

## Pat Forbes to Wear Queen Diadem

### Open House on Alma Campus

Plans for the Open House to be held on campus between 2:30 and 5:30 on Sunday, October 16 are progressing rapidly. Details for the event are in the hands of the Committee on Assemblies and Public Occasions of which Prof. Wesley Rowland is Chairman. Other members of the committee are George Lennox, Ralph Appell, Betty Bishop, Prof. Henry Howe, and Miss Margaret Vanderhart.

Registration of visitors will be in Wright Hall where six students will complete identification cards for all guests. After registration visitors will be formed into groups of ten and will be conducted on a tour of the campus. Approximately fifty students will be available to conduct these tours. Tentatively the route is scheduled to originate at Wright Hall and proceed from there to the Biology Building, Library, Gymnasium, football field, G. I. Barracks and student apartments, Arts Building, Chemistry Building, Administration Building, Pioneer Hall, Clizbe House, and then to the President's house where the guests will be welcomed by President and Mrs. Welch, and will also be given refreshments. They will then go to the Union and Chapel. Faculty members will be in the Student Union to greet the guests and will be identified by badges giving their names and departments.

At 4:30 there will be a 30 minute program in the Chapel which will be repeated if there are that many people present. Program plans anticipate the A Cappella Choir, a talk by President Welch, instrumental or vocal numbers by students, and a reading by Peg Powers.

Tables will be set up in various rooms with materials about Alma College such as catalogues, picture bulletins, informational bulletins, and blotters for the use of visitors. During the day it is hoped to have appropriate music amplified through the Chapel chimes.

Invitations are being issued by the President's office to churches in the vicinity—the Saginaw and Lansing Presbyteries. Churches are being urged to use the Alma College Chapel bulletin cover for their services on October 9.

#### CHAPEL CALENDAR

October 5—Wednesday  
Denominational Meetings  
October 7—Friday  
Dr. Roy Hamilton, Alma College.  
October 10—Monday  
Rev. C. F. Bole, Alma, Michigan.

### "Craig's Wife" Selected As First Play

"Craig's Wife," a drama, has been selected as the first play to be presented at the College this year. The play has won the Pulitzer prize and played this summer in several of the country's leading stock theaters. It has been hailed as one of the most outstanding psychological studies of its kind since Henrik Ibsen's "Doll House" and will be presented in the Little Theater the 3, 4, and 5 of November.

Tryouts were held yesterday from 3 to 5 in the Little Theater, at the site of the old chapel, and final trials will be held tonight from 7 to 9 in the same place. All students are eligible for a part

### THE ROYAL COURT

The 1949 Homecoming Queen and her court are a very appealing sight. They are: Pat Forbes, Queen, center front; Sidney Cunningham, Jo Ann Higgins, second row; Marilyn Garrett, Gwen Laclare, Ann Sugden.

### Dr. Will Durant Guest Speaker

Alma College students will have the chance to hear Dr. Will Durant, one of the greatest philosophers of our time.

Will Durant has been on the lecture platform since 1907. For the last twenty years he has kept himself near the head of the ever-changing list of leading platform personalities, and shows no signs of abated energy.

His lectures are packed with substance, broadened with understanding and yet lightened with humor and wit. Whether he talks of the present or the past, his words illuminate the problems of our time. To every subject he brings a perspective of historical background and a depth of philosophical insight which aid materially in the interpretation of the

confused contemporary scene. Beginning with his "The Story of Philosophy", which sold nearly two million copies, Dr. Durant's books invariably have been on best seller lists throughout the country . . . eloquent testimony to the breadth of his appeal. This makes him not simply America's favorite philosopher, but that *rara avis*—a philosopher whose works sell better than most fiction.

Dr. Durant was born in North Adams, Massachusetts, and his parents, with remarkable perspicacity, named him William James for the great Harvard philosopher and psychologist. Educated at St. Peter's College, Jersey City, and at Columbia University, Dr. Durant, after taking his B. A., A. M., and Ph. D. degrees, taught Latin and Greek at the Labor Temple School in New York City of which he was a director for thirteen years. And it was there that he began the writing which was to develop into some of the philosophical-historical works of our time—including "The Story of Philosophy" and "The Story of Civilization". This last work has three volumes thus far—the latest being "Caesar and Christ"—with two more to come.

### CHOIR, BAND, AND P. E. CREDIT

Students who entered Alma College as freshmen in the fall of 1949, will be given an activity unit for choir and band. Students who are sophomores or upperclassmen will still receive one academic credit per semester for participation in these two activities. The same is true of physical education. Freshmen will receive an activity unit for physical education and sophomores and upperclassmen will receive academic credit for it. It should be understood that four academic credits of physical education activity will be counted toward graduation.

### DETROIT LASS WILL REIGN OVER HOMECOMING

"All powers that serve the bright-eyed Queen are confident and gay." This in a word would describe the queen and her court who were chosen to represent the Alma student body for the homecoming festivities.

Pat Forbes, whose home is in Detroit came to Alma from Cooley high school where she graduated in June of this year. Pat is majoring in religious education and eventually hopes to become a director of religious education in one of the

Protestant churches. Her father, who is the chief operator in the Detroit branch of the Western Union, was very glad as was the rest of her family to hear of Pat's election as queen. The family will be up to see Pat's part in the homecoming activities.

Gwen Laclare, who also lives in Detroit, graduated from Redford high school. Gwen plans to major in education and is taking the usual freshman course. Her father is an engineer in Detroit.

Sydney Cunningham is California's respective this time. Sydney's home is in San Diego, Calif. She came directly from LaJolla high school to Alma where she plans to take training to become a dental technician.

Jo Ann Higgins comes from Whittemore, Mich. She plans to take up social work as a career. Jo Ann was previously on the Queen's court in Silver valley.

Ann Sugden is an English major who graduated from Lapeer high school this spring. Ann's father is a real estate man in Lapeer and he will probably be up to see her part in the parade.

Marilyn Garrett who comes from Melvindale, Michigan, hasn't decided on a major yet, so she is taking a general course.

Marilyn's father, who is superintendent at Fisher Body will probably be up to see the type chassis that are produced here.

We have treated with the girls rather briefly here, but we hope to give you a fuller story about each one of them later on. Meanwhile you will probably be looking them over yourself.

### New President at Kalamazoo

Dr. John Scott Everton will be inaugurated as the eleventh president in the 177 year history of Kalamazoo College, Friday, October 7. Formerly Dean of the Chapel and Professor of Philosophy and Religion at Grinnell College, Dr. Everton was elected to the presidency of Kalamazoo College in January. Now 41 years of age, Dr. Everton, as head of the oldest college in the state, is the youngest college president in Michigan. The college, founded in 1833, is a liberal arts college with an enrollment limited to 650 students. The inauguration will be held in Stetson Chapel, on the college campus, as part of a three day Inaugural Homecoming. Traditional Homecoming events will be held Saturday, October 8.

**NOTICE**  
Say fellas, the latest on the dining situation is to leave by the same door you enter. This is straight dope from the head office.

### SOCIAL CALENDAR

TUESDAY—OCT. 4—  
Saginaw Concert—The Wagner Opera Co.  
FRIDAY—OCT. 7—  
IWO Dime Dance in the Student Union after the game.  
SATURDAY—OCT. 8—  
Zeta, Phi, and Delta closed parties.  
Freshman closed party.

## Our Union . . . .

Few students realize the controversy that was caused by the establishment of our student union, and as soon as we have the information compiled, we will release a feature story on its occurrence. The important thing is that we have the nicest student meeting place for college students in this district. In our off hours we can relax by playing cards, ping-pong, or even drown our troubles over a cup of coffee.

You could call it the Hollywood and Vine of Alma College, for if you want to see someone just remain in the union and during the day sometime you would see the person wanted.

In past years the union was managed by an individual, but this year it is under the surveillance of the Business Office.

During the ensuing year let's keep our union the best by keeping it clean. Bottles were left all over the union when the old coke machine was being used, so we now have a new soft drink machine which dispenses cups in the place of bottles. This ingenious invention has a variety of flavors. The only thing we miss in the pop is that refreshing fizz, it seems to be gone.

The Chapel basement is our Union. Everyone should take it upon himself to keep this place of recreation clean, for, without our Union, life at Alma College would lapse into a dull confinement of solitude.

E. H. K.

## Student Council News . . .

The Student Council had its regular meeting Tuesday, September 23. Plans were set in progress for Homecoming, which will be held the week end of October 29 and which will honor ex-coach Royal Campbell. It was decided that there will be no definite theme for floats.

Ella Orr, senior, was named the female counterpart of the Student Marshal, her duties being to mediate any Frosh-Soph difficulties that may arise during hazing.

The council voted to present to

the student body a proposal to assess three dollars per person for the school yearbook, the Scotsman. This will be voted upon by the student body at some future time.

The meeting of the Social Chairmen of all campus organizations under the chairmanship of Miss McKinney was held Tuesday, September 27, to decide the semester's social calendar. Social schedules for the following month will be passed out to students at the end of each month.

At the regular meeting of the Council immediately afterwards, the outcome of the chow-line problem was discussed. The outcome has been announced in Chapel, but as a reminder, students are requested to keep books and wraps off the furniture in the lounge and to use the furniture as little as possible while waiting in line. After meals the men may sit in the lounge provided they are accompanied by a resident of Wright Hall, a girl, in other words. Please co-operate, kids.

The Council voted to repair the record changer on the dining-hall phonograph and to purchase some new records for it.

A proposal was made by Ted Emery that we purchase new yard-markers for the football field. This was approved unanimously.

The meeting adjourned after deciding that the election of the M.I.A. representative would take place at the same time as that of the Homecoming Queen.

### NOTICE TO EX G.I.'s

The Registrar's office will not use service credits or honor points in computing the overall average for honors. Physical Education will be required of all ex-service-men who entered as freshmen in February, 1949, or thereafter.

Without universal education the idea of freedom is no more than an unpaid bill.

Dr. Torres Bodet

### Delt News

Gordon Willoughby said he enjoyed his trip down to the U. of M.—State game; asked why he came back to school in his mother's car, he replied that he had "a little trouble" on the way to the game—playing Krinkle-fender" again, eh?

We haven't seen too much of Doug Callow around the house lately—it seems that he is devoting much of his time to extra-curricular activities.

Ken Norris, who is playing with a local 10-piece band, has been doing a fine job.

Jim Crossman tells us he is willing to do any sort of typing for anyone (for a nominal fee, of course). He can be contacted at the Delt House.

Plans are being made for the Delt Monte Carlo—for the benefit of new students it is a full evening of gambling and dancing. The money is stage money, naturally. Committees have been set up for the Homecoming weekend. We expect to see a great many of Delt alumni there, because many have written us and asked when the date for the week-end is.

### Kappa Kapers

Well, we finally did it. Made actual plans for the Homecoming float, that is. They're a deep, dark secret, though, so don't expect more about them now. No, don't coax me!

We're beginning to lay plans for our K. I.-Phi dance that will be held later on this year. 'Pears like it'll be a real fine deal. Watch for it.

This is sure one busy little gang. Not only all that to work on, but we've been granted a room adjoining our present sorority room to use as a rumpus room. It'll take much, much fixing, but we're game, and if enthusiasm can paint walls, we'll have a masterpiece.

The K. I.'s extend our sincerest congratulations to our new Queen and court. Choosing the cream of this crop of Freshmen was a hard job, but these girls deserve the honor.

### ZETA NEWS

Thanks for all those congratulatory remarks on the Zeta-Theta Free Party Friday night. We're sure glad that you had such a swell time.

Warner and Daily, those versatile lads, are at it again. The most recent departments that have been added to their corporation are interior decorating and ukulele lessons. They have just redecorated their room in harmonizing shades of brown, red, black and blue. And besides, keeping up with their studying and social engagements, they have mastered that immortal piece, "Buffalo Gals", on the uke. Their motto — "Rates cheap, service quick, nothing accomplished". Phone 553.

Big plans are being made for lots of activity by Zeta Sigma this year. At present we are preparing for the biggest Homecoming ever.

The first real "session" of the year took place last Tuesday night when a few of the boys related their war experiences for the fourth consecutive year. That's O. K., Ed and Joe, we can sleep until 7:00 every morning. Thank you, and goodnight, Flash Gordon!

### ALPHA THETA

Has anyone noticed the Theta's seem to be going around in deep thought lately? It's because we're all thinking so hard about Homecoming, the first float and our style show. We are having our homecoming banquet at 6:30 in the Methodist church. Yes, we're really doing an especially

SUPPORT THE  
ALMANIAN  
ADVERTISERS  
FOR  
MAKING POSSIBLE  
THIS PAPER

fine job on the draperies.

Ruthie Schmidt was elected as our new vice-president to replace Mary Jane Keith, who transferred to State and Sue Flanigan will head the float committee.

We're been very glad to see some of our old Thetas back visiting. Esther Johnson, Shirley Dittmar and Mike Black have been up on various weekends and Arlie Bennett, Kathy Shaw and Jane (Kohler) Lieberman have also stopped to see us. We're especially happy for Jane and for Beck (Lyberg) Walker since both girls were married this summer. Kathy, incidentally, is now a stewardess and regularly flies to Caracas, Venezuela. Lucky girl!

Everyone seemed to enjoy the "Zeta-Theta Free for All" last Friday night and we are planning on having many more successful events during the coming year.

### Phi Lip

Be it known by these presents that The Phi Phi Alpha Fraternity will not be held responsible for any person walking around the house in his bare feet. You might find yourself minus a few toes! It seems that Bill Budge, Budgetville, Michigan, has a new friend vying for his attentions. This new friend is in the form of an alligator. I watched Bill and Chris trying to feed the 'gator his weekly meal and they showed excellent teamwork. Chris, using a toothpick for a crowbar, forced the reptilian's mouth open while Bill proceeded to jam half a pound of raw beef down its throat. The 'gator mumbled something about Bill's ancestry and gulped down the proffered meal. Now that he has been fed for this week its safe to come in, boys.

I can't think of a better way to renew old friendships than to go on a hayride. So it is that we have set aside October 8th, Saturday, for this purpose. I have a blind date so I think I'll wear my long drawers. It gets pretty cold these nights. Don't forget the cider, men.

May the writer take opportunity to express deepest sympathy after hearing of the sickness in the Little Phi House. Hope you are all on your feet soon, Bert, Cass, Mick, and Lowell.

Yes, and "Bloody Bob" has his worries these days. It seems that the "Flyin' 240" reinforced his sack with two-by-fours. I hope the world doesn't come crashing down around the head of our little "Bloody Bob". Even two-by-fours are only so strong.

Saw big game hunter Pollock heading out for the swamps the other day. I'd hate to see Bob treed by a tribe of fierce amoebae.

We of the Phi's wish to congratulate the newly selected Homecoming Queen and her court. Alma has always put her best foot forward and you girls are examples of this tradition. The best of luck to all of you from all of us.

To all you frosh, men that is, we want to extend an invitation to come over and view the Phi House. We are located at 313 Philadelphia, right across from Wright Hall. I'm sure you will receive a warm welcome from the fellows who abide there.

### I. W. O. NEWS

Did you say there were animals in Wright Hall? Wolves? Real animals? Nope, your guesses are all wrong, for due to certain rules and regulations, Wright Hall gals have to be content with stuffed mascots. But don't think we aren't proud of these mascots!

Monday night an Annual Animal Parade Party was given by the I. W. O.'s to show off and judge the most cuddly and winsome animals resident. Shirley Hewitt (that foreign student from Texas) took top honors with her little pink pig (all right, so it wasn't a pig, unless it was the Texas variety).

Phyl Hayward was Master of Ceremonies and, of course, nothing would do but she must contribute some of her Little Willy jokes. Delpha Crawford had the girls in tears (tears?) with her "Poor Old Woman" reading. Jean MacMillan lead us in singing some old favorites. Other members aided in entertainment and serving of refreshments.

I. W. O.'s have other big plans for this year and Mary Beth Penn

(the President) tells me I can't disclose them as yet, but believe me they sound interesting and packed full of fun.

### W. A. A. NEWS

The Woman's Athletic Association has started the year for many energetic activities such as field (bruised skin) hockey, soft broken bat) ball, volley (under the net) ball and basket (dribble) ball.

At a meeting on September 30th the girls elected the officers of their organization. They are: President, Joann Hookey; Vice President, Irene Probst; Secretary, Mary Ellen Spinnikan; Treasurer, Roma Woodworth.

Your modern watch is a masterpiece of movement when you stop to consider these figures which come from the jewelry Industry Council. The balance wheel of a watch turns an average of 432 thousand times a day and its escapement ticks 12 thousand, nine hundred and sixty times. The jeweled bearings in it are the answer to why it resists this type of wear for so long.

# Dates Set for LSA Tests

The Educational Testing Service has announced that it will hold a number of tests throughout the country to aid students in entering graduate schools. These tests will be in the fields of law, medicine, and a graduate record examination.

The Law School Admission Test, required for entrance by a number of law schools throughout the country, will be offered four times in the coming year, according to Educational Testing Service, which prepares and administers the test in cooperation with twenty-one leading law schools. During 1948-1949, nearly 13,000 students took the LSAT in partial satisfaction of admission requirements of law schools which prescribed it.

This semester, candidates may take the LSAT on Saturday, November 12th; in 1950 the dates are February 25th, April 29th, and August 12th, all Saturdays. Administrations are held at numerous local centers in all parts of the country. Since many law schools select their freshmen classes in the spring preceding their entrance, ETS advises candidates for admission to next year's classes to take either the November or February test where possible. It should be noted, however, that the LSAT is not universally required. Each candidate should inquire of his prospective law school whether or not he is expected to offer it.

Objective in type, the LSAT features questions which measure verbal aptitudes and reasoning ability rather than acquired information and, according to the ETS, it cannot be "crammed" for.

The Medical College Admission Test, required of candidates by a number of leading medical colleges throughout the country, will be given twice in the coming year, according to the service, which prepares and administers the test in cooperation with the Association of American Medical Colleges.

Candidates may take the MCAT on Saturday, October 22, 1949, or on Monday, January 16, 1950, at administrations to be held at more than 300 local centers in all parts of the country. Since many medical colleges begin selecting their freshmen classes in the fall preceding their entrance, ETS says that candidates for admission to next year's classes will probably be advised to take the October test. Students interested should inquire of their prospective medical colleges whether they will be expected to take the test and, if so, on which date.

The MCAT consists of a series

of tests of general scholastic ability, a test on Understanding of Modern Society, and an achievement test in Premedical Science. According to ETS, no special preparation other than a review of premedical subjects is necessary. All requirements are of the objective type.

Tests of the Graduate Record Examination, required of applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country four times in the coming year, the testing service has announced. During 1948-1949 nearly 15,000 students took the GRE in partial fulfillment of admission requirements of graduate schools, which prescribed it.

This fall, candidates may take the GRE on Friday and Saturday, October 28 and 29; in 1950, the dates are February 3 and 4, May 5 and 6, and August 4 and 5. Since the GRE is not required by all graduate schools, ETS advises each student to inquire of his prospective school whether or not he is expected to take the test and, if so, on which dates.

The GRE tests offered in these nationwide programs included a test of general scholastic ability, tests of general achievement in six broad fields of undergraduate study, and advanced level tests of achievement in various subject matter fields. According to the Educational Testing Service, Candidates are permitted several options among these tests.

Application forms and a Bulletin of Information, which provides details of registration and administration, as well as sample questions, may be obtained from advisers or directly from Educational Testing Service, Box 592, Princeton, N. J., or Box 2416 Terminal Annex, Los Angeles 54, California. A completed application must reach the ETC office at least two weeks before the date of the administration for which the candidate is applying.

## Hazing

During the second week of hazing the Frosh still maintain their high system of organization. They now have a general alarm at Pioneer Hall. When any sophs even appear to be looking for Frosh the fire alarm rings and all the Frosh turn out. In this if nothing else, the Frosh are satisfying the Sophs, for they see enough Frosh to last them quite a while.

It seems that the picture on the front page of last week's Almanian gave the Sophs an idea, for some of the Frosh have taken cold showers this week. The main dispute right now is whether or not more Frosh have taken showers than the Sophs.

The Frosh are still going for their walks; but most of them seem to be enjoying it.

The Frosh girls are beginning to feel the effect of hazing too. Last week they had to wear their hair in pin curls and wear make-up on only one side of their face, and on another day they wore their pajamas throughout the day.

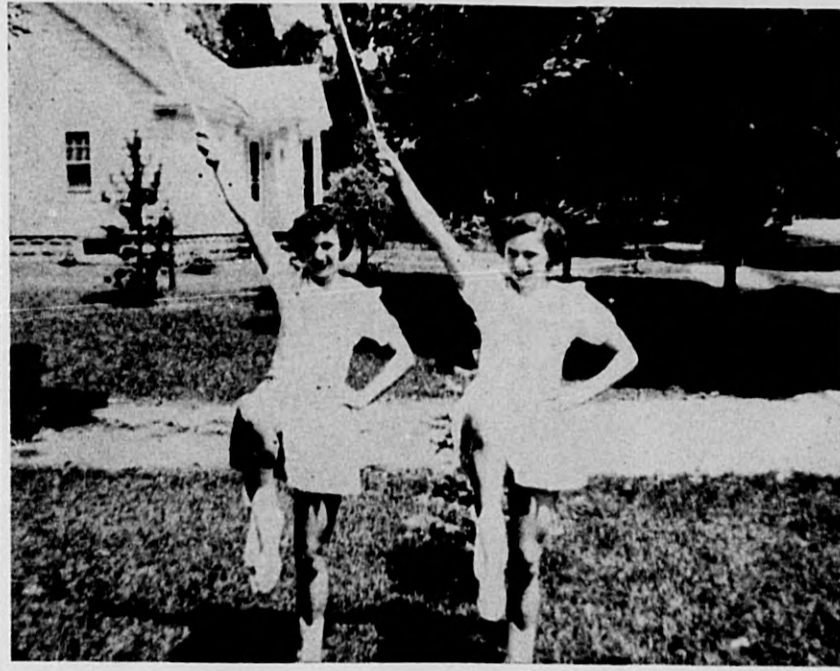

Hazing is slowing down, but it is still moving forward with determination. We only hope that Bob doesn't get too bloody with the Frosh, or them with him.

## Smiles

"Mr. Miller! There's a gentleman here to see you about that fearless editorial you wrote on local politics."

## SEEING DOUBLE . . . ?

Did you think that you were seeing double when you were watching the majorettes Friday night? Well, you were. That high-stepping, baton-waving pair are the Rose sisters, and as you probably noticed they bear a descriptive name. Besides their entrancing prancing they are both members of the choir, and if you are blaming the food for optical illusions, don't. They are also on the firing line in the chow hall.

This pair of Queens are so much alike that members of their own family sometimes confuse them. They wear the same type of clothing which makes it easy for one to go mad when he thinks he sees one girl come through a door twice. Peggy, i. e., Margaret tells of one instance of confusion where, when she was immobile

with a broken back, Ruth came blithely walking out of the hospital room and scared their doctor out of twenty years of experience.

They are from Kalkaska, Michigan, (The pronunciation of which is enough to make anyone see double), and have differing interests. Peggy is taking a general course, while Ruth is a music major.

One way to tell them apart is to whistle a tune. Ruth will stop to listen, while Peggy wears a fraternity pin.

However, this reporter, being an ardent fan of Sherlock Holmes has discovered the one sure way to tell them apart. Peggy parts her hair on the right side while Ruth parts hers on the left side . . . . I THINK?

## BUZZER BOARD ROMEOS TABOO IN PAST

Those buzzer-board Romeos who clutter up the reception room of Wright Hall every afternoon and evening these days were not of any noticeable importance in the early history of Alma. Then two great catastrophes occurred in 1914: World War I began and the buzzer system was installed in Wright Hall. How one ever got in touch with a girl without the startling buzzer is one of the mysteries of the past. But, on the other hand, since this was during the days when students made resolutions that no student who played Sunday baseball could represent Alma in any athletic contest, maybe dating the females was taboo. At any rate, it was not until then that the modern Romeos summoned he girl-friend by a slight push of the hand on the buzzer and then stood with their heads resting between their shoulder blades waiting for the fair one to show her face over the railing.

The history of the Hall itself

began with a gift of over \$47,000 from Ammi Wilbur Wright. January 21, 1902 marks the opening of this institution within an institution. It was on this date that the girls deserted the Ladies' Hall, now Pioneer Hall, and moved to their new dorm. Immediately after, this building became the center of student activities. The co-eds will think this is because the girls lived there, but the fact that this was the location of the new dining hall is the real reason. Among the many things that Wright Hall is famous for, such as numerous love affairs and an occasional good meal, it has the special significance of being the seat of Alma's first student body of government, the Wright Hall Senate, which started to function on November 5, 1912. Without Wright Hall and all that goes with it, Alma wouldn't be the same. We congratulate the old place on its forty-eighth year of existence.

## Kiltie Band

The Kiltie Band is really stepping out in style, with new skins (drums to the music lovers). The thing that everyone will notice is the new jackets on the majorettes. The color and cut of the jackets have not been released, but we are eagerly awaiting the first appearance.

In the past the band was mainly a stationary organization, but this year the scotty dog is of another color. The band will play at the Grand Rapids and the Kalamazoo games. I am sure it will be a refreshing treat for both half time periods.

The game here Friday evening will see the Kilts on the field at the half time with a theme, "The Blues".

There is still room for one more trombone player, so if you have the ability to toot, head for the Clizbe House and sign up.

Did it ever occur to you to wonder why people call the pointers on your watch "hands"? According to the Jewelry Industry Council, it is most likely because many early watches had dials with "hands" in the form of pointing fingers. Warriors with swords as pointers were also popular among early watch designs.

## Outstanding College Choir

We have all noted with a great amount of enthusiasm the continuing success of the Scots on the football field. We have greeted our pals and made new ones. We have noted the shifts that always follow each summer, and now can tell with a reasonable certainty just who is dating whom. Classes have begun to interfere with 591 educations. College is under way.

Every afternoon at three the Alma College A Cappella Choir gathers, and there is the finest organization on the campus. To choir members there is no such thing as the well known clique. Whether a choir member likes the person next to him or not, he works with him and for him as if he were a dear friend or fraternity brother. Choir members are proud of their choir, they want you to be proud, too.

With a corps of veterans and the fresh approach of the new head of our music department, Prof. John Merrill, this has all the earmarks of being another glorious season. Music ranging from American Negro songs to the highly involved works of J. S. Bach will be sung in the many concerts to be given by the choir this year. People in many parts of Michigan will have an opportunity to hear the best of all kinds of music, sung in a fashion that leaves little if anything to be desired in the way of finesse, diction, or sheer overpowering beauty. Alma will be put on the map again and will be known among music lovers as well as sports fans, debaters and high school counselors. For nearly a decade the Alma College A Cappella has been the finest in the state of Michigan, and this year it will be even finer.

Watch the programs issued during the year, and watch the pages of the Almanian for the choir's itinerary. When you see the choir will be in the area of your home, urge your friends and folks to attend the concert. They will thank you for the reminder, and Alma College will be richer by many new supporters.

## Article Published

The Journal of Entomology recently published an article by Paul L. Rice, Dean at Alma College. The article was entitled "Parasites of the European Corn Bore." Doctor Rice was connected with the University of Delaware during the war years. It was during this time, he made many studies in this field. His resignation enabled him to come to Alma College, while his successor continued with the work. They collaborated to write the article which appeared in the "Journal of Entomology."

We are plagued with our desires and they will not always tolerate the truth.

**:: Scotty Barks ::**

Oh my! Are my feet sore! I went for a walk in the country the other night. Now, this walk wasn't my idea. I was just plodding along minding my own business, when out of the shadows stepped four big bull dogs. I made a dash for the Union, but one of them grabbed me by the collar just as I went through the door. The next thing I knew I was walking down a lonely country road trying to find my way back to Alma.

Last Friday night I decided that I would take in a movie, so I trudged over to the Strand. The usher showed me to a seat, and to my surprise I discovered that I was sitting next to Dave Cornell, the Freshman Student Council Representative. He asked me if I would pass some information along to you, and when I heard what it was I told him that I would be only too happy to do so. It seems that on Saturday evening, October 8, the Freshman class is going to have a big mixer in the Union. All Frosh are invited, and are asked especially to bring their friends from home. Its purpose is to get the Freshmen better acquainted with one another, and to interest their friends in Alma College. The time is set at 7:30, and admission will be free. I'll be there, and I'd like to see all of you and your friends there too. This is just one of the many activities that the Freshman class has planned this semester. Let's all get behind it one hundred per cent.

This Frosh Hazing stuff is getting me down. Remember the little poodle I told you about last week? Well, these Sophomores are really fouling me up. That darn Spaniel has been going out with her every night, and I'm not even allowed to bark at her. Oh well, such is life.

Speaking of girls, I hear that the freshman girls went through quite a bit of torture the other night. Their screams resounding throughout the campus made the hair on my back stand right up straight. Those little green bows don't look bad, though. At least they don't have to tip them to the boys.

Hey! How did you like the pajamas the gals were wearing last Friday. I took special note of them, and honestly, I never knew that there could be so many different patterns! Some were striped and some were flowered. Some were checked and some were covered with polka-dots. Florence Marr, the sheriff's daughter, looked as though she borrowed her pajamas from the county jail.

The fellas will have their turn next, when they participate in the Freshman pajama parade. I'll be anxious to see whether the boys can out-do the girls, by having the classiest pajamas. Time will tell.

I have come to the conclusion that Mr. Merrill has overlooked some wonderful talent. Those freshmen fellas have marvelous voices. Just ask Mrs. Welch, the President's wife. I was prowling around the grove the other night, when through the trees came the entire freshman class (boys that is). They assembled outside of the President's House and began to let loose with a very spirited rendition of "For He's a Jolly Good Fellow". All this commotion brought Mrs. Welch to the door. One of the more subtle boys very politely asked, "Is Dale in?" Mrs. Welch laughingly expressed her regrets, and said that he was not. Better luck next time, fellas.

Say, have you seen the flag pole? What a mess! It seems that we Freshmen have at least attained one moral victory, as the "53" flag has not as yet been removed, nor replaced by the Sophomores.

Boy! That's some machine they have in the Union. You put in your money and you get almost any kind of pop you want. Next they'll have a machine that tips your pot for you and says "Hi".

Well, I think I'll go see if I can arrange a secret date with that poodle. Incidentally, I found out her name. It's Gwendolynn. See you next week. Arf, arf!

Scotty.

**Dr. J. V. Roth, Moderator of Parish in Indiana**

Dr. J. V. Roth, formerly of Alma College, has taken a position of Moderator at the Todd-Dickey Rural Training Parish, in the New Albany Presbytery, Synod of Indiana.

This cooperative parish includes 13 churches in Southern Indiana, which, with one exception, are in charge of student ministers from Louisville Presbyterian Seminary. These student ministers work un-

der joint supervision of Seminary (through its Field Work Director and its Department of Rural Church Work) and the Moderator of the Parish.

Through the enrichment of program brought to these churches by the parish organization and leadership, they have been changed from isolated, dependent, discouraged congregations into churches of new vision, new life, and Christian enthusiasm. Those in our denomination who are most alert to and conversant with the Rural Church look upon Todd-

**-:- M.I.A.A. Highlights -:-**

Little Michigan is starting its 47th MIAA Campaign, with crucial games being played by all teams. This year the MIAA will be one of the toughest leagues in the nation. All six teams are well equipped with men, and all stand a good chance to end up the season's winner.

In its 46 years of competition the Michigan Intercollegiate Athletic Association (MIAA) has had some bang-up battles for the football championship.

They all may take a back seat this season in the six-school circuit of Adrian, Albion, Alma, Hillsdale, Hope, and Kalamazoo college.

**Adrian:** The team that never won a MIAA football championship is loaded this year. Experience will be Adrian's biggest weapon in making their all out bid for the championship. Returning from last year's squad will be Forrest Schultz, second team all MIAA fullback, with 17 other lettermen. The Bulldog's spirit will be now or never as they meet Albion on their home grounds Saturday, October 8.

**Kalamazoo:** Rated 3rd in the pre-season standings the Hornets are power-laden, and stand a good chance of finishing first with 32 lettermen back. Much of the Hornet's dreams for a championship will depend upon the outcome of their game with Hillsdale Saturday.

**Alma:** Rated to occupy the cellar by most writers, the Scots strong showing against D. I. T. clouded the MIAA picture, and now they rate a good chance to defend their 1948 title. The key to Alma's chances lies in their untried line. The Scots meet their first MIAA opponent, Hope, Fri-

Dickey Parish as one of the most successful demonstrations of what can and should be done through the church toward the Christian enrichment of rural community life.

Sharon Hill, Mt. Lebanon, Hebron, Miller Chapel, Owen Creek, and Nabb are churches in the open country or in very small villages without grade schools. Otisco, New Market, and Bethlehem are villages with grades schools. Henryville, Lexington, New Washington, and Charlestown have consolidated high schools as well as grade schools. (From 1929-1931 the Roths served the churches at New Washington and Bethlehem, while Mr. Roth was a Louisville Seminary student.)

The work of the Moderator (J. V. Roth, beginning Sept. 1, 1949) is to give administrative supervision to the student ministers, to act as moderator of the Parish Council which represents and coordinates the program of the Parish as a whole, to administer Communion, receive members, and perform other ministerial and ecclesiastical functions for which the student ministers are not yet eligible.

day night 8:00 p. m. at Bahlke field so let's be there for support.

**Albion:** The cellar-dwellers of last year are picked by most sport writers to cop the MIAA honors this year. Loaded with power, the Britons have 14 lettermen returning. Five men were ruled ineligible, 3 lettermen will be playing regular this year. Saturday, October 8, will find the Britons of Albion playing away at Adrian, in what should prove to be the crucial game of the week.

**Hillsdale:** With Bill Young, 3 times all MIAA halfback, and leading college scorer back, the Doles loom as the No. 1 pre-season choice to take MIAA honors if Albion falters. Saturday the Doles will meet Kazoo on the latter's home grounds in their first for the "49" MIAA honors.

ROBERT "RIP" COLLINS, TACKLE

# Scots Tease Bulldogs

Win 20-6 Thriller

## Hope Plans Hard Fight for Alma

Only Ted Barrett, a halfback, is gone from the 1948 starting cast that helped the Hope College Dutchmen through last season, and that spells trouble for the Alma Scots. Topping the returnees is All-MIAA quarterback Nick Yonker, who is a standout at passing and also the director of the T-formation employed by the Dutchmen.

Jim Pflugstel, a letterman and Eddie Leverette, a regular before taking one year off from school will handle the halfback slots with Ted Rycenga again handling the fullback position, and capable reserves fill in when needed.

And if that isn't enough to fill the hopes of any coach, the Hope line is big and tough, right down to the last man. Bill "Moose" Holwerda is hustling dynamite as he rips off yardage after pass reception, and Clair DeMull at the other end is just as big and just as capable. Tackles Bob "Rip" Collins and Gordon VanHoeven are no mere trimmings, they hit and hit hard. Guards Abe Moerland and Gordon Timmerman are speedy and hard to stop, while line backer and center Gene Campbell is out to gain all MIAA recognition at a hot line spot.

It isn't going to be easy for the Scots as they face the MIAA wars for another season, and they know it. The non-league warmups against Detroit Tech and Ferris will be forgotten this week as they point for a successful defense of the league crown garnered last year with an undefeated season. They'll be tough too, and no team will find the going easy. Each squad is as capable of an upset, as the same squad may be listed as a sure thing. The chips aren't all blue for any eleven, and the race should be rough right down to the wire.

Coach Eaton will send the same lineup against Hope that has started the two previous contests. Substitutions will be frequent, and the Hope eleven will use the same system. The main job in store for the Scots is to stop the passing of Nick Yonker and that's a man-sized job for anyone.

### HOPE

**Probablye Starting Lineup**

77 DeMull . . . . .	LE

## Cross Country Meet

The initial cross country meet for the Scots will start at 4:00 p. m. Friday, October 7th, at Bahlke Field.

Starting the 3.5 mile trip, the harriers will run around the track and come out on West Superior. They will continue out West Superior, circle the golf course, and return to Bahlke Field via Cedar Street at approximately 4:20 p. m.

Returning veteran runners Chuck Williams, Bob Mobre and Rod Grover, helped the Scots place second in the MIAA cross country last season. Along with these runners will be Frank Morgan, Doug Phillips, Jim Crossman, Bill Smith and Alen Bowman. From all observations, Alma will be as strong if not stronger than last season's team. With Hope's five returning letter men, the competition without a doubt will be keen.

Little known by the average student is the fact that the MIAA Cross Country standings mean as much towards the All Sports Trophy as football or any other sport. Very little support has been shown by the student body in the past years! How about a little enthusiasm and spirit this year, kids? It's up to you to back your team so let's all turn out Friday, October 7, for the meet.

Alma vs Hope, Friday night, 8:00 p. m., Bahlke Field.

Spotting the Ferris Bulldogs 6 points in the first five minutes of play, the Alma Scots stamped back to a 20-6 win last Saturday night at Big Rapids. The win gives the Scots another boost along a rough victory trail, extending the winning streak to 12.

As play opened in the Ferris contest, the Alma lads looked like anything but a winning combination. Ferris recovered an Alma fumble on the Alma 25 yard line in the first play from scrimmage after the Scots took the kickoff. A pass netted them 25 yards, but still left them on the Alma ten. Then, the Alma defense tightened and Dick Roth, Alma center, snared a pass intended for the Ferris left halfback, but moments later Ferris grabbed off a pass from Kish that was intended for end Bruce Shipley, and Ferris whipped off 24 yards on the first play from scrimmage, putting them on the 2 yard line. Halfback Ray Butler took the ball over for the first score of the game, and quarterback Farhat tried for the conversion which was wide. Time was 5 minutes of the first quarter.

And then the Scots rolled. After a series of downs during which the ball changed hands several times, the locals finally gained possession on the Ferris 44 yard line. Piling up four first down and executing 10 plays, the Alma lads drove to the 4 yard line, and Joe Catarino grabbed up the ball and smashed through tackle for the first Alma tally. Bob Tyson rushed in to kick the extra point and was successful in the attempt. Time, 2 minutes of 2nd quarter. Later in the same quarter, with only three minutes remaining, Joe Catarino intercepted a Ferris 48 yard line. The Scots piled up four more first downs in a series of 8 plays and marched to a score. Merle Cosgrove, right halfback, took the ball over from the 8 yard line, and Tyson once more came in to make the conversion. Halftime found the score at 14-6 in the Scots favor.

With the second half but five minutes old, the Scots once more came through with a scoring spurt that dazzled the 1,000 spectators. Alma took over the ball on the Ferris 34 yard line. Joe Slotnick picked up a yard for the Scots, and then gained five more when he took a pass from Catarino. Cosgrove picked up five more, and with the goal in sight, Kish passed to Catarino, 17 yard line to the 10, and Catarino went the remaining distance for the score. A rough Ferris line converged on Tyson and the conversion was blocked.

Later activity saw two Alma scores wiped out by penalty plays. With the ball on the Ferris 40 yard line, Hess Weaver lateralled to Slotnick who went all the way around end for a score, but the officials called a pushing penalty against the Scots and "Dub" Martin had to kick the Alma lads out of trouble. After a series of downs, Alma had the ball again. Martin picked up an Alma fumble and went 17 yards for a tally, but another penalty clipped the score. The game ended with Ferris trying to dig its way out of trouble on their own 13 yard line.

Defensively, the Scots looked vastly improved over the club that met Detroit a week earlier. Tackling and line backing is more systematized and thorough. Dave Pysz, Etna, Pa., was outstanding at a guard position as was Sam Stafford, Bob Walcott, although ill most of last week, turned in a creditable performance. Backfield men were breaking away for wide gains, including Catarino, Cosgrove, Hester, Vaughn, Kish and Weaver. Slotnick, although not his usual self, managed to gain yardage for the Scots.

### Starting Lineups

Ferris—Farnum, Irvin, Eichenberg, Brown, Bishop, Hagerman, A. Ingram, O. Ingram, Kuder, Menoutes, Janke.

Officials: D. Gabrysiak, D. Rose, C. Barber, Mt. Pleasant.

## Volleyball Team

This year for the first time, there is the possibility of organizing a regular men's volleyball team for Alma College. The team organized would participate in the State AAU tournament and other games to be arranged if there are enough interested and enough ambitious volleyball players, willing to play ball. Volleyball is not new, but has never been organized as an international game until recently. It is being organized today in many Y.M.C.A.'s and colleges. Those interested in playing on a regular team will leave their name on a card along with the experience they have had and place it in the mail box at the college post office addressed to the Almanian.

# Wright on the Spot

by VICKI GRUNMAN

Let everyone bow his head in a moment of silence! George and Guinevere, beloved wards of Lynn Campbell and Joan Ramsey, have passed away into eternity. There they were that day, swimming merrily through the flickers the bright morning sunshine made in their bowl as it glanced off their lovely gold scales, completely unaware that soon, very soon, their little souls were to move on, fin in fin, together in death as in life, to bluer waters. We all miss them so.

Say, isn't that some court we have this year? Cuties, all of them. We're proud of you gals. That election, though - - - it sure bears an awfully strong resemblance to a Persian slave market or a horse show - - - How time flies! If I try real hard and think 'way back I can remember the election of the '48 Homecoming royalty. How fresh and young they were. Now most of them are weighted down by frat pins or engagement rings or the like. Joan Keyes, however, has our vote for becoming the most staid of the lot. This kid's seldom seen in the dorm with a mere frivolous cigarette. She has been converted by the greater virtues of a big black R. G. Dun. Believe it or not, these make an enormously effective sight when smoked while reclining amid cushions on the bottom bunk. However, since a young lady with a cigar is a rather unconventional sight, for her public appearances she uses a less conspicuous, though no less glamorous holder, with cigarette, of course. The fad has spread. Janni Bleil and Gloria Koch can also be seen upon occasion using the holders. Not June Bezell, though. No more cigarettes for her. She smokes a pipe. Real old corncob, yet. Wonder if it could have something to do with the fact that Jimmy Collins smokes a pipe and doesn't carry cigarettes?

Haven't the Frosh girls been looking cute this past week? That new style of hairdo they were all wearing Tuesday was so charming, and the half make-up job really did something for them. (For them or to them, which, I'm not quite sure.) Friday this place looked like a nursery at bed-time. Those kids really did look sweet in PJ's, lugging those stuffed animals around. Young and sweet, just as Freshmen should be.

Have any of you outsiders seen the Wright Hall Rockettes in operation? They're just a new gang, but are likely to hit stardom any time now. Their first public appearance was at the all-sorority spread given by the Philo's. It was a wonderful party, and the review added just that certain touch of something (I'm not quite sure just what). Lookout, Broadway, you're about to be snowed.

who always go around bragging how much hair they have on their chests should see growths on the men in Pioneer Hall. Why, these boys have so much hair on their chests they could insulate twelve houses and have enough left over to stuff all the mattresses in Pioneer Hall.

After the skit in the assembly last week about the slot machine, some of us fellows wonder if the first floor candy bar contraption could have a soul of its own. Some poor soul puts his last nickel in it and either the wrong kind of candy or nothing comes out. Next comes the son of John D. Rockefeller loaded with dough and hits the jackpot — three candy bars for a nickel — Oh, well we get revenge (heh) (heh).

Good jests bite like lamb, not like dogs.

## Choral Group Organized

The Music Department reports a busy schedule. Quite a lot of enthusiasm is being shown by the choral group which plans to present the "Messiah." So far there are eighty singers. Twenty-five of these are our own Alma students. If you like to sing, why not come to the next rehearsal. More voices are needed. The program is well-planned and will consist of nine choruses. As yet the date has not been set. However, Professor Merrill has stated that this musical event will be held on a Sunday evening early in December at the Alma High School.

We are certainly proud of our Kiltie Band. Last Friday night it took part in the St. Louis Festival. Also the band is doing an excellent job playing at the football games under the direction of Mr. Rufener.

Yesterday in Chapel the A Cappella Choir made its first appearance by singing the negro spiritual, "Were You There?"

Perhaps the best way to send knowledge is to wrap it up in a person.

Robert Oppenheimer

## Co-eds Column

By Gwen

Most people never realize or stop to think about how important color can be to a wardrobe. Color has three functions: it serves as identification of an object, it creates beauty and it expresses emotion.

Orange, peach, coral and tea rose are vitality colors and, therefore, are excellent for ill people to wear. One of these can give you a welcome lift on that day when you're feeling tired and droopy. These shades have become increasingly popular during the past few years and you should take advantage of these glowing shades to give you extra pep.

Green suggests coolness and is especially wonderful in the summer or when you particularly want to look "cool, calm and collected." Have you ever noticed how often green is used to decorate walls of houses, schools and buildings in which people are required to be day after day? This is because it is the color that you can look at the longest without getting tired of it. With this in mind, you might wish to choose your next new dress or furnishings for your room in ever refreshing green.

White signifies purity, youth, innocence and cleanliness. Try wearing accents of white on your black costumes and see how much more youthful and bright you look.

Yellow is a very cheerful color—people seldom quarrel in a yellow room. It's a smart girl who saves her yellow suit or dress for a rainy day.

If you haven't heard of this, I have a hot tip for you, girls. It's a known fact that men prefer blue to any other color. Blue is very versatile and creates many different impressions: baby blue, fragile; electric blue, vivid and dramatic; darker blues, more sophisticated and subdued.

Red, one of the most emotional colors, can be brilliant, intense, or opaque. Orange and reds can be worn best in the winter as they are warm bright colors. Make full use of the abundance of rich colors that are available for a winter wardrobe.

The relationship of color to figure is a perplexing problem for the average girl. Tall girls can, and should, wear contrasting color outfits; they always seem to wear warm bright colors exceedingly well. A strong personality can use strong colors. An important rule to go by in choosing what you will wear is that the colors you feel best in are probably the best for you.

Suggestions for figure flattery:  
1. Dark colors make a figure appear more slender.  
2. One-color costumes add height to the figure. For maximum height, wear a complete black outfit from tip to toe.  
3. Two-color costumes cut the figure, thereby making it look shorter and wider.

4. Large printed patterns make the figure appear larger, medium-sized prints are all right for a person of medium or tall height, and the short person should wear small definite patterns in plain colors. In other words, large splashy prints are almost exclusively tabu.

5. Multi-colored plaids and checks make the figure heavier and wider.

In conclusion, I would like to repeat a well-known rule that someone never fails to break. Do not wear more than four colors at any one time—preferably never more than two or three.

Wear color to cheer up people and to create interest in yourself.

## Pioneer Patter

"Come on out, ya chickens!"  
"Quiet down, ya lily-livered snakes in the grass!"

"Come down here and say that!"

"O. K., you asked for it!" And the fight begins.

Such has run the conversation of sophomores and freshmen in Pioneer Hall the last two weeks. The sophomores usually hold a narrow margin of victory in these conflicts. Whether it be due to courageous and heroic effort or to brutal, common lack of brains can't be said.

A warning is presented, however, to those poor, stupid little sophomores who enter Pioneer Hall. If you so much as breathe in the joint, the freshmen will not only tar and feather you, but will send you to a watery grave in the shower room as well.

These big husky sophomores
