#### **BARITONE IS GUEST** STAR FOR ASSEMBLY

Alma College students and faculty will be entertained tomorrow morning at 11:00 by Piero Pierotic (pronounced: Pee air OT ish) baritone of the Vienna State Opera. Devoting the first part of his program to strictly tuneful songs of English, he moves on to the second group, singing the charming songs of his Dalmatia homeland. While his artist accompanist introduces an interesting piano number, Piero Pierotic does a quick off stage change into the Rigoletto costume he wore on the Vienna Opera stage.

Then, after his accompanist concisely narrates the story of the great opera, Rigoletto, Mr. Pierotic sings and acts that dramatic

#### PETERSON ANNOUNCES **BOARD RATE JUMP**

An increase in board rates of \$16.50 for the balance of this semester, effective October 15, and of \$25.00 for next semester, has been announced by E. E. Peterson, Business Manager of Alma Col-lege. Reasons listed for the increase is food costs.

A letter, circulated to all stu-dents Monday afternoon notified them of the increase. Previously, the students had been told that such an increase might be necessitated, but no definite word had

been given.

The added charge, while effective October 15, may be paid anytime between now and January 15,

\$25.00 more a semester. Approximately \$6.00 more per month. That's the latest jump in board rates at Alma College.

Student Publication of Alma College

The veterans receive \$65.00 per month as subsistence pay. During the school year this comes to about \$550. He pays out to the college under the new board rate, \$450.

Non-veteran students are feeling an even tighter pinch. They have seen rates raise each semester for the past year.

The fact that students were told the first of the semester that such an increase might be announced any time is no excuse for offering it now.

Let's do something about the food, its quality, its preparation. Those hot-dogs at the Monday noon meal were hard, had a bad taste.

Monday night, three persons had a different meal served to them. Let's get enough for all.

### Pioneer-Prattle

Well, all the color around "Pot Palace" is green. Don't mind mentioning it, but school spirit is now at a fever pitch. Just note the sign above the front entrance of Pioneer Hall.

Spirit-and that's just what the Frosh and Sophomore Classes have. Concerning the Frosh, Ted Roberts, Jim Cole, and Mike Portlance are heading the committee to build a 15 foot long, 10 foot high float for the Homecoming Parade. What will it be? That, is a closely guarded secret. About the Sohphomores, they too are planning a float for the parade and don't be surprised to see conflicting ideas. A meeting of all the Pioneer Hall Men was held last Thursday night and the results proved to be rather interesting. Just ask Matt Ingraham about the dues which will be collected soon.

When asked about dating girls, Frosh Don Houck merely sided: "Good Lord! I haven't been out with any woman in I don't know how long. Just a passing thought: Sophomores better not know, "how

ALPHA THETA

The third meeting of the Alpha Theta literary society was held Monday night in the Sorority room with Pat Adams presiding.

Officers for the first term were appointed by the president. They are: Sentinel; Joyce Stewart, Par-limentarian; Joan Burkholder, Keeper of the Archives; Barbara Girvon, Social Chairmen; Peggy Powers, Student Council Representative; Esther Johnson, Guide; Joan Hookey, Almanian Reporter; Dorothy Dugal, second critic; Lu Kolberg, and first critic Mike Black.

With the Theta mixer out of the way and another success marked down in the A. O. files the sorority is getting ready to start work on the annual Style Show, sponsored by Gittleman's. It looks like a busy year and one as full of fun as the

Vera hails there are to be some instrumntal from Pontiac and is living up in ensembles formed for special pro-330, in case any of you other Pongrams and assemblies. In January tiac girls would like to drop in and exchange news.

The first formal meeting of the sorority was held Monday, September 30, with Marian Matson presiding. Other officers for the present semester are: Joan Brett, vice president; Hazel Brown, treasurer; Marian Spalsbury, recording secretary; Janet Cordes, corresponding secretary; Kathie Rowley, sentinel. Terry Katz, par-liamentary critic; Tila Martin, keeper of the archives; and Betty Snow, keper of the scrapbook. Much was discussed concerning the year's activities but thoughts were mostly centered on homecoming and the open Philo dance which will be held in the chapel rec room November 15.

Orchids should be presented to Hazel Brown and the gals who organization, reorientation, and helped her get the books straightened and to Joan Brett for the quick service in getting a brand new doorknob for the door to the sorority room.

#### PHI-LIP

Freshman, you're welcome to come over any time. Our house is the second one on the right hand side of Philadelphia Avenue directly across from the chapel. Come on over and meet the gang.

Yes, we are still fixing up our home. We have a nice new rug for the front room and also a proposition in view, as a result of which. we are going to have our living room furniture covered. Then we will have harmonizing colors in our living room. Brother Freet drove brother Christenson home last Monday evening to get his father's spray gun and compresser. All rooms will be repainted. When we are through fixing up our home, it should look pretty

Our social calendar seems to be quite full for the coming week. We are going to have a closed wiener roast this Friday, and then Saturday the open Darn Dance. So if you see the Phis running around this week, you will know the reason why. Don't forget! October 18, you are invited to attend our Barn Dance. Old clothes, fall decorations good music, friends, and fun are in store for all. Let's all be there. The more the merrier.

Our football team started off the season with a bang by defeating Skid Row by the score 18 to 60. The boys looked pretty good. We hope they keep it up. That's all for now. See ya!

The band has one concert scheduled for this semester, and there is to be a chapel program by the instrumental branch of the music department, which will feature brass and reed ensembles.

The music that has been purchased is of a wide variety calculated to please everyone. There are swing and jazz numbers, as well as stimulating marches and overtures. The trend though in the music selected is definitely towards the modern school of thought.

October 24 the band plans to present Miss Mary Evelyn Thurman of Chicago, international baton twirling champion.

The "Spirit of '46" was revived in Skid Row when Dick Lenny and Harry Hill, a visitor from the family quarter, paraded through the rooms with fife and drum the other day. Wouldn't it have been more impressive, fellows, if you had had something better than a red shirt for a flag? The celebrated occasion seemed to be a letter from Kalamazoo which the recipient had been waiting for, for

three whole days.
ATTENTION, MISS DICKIN-SON: We would like to ask a favor work that is to follow the football of you. You have in your German class a fellow to answers to the name of "Chipper" Butler. Please ask him to sing a solo in your class. He's been practicing a German song entitled "Treue Liebe" every night of this week. He really has a fine voice, and we feel that he deserves a break. Being naturally bashful himself, we feel it our duty to present this request on his behalf.

#### VETERAN NOTES

World War II veterans in the U. S. have borrowed more than four and a half billion dollars for home, farm and business purposes under the G. I. Bill, according to Veterans Administration.

Some Veterans Administration hospitals are training handicapped veterans to fill technical and skilled jobs within the hospitals after their release.

When a World War II veteran writes to Veterans Administration about his G. I. insurance, he should give his full name, insurance cer-tificate number, service serial number and complete home address.

### Meet the Faculty

Robert E. Rufener, new band in- games. The Kiltie band has alstructor at Alma College, was born May 31, 1923, in Shelbina, Missouri. At the age of ten he took up the cornet and liked it so well that he decided to build his life career around it.

He played in the band at his local high school and later at Kirksville State College. There he received his B. S. Immediately after, he joined the St. Louis Philhar-monic Symphony Orchestra with which he played for two years.

Mr. Rufener took his graduate work in Chicago at Vandercook College and further study at Northwestern University in Evanston, Illinois. Before joining the faculty at Alma, he was instrumental instructor in St. Louis, Missouri.

Mr. Rufener was impressed by the activities which are offered at Alma and was even more impressed by the friendly spirit which predominates on this campus. This is the first time he has been this en-man team in a grueling three far north in Michigan, so he hasn't experienced an Alma winter as

Big plans have been made for the instrumental music department. Mr. Rufener is planning a large concert band, to take form after the football season, which will present concerts to the city and college. He also plans to take the Kiltie band on trips, which will probably include out-of-town ways been the trademark of Alma College, and Mr. Rufener intends to make it even better known this

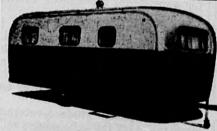

"Volunteers are needed also in all sections of the band, especially students who play the clarinet or the drums. Even those who do not have instruments are asked to volunteer," Mr. Rufener stated, continuing, "The band is thinking of purchasing new instruments for those who do not have them. Anyone interested in joining the band should see Mr. Rufener at his of-fice in Clizbe House.

Playing in a band is beneficial in many ways for it is a good social contact and it gives the students a chance to keep in practice by playing good band music.

Do your dreams ever come true? If not, then you're just not dreaming about the right things. Take a tip from Nancy Heering who dreamed of a cocoanut cake the other night. When Jane Kohler's mother heard of it what do you think she sent the girls? You guessed it, a great big cocoanut layer cake.

We found out what Mary has been working on so industriously lately; a paper ball and chain as a joke for Doug's birthday.

New leave policies now are in effect which permit unbroken subsistence payments to veterans attending college under the G. I. Bill and continuing their studies under an accelerated program, Veterans Administration said.

Under the new regulations, veterans will receive subsistence payments for the full enrollment per-iod certified to VA by the educational institution, provided there are no more than 15 days between terms. Such between-term leaves will be charged against their en-

Veterans will be on the subsistence rolls from the date of enrollment until 15 days after the close of the period. This will enable VA to make final payment of subsistence allowance without delay to those men do do not return for the following semester.

No leaves other than the 15-day extension in training status will be authorized by VA with the exception of the scholastic leaves offered by the educational institu-

not apply to veterans interrupting their training before the end of a Bud K term. In such cases, authorization for subsistence payments will end at the date the training was inter-

If the period of a veteran's eligibility ends after the middle of a semester, his eligibility for study will be continued until the end of that semester and authorization for subsistence allowances extended accordingly.

The between-term leave is granted to all veterans on enrollment. Those who do not want the leave must notify VA in writing at least 30 days before the end of the school year or other period of enrollment.

In the past, student-veterans were taken off the subsistence rolls at the end of the normal school year. Those choosing to continue their studies during the summer semester had to be recertified for subsistence payments after they had enrolled for the summer term.

Leave in the past was earned at the rate of two and a half days a month during the course of study. Veterans, on application to VA, could use this leave to extend their training status at the close of the school year. By doing this, they received subsistence allow-ances for the extended period of training.

The new regulations will eliminate much paper work for the col-leges and VA Affirmative reports on conduct, progress, grades and attendance no longer are required. The institutions now need report only unsatisfactory progress and interruptions of training which would have a bearing on the subsistence allowance authorized for the student veteran.

#### **GONE TO POT**

WHY SHOULD I TIP MY POT?

After all the Frosh had secured that "Pot" each one of us wondered, when, where, what time, and how should I tip my pot to all ladies and the Faculty? This was an interesting question and all of us soon found out the appropriate answer from our very close friends the "Sophomores".

WHEN: I found out, the hard way, that my pot should be tipped to all ladies and all the faculty in an orderly fashion. This rule I found out was printed in the AL-

MANIAN, but neglectful me, I failed to notice it.

WHERE: I found out that no one wears his "pot" inside buildings, I did. I don't now, for a gentleman came up to me and informed me the proper procedure. I still didn't learn, so last night I walked back to Alma. It was a nice walk, but for Biology, does one have to take a ten mile bike at have to take a ten mile hike at night to appreciate the reaction to stimuli of plants?

WHAT TIME: The time of tipping my pot, seemed to be very important to my close friends, the "sophomores". But, darn, I could never learn, and I never tipped my pot until I was past the honored person. Now, I tip my pot in plenty of time, enabling the person to see me. It was easy for me to catch on to that one.... for I wrote a theme on the "Rehabilitation of the Male Bee" and handed it in to the "Segretary of the it in to the "Secretary of the Court." I think that's who he was anyhow, I learned.

HOW: Should I tip my "pottie" with the right hand or left, up or to the side of my head, or just what? Well, I decided that I would just leave my pot on my head and say a genteel "hello". I said hello, the boys said "hello" to me, I said hell--o to them, and we all said hello to the Pine River. Tell me, is it the custom at Alma to go swim-

ming in the Pine River in October?
I'm not beefin' about my hike, or theme, or swim, but is it right that only half of us conform to the rules of the game, while others, who don't care to get into the swing of things, ignore even the wearing of the pots? Let's all get in the spirit.
