

Count Them: 1, 2, 3, 4 Freshmen

To Entertain at Concert Tuesday

On Tuesday evening, May 16, the Four Freshmen will entertain at the Alma High School Auditorium, at 8:30 p.m.

The program is the annual Alma College Spring Concert sponsored by the Tyler Board.

The Four Freshmen, a prominent vocal and instrumental music group, has, since its debut on September 28, 1948 climbed to the top of their profession.

The Four Freshmen in 1948 included brothers Ross and Don Barbour, their cousin Bob Flanigan, and Hal Kratzsch. They first conceived their distinctive style at the Arthur Jordan Conservatory of Music in Indianapolis. Initially, the Freshmen called themselves

The Toppers but changed their name just before their professional debut in Ft. Wayne, Indiana.

During the next two years, the Four Freshmen were in perpetual motion on the nightclub circuit in the Midwest. The foursome bounced from Detroit to Milwaukee to Lan-

sing to Columbus to Pittsburgh, and all stops in between. The Four Freshmen amassed fiercely loyal followings; however, it was not until a night in Dayton, Ohio, that the Four Freshmen graduated to the big time.

Stepping out on the small stage of the Esquire Lounge in Dayton one night in 1950, the

Four Freshmen had no idea that they were about to give one of the most important performances of their brief career.

In the audience was Capitol artist Stan Kenton, then touring the country with his "Innovations in Modern Music."

Kenton was so impressed with the fresh, imaginative arrangements and outstanding musicianship he had heard, that he soon landed a Capitol contract for the Four Freshmen. Then, they were soon Hollywood bound.

Naraah Crawford, sophomore, speaks on her experiences at Clisbe Honor House at the cornerstone laying of the new Women's dorm last Sunday. Dean of Women Esther Vreeland, President Swanson, and Dean of Men Kent Hawley look on.

Scholarships Available

Students Must Apply Before Sat., May 20

Any students eligible for scholarships for semester 151 (next fall), even though they may presently hold one, must apply (or reapply) before Saturday, May 20.

This announcement comes from Mr. Harry Landis, director of the scholarship program.

To be eligible for a scholarship, (either new or renewal) a student must have maintained an honor-point average of 2.0 or better.

Students at present holding a scholarship will be given first consideration in the awarding of the scholarships. However, all such students must, in order to be considered, turn in a formal application indicating a request for scholarship renewal.

Students who do not at present have a scholarship must also file a formal application if they have not already done so. In addition, these students (but not renewing students) must have their parents fill out the Parent's Financial Statement form available in the office of the Dean of the college.

The other forms for both renewal and new students may also be obtained in the Dean's office.

The Scholarships will be awarded about the middle of June, according to the Scholarship Committee. Because of the heavy work-load of the Registrar's office at the end of the semester it will not be possible—SCHOLARSHIPS—page 2

Introduce WAA Officers Thursday At 5:30 Banquet

The Woman's Athletic Association Banquet (WAA) will be held Thursday evening, May 18, at 5:30 p.m. in the new dining hall. It is free to all women on campus.

Miss Southward will speak on next year's plans for recreational activities, and trophies will be presented to individual and team winners of the tournaments.

The following officers of the WAA for next year will also be introduced: Marcia McWhethy, president; Glenda McDaniel, vice-president; and Jann Smith, Jean Cook, Kio Hartshorn, Carol Saul, and Joan Bird, managers. The Secretary-Treasurer will be elected from next year's incoming freshmen.

Coronation-J-Hop, Campus Day Events

Campus Day, Wednesday, May 17, will be packed with a variety of events. One of the highlights will be the crowning of the queen, whose identity remains a secret, but the members of the court elected Thursday are:

Naraah Crawford, Peggy Goodenow, Pixie Hildrith, Linda Magness, Jann Smith, Sue Starmann, and Linda White.

A preliminary event Tuesday evening is the Spring Concert, featuring the Four Freshmen, to be held at the Alma High School at 8:30 p.m.

The men's and women's softball games start at 9 a.m. Then the Coronation Ceremony begins on Tyler lawn, 11 a.m. A picnic lunch in the Grove is scheduled from noon until 1 p.m.

A tug-of-war behind Mitchell Hall at 1:30 p.m. sets the pace for the afternoon. Alma's varsity plays Albion at 2 p.m. Pine River is the location of the Canoe Races at 2:30 p.m. Dinner is at 5 p.m.

In the evening, the J-Hop in Tyler Auditorium ends the day's festivities. Beginning at 8 p.m., the dance features Don Metcalf's Highlanders.

WUS Canoe Race On Campus Day

One of the events of Campus Day, Wednesday, May 17, will be a World University Service (WUS) sponsored canoe race on Pine River at 2 p.m.

The tentative course plans the start at the bridge near the Golf Course and the finish near the dam on State Street.

The charge per canoe is \$2.50 with a limit of two persons in each canoe.

"Since the number of canoes available is limited, it would be fine for participants to bring their own canoes," said Nancy Raymond, chairman of the event.

Men are to participate against men and women against women on a resident hall basis, as clans, halls, or corridors, or as fraternities or sororities.

There will be a trophy for the winning women's team, and one also for the winning men's team.

Students wishing to enter the canoe race should contact either Ed Powers or Nancy Raymond.

Proceeds will go toward a fund with a \$466 goal which is a WUS project to help needy students in Chile.

Now Hear This

Any students who desire employment for next semester should fill out a job application form (obtainable at the switchboard in Reid Knox or at Dr. Meyer's office) indicating the position which they now hold and the position which they desire for the coming semester.

Applicants will be informed of their job assignment sometime in August.

Pre-registration for semester 151 will take place from Monday, May 15, through Saturday, May 27. By the 15th, class schedules for that semester will be available to students, says Miss Parrish, Registrar.

During the two-week period students should consult their advisors.

Sophomores who have not yet officially declared their major are advised by Miss Parrish to consult with their major adviser, but to actually pre-register with their present adviser.

Sophomores are reminded that it is advisable that they declare a major before the beginning of their fifth semester.

The convocation to be held Thursday, May 25, at 10 a.m. will be the annual Honors Convocation.

"Lili" is the movie to be shown tonight and tomorrow night at 7:30 p.m. It stars Leslie Caron. "The King and I", originally scheduled for this week, is canceled. Next week, on May 19 and 20, "Les Girls" will be shown. Gene Kelly and Kay Kendall star.

Seniors are requested to return their publicity forms to the office of the Vice President by Monday, May 15.

The annual "J" Hop will be held the night of Campus Day. Tickets will be one dollar per couple and will be purchased at the door. Don Metcalf and his Highlanders will provide music.

Going, . . . Going, . . . Gone; Faculty Auction Is Tonight

Many Varied Services, Products Given by Professors for WUS

This evening, Friday, May 12, the Faculty Auction will be held in Dow Auditorium immediately following the movie, "Lili."

The Faculty Auction is a World University Service (WUS) project, and all proceeds will go to WUS.

Approximately 40 faculty members are entered in the auction, according to co-chairman, Jim Sorenson and Doug Wilson. The auctioneer will be Mr. Charles Skinner of Alma's Chemistry department.

Faculty services and products up for auction range from dinner in the Heather Room to water skiing lessons.

Also up for auction by a particularly brave faculty member is the loan of his car and two tickets to the drive-in.

There are an assortment of baked goods up for auction, and one faculty member has offered to chauffeur a student couple to Saginaw, Mt. Pleasant, or Lansing.

Some of the items up for auction will be purchasable immediately, while others such as faculty services will have to be arranged as regards time and place.

"If possible," said Sorenson, "payment should be made on the spot. We will take check or cash. No stamps, please!"

Anticipate Agreeable Atmosphere

Campus Day is "just around the corner," but we can rest assured that its arrival is much more probable than that of spring weather has been.

This holiday, in the opinions of many, is one of the most memorable of the so-called "Alma traditions." It supposedly is derived from the old Scottish custom of May

Day festivals, although with such events as the canoe race and the appearance of the Four Freshmen it is somewhat modernized.

It promises to be a day of excitement, enjoyment, entertainment, relaxation, (and, we hope, fine weather).

What Is Spirit?

Spirit; what is spirit? It can be many things, but it is said to be lacking at Alma College. We who went to a few of the football games last fall noticed an "immense" crowd at each one of the home games. If you want to see an example of one of these immense crowds look at the post cards in the union. Aren't you proud?

Now that baseball season is here, this same spirit seems to be dominating the Alma campus. Alma's powerful Scots' nine has mowed down three MIAA opponents, two of them at home, (as we go to press on Thursday) and how many

people witnessed either of these victories? About 50! It seems that the "intellectuals" would rather go grassing, visiting, or unionizing, instead of being concerned with what their representatives are doing on the athletic field. This is a miserable display of spirit, and spirit can be built on the athletic field.

Alma's toughest games of the season are before them, against Hope tomorrow and against Albion on Campus Day. Before it's too late, let's pack those stands and carry our Scots to the MIAA championship.

PHIL FILLS SINK

Rockhounds All... Rain, Shale And Fall

Last weekend marked the final chapter in geological exploration for semester 150. Not wishing to create a foreign experience for the students, rain was again ordered to immerse the throngs which had gathered in the sinks.

Dr. Eyer's Historical Geology Class and a portion of the group, studying Systematic Botany departed from Alma at 7:30 last Friday morning. Their destination was the area about Alpena and the object, to study surface geology of Michigan's lower peninsula.

As the trip progressed, the group observed the ancient lake bottom and beaches left by the sixth great lake, Lake Saginaw, as it receded.

Among the many places of interest visited Friday in their search of fossiliferous materials was a lime stone quarry, a shale quarry, and an esker—a subglacial deposit of gravel.

At the shale quarry, the class was quite satisfied to realize that they had participated in an Alma first as they located fish scales of a rather early vintage within certain rocks. These scales dated to an era approximately 350 million years ago.

The evening was crowned by a magnificent hamburger supper prepared by Chairman Douglas Carter of the Cook Committee. The evening's activities were adjourned and the group settled to the Alpena Hotel.

Early Saturday morning, the now famous Doug Carter, Cook Committee, came through again as the group enjoyed a tremendous breakfast of scrambled eggs.

Saturday morning the class visited the lime stone sinks west of Alpena. These areas are depressions anywhere from 100 to 300 feet in diameter and generally 60 to 80 feet deep. It was here that the combination of a narrow slippery path on an extremely steep slope and a misplaced foot resulted in a whole slew of excitement and misery. It wasn't exactly what you would call happy excitement, nor was it happy misery.

Since mentioning names could probably result in a bit of embarrassment we will not mention that it was Phil Sarsons who fell to the severe discomfort of his hip.

Phil, however, did not have a corner on the misery market. This burden was shared by his colleagues as they prepared a stretcher and bore him

to the surface. This path, by the way, was not less slippery on the ascent than it was in Mr. Barrons' descent. To combat this obstacle, the procession along the ledge was rather complex. It contained first, the fellows who were carrying the stretcher. Immediately at their heels were several others who formed a blockade to repel any further swift trips to the lower portions of the pit.

On arrival at the top, or shortly thereafter, Phil was scooped up to the Alpena Hospital by the Alpena Fire Department where apparently nothing very serious was located—editor's note—or dis-located as the case may be.

Just about the same time that the Fire Department arrived, so arrived the rain which had been ordered for the event. Due to this, the portion of the itinerary encompassing the proposed Prumilis near Alpena and the Ocqueoc Falls were omitted.

The group arrived back on campus at about 5 p.m. and possessed what Dr. Eyer described as a very good collection of fossils. All of the articles date between 350 and 400 million years in age.

Saturday, May 13, The K.I.'s are having a car wash in the parking lot of Gelson from 10 until 2 p.m. The charge will be \$1.00.

Room deposit for Men's Residence Hall must be made with the Cashier in the Business Office by June 20 to confirm a room in the men's halls. After that date, all rooms not covered by deposit will be considered available for assignment to incoming students. No room refunds will be issued after June 10, 1961.

Freshmen

Continued from page 1

After arriving in Los Angeles and cutting their first records for Capitol, the group made its West Coast night club debut at Jerry Wald's Studio Club, an engagement that resulted in an appearance on the Steve Allen television show and a spot in the MGM picture, "Rich, Young, and Pretty."

Since 1955, the Four Freshmen have been firmly established as one of the top acts in show business. They have played the Crescendo, the Palladium, the Hollywood Bowl, all in Hollywood, and Fack's in San Francisco, to name a few. In addition, the Four Freshmen have played dozens of state fairs and conventions and almost every major college in the United States.

Of the original group, only Ross Barbour and Bob Flanagan remain. Bill Comstock and Ken Aibers are the newest additions. Ross and Bob are natives of Indiana; Ken and Bill hail from New Jersey.

Although they are thrilled each time it happens, being named "Best Vocal Group" is becoming pretty much an accepted thing for the Four Freshmen. Four years they have ranked at the top of surveys conducted by Metronome, Down Beat, Billboard, Playboy, and the United Press, among others.

The Four Freshmen have out 14 long-play albums.

The Four Freshmen are gifted with almost unlimited versatility, and are definitely not limited to vocalizing. They blow, strum or thump seven instruments.

Scholarships

Continued from page 1

able to compute honor-point averages before that date.

The Scholarship Committee bases its decisions on the number of applicants, their eligibility and need, and the amount of funds available for this purpose. It makes an effort to honor all those requests it can after considering the above.

Gamma Alpha Delta, senior women's honorary, has as its advisor, Mrs. Harry Landis. Mrs. Landis was affiliated with the Sphinx Honor Society at Carnegie Institute of Technology and is a member of the Merit Board.

Hillsdale Calls Nichols

Has Done Much Travelling, Studied Abroad Summer

Dr. Grace Nichols, of the Spanish Department, will take a position as Professor of Spanish at Hillsdale College next semester.

Dr. Nichols has taught Spanish here for the past seven years and has been instrumental in the development of the college language laboratory.

With a B.A. from University of Wisconsin in Sociology and Latin, Dr. Nichols got her M.A. in Latin from University of Colorado. She taught high school in Colorado and South Dakota for several years.

During World War II, as a member of the Women's Air Corps, she lived in Australia,

Dr. Grace Nichols

New Guinea, Manila, Philippines, and Tokyo, Japan, in Tokyo working in education research.

After teaching a year at Phoenix College, Miss Nichols then got her Ph.D. in Spanish at the University of New Mexico.

Before coming to Alma, she worked as manuscript editor for the American Dental Association and also did foreign book reviews for that journal.

She has studied also at Middlebury College (Vermont), University of Guadalajara (Mexico), University of San Carlos (Guatemala), and in Madrid, Santander, and Valencia in Spain the past two summers.

Dr. Nichols has also traveled widely in Mexico, Central America, and Argentina.

Student Council

May 9, 1961 7:00

The meeting was called to order, the invocation was given, the roll was called, the minutes were read and approved, and the treasurer's report was given.

Hal Waller was given the oath of office.

It was announced that any one interested in the position of N.S.A. co-ordinator should contact a member of the executive committee. The executive committee will select the co-ordinator at its next meeting.

Dean Hawley announced that Ulrike and Bruske definitely will not be used as women's residences in the coming year.

The Student International Affairs Committee reported favorable response to the questionnaire sent out. It has planned a picnic for the foreign students next year, summer correspondence with them, a big sister and big brother program for next year and will encourage students to volunteer as roommates for these students.

Bonnie McNamee moved that the Student Council work through the Student International Affairs Committee to support an African Student of Campus in the year '61-'62. The motion was seconded and passed unanimously.

The president instructed the corresponding secretary to send letters to the dormitory councils requesting the recommendation for a change in dorm judicial systems.

Louise Ferrand moved that all legislation that the N.S.A. co-ordinator moved, seconded or voted upon be accepted by the council. Seconded and passed.

It was announced that the student council is requested to attend the faculty meeting on Thursday, May 11 to vote upon the Barlow Trophy winner. The meeting was adjourned.

Respectfully submitted, Bonnie McNamee Recording Secretary

Louise Alma, Southfield junior and chemistry major, has received an undergraduate chemical research fellowship from Michigan State University for the coming summer. The program will last for ten weeks, and participants will

be appointed to research assignments by MSU chemistry faculty members. The program is offered under a National Science Foundation grant.

Pen Of A Scot...

"Pen of a Scot" is a new column which made its ALMANIAN debut last week.

Cool, dew-laden air, bearing birdsongs. In the open window, cool against skin fresh from sleep. Fresh air in first conscious breath, bird song first to break into the nothingness of the night's sleep. So to wake, unknowingly, unwilling, unselfconsciously, is to wake to surprise, unexpected wonder, joy.

Even as there is this early morning joying, so is there unselfconscious and unexpected hoping, or loving, or glorying in some revelation of Beauty.

But these do not remain thus long. I discover that it is I that am filled with joy—so I turn to examine and perhaps to exult over that joy. But in so doing it is changed. It's no longer me joying, but rather me contemplating the joy. The joy is replaced by what I'd call mere pleasure.

So too with hoping or loving or glorying. As once it was said, "You cannot hope and also thing about hoping; for in hope we look to hope's object and we interrupt this by turning around to look at the hope itself."

This business of joy and hope and contemplation is of particular importance in the matter of our approach to "culture." We are all urged today from all sides to become "cultured," to do and be interested in "cultural" things. There are numerous classical book clubs, and record clubs. (Even the local supermarket acts as a huckster for fine classics in music, and magazines offer collections on a few records of the best from the best of our Western musical tradition.) We are encouraged to appreciate good literature. We have Fine Arts Festivals. We know we should see and, so to speak, improve our minds (our "cultural" minds and tastes, i. e.) from the beauty of a sunset, a great poem, or a symphony.

But a warning. Too often, knowing as we do the riches to be harvested from our involvement in the beauty of "cultural" things, we approach the "cultural" thing expecting to be overwhelmed by its beauty, etc. We come to it contemplating ourselves, waiting to contemplate with pleasure the joy when it comes—as expected. But all too often, after a certain age, it does not come. As one man puts it, "Those who read poetry to improve their minds will never improve their minds by reading poetry." Or see beauty when a beautiful thing is looked at with the purpose of a contemplating one's following feeling of beauty and joy.

Thus it's been all too often that I've gone to hear a stirring masterpiece of musical composition, expecting to be pleasurablely overcome by emotion—and keeping a close eye on my emotional inner sanctum to make sure I was overcome and to catch and smile with pleasure at the moment when I was so overcome. But only hollow disappointment and frustration, not overcomeness with joy, was there to meet that eye.

It's like the morning when one is robbed, chastised, of even those first wondrous moments of unconscious joy by the voice of the awakened self which cries out before the joy is felt, upon feeling the coolness, the dew, and hearing the bird-song: "Oh you, today is beautiful, you should be buried right now in deepest joy... Why are you not?"

The real joy in "culture" and "cultural" things is to somehow approach them as the early morning cool and dew and song is approached, unconsciously, unexpecting or demanding. The reward is surprise, wonder and joy.

Cornerstone Laying Part Of Sunday's Ceremonies

Parent's Day, Sunday, May 7, marked the end of the Fine Arts Festival and the cornerstone laying of the new women's dorm. Eating at two servings in Van Dusen Commons Sunday afternoon, the approximately 500 parents and brothers and sisters and other relatives were addressed briefly by President Robert Swanson.

In the afternoon, parents were invited to attend the cornerstone laying for the new women's dorm, as yet un-named. Presiding over the 2 p.m. ceremony was Esther Vreeland, Dean of Women.

Opening the program were four women student speakers: Mary Dinges, freshman, speaking on "What Residence Hall Living Means to a Freshman;" Naarah Crawford, on "Living in an Honor House;" Sue Keck, junior, on "Residence Hall Living from the Viewpoint of a Resident Adviser," and Shima Murakami, "Residence Hall Living from the Viewpoint of a Student from Abroad."

Next was a description by Meg Campbell, senior, of the contents of the box which was placed in the stone.

Then came the laying of the mortar. Leading off the laying was President Robert Swanson, who then introduced the others who were to take part. They were as follows: Dr. Rex Wilcox, the Board of Trustees; Dr. Harold VandenBosch, Vice President; Dr. Kent Hawley, Dean of Men; Dick Boughton, President of the Student Council; Peggy Emmert and Nancy Vogan, President-elect and out-

going president of AWS; Ovonah Blanchard, Representative of Women's Athletic Association; Joyce Grover, President of Panhellenic Council; Loretta Pape, Representative of Resident Advisers and Resident Hall Representatives, Judy Smith (Gelston), Carol Stampfer (Pioneer), Marilyn Rollins (Bruske), and Ann Dale (Clizbe House); plus the four girls who spoke at the beginning.

The Rev. John Brown gave the benediction, which was then followed by the singing of the Alma Mater, led by some members of the A Cappella choir.

Parents were also invited to the Art Exhibit being shown in the Dow Science Building. At 3 p.m. the last event of the Fine Arts Festival, the Alma College Band Concert, was given to an overflowing crowd. People even sat on the lawns to listen to the varied program.

The whole concert was very well received, especially the encore, the new Alma Fight Song, composed this year by Dr. Sam Jones, conductor. After the song was played, Dr. Jones and the band received a standing ovation.

Alma Junior Receives News Of Job

Sharon Murphy

A pre-noon phone call last Friday, May 5 served to notify Sharon Murphy, McHenry, Illinois, junior, of her appointment as head of the College Board of the Marshall-Field store in downtown Chicago.

Sharon will be in charge of 15 other girls on the Board which selects the college fashions to be sold in Fields College Shop.

In her job, Sharon will be traveling around the country attending fashion shows of fall clothing. Based upon Sharon's and the Board's recommendations, the College Shop will select their fall fashions.

Sharon said, "This is the most fortunate thing that ever happened to me. I hope many doors will be opened for me because of this opportunity for responsibility." Sharon says she has dreamed of a job like this for years.

Sharon, a member of Kappa Kappa Sorority, is active in campus affairs, serving on Tyler Board and other committees.

Her job starts soon after final exams in June.

Marilyn Got Early Start, Now Plans Operatic Career

Made Debut In Home Town, Has Sung with Many Bands

Marilyn Henry, Holly senior who will give a professional concert here Friday, May 19, started her musical career at the age of eight.

It was then that she began her musical study, and from that time on, Marilyn has appeared in numerous programs while in Holly schools and as an Alma College student.

Marilyn, a mezzo-soprano, made her professional debut in her home town April 15. The idea came from the life story of Patrice Munsel, the Metropolitan Opera star, who also made her debut in her home town.

Miss Henry is perhaps most recently known on campus for her participation in the experimental opera workshop and her part in the Song Fest. For the past two years, Marilyn has arranged and conducted the winning songs of her sorority, Alpha Theta, for the Song Fest.

She has appeared in various dramatic and musical performances during her four years here. Drama roles include the lead in "The Lark," in 1957 and the title role in "Medea," director of "No Hiding Place," a major role in "No Exit," and the comic lead in "Plain and Fancy," during her sophomore year.

During her junior year, Marilyn appeared in "Night Must Fall" and directed "Purgatory."

Marilyn has also given various student vocal and piano recitals here, often performing original compositions, and in her freshman and sophomore years was in duo-piano concerts.

She was in a cappella choir and Alma Singers her first three years here and made the tour of Europe with the Singers in the summer of 1959.

Last summer was spent studying at Cornell University in Ithaca, New York, and studying with Mr. and Mrs. Myron Fink at their home there.

At present Miss Henry is president of the Alma chapter of Music Education National Conference and president of Bruske House, an honor dorm. She was named an AWS "Woman of the Year" last year and is currently included in Who's Who in American Colleges and Universities.

Marilyn has been a professional singer since the age of 14, although that "debut" was in jazz singing. She appeared in night clubs and with dance bands—such as Ralph Marterie in Canada and Dan Belloc in Chicago. She doubled as pianist and vocalist for a college dance band her first three years here.

Now, however, she is working toward an operatic career.

Marilyn will study with the Binghamton Opera Company in New York following graduation in June. She is there presently for a few days for an

interview and to sing an aria from "Jeremiah," a new opera by Myron Fink, of the local music department.

Miss Henry wishes to point out that her concert is a professional one and in no way connected with the college. "This is the way I make my living—" she stated, "I'm a professional singer."

Mr. Fink, Marilyn's piano teacher who will accompany her in the concert, says that the concert given last month in Holly was "on the professional level." "I hope the Alma recital will be a worthwhile and enjoyable musical event," he added.

Alma Hangs On To Lead; We're Unbeaten In MIAA

Mulligan, Peters, Osborne Star They're Big Guns For Team

Rain postponed the games between Alma and Adrian on Saturday, May 6, but the undaunted Scotsmen captured the twin bill rescheduled on Monday, May 8, 4-2 and 5-4. These victories left the Scotsmen on top of the heap in the race for the MIAA crown with a 6-0 record.

Mike Mulligan, the fiery catcher for the Scots, had a field day against Adrian's pitcher in the first game. The strong right-handed hitter hit a triple and a home run, and drove in all four runs.

| | | |
|-----------|---|---|
| ALMA | 6 | 0 |
| ALBION | 6 | 2 |
| HOPE | 3 | 3 |
| KALAMAZOO | 3 | 3 |
| ADRIAN | 2 | 6 |
| OLIVET | 1 | 3 |
| CALVIN | 1 | 5 |

Equally impressive was Jack Osborne, number one pitcher on the Scots' staff. He set the Adrian team down with six hits, while breezing to his fourth straight victory. Jack is now 3-0 in the MIAA, and one of the leading pitchers in the league.

Adrian handed the victory to the Scots in the nightcap. Trailing 4-3 in the last of the seventh inning, the Scotsmen rallied to victory. Dave Peters led off the inning with a booming triple to deep right field. Don Phillippi doubled him home with a line drive double down the third base line.

Ray Graham and Mike Mulligan were intentionally passed to fill the bases. Adrian called for a new pitcher at this point, and John Harris stepped up to the plate to hit for Alma.

Bill Reel, Adrian's pitcher, balked on the fourth pitch to Harris, and Phillippi scored the winning run of the game.

The Scots' record is now 9-5 for the season.

Scots Split With Ferris

Alma College's Scotsmen split a doubleheader with the Ferris Bulldogs last Friday, May 5, 8-7 and 4-3. Both games were as good as the scores indicated. Alma lost the opener 8-7, but captured the nightcap 4-3.

In the opening game Ken Clay started pitching for Alma. He was lifted in the third inning because Coach Carr wanted to save him for Adrian on Saturday.

Dave Peters and Don Phillippi pitched the next two innings, giving up five runs, six walks, and two hits. This was Ferris' big inning, and enabled them to build up a sufficient lead to stave off a determined Alma rally during the late innings.

Rex Knight finished the game on the mound for the Scotsmen, pitching the final four innings.

In the nightcap Lou Economou got the nod from Coach Carr for the starting assignment on the mound. He pitched the entire game, and was credited with the 4-3 victory.

Pat Murphy won the game for Economou with a two run blast over the leftfielder's head in the 6th inning. Pat also drove in the first run of the game as he grounded out with the bases loaded.

The Men's Intramural softball league is in full swing, as Professor Charles Skinner's stance can testify. Ron Colber (looking on in the background) seems assured of the batter's success.

Hope To Test Alma Saturday

Alma got by one tough MIAA opponent in Adrian, only to face another test of their ability on the home diamond tomorrow. Hope College's Britons will be carrying a 5-1 MIAA record with them to Bahlike Field, and Coach Carr expects the games to be very close, which breaks might decide.

The games will start at 1:00 p.m. tomorrow.

DeVries Undeclared In Season's Tennis Matches

There is a bit of excitement brewing on the tennis courts here. Although Coach Mickle admits he hasn't a team to send to the Wimbledon matches, he seems quite elated over the performances being given by one of his players, George DeVries.

DeVries has gone undefeated this season in singles play. In the past few weeks, he has met, and beat, players from Adrian, Albion, Calvin, Aquinas and Hope. Coach Mickle feels that the decisive contest in determining the MIAA Singles champion will be held May 15, when DeVries meets Campbell from Kalamazoo College.

Alpha Tau's Win Baseball Trophy

The Alpha Tau Sorority's baseball team emerged victorious, 7-2, over a team from Gelston in an exciting crowd-drawing championship ball game last night.

Winning the championship qualifies the team to play against the all star baseball team at 9 a.m. Campus Day.

Members of the Alpha Tau team are Marcia McWethy, captain; Ponny Morris, Leah Vorce, Glenda McDaniel, Betty Nucci, Sally Hendersen, Jeri Lou Zettle, Sue Scott, Karen Larson, Joyce Karakas, Nancy Teachout, Joanne Bird, and Deanna Dolophol.

Members of the Gelston team are Carol Saul, captain; Lindsey VanderVeer, Dianna Vezmar, Phyllis Burdick, Lorraine Jessop, Ann Starr, Carole Boutin, Dotti Ready, Joyce Kube, and coaches: Sally Simone and Gretchen Kuhl.

Thinclads Scare Ferris In Meet

Ferris' powerful track team, which has defeated every MIAA opponent they have met this year, had a scare thrown into them before finally subduing the Scotsmen in a track meet held at Ferris Monday.

Only five men scored points for Alma in the 80-40 loss, but beat Ferris in some of the home team's best events.

Tex Gleason took a first in the discus with a heave of 146 feet. He also placed second in the javelin throw.

Ken Squires took the javelin throw with a toss of 167 feet, against a strong wind.

Dave Eldred swept to victory in the shotput with a mighty effort of forty-five feet. Dave also took second in the discus.

Warren Slodowske broke the school record in the two mile, winning in the time of 10:38, which was 40 seconds better than any previous effort. Jerry Smith won the half-mile event to round out the scoring for the Scots.

The scores from the games of May 1, 3, and 9 are as follows:

Alma vs. Calvin May 1

| | |
|------------------|-----|
| Oosterhouse of C | 4 4 |
| DeVries of A | 6 6 |
| Vanderhart of C | 6 6 |
