Juniors to Honor Senior Class at J-Hop

The Junior Class is proud to present the J-Hop in honor of the Senior Class on Saturday, April 30th, from 8:30 to 12 midnight. Joe Levynne and his orchestra, who made such a sensation at the Frosh Frolic, are scheduled to play for the gala event. Plans have been made, the foundation laid, and the Juniors are progressing to a finished product.

The melodic orchestra, refreshments, and decorations which will change the immensity of the Memorial Gymnasium into a beautiful Garden of Midnight, with trees and sky, moon and stars, should provide the necessary elements to assure you and your companion a wonderful evening.

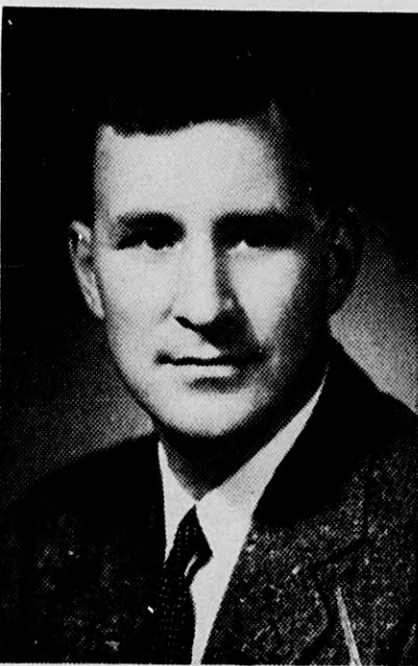

This is our one chance to all meet in a common bond of friendship, which compasses Alma College. This is our chance to show the seniors that we are all pulling for them and will miss them.

Now is up to you — Juniors have their plans, they have everything except the one thing that makes a dance—you.

Get your dates early and make your plans for an evening of fun at the J-Hop. Admission is \$1.50 per couple and corsages have been voted down.

Dr. Paul R. Rice is planning to spend the summer vacation at Whittier, California this year. He will hold the position of visiting professor of biology at Whittier College during the six-week summer term from June 20 to July 29. Whittier is a Quaker college.

Dr. Welch Names Lloyd W. Eaton as Scots Director of Athletics

Lloyd W. Eaton

The appointment of Mr. Lloyd W. Eaton as Director of Athletics, Head Football Coach, and Assistant Professor of Physical Education at Alma College was announced recently by President Dale D. Welch. Mr. Eaton will succeed Mr. Steve Sebo, who resigned at Alma College on March 15th to become backfield coach at Harvard University.

Mr. Eaton is a native of South Dakota and a graduate of Belle Fourche High School and of Black Hills Teachers' College at Spearfish, South Dakota. He was an outstanding player on his college team and the captain of the team for one year. He served as line coach at Black Hills Teachers' College, and as head coach for one year at Dupree, South Dakota, and one year at Martin, South Dakota. After a four year period of service in the army, Mr. Eaton entered the University of Michigan, where he received his Master of Arts degree in Physical Education in February 1949. He is now pursuing further graduate work at the University of Indiana leading to the degree of Director of Physical Education.

President Welch said concerning this appointment, "All of us at Alma College who have met Mr. Eaton are delighted to have him associated with us in this important capacity. We are sure that he will bring to his new position the same aggressive qualities that characterized Mr. Sebo."

Coach Bennie G. Oosterbann of the University of Michigan has said concerning him, "Mr. Eaton worked with Mr. Keen in coaching the 150 pound football team in 1948. Mr. Keen reports that Lloyd's assistance was of great value in coaching the squad to a championship. Mr. Eaton has impressed me as being a very personable young man, who has a pleasing personality, is conscientious and very cooperative. It is my feeling that he could ably perform my assignment as a physical education instructor and director, and that he has the background and qualities which would enable him to coach any of the several sports in which he has had experience."

Spring football drills are being carried on under the supervision of Bruce Butler, Scots assistant coach for the past two seasons and at present acting director of athletics. Butler spent part of the spring vacation at Indiana talking over plans for next season with Eaton and the football drills are being worked according to those plans.

Mr. Eaton will not report to Alma college until some time this summer.

Nichols to Head Physics

The appointment of Nathan L. Nichols as Professor of Physics at Alma College, effective in September, was announced today by President Welch. He will succeed Professor R. C. Ditto, who is retiring after twenty-eight years of service on the Alma College faculty.

Mr. Nichols is a graduate of Western Michigan College in the Class of 1939, and has a master of arts degree from the University of Michigan, received in 1945, and is expecting to complete his work for the doctor of philosophy degree at Michigan State College during the current summer.

Mr. Nichols is not only splendidly trained but he has had eight years of highly successful teaching experience. He taught in the high school at Milford, Michigan, for four years, at Illinois College for one year, at the University of Michigan for one year, and has been assistant in the Department of Physics in Michigan State College for two years.

Mr. Nichols is a married man with three children.

M-Day Is Set for Friday

On April 29th, something new is being tried on our campus. This day has been set aside as "M Day." On this day each and every person on the campus is expected to wear blue jeans, faculty as well as students. The fellows really get a break, for on this day the girls are expected to perform those favors which the fellows usually do for the girls, such as opening doors, carrying the fellows' books, etc. Friday night there will be a girl bid dance to which everyone is invited. The price of admission will be 10 cents stage and 15 cents drag. The boys will be tagged on the "back" with "Taken" when they have a date.

The "Potent Potentate" and his court will be chosen to reign over the dance and will be selected by the girls in Wright Hall.

This event is being planned by the Wright Hall Senate. Jody French is general chairman under Peggy Powers, social chairman.

Adrian and Albion are having a big battle via their respective school papers concerning the chances of each school in the MIAA Track and field day. Unfortunately, nothing will be sure until May 20th.

In a triangular meet at Ypsilanti on Saturday, Michigan Normal gained 94½ points, Adrian 42½, and Central Michigan 24. It's just a week and a half until the Scots meet both Adrian and Central in a triangular to be held at Mt. Pleasant.

No sooner did the Athletic Publicity office get the spring sports schedules mimeographed and distributed than the first rained out ball game came up. Oh well, things are tough all over.

In that track meet at Detroit on Saturday, Titan Bill Haley turned in a :10.1 100 yard dash against a 30 mile wind.
