Alma School Nurse SCRAP DRIVE HELD IN WRIGHT HALL **Works in Homes**

There recently appeared in the North Central Association quarterly for January, 1943, an article on the health services of the public schools of Alma.

The article, appearing under the heading, "Professional Adventures in North Central Circles," tells how in August, 1941, a public health nurse was hired by the school authorities who wished to supplement the health services of the schools.

A unique part of the nurse's job has been that her visits are not confined to school services alone, but include all the health services connected with the home.

ALPHA THETA NEWS

Spring and young love marked the theme of the decorations for the Theta closed party Saturday night when members and their dates danced, played cards, and drank cokes until the wee (?), small (?) hours.

This party, the second of a rather full week-end, brought in many carry-overs from the Zeta Rat Race such as Allison and Neil, Lydia and Charlie, Olander and Osterhout, as well as the steadies, Hardy and Wares, McCarty and Guider, Jo and Heit, etc. Montie blossomed forth with Bud Leslie, Gerry Wadley with Harold Hartt, and Carol Paterson with Tom Fitch for some couples we haven't seen before.

Entertainment, a rather impromptu affair urged on by Dud Emling and Bill Wendt, consisted of boogie-woogie under the able hands of Ruth Kruelen, blues, including "Frankie and Johnny"-naturally from Cat Bell, and the slightly terrific arrangements of "Deep Purple," "Liebestraum," and "Stardust" from Bob Smith. No amount of coaxing, however, even from the freshman and sophomore queens, respectively, could persuade Prof. Richter to do his bit at the piano.

Was the party a success—well—ask Fee. She got a phone call from Jack in the middle of it—and everything was rosy from then on.

Farewell Dance Thursday for E.R.C.

"It's to be a farewell party for the fellows in the ERC," announced Mary Jo Furstenberg. She was talking about the formal dinner dance to be given in Wright hall Thursday evening.

Dinner will be served at 7, and there will be dancing and games afterward.

Mary Jo, social president of the Wright Hall senate, is general chairman. Betty Jane Fee is seeing about music, Donna Jeanne Francis is in charge of tickets, Miss Ruth Miller is planning the banquet, and Mrs. Hutton and Lois Fowler are collaborating on the decorations.

"This is not just a date affair," Mary Jo emphasized. "We want everyone to come." Tickets are 35c a person, and proceeds will be donated to the Red Cross.

Spring!! So What?

To quote some of our original about five minutes after we left frosh, "Oh, Friday, you are my inspiration" (sung to the tune of While profs live for the peaceful Margie) seems to be the general ten days to come and parents steel theme on campus this week. What with station agents slowly going mad from quoting times and fares, blissfully make plans for a gay vaprofs becoming nervous wrecks trying to keep wandering minds in classrooms, and the absence office struggling to keep us all here till viate for their own plans. Of 11:30, Friday at least, the whole course, there are always a few place is certainly becoming vacation-conscious.

March 26 is the important date when Almaites will start scattering, with representation even as far as Washington and New York.
Of course, the changing timeschedules will prove rather confusing when one has to leave Wright Hall at 10:15 to make the 11:30 calendar—it has been for three bus, or when he arrives at Alma days.

KAPPA IOTA NEWS

"Turnabout is fair play" proved to be a wonderful idea in the case of the KI reverse date Sunday night. Planned as a farewell party for E.R.C. men, the reverse theme was carried out all evening with the girls holding coats, opening doors, and footing the bills.

The fellows did feel somewhat silly waiting in the theater lobby while the girls bought tickets ,but when Gabby, with the true gold-digger spirit, suggested that Fowler buy him some pop-corn, they all clamored for the same (they certainly learn fast).

After a thrilling war picture, the group travelled en masse to Vic's College Club, where the fellows enjoyed cokes and Frenchfries at the girls' expense. Funniest incident of the evening was the coat mix-up wherein Smitty

The group will discuss aspects of the war effort in which the entire faculty and student body can cooperate. A war bond and stamp drive; campaign for blood plasma, with a visit of a mobile unit of the Blood Bank; the establishment of a Speaker's bureau for use by town organizations; and the compiling of mimeographed lists of names and addresses of former students now in the armed services are just a few of the activities to be considered and planned.

One objective of the group is the procurement of service flags and a plaque listing ex-students in the

A chapel program introducing the plans and purposes of the council was given in this morning. Ruth Kruelen, organist, played patriotic songs; Charles Kegel gave a reading; Lennie Meyer told of the origin of the council; Don Gillard discussed student cooperation, and co-chairmen Grave and Rowland explained the group's desires for achievement. "It certainly was novel"-this featured the newly organized Alma college Swing Band under the leadership of Jack Tobin. As the old adage states—"Music hath charms to sooth the savage beast"; this music had charms to sooth the savage rat racer.

The festivities started out with a fanfare from the band and a burst of applause given at the entrance of Harry Dittmar, King of the Rat Races, contributed to the tremendous ovation. For the benefit of the girls of Righteous hall, King Harry gave an exhibition of proper Rat Race dancing.

Found tripping the light fantastic down the main stem were Charlie Ford and Lydia "Don't Kiss Me" Silvani, Bill and Queenie, Wendt and Ruth, Leslie and Nan Fisher, Montgomery and Jewell, and a host of other racers.

In typical rat race style, the stag line was in glory with the priviledge of unlimited cutting. The surge of stangs was led by Bruce "Just one Dance" Butler, Carlton T. Bortle, Harry Dittmar,
Dave Miller, and John Beaul.
Led by Greek Fisher and his

kitchen crew of Chuck Kegel, Moose Walters, Neil MacNeil, and Spankie Navarre, the food situa-tion was handled to the complete satisfaction of all concerned.

The highlight of the evening was

the kissing auction led by that very busy master of ceremonies, Chuck Kegel. Allison Smith was the first lucky girl to take the holiday this block and Micky bought her kiss for 11:30 a. m. \$1.00. It is indeed with a heavy heart and deep remorse that we leave the campus of Alma College. But also in leaving we feel that it is a just time for us to speak now or forever hold our peace.

For three years now we have seen athletes, championships, and hopes for championships appear and disappear. There was, when we first came upon the campus, great hopes for an MIAA football championship but this hope was soon squelched by Albion, and that same year the Scots went through the basketball season undefeated to win MIAA laurels. In track too the Scots were triumphant and all of these championships combined to give us the All

Sports Trophy. All things equal, the Scots haven't done so badly, and this, my dear people, brings us right up to the reason for this article. I said, all things being equal, the Scots have done all right, but thats just the point, all things aren't Sure, we have the best coach in the conference, we have wonderful football and basketball facilities, but right here we stop, for in the other major sport, Alma is sadly lacking. Whoever planned the Memorial Gymnasium must have had in mind a wonderful gym, for a high school, especially for basketball purposes. Now, we have no kick coming in the way the Scot basketeers have performed in the past three years but that is not what we're driving at; we're talking about track facilities. Last week we were in Lansing to view the MIAA track meet, indoor style, and the things we saw were none too gratifying. We saw a fighting bunch of Scots go out and run their very hearts out to take second place in this meet. Second place, believe it or not! Oh yes, I heard lots of folks say we didn't have a chance and they were right. And do you know why we didn't have a chance Here's why — First we'll take the case of Albion,— the Britons, who, by the way, won the meet last Thursday, have been practising track for the past three months, they've even had four track meets already this year. The same goes for Hillsdale, Kalamazoo, and Hope. Now we hear you say, "Why, Alma has had track practice for the past month, I saw the notice in the paper." Yes, my friends, Alma has had track practice and what practice was it? Ask the fellows on the team about that. Ask them how much fun it was running through snow drifts for the practice they needed to compete in the meet; ask them how they liked the idea of broad jumping and high jumping after never having seen a pit since last spring. That's what they did and they did a mighty fine job of it too. And

that brings us right to the point

of this article. ALMA HAS NOT THE PROPER FACILITIES FOR INDOOR TRACK!!! And what's more, Alma is the only school in the MIAA which hasn't the facili-

And why haven't we these badly needed facilities? Truthfully we don't know, but we do know how it would be possible to get them. Without a doubt a field house would be out of the question in these times but other facilities would not. For instance there is plenty of room in Memorial Gymnasium for a portable cork track or a low balcony on which could be built a track as has been done

A. No. 1 Barber Shop

209½ E. Superior Alma, Mich.

at Central State and Western State. There are some who say that facilities such as these would be inadequate and in the long run they are right, but for the duration this would be better than no track

It is evident that Aima College has not the money to build such a track but there are ways in which money could be raised to do it. Alma has in the past been the home of great track men but it looks as though these men have forgotten such things in their hour of prosperity. If some of these alumni could be made to see the lack of equipment in Alma perhaps things wouldn't be as they are, and there is no reason why they shouldn't be made to see it. Come on, you alumni, are you too nearsighted to see the value of athletics now that you are successful men of the world? Don't forget the things they did for you. Think it over and let's see if you can't do something about it.

Study of level flight speeds of more than 450 miles an hour is the purpose of a new \$2,100,000 wind tunnel now under construc-tion at Pasadena by the Calif. Instute of Technology.

APOLOGIES

Apologies are extended to Paul French, better known as Frenchy, whose name was omitted last issue from the list of boys who received their letters for achievement in basketball this past season.

Paul hails from Three Rivers; and during his high school days was quite a figure on the basket-ball floor. This past season was his first year on the Varsity team. Paul was a hard working player who handled the ball well, was a good passer, and fast on his feet. Although a good shot in practice
