Thanks Alma College

We, the class of June 1954, are winding up our freshman year. Although we're looking forward to no longer being the "youngest" in the school, and to hazing the class of 1955it's going to be sad to realize that our first year in college is completed.

None of us were willing to admit that we liked freshman hazing, but it did help us to get to know most of the upperclassmen and to bring our own class closer together. Now ant experience with Miss Vander the nicest white curtains! that it's all over (with the exception of the tug-of-war-), Hart, we know a terrific evening we have to admit it was all in fun-and fun we frosh had. May we remind you too, that the class of 1954 won the flag

Winter followed with dances, parties, and rushing and smokers. Every week brought a new experience, a pleasant experience and the friendliness that makes Alma distinctive as a small Christian College.

Spring has come (the weather hardly shows it!!) and next fall on the Alma Campus. we are celebrating campus day. We freshmen, to show our appreciation to you upperclassmen, for making us feel so much as home at Alma, have put out a paper—the traditional frosh paper-which we hope you will enjoy as much as we have enjoyed working on it for you. It is printed in greenthe color that you upperclassmen so forcefully liked seeing us wear last fall.

So it's good-bye to hideous, freshman green pots and God's Country. Bunce, Kuhlman, Callow, Black, Pless, Fay, Smiley bows and on to sophomore days. Thanks, upperclassmen, for and Norris claimed it was the putting up with our blunders and making the frosh really feel the meaning of the college motto, "Where friendliness Formal went off like clock work links learning with living."

New Cut System

Surely, some of you remember Leontine Netzorg—here is part of a letter written to the editor by her. Leontine transferred to Stet-son University, Deland, Florida, last year after two years at Alma

Deland, Florida May 3, 1951 Letter to the Editor THE ALMANIAN Alma College

I was very interested in reading your article concerning the Student Council and Administrative Council joint session in the April 27th edition of THE ALMANIAN. was particularly interested in the problem of cutting classes and the cut rules at Alma College. I hought perhaps you might be interested in the system of cuts in-stalled in John B. Stetson University here in Deland, Florida . .

In my American Literature class, our teacher devised a very effective system to take care of the problem. All the students who had a "B" average or above in the had a "B" average or above in the class did not have to attend class at all, as long as they were still able to maintain their average. The students who were of "C" average or below were instructed that five cuts were allowed for the quarter. (A period of about 12 weeks) As soon as the student had taken his fifth cut he was auto- Peggy Lomas, Bay City; Carol for the next two years as it has matically made an active member of the "DO NOT CUT ANYMORE
