

Berg, Fletcher Win Play Leads

Nancy Berg and Tom Fletcher will play the leading roles in "Joan of Lorraine," according to the cast announcement by Mrs. Albert Katz, director.

The other women who won roles in tryouts last week are Sally Shephard, Linda Isbister, Ann du Kruyter, and Margaret Sterling.

Doug Brown, Gunnar Godjonsson, Hi Hatton, Don Klinger, Dave Lyons, Richard Merson, Robert Moule, Dick Nordam, John O'Dell, Tom Pinter, Dean Schechter and Bill Stewart complete the men's casting.

Carole Phillips is serving as assistant director. Rehearsals began last Tuesday. Performance is scheduled for November 15 and 16 in Dow Auditorium.

One of the different formations used in the "Alma Bandstand," the Kiltie Band's new half-time show, is shown above. This particular number features Jim Snyders drumming his way through "The Saints Go Marching In." The show also featured other sections of the band and the majorettes.

Elect Queen Wednesday

The nominees for Homecoming queen and her court were chosen on Monday, October 8 by the Senior class. The finalists will be picked on Wednesday, October 17 and the queen will be announced on Friday, October 19 in the almanian.

The candidates for this year's homecoming queen are: Nancy Bahlman, Kay Colgan, Naarah Crawford, Danielle Dyer, Judy Gage, Gail Hammel, Willa Knapp, Margot Phelps, Dorothy Ready, Suzanne Starman, Roberta Welch, Pat Willard and Linda White.

This year's announcement of the queen and her court will be released one week ahead of homecoming, instead of the day before as has been done in previous years. In this way the queen and her court will be able to participate in pre-homecoming activities.

See QUEEN page 3

Frosh Elect; Frats Give Bids

Freshman class elections were held Monday, October 8. Richard Bennett defeated Lloyd MacAskill for president; "Skip" Mosshamer defeated Jerry Nagy and Tammy Strait for vice-president; Carolyn Reid bested Carol Ann Cook for secretary-treasurer; and Charles Groesbeck and Luanne Long defeated Ronni Allexenberg, Ann DeKruyter and Russ Strauss for Student Council representatives.

Bids were passed out by the three Alma fraternities to seventeen rushees last Tuesday, October 2, at 7 a.m. in Dow Auditorium.

Those receiving bids from Delta Sigma Phi fraternity were Don Robertson and Joe Robertson.

Sigma Tau Gamma gave bids to Glenn Anderson, Gunnar Gudjonsson, John O'Dell, Jim Plate, Sia Negaran, Alan Au Yin-Pong, Ned Lockwood, Rick Merson, Dave Lyons, Bill Ashby, and Don Klinger. Officers are Anderson, president; O'Dell, secretary; and Ashby, treasurer.

Tau Kappa Epsilon gave out bids to Coburn Colwell, Stan Tapp, Bill Kraus, and Bob Durushia.

909 Students Enroll For Semester

Enrolled at Alma College for semester 153 are 909 students.

Of these 909 students 888 are full-time students while 21 are special students.

In order of class distribution the freshmen number 293, while the sophomores are a close second with 282. The junior class consists of 187 students and the senior class has 121 students. The men outnumber the women 489 to 420.

There are 774 students from Michigan while students coming from various other states are as follows: New York, 33; Ohio, 21; Illinois, 13; Indiana, 8; Pennsylvania, 7; New Jersey, 7; California, 4; Massachusetts, 3; Connecticut, 3; North Carolina, 2; Wisconsin, 2; Maryland, 2; Kentucky, 2; Arizona, 2; Florida, 1; Louisiana, 1; Colorado, 1; Hawaii, 1; Virginia, 1; and Missouri, 1.

Twenty students come to Alma from foreign countries. Distribution according to country is as follows: Canada, 4; Iran, 4; Burma, 2; Jamaica, 2; Germany, 1; Hong Kong, 1; Ghana, 1; Mexico, 1; Finland, 1; Japan, 1; Trinidad, 1; and England, 1.

Senior Women Top List Again

All-Student Average Is Higher At 1.41

Senior women hold first place for the second straight semester in scholarship ranking. The figures have been released for semester 152 by Miss Molly Parrish, Registrar.

The average of all students, at 1.4192, is higher than the previous semester, which was 1.3439.

The Alpha Sigma Tau sorority jumped from third place for semester 151 to second in 152. Junior women also rose in the rankings, from fifth to third place.

Seniors, up from seventh, occupy fourth place in the list. Town women slipped from second for semester 151 to fifth for 152.

In seventh place is Alpha Theta sorority, which was fourth last year and in first place the two previous semesters. The Kappa Iota sorority is nineteenth on the list, down from ninth.

Sigma Tau Gamma fraternity ranks first in the fraternities, upsetting the Delta Sigs, who are last. The Tekes remain in the middle.

As usual, men's groups rank lower than women's, as do all men than all women. Semester 151's highest men's group, senior men, in eighth place, ranks higher than the leading men's group for 152, senior men, in fourteenth place.

Below is the ranking, including the averages of both semesters 151 and 152.

| 'Sound' Impression | 151 | 152 |
|--|--------|------|
| 1. Senior Women | 1.93 | 1.97 |
| 2. Alpha Sigma Tau Sorority | 1.91 | 1.89 |
| 3. Junior Women | 1.91 | 1.84 |
| 4. Seniors | 1.85 | 1.76 |
| 5. Town Women | 1.83 | 1.93 |
| 6. Mary Gelston Hall (2nd West) | 1.8116 | 1.55 |
| 7. Alpha Theta Sorority | 1.8111 | 1.87 |
| 8. Senior Men | 1.78 | 1.62 |
| 9. Helen Newberry Joy Hall (3rd North) | 1.76 | 1.65 |
| 10. Mary Gelston Hall (1st East) | 1.72 | 1.59 |
| 11. Helen Newberry Joy Hall (1st North) | 1.71 | 1.78 |
| 12. Sophomore Women | 1.66 | 1.49 |
| 13. Mary Gelston Hall (1st West) | 1.65 | 1.72 |
| 14. Mary Gelston Hall (1st Floor) | 1.64 | 1.65 |
| 15. Delta Sigma Phi House | 1.63 | 1.59 |
| 16. Mary Gelston Hall (3rd Floor) | 1.62 | 1.70 |
| 17. Juniors | 1.60 | 1.52 |
| 18. Helen Newberry Joy Hall (1st Floor) | 1.583 | 1.58 |
| 19. Kappa Iota Sorority | 1.582 | 1.71 |
| 20. Pioneer Hall (2nd Floor) | 1.56 | 1.55 |
| 21. Mary Gelston Hall | 1.55 | 1.49 |
| 22. Helen Newberry Joy Hall (3rd Floor) | 1.549 | 1.50 |
| 23. All Women | 1.545 | 1.51 |
| 24. Pioneer Hall | 1.537 | 1.44 |
| 25. Mary Gelston Hall (1st Center) | 1.536 | 1.64 |
| 26. Men Residing Off-Campus | 1.530 | 1.46 |
| 27. Helen Newberry Joy Hall (3rd West) | 1.52 | 1.46 |
| 28. Helen Newberry Joy Hall | 1.51 | 1.50 |
| 29. Helen Newberry Joy Hall (1st South) | 1.4942 | 1.50 |

Talent Show Is Cancelled

The Freshman Talent Show was cancelled because there were not enough acts according to Ann MacIntosh, chairman of the show.

Only five out of the fourteen acts that auditioned were presentable. Some acts came to the

audition but would not present their talent.

Miss MacIntosh said there was a misunderstanding of the term "Talent Show" for many acts came with the thought that they were going to be judged for their talent. The idea of "Talent Show" is on the order of a variety show, she explained.

Lost: One Stereotype; Parnassians Invites All

Parnassians, generally regarded as the College's literary club, is anxious to break out of the stereotype—if one exists—of an only-interested-in-writers group.

When Parnassians was established, it was a related arts group, and the club's publication, the *Pine River* has, in the past, contained an original musical composition in addition to the usual staples—short stories, poems, and literary criticism.

Parnassians welcomes contributions by all creative students—student composers, artists, and writers. In recent issues of the *Pine River*, art and music work has been diminished or totally excluded, and Parnassians members are eager to see students interested in doing art work for the *Pine River* this year, whether it is a cover design or the illustration of stories and poems.

Mr. Kent Kirby, new faculty member and instructor of Art, has already shown an active interest in Parnassians and in the possibilities of art work in the *Pine River*. He will probably serve in the informal capacity of art adviser for the magazine.

Parnassians' introductory meeting was held last Sunday afternoon, and, in addition to discussion of general plans, Dr. Robert Wegner read a scene from a novel he has written, and Mr. Kirby intimated that he may sometime during the year show some art work of

his. The year promises to be one in which the creative arts are again fusing in Parnassians, and one in which writing will no longer appear to be a clique—if it has ever had this connotation—into which other creative people are unable to break.

For students opposed to regimentation, Parnassians is the epitome of informality: there are no rules or constitutions governing the group, no dues, no set meeting dates, and no set meeting places. No one is required to attend; anyone may come and go as he pleases.

Since writing—and all creative work—is essentially a lonely process, Parnassians probably serves no greater purpose than to stimulate creativity on the campus and to offer its constructive criticism.

Parnassians usually meets every other Sunday in Van Dusen Lounge at 8 on alternating weeks with the International Film Series.

A chief Parnassian problem is not a lack of enthusiasm, but a lack of man—and woman—power, and all students interested in creative work are welcome at the next meeting, Sunday, October 14, in Van Dusen Lounge at eight. Writing by Chris Van Dyke will be discussed.

Anyone seeking further information about Parnassians can contact either Dr. Robert Wegner, adviser, or Carole Phillips, Parnassians' acting chairman.

Successful Fair, Says Chairman

The Annual Activities Fair held last Friday night was a success, according to Ann Jefferies, chairman. She said, "I was very pleased with the way the tables were presented and the number of people who came."

Twenty organizations were

represented at the fair. Some of the groups represented were the Physics Club, which gave a demonstration of gravity, the Psychology Club, which introduced rat racing, and the Student Education Association, which gave away apples.

Hear Ye, Hear Ye...

Last year interest was expressed in the establishment of a college radio station. Somehow the plans never got off the ground. Now the issue has come up again (see Letters to the Editor). We feel that some type of radio communications would be of great value to this campus.

At present the college owns some \$2000 worth of radio equipment which is used only by a radio techniques class that meets every other semester. This equipment could be put to good use. Local radio programming is aimed at the local residents and does not meet the needs of the college community. Also radio reception in the new dorms is very poor.

More important, however, is the need for some more efficient means of campus communication. A weekly newspaper alone cannot keep students up-to-date on the quickly changing programs of this campus (for example the last minute cancellation

of the talent show). We need some supplementary means of communication which is more efficient than the haphazard posting of notices which must serve now.

A radio station would somewhat change the function of the almanian, but we would welcome the change for the great addition it would make to the campus.

Much research remains to be done on the subject, especially in weighing the relative values of a closed circuit system as opposed to a F.M. station. However, the almanian does support the efforts of the Communication Committee to get some practical plan formulated and to get that plan into action.

We would urge any students having an interest or any information on this subject to contact the Committee, and all students to give the Committee their sup-

Letters To The Editor

If you wish to write a letter and remain anonymous, the ALMANIAN will honor this desire. But policy dictates that the author of any published letter must be known to at least the editor of the paper.

It is requested that letters be limited to two double-spaced typewritten pages at the maximum and that the copy deadline of Monday, 7 p.m., be met.

Dear Editors:

Campus communications is one of the main problems that the Alma College Student Council is going to try to solve this year. Consequently, the Committee on Campus Communications has been formed and has already made informal studies as to what can be done to improve communication among the students, faculty, and administration.

One of the means being considered is to make use of the radio equipment housed in Old Main. There is a system that utilizes the AC electrical lines allowing a closed circuit transmission to radios plugged into these power lines. If this could be done efficiently and inexpensively, the possibilities are exciting. A schedule of periodic campus announcements could be set up. Special lectures could be taped and broadcast. Panel discussions concerning the All-School Reading Program books would be opened to all students. To investigate the practicality of this system, help is needed from all students interested in radio operation, electronics, business management of a radio station and other associated areas.

Any of these students and others with suggestions for more efficient communication on campus should contact Dave Todd in 301 Pioneer or leave a message in the Student Council Office.

Sincerely,
Dave Todd, Chairman
Student Council Committee
on Campus Communications

Dear Editors,

We, as first semester freshmen, would like to know if we shall have to live in fear of our health for a period of four academic years if we remain at Alma College.

Last week, a friend of ours was ill with the first stages of the flu. She went to the Health Center, but since she didn't get sick at its opportune hours and the doctor was at a convention, she received no care.

When this particular individual gets colds she is subject to nose-bleeding. Her nose did bleed this time and there was no one around to help but the Head Resident, Resident Advisors, and friends, none of whom possess an M.D. degree in medicine.

Since our "excellently equipped" (as quoted from the handbook) four-hour Health Center was off hours we tried Gratiot Hospital. It was amazingly an improvement. It took only three trips before they decided to do the correct thing for the patient, who had now been bleeding for two days off and on and sometimes heavily for twenty minutes. In the hospital, with the exception of one Dr. Stackhouse, everyone was very sarcastic and very perturbed that college students should pester them with trivial disturbances, (excessive nose-bleeds complicated by flu and sinus).

The town hospital is not of that much concern, but the Health Center is.

There are approximately 900 students on campus and it is not too difficult to realize that a part-time practicing physician and a couple of Practical Nurses are not sufficient to care for them. Furthermore, if you become sick other than the four hours the Health Center is open, you're out of luck.

No one, so far, has been able to account for reasons why the Center is operated in such a manner; since we enjoy most everything about this college and "plan" to be here for four full academic years, we would like suitable answers.

Hoping to be sick only between the hours of 8:30 a.m.-10:30 a.m.,
S. Byrd, R. A. Trent, J. Davis, C. Smith, Edna Bick, Glenda Gibbons, Roberta Funch.

Dear Editor:

Amazing, isn't it? It's beyond my limited scope to comprehend how they did it! None the less, the Alma football team, evincing their marked propensity for accomplishing that which is damned near impossible, lost again, (As we all know).

It would seem logical that when a team piles up twice as much yardage, has 166% as many first downs, and quite obviously outplays its opposition, that that team ought to win. In fact, it would appear from the statistics that the score was Alma 28-Albion 6.

However, through a complex manipulation of breaks, Alma lost. Surely the Fates and Muses can see that there hasn't been an underdog than Alma since the days of the Carlisle Indians. Didn't the Fates and Muses always smile on the guy who "didn't have a chance"?

Especially when, in the role of David, Alma completely outplayed its Goliath opponent—where was justice last Saturday? Perhaps it was in Mississippi busily engaged in trying to keep from being ignored, however futilely.

Good luck has been conspicuous by its absence from Alma's end of the football field. It's almost as if Joe Btfsplk were sitting on the Alma bench!

Well, in my next letter to God, which I will have edited by one C. House, I'll have to use some of my grandmother's verbiage.

Let's see now . . .

Dear God:

It's about the way you're treating Alma College's football team. Now what in the . . .!

P. S. Thanks for showing up Saturday. As you can see by Sunday's paper, Duffy agrees with me.

OOPS!

And all for the want of a decimal point. There was a slight error in last week's announcement concerning the prize money for the SCOTSMAN photo contest. The prizes to be awarded will be up to \$30.00, not \$3,000 as previously printed. Any one is eligible to enter the contest, and all snaps must be in to the SCOTSMAN by November first. Those pictures used in the book will be credited to the photographer. Prize winners will be announced later in the semester.

Go, shutterbugs, go!!!
Gail Daines,
Editor of the
SCOTSMAN

FNS Extends Biology Grant

The biology department's grant from the National Science Foundation has been extended for another year, according to Dr. Arlan Edgar, who is director of the program along with Mr. Ronald Kapp.

The amount from the Undergraduate Science Education Program has been raised from approximately \$7,000 to \$9,800, he said.

A two-year grant was originally applied for, but only one year was approved because of lack of funds.

During the summer, the program was inspected and Alma was invited to request another year and additional funds.

The program finances research and independent study experience to superior undergraduate students.

SCHEDULE OF EVENTS

| | | | |
|----------------------|------------|---|--------------------------|
| October 12—Friday | 5 p.m. | Tau Kappa Epsilon-Kappa Iota Picnic | Conservation Park |
| | 8:30 p.m. | Faculty Dames | Van Dusen Lounge |
| | 9 p.m. | Sophomore Class Dime Dance | Tyler Auditorium |
| October 13—Saturday | 10:30 a.m. | Cross Country | Adrian College |
| | 2 p.m. | Football | Adrian College |

| | 8 p.m. | Wright Hall Mixer | Tyler Auditorium |
| | 8:30 p.m. | Hayride—Sutherland Clan (Mitchell Hall) | To Be Announced |
| October 21—Sunday | 8 p.m. | International Film Series "Where Mountains Float" | Dow Auditorium |

Around The Campus

Tri-Beta's fall field trip is scheduled for tomorrow. Leaving at noon, the members of the biology honorary will go to Silver Lake, north of Muskegon, to camp out.

An ecological study will be made and trap lines set out to see what animals inhabit such an environment, according to Dr. Arlan Edgar. The group will return Sunday afternoon.

Carol Patterson would like to thank the anonymous individual who returned one of the pens she lost at registration.

The Midwestern Association of Chemistry Teachers in Liberal Arts Colleges (MACTLAC) will meet on the Alma College campus today and tomorrow. About 100 teachers will attend. They will come from colleges in Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri and Wisconsin, the seven states represented in MACTLAC.

Any organizations that want any publicity in Tyler should arrange this by contacting Nancy Gilbert. This applies also to announcements on the Bulletin board between Tyler and VanDusen.

The Church Musicians Association of Central Michigan will meet Monday, October 15 at 8 p.m. in Dunning Memorial Chapel.

Mr. James W. Bronson will show and demonstrate the English handbells recently purchased by the First Presbyterian Church of Alma. Directors are asked to bring two sets of anthems to be sung by the group as a part of the program. Choir directors and organists are invited.

There will be a meeting of Le Cercle Francais Wednesday, October 17, at 7 p.m. in the Pioneer Hall lounge. All French students are urged to attend as well as anyone else who is interested. There will be a short talk and a discussion with entertainment following, but it will not be necessary to speak this first meeting.

Arlene Waggoner was elected by the W.A.A. Board as manager of badminton to fill the vacant position due to a resignation.

The W.A.A. volleyball intramurals will start Tuesday, October 16. Due to the fact that there are 14 teams this year,

Kat Tales

I should take a nap like a good tiger kitty, But, instead, I'll tell you about Catland University.

It's located in a small farm town, Where, during the week, even the mouse-holes close down. I could tell you a lot about this swingin' school — but it's late; So, before I take my nap, I'll just tell you about the way they date.

The Freshmen kitties soon learn the rules; It's nothing like what they learned back in high school, Where a girl cat's popularity was considered weak Unless she dated four different guys a week. Instead, at Catland U., what determines popularity Is how long it takes for a cat to go steady; So, at this kitty campus, needless to say, "Going steady" is as common as a cloudy day, Because, when two cats are seen together more than twice, It means that any other cat who tries to nose-in "Just ain't nice." Now, there's only one draw-back to this quaint little system; There are always some non-conformist cats who don't know what's good for them.

They don't want to be "tied-down"; and so the field they play— They're out with a different kitty every other day; While the other cats say "naughty naughty" and turn away. And they say it's not right to play the game that way. They're so quick to judge in this "friendly" little community That they forget about the rights of the minority. They stab with their words because they know what's "right," But, how easily they've forgotten that our soldiers fight So that we may be free to live our lives as we want— Free from the crushing, smothering hand of the oppressing tyrant. And yet, those cats make tyrants of their traditions. Forcing everyone to live under those set conditions Which forbid casual dating and "shoppin' around". Well, by now you must be tired of hearing the sound Of my sarcasm; so, if you'll make a lap, I'll just curl up and take my nap . . .

—Tiger Kat

they have been divided into 2 groups of 7 teams each. The winner of the most games in each group will play each other for the final championship.

Tyler Board is sponsoring a bus to Olivet for the football game Saturday, October 20. A fee of \$2.00 will be charged for transportation, lunch, and admission to the ball game.

Students wishing to go may sign up on the list which is posted in the Union.

The Michigan Division of the Food and Drug Administration will have a representative on campus on Wednesday, October 24, to interview qualified seniors who are interested in employment as Food and Drug Chemists and Inspectors. To qualify you must have 30 hours in science, (chemistry, physics, biology, bacteriology.) If you are interested make an appointment for an interview at the Placement Office, Room 101, Old Main.

The Naval Officers Procurement Team from the U.S. Navy Recruiting Station, Detroit and the Naviator Team from the Naval Air Station, Grosse Ile, Michigan will be at Alma in Tyler Center from 9 a.m. to 4:30 p.m. on October 18 and 19. This team consists of Naval Officers and will furnish information on all Navy Officer Programs, general line, engineering, supply corps, law specialist, medical, dental, theological and Naval aviation.

Dr. Arlan Edgar, biology department, is attending the sixth annual conference of the Association of Midwest College Biology Teachers today and tomorrow.

Each year the conference addresses itself to a different problem and serves to bring teachers up to date.

This year Dr. Arnold Grobman, Director of the American Institute of Biological Sciences, will report on the Curriculum revision to update the biology

courses in high school and on the implications for the college teacher.

The program, in its third year of trial and revision is expected to be finally revised and published in book form soon.

Mrs. Esther Vreeland, Dean of Women, is attending the convention of the Michigan Association of Women Deans and Counselors on October 5 and 6 at the Botsford Inn in Detroit.

Dr. Irene Linder, associate professor of sociology, was listed in the 10th edition of the American Men of Science The Social and Behavioral Sciences which was published in September. This publication gives biographical sketches of 24,000 men and women in different fields of social and behavioral sciences.

DELTA SIGMA PHI
Come one, come all! Every-one is invited to the Delt Sig Theta OPEN HOUSE on Friday, October 19. Even now the Delt Sigs and Alpha Thetas are making preparations. There will be refreshments and several acts. The content of these acts should prove to be rather unusual, so let's all make it down to the Delt Sig house October 19.

Congratulations are in order for John LaRue who was elected vice president at our last meeting. And since pledging has begun, it is also appropriate to announce that Paul Melcheck has been appointed pledge master by President Wayne Smith.

Speaking of congratulations, they are also extended to Mrs. Yonkman, our housemother. Mom celebrated her birthday last Friday. We are sure she won't admit her true age so judging by her appearance we will guess that she is 29. HAPPY BIRTHDAY, MOM!!!

KAPPA IOTA

The annual KI Father-Daughter Banquet was held in the Highlander Room on Saturday, October 6. A 6 p.m. dinner was served to approximately 20 guests. Group singing was led by Jane Closs, followed by a skit introduced by Mary Dinges. A vocal selection, "Pa pa, Won't You Dance With Me," and the "Lowland Fling" with Penny Quarters, Gail

ALPHA TAU

The Alpha Taus were served dinner by their brothers, the Sig Taus, Thursday evening, October 4. The dinner was in honor of Mrs. Earl Peterson, national president.

During the day, she met with individual members of the sorority.

TAP KAPPA EPSILON

This evening, the Tekes and KIs will join forces to turn the middle of October into picnic time. Games, food, and sunshine (we hope!) should add up to a good time for the Tekes and their sister sorority.

A new Teke couple has been added to the campus since Bob Aranosian lavaliered Judy Beaubien last weekend.

Tyler Center Turns Casino Saturday Night

by Dick Albee

Getting tired of the daily routine — get up, go to classes, study eat and then study again. Take a vacation and relax at Monte Carlo, a traditional night of gambling presented by Sigma Tau Gamma Fraternity.

Starting at 8 p.m. October 13 at Tyler Center, there will be familiar games of black jack, poker, red dog, chuck-a-luck, wheel of fortune, horse races, car races and others.

\$25,000 in "cash" will be given at the door with each ticket. Two \$10 gift certificates will also be given away. One to the highest male and one to the highest female winner.

Refreshments will be served and entertainment provided.

Professors DO Prepare For Western Civ. Lectures

by Chris Van Dyke

In our modern tendency to abstract, we are apt to think that the Western Civilization lecture bursts full-grown from the professor's head. In reality, considerable preparation on the part of the lecturer is involved. We interviewed several professors who lecture in the Western Civilization program for their views on lecture preparation.

Mr. Lawrence Porter, of the English department, lectures on the Romantic period of Western Civilization. For him, preparation involves "reading the works under consideration with care for ideas of directions the lecture should take." To get the broad view of inter-relationships between lectures in the program, Porter attends all lectures connected with his own.

In actual preparation of a lecture, Porter reads a considerable body of work pertaining to the lecture or work by the author under consideration.

"Lectures are, in one aspect, like research papers," said Porter. "There is also a second aspect—to think about, and present ways in which the material I am talking about has relevance to our time. If the professor doesn't know, then certainly the student can't be expected to."

In actual research, Porter uses both his personal library and the school library.

For Dr. Louis Toller, of the Physics Department, lecturing involves "keeping up with the latest reading" in his field, physics. This involves up-to-the minute developments in scientific journals, both in his own collection, and those in the school's library. "The bulk of my reading is from journals," said Toller.

In regard to the selection of lecture material, Toller said, "There is so little time, that the primary task, in a sense, is what to leave out."

Reflections of Telstar

Remember the picture above? It flashed across your television screen on a hot night last July. Perhaps you remember that it originated from France. And that it reached the U. S. via Telstar, the world's first private enterprise communications satellite.

Since that summer night, the Bell System's Telstar has relayed electronic signals of many types—television broadcasts, telephone calls, news photographs, and others.

But there's one Telstar reflection you might have missed. Look into the faces of the Bell System people below and you'll see it. It is the reflection of Telstar's

success that glowed brightly on the faces of all who shared in the project.

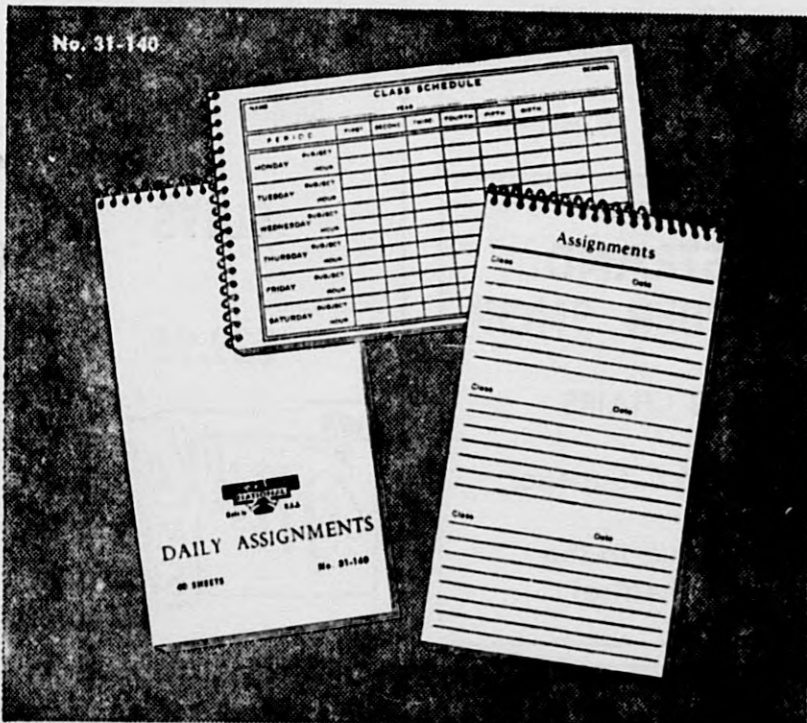

Their engineering, administrative and operations skills created Telstar and are bringing its benefits down out of the clouds to your living room.

These Bell System people, through their talented, dedicated efforts, make your phone service still better, more economical, and more useful.

The reflections of Telstar are many.

Albion Outplayed, Outclassed But Not Outscored By Scotsmen

Capitalizing on Alma's success, Albion's highly touted Britons managed to score a 28-0 triumph for their twentieth consecutive victory last Saturday. In football games, were won on total statistics rather than final scores, Alma's Scotsmen would have a 1-2 record at the moment. However, as misfortune may have it, Scotsmen errors played an important part in the game.

Alma out rushed, out passed, and many times out classed Albion on offense and defense.

Alma led in total yardage 303-236, and forced Albion to punt six times.

THE SCOTSMEN contained Albion's two All-American candidates, quarterback Frank Gould and halfback J. B. Eby quite well as Albion seldom looked like a powerhouse.

The upstart Scots played on even terms with the Britons throughout most of the first half. However, the ill-fated events soon began. Alma's first

attempt to score failed as the "toe," Dave Gierhardt, kicked haplessly from the 36 yard line.

LATER ALMA halfback Lou Economou fumbled on the Scotsmen 11. Shortly thereafter Albion scored with the clock showing just 2:58 left in the half.

Albion was waiting to capitalize on another Alma mistake before the half was over. Again the Scotsmen cooperated as a bad pass from center on an

attempted punt gave Albion the ball on the 7 yard line. Albion scored and left for the dressing rooms with a 13-0 margin.

THE SECOND HALF provided further Alma mishaps. Albion intercepted a pass and ran for another touchdown. At this point Alma's finest moment of the game began.

The Scotsmen line showed its strength by holding Albion on the Alma 2 yard line. This goal line stand seemed to in-

stall enough Scotsmen spirit to commence Alma's last sustained drive of the game. Alma traveled 98 yards as quarter-back Knowlton chose the aerial method of attack. After a 19 yard pass interference call against Albion, Knowlton hit end Jack Niggs for 13, and halfback Van Mulligan. The latter took a seven yard pass and dashed along the sidelines to the Albion 8. The Scotsmen went on the scoreboard two plays later as Knowlton scored

from 2 yards out.

ALBION was not to be denied, though, as the Britons scored the game's final tally on a 28 yard pass play.

One might surmise that if it wasn't for bad luck the Scotsmen wouldn't have any luck at all. All told Albion fumbled 4 times, and had 3 passes intercepted. Mistakes, being a part of the game, can quickly change the complexion of a game. Albion readily capitalized on these mistakes.

Great Scots

by Jim Halston

Alma College lost as expected to highly-rated Albion last Saturday afternoon. But if nothing else was gained in this loss, eight young men comprising Alma's defense returned with more of one. You might take note of the names: Dick Munger, Dale Broka, Henry Smith, Jim Gray, Mike Taylor, Dan Slaver, Len Kilby, and Steve Kovax, for according to previous performances. These "razorback" standings, as they prefer to be called, had in business holding Albion like they did. Time and time again they stopped the Britons cold and forced punting situations.

They now know they are going to be equal to any offensive team in the league if they stay fired up like they were Saturday. Go you find pig!

John Toller is on top in the Class A intramural football league. He is Dwight Lowell. The hustling end has personally accounted for five touchdowns in a game and has made several key plays on defense, also.

Another player named Jim B. Eby were winners of some type in the Alma-Albion game. And for sure you couldn't contain the Scots defense, or it either!

Coach Smith's comment on the team: "Our boys gave a great team effort Saturday but we will never win until we stop making so many mistakes. They have put us out of every ball game this year."

Erofs Lecture
(continued from page 3)

"I prepare for the whole year by reading about topics of current interest in physics," added Toller.

Mr. John Brown, of the Religion department, who lectures on the history and theology of the Old and New Testaments and of the Medieval and Renaissance Church, said that "in a way that the lectures are all little term papers with the needs of the students kept in mind in light of the philosophy of the course."

In regards to the selection of material, Brown said, "I consider it important not to get bogged down in peripheral and secondary matters."

"I want to bring to bear on a lecture what is by and large the accepted understanding of my areas and any new light thrown on them."

Material for the lecture, Brown believes, may or may not be identical with the reading assignment—"often it isn't. I see the two as complementing each other."

Brown utilizes both his own and school libraries, as well as notes taken on the graduate school level.

Mr. Louis Miner, who lectures on Art in the Western Civilization program, says, "My primary source material are pictures that I tell the students about and which I put on display."

Miner keeps an extensive filing system of mounted pictures, and a file of notes for the 4 semesters of Western Civilization course.

Miner, who was involved with the planning stage of the program, considers an important aspect of his lectures "the big ideas, the most important ones in Art, and those in Art that pertain to the whole course."

Miner joked, "I fall a few days jokes, and I swear a little."

Alma is on the go. However, the "go" of the Scots, though much stronger than the opposition from Albion, wasn't good enough to get to the goal as many times as the Britons. (Photo by W. C. Jacobs)

Scot Runners Run Too Slowly

Alma's cross-country team lost a close battle to the Britons of Albion last Saturday. Alma's only four men competing in the race finished in under 25 minutes.

Jerry Smith took second place, while Earl Wilson barely nosed out Stuart McKenzie for fourth place. Bill Gelston finished a very respectable eighth.

The Alma harriers are showing good improvement and if they will be a team to contend with in the future. The final score was Albion 23 - Alma 33.

to emphasize my point.
"I have learned," he added, "to only have a three point outline. Since you can't make more than two or three points in a hour."

The actual form of the lectures differs considerably among professors. They range from Brown's "All my lectures are written out completely in order that I may treat the most important features" to Toller's comment that "I write up what is not quite an outline. All I write is the opening sentence of each paragraph. I can't lecture from notes."

All 4 of the professors do considerable preparation and research for their subjects and conscientiously keep abreast of the times in their respective fields, all of which effectively contradicts the popular student fallacy of the old-fashioned out-of-it prof, who keeps alcohol-preserved notes - notes taken at least a half-century ago.

Alma Faces Adrian Tomorrow

by Dick Lee

Look out Bulldogs, the Alma football team is coming to town. That the Scotsmen are truly a football unit will have to be admitted to by anyone who witnessed the Albion-Alma game last Saturday.

Staffwriter Jim Halston's prediction has come true, in that Alma has jelled into a potent football team. The surprising and pleasing thing is that they are playing as a unit so early in the season. This is a great tribute to the coaches and players themselves, as the Scots continue to sluge into the midst of the MFAA championship race.

The Adrian College Bulldogs will be the first to test the Scots' new found strength. Last year Alma was victorious over Adrian in the Homecoming game 8-7 at Baldo Field.

This season the Bulldogs lost early games to Defiance of Ohio, and Albion. Last week they upset Olivet College 21-14, and they'll provide the young Scots with plenty of challenge.

Halfbacks Dick Fauble and John Kunkin will provide the fireworks for Adrian. Last year Kunkin accounted for 155 yards in receptions, and the running of Adrian's experienced backs has been their strong point during the 1962 campaign.

Tomorrow will be Homecoming at Adrian, the game is scheduled for 2 p.m.

STUDENT COUNCIL

October 9, 1962

The meeting was called to order by President Chris Melanian. Formal initiation of new members will be held at the next meeting in two weeks.

Discount tickets for the Strand Theater are on sale in the Student Council office. The price is \$5.00 for ten admissions.

This year's appointed officers are: sergeant at arms, John Fellows; parliamentarian, Lee Swapner; National Student Association (N.S.A.) Representative Dick Godfrey.

Ronnie McBane reported on the freshmen, Homecoming, and dorm elections. The Campus Communication Committee reported that it is working on increased campus notifications.

Dick Godfrey reported on the N.S.A. Summer convention.

It was decided that the 1962 Homecoming week will be sponsored on Monday through Thursday, from 7-10 p.m.; Friday, from 7:30-10 p.m.; Saturday, from 7:30-11 p.m.; and Sunday, from 8-10:30 p.m.

Joni reminded the representatives of the bus transportation to the Olivet game on the 20th of October. All who wish to sign up must do so by Wednesday, October 17.

Any announcements should be turned into the Tyler office so that they may be posted.

Mary Arnold reported on the Student Affairs Committee.

The meeting was adjourned. Respectfully submitted, Mary Dinges, Standing Secretary
