all who hold the Christian philosophy of life, on all who hope for a better world lies the calling to perpetuate the education that will outrun catastrophe threatening our civilization.

ton act on a committee to investigate the matter.

Plans for Homecoming to be held October 13th and 14th, were discussed. A committee consisting of Bruce Mellinger, Wally Moore, and Helene Wheeler, was appointed by the president to work with Professor Smith on the floats and parade.

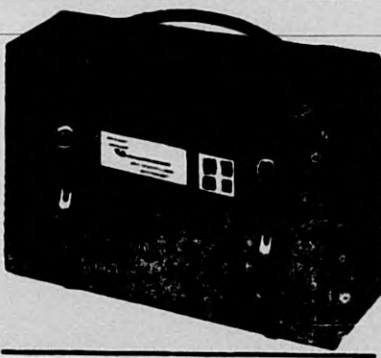

Ralph Brown, social chairman, submitted a report on the dance. The president appointed Elaine Doubles and Edwardine Reavie to work with Mr. Brown and Miss Andrews as a permanent social committee.

Professor Hamilton introduced Mr. Gillanders of Pierce and Hedrick to the council. Mr. Gillanders explained how the campaign for Alma college is being conducted, especially in the Presbyterian churches of Michigan, for the purpose of raising money for a new men's dormitory, chapel, and union building. He suggested that the students of Alma college give their hearty co-operation in this project. A decision to approach the faculty of the college, the city of Alma, and others in the community has already been reached. The quota for immediate needs amounts to five hundred thousand dollars. The matter will be laid before the student body at an assembly to be held in the near future.

14 VETERANS SET FOR DEBATE WARS

Seventeen returning veterans seem to present a bright season for Alma college debaters. The question for debate this year will probably be, Resolved: that the United States should follow a policy of strict isolation towards nations outside the Western Hemisphere involved in international or civil conflict.

Coach Carney C. Smith, will have the following veterans returning to build his teams; George Dehority, Marvin Koffman, Homer Leclair, Stewart McFadden, Charles Weiss, Bruce Lindley, Bruce Mellinger, Sid Kane, Lyn Wilson, George Jennings, Vernon LeDuc, and Harold Draper. A new comer to the debate squad but not to speech activities is Woodrow Wooley, winner of the extemporaneous speaking contest last year. Among the new faces on the squad will be Niel Pfozt, John Gilchrist and Wilbur McCrum. As the men squad is to be limited this year, veterans and newcomers alike must pass tryouts to secure a place on the squad.

Women returning this year include; Kay Weavers, Ruth Wille, Mary Baker, Shirley Lahaie, and Cara Jones. A newcomer on the squad is Louis Lindsay.

October 28 has been set as the date for the annual high school tournament held at Alma college. The meet last year drew schools from all over the state.
