Alma College Opens To-day With Greatest Enrollment

Alma College opened its doors this week to the largest student body in the history of the college. Although definite enrollment figures are as yet unobtainable between 500 and 600 students have been accepted for admission.

In order to handle the enlarged student body, President Roy W. Hamilton has announced the following faculty additions:

Dr. J. V. Roth has been appointed dean of religion and professor of Biblical literature and religious education. Dr. Roth, a graduate of Marion College, holds his B. D. and Th. M. from Louisville Theological Seminary. He re-

ceived his D. D. from Alma College. Prior to coming to Alma, Dr. Roth served as pastor of the First Presbyterian church of Grand Haven.

Harlan R. McCall, former superintendent of schools at Charlotte, will become professor of education and director of placement. He received his A. B. degree from Albion College and his A. M. from the University of Michigan.

The chemistry department has been strengthened by the appointment of Dr. Howard Potter as assistant professor of chemistry. Dr. Potter is a graduate of Alma College and received his Ph.D. from Harvard University where he also taught. Prior to his coming to Alma, he taught at Swarthmore College. To assist Dr. Potter, Charles Skinner has been appointed instructor in chemistry. Mr. Skinner, a graduate of Alma College, has been employed in the research laboratories of Dow chemical company in Midland. Previous to his work at Dow, he was employed by the public schools of Alma.

The music department has been augmented by the addition of three new faculty members. Glen C. Stewart will become instructor in organ and theory. He holds B. M. B. and M.M. degrees from the University of Illinois. Mr. Stewart also has had private organ study in Scotland and Germany. Miss Margaret Vander Hart, with 17 years of public school experience, will become instructor in voice and music education. Miss Vander Hart is a graduate of Central Michigan College of Education and holds her M.P.S.M. from Northwestern University. Miss Barbara Bacon will become instructor in piano. She will be in charge of the junior and high school division of piano instruction. Miss Bacon is a graduate of Syracuse University and holds a diploma from the Julliard School of Music.

To supplement the professorial staff in the English department, Miss Jean Fyfe and Richard Darbee have been appointed. Miss Fyfe is a graduate of W. Virginia University and also holds her A. M. from there. Her previous instructional work has been at Christian College, Columbia, Missouri. Mr. Darbee is a graduate of Alma College and has his A. M. Previously he taught in the Clawson public schools.

Miss Markine Traynor has from the University of Michigan, been appointed Social Director of the college and instructor in physical education for women. Miss Traynor is a graduate of Michigan State College.

From the public schools of Saginaw, Lester Eyer has been appointed instructor in biology. Mr. Eyer is a graduate of Alma College and holds his M. S. from the University of Michigan.

To assist in the language department, Miss Helen Dickinson, a University of Michigan graduate, has been appointed assistant in the departments of French and German.

Alvin M. Eldersveld of Grand Rapids, Michigan has been signed as a assistant in the Departments of English and Speech. A graduate of Calvin College, he has more recently been engaged in graduate study at Northwestern University, Evanston, Illinois.

Information regarding Steve Sebo, assistant professor of Health and Physical education and Director of Athletics may be found on the sports page of this issue.

Freshman days will commence on Monday, September 23. Freshman will register on Tuesday, September 24 with the upper classmen returning for registration on Wednesday, September 25.

"Maroons" Defeat "Reds" 32 to 0

Alma College football fans had their first chance to see the 1946 edition of the Scots in action Tuesday night in an inter-squad game played under the lights at Bahlke Field. The results did not satisfy the spectators, the players, or Coach Steve Sebo.

Although the "Maroon" eleven easily defeated the opposing "Red" team by a score of 32 to 0, Alma's hustling new coach realized that a great deal of work remained to be done before a winning combination could be found.

A wet field and a wet pigskin make it difficult for the players and fumbles marred the contest. The play was shoddy and the blocking was ragged.

After a scoreless first quarter, the "Maroon" lads went to work. Starting on their own 26 yard line, they drove 74 yards for a touchdown, with Captain Bucky Walters concluding the march on a 14 yard run through tackle. Art Teixeira's attempted place kick for the extra point was blocked and the score was 6 to 0.

That score stood until midway in the third period when halfback Max Tullis swept 11 yards around end to culminate a 53 yard drive. Walter's place kick was blocked and the score was 12 to 0.

In the fourth quarter the winners ran wild. Tullis again struck pay dirt on an end run to complete a 57 yard scoring march. Walters converted, making it 19 to 0. A moment later, halfback Rocky Walker intercepted a flat zone pass thrown by Teixeira (Teixeira had changed squads between halves) and dashed 20 yards for a tally. Walters again converted and the score jumped to 26 to 0.

A forward pass accounted for the final tally. With the ball on the 15 yard line, Tullis hit Mike Budge (continued on page four)

SEASON TICKETS BEING OFFERED TO ALMA COLLEGE FANS

For the first time in a number of years there will be season tickets offered to Alma college football fans of the city and state. Three home games have been scheduled for the current season, two of these at night contests and the homecoming tilt which is scheduled for 2:00 p.m. the afternoon of October 19 against Albion.

The two night games will come on November 1 against Hillsdale and on November 15 against Ferris Institute. Cost of the tickets for the three games will be \$2.00 and purchase can be made through a call at the college business office.

A Welcome to the Students of Alma College

On behalf of the Administration and Faculty of Alma College, may I extend to all of you a hearty welcome to our Campus. You comprise the largest student body ever to seek an education in this institution, a group whose size has been limited only by the facilities available. I want you to know that my faculty associates and I stand ready to be of the utmost service to you. As Alma has been famed for her friendly spirit, I hope that we may soon come to know each other well and that with courage, devotion and kindly forbearance, we may help to build the type of Christian College of which we shall all be proud.

Roy W. Hamilton, President.

SALUTATIONS

The ALMANIAN Staff greets you, Upperclassmen and Freshmen, and heartily hopes that each one of you accomplishes the task you have as individuals set out to do.

To you, Veterans, we give an additional welcome of praise and sincerely hope that your individual aims for the future are as successful as your prosecution of a war dearly won.

Alma College is a friendly environment because the faculty and the students have made it so in the past. It will remain friendly as long as the students will cooperate with each other in building up a strong foundation for higher learning and better living.

Interest, next to friendliness, is a by-word in developing Extra-Curricular activities. All interests can be satisfied if they can be classified so don't expect the other person to do all the classifying without your help. Actions speak so much louder than words. The ALMANIAN will help, if you will take the initiative of writing a letter, to publish your views as a group. The ALMANIAN Editor is elected by the student body and the paper is printed for the benefit of all the students. So, students, don't judge our articles without first judging your attitude of helpful criticism.

PHI PHI ALPHA

With only four men back early to help in the clean-up, and with three of them working hard on the football field each day, you can readily see why too much hasn't been done.

Starting on Tuesday morning, we set out to wash all the windows, clean the rooms, fix the front and back porches, clean up the yard area, and we even have plans for some painting. Work thus far is progressing wonderfully.

With Bob Hubler, Bob Baker, and Ken Swanson, oldtime PHIs, returning this semester, we will have a total of 23 old and prospective Phis living at the fair mansion, which is quite a jump from the total of eleven which took over the house last February.

Monday is the day set for the first fraternity meeting of the new school year, and it is hoped that at this time complete plans for activities will be made. Starting our first fall post-war year, we have men in every key spot on the campus, class officers, student council and ALMANIAN. We intend participating in all intramural sports as well as supplying men for all varsity sports.

DELTA GAMMA TAU

This year we find ourselves among many faces that are new to us, plus some of the old faces, each ready to take an active part in affairs of the college. Among these we find two former football stars, Bruce Butler-backfield, and Murray Hanna-end. Both of these boys played on the Alma Sents championship team of '41-'42 and we expect to see and hear a lot from them this season. Bill Linton, an Alma boy who was quite active in fraternity circles before the war, has returned and has done much of the repair work that was necessary around the house. We might even write a few recommendations as regards his interior decorating skill.

We will be minus "Tex" Serapero, who received a grantings card from Uncle Sam. Ralph Durroughs has broken away from the coaches and is ready to try his luck at Wish Hill this semester. Uncle Ben has already started his practice driving and is looking forward to graduating at the end of first semester (Once again, Word has reached us that Ted Coramell has mastered his letter and is not attaining the low forty in golf rather constantly.

During the past two weeks our house has really taken on a new glow due to the efforts of four ambitious souls with mop and brush in hand. They have removed the dust and all Miss Muffets friends. Paper has been hung, paint splattered, and floors polished. Our large living room is again made and during the cold winter evenings will be lit up by the glow of the fireplace.

We of the Delta Gamma Tau are looking forward to an interesting and prosperous year and you may be sure that you shall hear from us constantly.

ZETA SIGMA

The school year of 1946-47 has started off with a bang for us as we put the Zeta house back in order. It has been three years since we have lived under this roof, but things are well under way and all repairs and clean-up work should be completed in a short time. Lack of materials has been our biggest handicap, but the boys doing the work are keeping at it and doing what they can with what is on hand. We have been favored by visits from many of the old crowd the past week, all wishing they could be back at the college and living in the frat house.

Plans are already being made for a banner year and for all Zetas to once again take a leading part in campus activities. To help us in this aim, we will have many of the old gang: Max Tullis, Breky, Walters, Lot, Dangler, Bill, Wendt, Gayle, Grimm, Ken, Corbin, and Wayne Van Hardy, all recently returned from the armed forces. To each of these fellows, and to all new students, Zeta Sigma bids welcome.

An honest co-ed at the University of Kansas came right back at the "Laws" recently. Instead of scurrying by the horde of wolfish lawyers on the steps of Green Hall, she paused at their whistles and whipped out a sign. Printed on it in big red letters were the simple words: "Thank you!"

VETERANS INFO

Veterans who are entering school or job-training this fall under provisions of the G. I. Bill should be in a position to meet their personal financial obligations for at least 60 days as a safeguard against a possible delay in payment of subsistence allowance, the Veterans Administration Branch Office advised today.

While VA will make every effort to pay subsistence allowances promptly, there may be cases of some delay in payments due to the tremendous volume of work which will result from the start of a new school term. It is estimated that some 98,000 veterans will be enrolled in the colleges and universities this fall within the Branch area, including 54,000 in Ohio, 33,000 in Michigan, and 11,000 in Kentucky, the three states serviced by the Columbus Branch Office.

There is no provision in the G. I. Bill (Public Law 346) which permits VA to make loans or advance subsistence payments to veterans commencing or taking educational or training courses. Under Public Law 16, which is the Vocational Rehabilitation Act for disabled veterans, a \$1,500,000 revolving fund has been provided to make advancements not exceeding \$100 in any case to disabled veterans who are entering training. The advancement must be repaid to VA in installments.

Application forms for amputee veterans to use in obtaining cars at Government expense are now available at the Detroit Regional Office of the Veterans Administration at the Guardian Bldg., it was announced today. Forms also have been distributed to Veterans Administration office throughout the State.

The Veterans Administration is charged with the responsibility for administering the \$30,000,000 program to provide automobiles or other conveyances for disabled veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle."

The Veterans Administration estimates that nearly 1,000 Michigan veterans are entitled to receive cars. If the veteran has no operators license, it will be necessary for him to get one before his application can be fulfilled. After all entries have been made and certified, the veteran can present the application form to any dealer of his choice and negotiate for an automobile or other conveyance. But the Veterans Administration warns veterans that the total purchase price cannot exceed \$1,600. This must include all equipment necessary to operate the vehicle safely and any tax which is reflected in the purchase price. The veteran cannot buy a more expensive car and pay the difference between price and the \$1,600 limitation.

The Veterans Administration can pay only the seller and cannot reimburse veterans for cars already purchased. Claims must be completed by June 30, 1947.

Failure of veterans who are receiving disability compensation to report for physical re-examination at the request of the Veterans Administration may result in suspension of disability compensation payments, the VA's Columbus Branch office for Ohio, Michigan and Kentucky cautioned today.

VA officials also said that veterans applying for disability compensation must report for scheduled physical examinations, otherwise adjudication of their claims may be delayed indefinitely.

Disability compensation payments are suspended when veterans fail to report for re-examination. If, after suspension of its award, the veteran should subsequently report for physical examination and the evidence clearly establishes to the satisfaction of the rating agency concerned that during the period of his failure to report the disability in fact existed to a compensable degree an award may be approved effective the date of suspension.

However, if the evidence discloses a change in physical condition and that the disability is no longer compensable in degree, no action will be taken to reopen the award during the period of suspension. Where the disability is ratable in a lower degree, the award shall be reduced. Where disability is ratable in a greater degree, the award at the increased rate may be made effective the date of physical examination by the Veterans Administration, and from the date of suspension the effective rate payable on the date of suspension will be awarded.

VA Schedules re-examination periodically when veterans' disabilities are not static. These re-examinations are continued until it becomes apparent that no further improvement can be expected.

Strange as it may seem, the records show that not once has a telephone pole ever hit an automobile except in self defense.

SCOTS TAKE MONTH OF DRILLS FOR SEVEN GAME GRID SCHEDULE

Seven Former Letter Winners Return as Coach Sebo Begins 1st Year.

Since Sept. 2 Coach Steve Sebo has been directing a squad of some 40 to 50 athletes in a pre-season football camp at Bahlke field as the new Scot mentor prepares for his first football season as head of Alma college athletics. Coming to Alma as a former star back at Michigan State college and a very successful high school coach, his last stop being Petoskey, Sebo has taken particular charge of the backfield and has Bill LaPaugh, an Alma graduate of a few years ago, to assist him as line coach.

A seven game schedule has been arranged for the Scots and to form the back-bone of the squad. Coach Sebo has a group of seven former letter-winners to use for the coming campaign. This contingent is led by Vernon "Buck" Walters, a 210 pound fullback who was a former Alma high school and Scot star before his entrance into the navy. Buck was selected as captain by other squad members in a recent election so will lead the team in more ways than one.

Other former letter winners who have been welcomed back from service to the Scots are Max Tullis, a speedy little half back from Charlotte and Ken Corbin of Detroit, another speedster who performed in the backfield a few seasons ago. In the line the letter winners include Gayle Saxton, an aggressive guard from East Jordan, Harold Hartt, another former guard from Pontiac, Murray Hanna, fine pass catching end from Harbor Springs and Chuck Kegel, a center from Detroit.

A sizeable group of former Alma high school athletes is included

in the squad of close to 50 staging the twice daily workouts. Big Bob Hornacek at a tackle, who tips the scales at 240 pounds, is the heaviest on the squad while Gene McQuaid is another Alma high product who tips the beam over the 200 mark. Bob Lamerson as a half back, Ken Rhynard and Mike Tobin as ends and Dick Grubaugh, another halfback, will probably see plenty of action.

The Scots are defending champions in the MIAA this fall, winning the gridiron title back in 1942, the last year the conference staged a full league schedule. Some stiff competition will come from other conference schools, however, in an effort to keep the Alma aggregation from repeating as champs.

Coach Dave Nelson at Hillsdale has a squad which should be a power in the play during 1946 while a wealth of material is also available for Coach Bob Nulf at Kalamazoo. Coach Dale Sprinkle at Albion is another with plenty of returning veterans while a squad of more than 70 has reported to Coach VanberBush at Hope.

All schools of the MIAA have returned to competition this fall which means the Scots must meet five conference foes. Two of these will be at Bahlke field, the first in a day game when Albion is here on October 19 as the homecoming attraction, and the second a night game with Hillsdale here Nov. 1. In addition the Scots will entertain Ferris here the night of Nov. 15 to round out a home schedule of three contests, with four on the road.

Opening game is less than two weeks away with Coach Sebo now returning his squad to one workout a day until that time. Adrian is the first opponent, the contest to be played there and to be a day game the afternoon of Oct. 5.

The complete schedule is as follows:

- Oct. 5—Adrian at Adrian
- Oct. 11—Mich. Normal at Ypsilanti
- Oct. 19 — Albion at Alma (Homecoming)
- Oct. 25—Hope at Holland (N)
- Nov. 1—Hillsdale at Alma (N)
- Nov. 8 — Kalamazoo at Kazoo (N)
- Nov. 15--Ferris at Alma (N)

Kegal, Tullis, Corbin, Swanson, Albee, Goodrich, VanDuzen, Budge, Lieberman, Walters, Teixeira, McCarty, Saxton, G.

Stoppert, Grimes, Corbin, Breidinger, Whalen, Perry, Turner, Hull, Pysch, Breen, Martin, Snellenberger, Slaski, Spaniolo, Bush, Macri, Peace, Rhynard, Swett, Grubaugh, Hornacek, Parkes, Lamerson, Saxton, S. Hook.

Coach Steve Sebo and Assistant Coach Bill LaPaugh

Meet the Faculty . . .

With the postwar deluge of students flooding the campus of every college and university in the nation, there exists an accompanying influx of faculty and operating personnel. We, the staff of your ALMANIAN, deem it a personal privilege to give our readers an informal introduction to our new faculty. As the space in this newspaper is limited, we can only detail the life of one new faculty member each issue. Thus, we start

off with a short sketch of the life of Coach Steve Sebo.

— By Bill Bowers —

Much of any school's spirit is dependent upon its athletics, the nucleus of which is the coach. A retrospective glance at the life of Coach Steve Sebo shows he is well qualified for his position.

Coach Sebo was born July 15, 1914 in Battle Creek, Michigan and was graduated in 1933 from Battle Creek Central High School,

where he was active in all sports. Ambitious enough to seek further education, he entered Michigan State College at East Lansing and gained a berth on that college football team for three years playing in the position of right half-back along with Kurt Warbein '34, Al Agett '36, and John Pingel '36. He also excelled as a catcher on the baseball team for three years. A member of Sigma Alpha Epsilon Fraternity, Coach Sebo received his B. S. Degree in Physical Education, Class of 1937.

Four years as instructor of Physical Education, and as coach of Football, Basketball, and Baseball followed at Petoskey High School. These pre-war years were filled with bliss for our new coach, as it was in the high school gym one day that he met Margaret Morrison, Fourth grade teacher in the Petoskey School System, who was graduated from Western Michigan College, Class of 1939.

Later (December 29, 1943) Margaret came Mrs. Steve Sebo. (continued on page four)

Housing Problem For Vets Solved

Temporary living quarters for 8 married veterans and 32 single veterans attending Alma College have arrived at Alma from the army facilities from which they are being supplied, according to Charles B. Lawrence Jr., Director, Region VIII, Federal Public Housing Authority, 2073 East Ninth Street, Cleveland, Ohio. "Spence Brothers of Saginaw, Michigan, will be the contractors for the re-erection and conversion of all the units and will also be in charge of the transportation of the family facilities," Mr. Lawrence stated.

Metal barracks buildings formerly stored at the Army Engineers Depot, Marion, Ohio, have been moved to Alma and will be re-erected into four two-family structures. Each of the 8 family units will have two bedrooms. Dormitory accommodations for the 32 single students will be created from army barracks from Camp McCain, Grenada, Mississippi, which will be remodeled into two one-story structures.

The FPAA has supplied the buildings and will pay all expenses incurred in their transportation, re-erection and alteration. The campus site on which the buildings will be located and the improvements thereon, such as sidewalks and utility lines, have been provided by the college. The management of the completed project and the disposition of the temporary structures when no longer needed by veterans will also be the responsibility of the college.

Besides these units, 12 trailers have also been allocated to the college from the stockpile of surplus war housing and army and navy facilities available to the FPAA. The repairs on the trailers are now completed, and as college convenes for this semester, the trailers are all occupied by married student veterans and their families.

STUDENT GOVERNMENT AT ALMA COLLEGE

You want a democratic form of government we have it. Alma's student government is divided into these different sections: Men's Senate, Women's Senate, Student Council, Cooperative Council, and the Administrative Body.

Each term elections are held to determine who shall sit on these various sections. Vote is by popular choice, and those selected are charged with setting up and enforcing rules and regulations of the different dormitories.

The Student Council consists of representatives from each class and organization on campus, popularly elected for a school year by the student body. The Council handles all activities pertaining to campus life—a few of its many activities being: Arranging dances and mixers on free week-end nights, setting prices and backing dances given by the different classes and groups, setting up of the programs for both Homecoming and Campus days.

The Co-operative Council is made up of the President, and two members of the Student Council elected from that body. These three are then the direct link between the Students and the Faculty.

The Administrative Council is made up of seven faculty members, from which three are chosen to meet with the Cooperative Council.

Now, as the enrollment increases, so do the duties of these different divisions. They represent the Student Body, and are therefore constantly working to make Alma College all that the students want it to be.

"Maroon" Defeat "Reds"

(continued from page one)

in the end zone to end a march of 56 yards. Walter's kick was wide of the uprights and the final score was 32 to 0. The ensuing kickoff ended the game.

The "Maroon" Squad compiled 19 first downs while the losers made 7. The "Maroons" attempted eight passes, completed three, and had nine intercepted. The "Reds" attempted 15 forwards, completed six, and had three intercepted.

Despite the all-round bad play, there were some bright moments. The ball carrying of Max Tullis and Dick Hook was outstanding, as was the defensive work of Walters. Others gave encouraging performances.

The line ups:

"Maroon"	Pos	"Red"
Hanna	LE	Breen
Swanson	LT	Breidinger
Saxton, Gayle	LG	Goodrich
Kegal, Slaski	C	Turner

Officials: Referee—Jim Hicks; Umpire—Pete Greenhoe; Linesman—Al Goodrich; Timer—Prof. Clack.		

Freshmen Mixer Held

New students were given an opportunity to know each other Monday night when the Student Council sponsored a "Mixer" in the Chapel Rec Room. John Miller, Student Council Social Chairman was in charge. He was assisted by Elizabeth Whiting, Barbara Bunting, Marian Mattson, Jack Maatch, and Bud Kohler.

Group singing was led by Miss Markine Traynor, Campus Social Director, assisted by Professor Eugene Grove.

Dancing was enjoyed by all, music being supplied by the juke box.

Next Student Council party is scheduled for Saturday night at 8 p. m., in the Chapel Rec. Room. All students, old and new are invited to attend.

The French started to build a canal across the Isthmus of Panama in 1879, but failed. Thereafter the U. S. bought French interests.

WALTERS CHOSEN TO CAPTAIN 1946 SCOTS

BUCKY WALTERS

Election of Vernon "Buck" Walters, veteran fullback, as captain of the Scot football squad for the coming season was announced recently by Coach Steve Sebo following a vote by members of the squad. A former star fullback for Alma high school he also played a year of stellar ball for the Scots immediately after graduation and continued to play in this same manner while attending college as a naval V-12 trainee.

A smart football student, he has been very popular with teammates wherever enrolled so his choice was viewed with pleasure by the coaching staff.

SEATTLE, WASH. (ACP)—Something new in the way of school support for the football team will be inaugurated at Washington State this fall. Seven part glee club consisting of several thousand voices will harmonize to cheer the Huskies in the homecoming grid scrap with California October 26. It is expected to produce one of the most unique cheering systems yet devised, and if the venture proves successful, it may be established as a tradition.

MEET THE FACULTY

(continued from page three)

Live work of his countrymen, Major Sebo, who has been in the United States since 1942, was in the week-end at the Alma College. He was in training at Gardner Field, Tatt, California, Officers Candidate School at Miami Beach, Florida, and was Post Director of Physical Training and backfield football coach at Amarillo Army Air Base, Amarillo, Texas. With a staff of sixty assistants he trained 25,000 soldiers daily. Later, Major Sebo relieved Major Wattman as School Secretary for the B-29 Airplane and Engine Mechanics School at Amarillo. This school was charged with the vital training of the much needed B-29 Flight Engineers who helped bomb the Japanese Empire into submission.

On January 29, 1946, Mr. Sebo was honorably discharged from the service of the United States, and he almost immediately returned to college. Entering the University of Michigan, he received his M.A. in Physical Education, and achieved honor by his election to membership in Phi Delta Kappa, National Honorary Educational Fraternity.

Since coming to Alma, Coach Sebo has taken an active part in the affairs of the Alma Lions Club. Mrs. Sebo has accepted a teaching position in the second grade at the local Hillcrest school.

At present Coach Sebo is giving the Alma College squad a rugged course in football fundamentals, striving for perfection in many vital plays for the coming season. He takes his work seriously, and his friendly and helpful attitude

SOCIAL CALENDAR

Social Calendar for the first half week of this semester has been released and is here published for your information. Tonight there will be House Meetings in both Wright Hall and Pioneer Hall at 9 p. m. Wright Hall meeting will be presided over by Mrs. Irene Harwood, Dean of Women, and Dr. Paul Rice, Dean of Men will be in charge of the Pioneer Hall meeting.

Tomorrow, Friday, the Faculty Reception will be held in the Chapel Rec Room commencing at 8 p. m. All faculty members, new and old, will be in the receiving line.

Saturday, the Student Council will sponsor a mixer in the Chapel Rec Room at 8 p. m. All students and friends are invited to attend. This is a good chance to get to know some of the other students.

has made him well liked by the members of the team.

The Sebos are young, exciting, and are interested in all outdoor sports, a combination which will be a definite asset to Alma College. THUMBS UP, Coach Sebo.

NOTICE
