Dr. Fishbaugh concentrates on a sick Scot.

Greet New Doc With OJ Party

By Lynne Wight

As of two weeks ago the only way to get your Vitamin C is to be sure to drink your "O.J." at breakfast. Those famous white pills, the traditional Alma College cure, are now in limited supply. Alma campus is the recipient of the art of medicine from its new medical Director, William F. Fishbaugh, M.D.

Dr. Fishbaugh received his Bachelor of Science from the University of Dayton in 1954. After fulfilling his service requirement, he graduated from Ohio State Medical in 1961 with the degree of Doctor of Medicine. After internship in 1962 he took his residency in General Practice during 1963. Dr. Fishbaugh lives in Alma with his wife and family of five children.

As Medical Director of the Alma College Health Center Dr. Fishbaugh is concerned with all the medical problems on campus, from athletics to allergies. His view of the health center is that while the college grew the health center did not. A community minded physician, he feels his services to the college are only a part of his contribution to the general betterment of the city. The treating of any illness, no matter how small, is a personal and community responsibility.

Efficiency minded also, Dr. Fishbaugh is revamping the organization of the Health Center. Clerical help is being acquired, leaving the two nurses more free to assist the doctor in his work. Frequent letters will be sent to the administration, informing them of the changes and activities of the Center. Future plans for the enlargement of the Health Center are being made. From reviewing statistics on the number of people helped in 1966 (approximately 4700), it was found that 1966 had processed three times as many patients as in 1965. Dr. Fishbaugh strongly feels however, that if a student wants to see the doctor, the doctor will see him.

A member of the Junior Chamber of Commerce, head of Pediatrics and Nursing at Gratiot Community Hospital, Dr. Fishbaugh also is active in industrial medicine for General Electric and is the team physician for the High School.

Future plans include a flu clinic for mass immunization, a Saga Health Clinic for issue of health cards, an allergy clinic and a physical therapy department, for main use by the athletic department.

As Alma's 100% Medical Director with the 100% backing of the administration, Dr. Fishbaugh has already made his presence known to the students afflicted with the common cold or spotted rash.

If you missed breakfast and are lacking your daily supplement of Vitamin C your only hope is to hop a quick flight to the Southland to soak up some Florida sunshine. And don't cry "wolf".

Campus Flick

The Dow film tonight and tomorrow features Audrey Hepburn, Gregory Peck, and Eddie Albert. A beautiful royal princess temporarily escapes from her dull life of diplomatic duties and stuffy protocol. She meets a newspaper man and romance enters her life. She enjoys her holiday thoroughly but it is her duty to return to royal life.

It was filmed in Rome with all the beauty of such timeless backgrounds as the Coliseum, the Forum and the Tiber. The tender, whimsical love story received an Academy award, and the New York Critics Award.

Term Packed With Action

by Claire Wiegmann

Looking to the weeks to come in the winter term, I see, a vast array of worthwhile experiences which should keep this second term a busy one for Alma students.

Once again we have a great lineup of weekly movies and four more exceptional films from the International Film Series. We can look forward to such excellent American films as "Hud," "Breakfast at Tiffany's," "The Hustler," "Psycho" and "Night of the Iguana." On the international film scene we'll have "Candide", a French-made contemporary version of the Voltaire classic; "Seventh Seal" starring Sweden's Ingmar Bergman; "Beat the Devil" with an all-star cast which includes Humphrey Bogart and Gina Lollobrigida and the series grand finale - "Barabbas" - starring Anthony Quinn, a film which should be of particular interest to Alma students.

This term's convocation attendance requirement should be a pleasure to fulfill with such outstanding speakers as Professor Ashley Montagu who returns to A.C. with, I'm sure, a good deal to say about Audrey's "African Genesis." John Howard Griffith of "Black Like Me" fame will speak. The rest of the schedule of winter convocations, including Conrad Smith's program wherein he'll share with us his Nigerian experiences, is quite impressive to me.

If you are a sports-minded person, there's a reminder that six more Scot home basketball games remain. You're sure to find plenty of excitement watching our hard-fighting Scots try to overcome the opposition. Or, if you're a brave skier, the Ski Club plans a ski-weekend on January 21, and Tyler Ski Day follows on February 4.

Music and dancing won't be forgotten this term either. The final Pops Concert will be

February 14 when the Back Porch Majority swings into Alma. Our own band and Choral Union will also perform in February. And there'll be plenty of dancing starting with the KI "Luxury Liner" tomorrow night, the AST "Amo Te", TKE "On the Town" and the Snow Carnival dance which will cap a day-in-the-snow on February 28. There will also be a mysterious dance sponsored by Mitchell Hall on February 4.

We have all these things to look forward to in the winter weeks to come, in addition to the daily challenge of our classes.

GE, Math Club Show Complete

The General Electric Company Information Processing Center in Detroit and the Alma College Mathematics Club at Alma will be linked in a demonstration of computer time-sharing on January 18. This first-time event of a new scientific trend will be shown in Room 100 of the Dow Science Building at 7:00 p.m.

Computer - Time - Sharing involves the simultaneous use of a computer by people at widely scattered points. The C.P.U., or Central Processing Unit, is located at the General Electric Center in Detroit. By means of a teletype and telephone lines, a teletype in Dow Science Building will be able to use the speed-of-light calculations of the large computer in Detroit.

The program will include the following:

Short talk on computer-time-sharing applications, illustrated with slides.

Demonstration of problems in computer-time-sharing and demonstration of self-teaching programs.

Student questions and the opportunity to use the system.

The program will require little mathematical background, and everyone is invited who might be interested.

Bird Wins Top Prize

ALMA - Alma College's all-MIAA defensive end, Keith W. Bird, Jr., of Flint, has been awarded one of 33 \$1,000 National Collegiate Athletic Association scholarships for graduate study, according to Walter Byers, NCAA executive director.

A history major with an exceptionally high scholastic average, Bird was tabbed as the Michigan Intercollegiate Athletic Association's lineman of the week for his Oct. 29 performance when Alma shut out Adrian 21-0. He was one of three Scot gridders to make the all-MIAA selections.

The son of Mr. and Mrs. Keith W. Bird, Sr. of 6920 Park Belt Dr. in Flint, he played prep ball at Peru (Ind.) High School where he also starred as a defensive end. Bird attended East Grand Rapids High School in 1959-60 before moving to Indiana.

In notifying Alma College officials of Bird's selection, Byers said, "Considering the number of potential candidates across the

KEITH BIRD

country, this award stands as a significant honor for the student and a tribute to your institution." Other scholarship winners from the NCAA's region 4 were David R. Fisher of the University of Michigan and Frederick N. Schnurr of the University of Notre Dame.

Contemporary Candide Kicks Off Film Series

The International Film Series opens its winter term with the showing of "Candide" (The Twentieth Century Optimist) on Sunday evening, January 15th at 8:00 o'clock in Dow Auditorium.

The "Candide" is a modern French version of Voltaire's classic satire whose hero blandly accepts the proposition that everything happens for the best in this best of all possible worlds.

The story-line follows him through a turbulent world, his journey beginning with officer's training in World War II and continuing through a series of post-war misadventures. On the way he encounters the Red Cross, South American dictators, black marketeers, the Gestapo, jungle natives and others. He pops up all over the world - Switzerland, Egypt, Moscow, Indonesia, New York.

The result is a caustically comic survey of cultural and poli-

tical aspects of contemporary life, commenting on the cold war, race relations, missiles, profiteering, colonialism, etc. "Film Daily" sees the film as "a bright little comedy of satiric bite and charm... which hurls deliciously witty shafts at people and society."

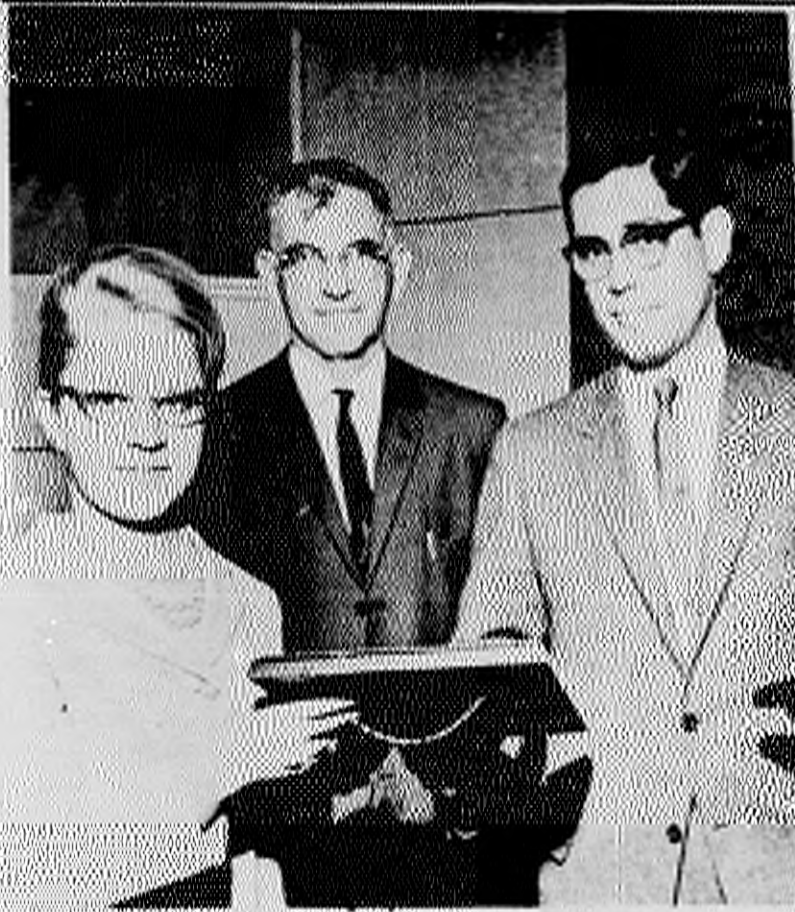

"Candide" is the first of four features to be presented in the winter series. The schedule includes Ingmar Bergman's "The Seventh Seal" on January 29, "Beat the Devil" with Humphrey Bogart and others on February 12, and "Barabbas" on March 5.

Tickets for the winter series will be available at the door for \$2.00 each. The number of tickets is limited; most series buyers bought a combination fall-winter series ticket last September.

Some individual film admissions will be available at the door for 75¢ each.

the church and challenge . . .

In the past few weeks an ad has appeared
In many city newspapers appealing "To Every

Students Try To Start WACR

Recently, there has been an effort to start a radio station on the Alma College campus. The idea is a carryover from previous years, including last year, when students tried to set up a similar program. This time there is support from Dr. Robert Smith of the Speech department, who is serving as advisor, and other faculty members. The advice report also covered such a move, is responsible to the sign on sheet in Union, twenty-five students wrote in their names. Their last Monday night of these people attended an organizational meeting with Dr. Smith to discuss the plan. The interest great in possible possible, but unfortunately, the effort.

Scott Wallgren, the group moderator, explained that the project needs more than anything else the time of responsible persons. If the program is approved by Dr. Swanson and funds are handed over there will have to be much work done to set up the station WACR.

At the present time there are no plans for a closed circuit station. This involves transmitter's license forms to boost the power.

The station is to be termed an "educational radio station" to meet with certain FCC regulations, with this standing and by not advertising there is a chance, due to a FCC clause, for government support.

WACR

Mr. Wallgren emphasized that this group was not a club. It would require people willing to spend time to get things going. Anyone who was not at the meeting and who is interested should contact Scott Wallgren, his campus address is Wright Hall.

From the number of students present at the meeting it would seem that they are serious and willing to work. Later, however, administrative approval must be sought and given and then funds must be allocated for the equipment involved. Then work can begin.

PLACEMENT CASEMENT

The following businesses will have representatives on campus on the dates specified. Detailed information regarding openings for qualified candidates is available in the placement office. If you desire an appointment for an interview it can be arranged through the placement office, 360 Main 132.

Tuesday, January 17 - Ford Motor Co., Auto Assembly Division.

Wednesday, January 18 - Hartford American Co.
Thursday, January 19 - J. S. Krueger Co.

The following schools systems are conducting interviews on campus for prospective teachers for the 1967-68 school year. Interested teacher candidates should make appointments for interviews through the Placement Office.

Tuesday, January 17 - Lincoln Park Public Schools.

Thursday, January 19 - Wayne Community Schools.

Tuesday, January 24 - South Wayne Schools, Detroit.

Wednesday, January 25 - Bridgport Community Schools.

At the request of Student Council, Principal John Foster the names of students serving on various faculty committees are listed here for whom it may concern. Athletic Committee: Jerry Knowlton, Religious Affairs Committee: John Anderson, Cultural Affairs Committee: Robert Boyd and Shawne Mitchell, and Judicial Committee: John Steele, Richard Deering and Tom Hartig.

HOUSE FOR RENT

3 bedrooms, huge living room, large dining room, modern kitchen, garage, full basement, pleasant neighborhood. Available late December or early January. Dicker with Porter. Write immediately to Antioch College, Yellow Springs, Ohio.

Chemical Society Picks Gladys Motz

ALMA - The Midland Section of the American Chemical Society has honored Gladys Motz, senior from St. Johns, as Alma College's outstanding student chemist for the 1966-67 academic year.

Dr. Malcolm Chamberlain, chairman of the Midland section, presented Miss Motz with a student membership in the American Chemical Society and an engraved plaque which will be displayed at the college.

Miss Motz, daughter of Mr. and Mrs. Jay Motz of 5101 E.

Parks Dr., Rt. 6, St. Johns, is a 1962 graduate of Rodney B. Wilson High School.

Active in the Alma College Chapter of Student Affiliates of the American Chemical Society, she was in charge of arrangements for the 1966 annual convention of the Mid-Central Region of student affiliate chapters at Alma last April.

She is also active in intramural athletics and the Michigan Scholars in College Teaching Program.

Choral Union Ready for "Messiah" Feb. 26

The Alma Choral Union will begin rehearsals this Tuesday night, January 17, to prepare for a performance of Parts II and III of Handel's "Messiah," scheduled for Sunday evening, February 26. For this performance the choral union will be joined by the Alma Symphony

Orchestra, the Alma College A Cappella Choir, and guest soloists. Choral rehearsals will be held every Tuesday evening from 7 to 8 p.m. in the College Chapel under the direction of Dr. Ernest G. Sullivan.

Because of the Lindley Lecture in the chapel on January 17 the first Choral Union rehearsal will be held in Dow Auditorium from 7 to 8 p.m.

Students and faculty are invited to participate and are urged to attend the first rehearsal this Tuesday night. There is no membership fee, but each member is expected to purchase his own score. (approximately \$1.50)

The Choral Union was formed in 1949 and, except for the past two years, has presented one or more oratorios each year. Works performed in the past years have included Handel's "Messiah," Brahms' "Requiem," Mendelssohn's "Elijah," Bach's "Cantata #106" and "Magnificat," Haydn's "Creation," Schubert's "Mass in G," Carissimi's "Jephta" and others.

Dean's List Filled With 134

One hundred thirty four students beat the system and scored on the Dean's List (honor list). Of these, 35 earned the perfect 4.0. The seniors placed the highest number with 43, then the sophomores with 30, the freshmen scored with 25, and the juniors trailed with 26.

The number set (records) took the most hits with a whopping 111. On the other side of the coin is the interesting statistic that 13 of the 44 Pioneer men were on the low grade report. The Dean's List:

Scot Cagers Score Big With Near Misses

SCOT JOCK TALK

McCarty Notes Scot Restoration

Calvin Sneaks by

Sparked by the return of junior guard Jerry Knowlton, Alma's Scots fought gallantly with an experienced Calvin College five before bowing 79-73 in the closing minutes of action.

Sporting a 36-34 lead at intermission, Alma fell behind for the first time in the ball game with 9:18 remaining in the contest. Leading by as much as seven points, the Scots were hindered greatly by the personal foul. Three Alma Scots, Gordon Hetrick, John Toland and Al Vandermeer left the game late via the foul route.

Hetrick and Knowlton, teaming up for the first time, accounted for 35 Alma tallies. Knowlton paced the Scots with 16 and Hetrick had 13. Sophomore Toland and freshman Bill Simmons each garnered 12.

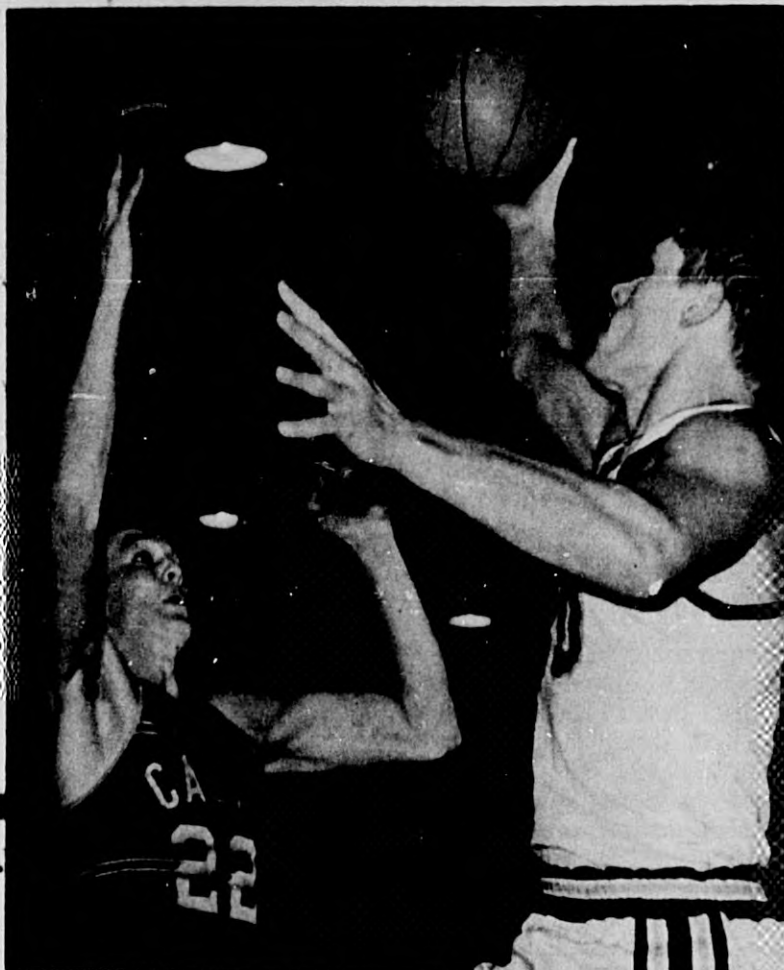

Hetrick Leads Scots At Olivet

Alma's Scots staged their second solid MIAA performance when they bowed to the Olivet Comets 84-80 at Phillips Gymnasium. Led by the high scoring transfer Gordon Hetrick, Alma trailed 46-41 at the half.

Hetrick scored 25 points on nine field goals and seven charity tosses, while John Fuzak had 14, and Jerry Knowlton 13.

Scots Fight in California Sun

The Alma College varsity basketball team has returned to MIAA action following a semi-

successful holiday stint on the West Coast.

After losing to Hope College at Holland on December 10, 90-55, Alma moved to Illinois where they were defeated by the MacMurray College five, 85-70. Alma's basketball entry was not treated so cordially, as they lost an initial contest with California Lutheran, 90-76.

In the three-day California Western tournament in San Diego, Alma finished last in a field of eight teams. Alma was downed in the opening round by San Diego University 67-46. Gordon Hetrick and Ron Sober led the scoring with 11 and 10 points respectively.

Despite a 23 point performance by Hetrick, Alma bowed to Portland State 84-74 in their second tournament encounter. Al Vandermeer added 16 points while Rick Warmbold and freshman John Fuzak each poured in 12.

Hetrick, due to his fine performance and 59 tournament points, was placed on the All-Tournament team. Alma was also awarded the tournament Sportsmanship trophy.

By Jim McCarty

A visible change is taking place in the stature of Alma College basketball. The previous two home games are excellent examples of this "new look". Although Alma did not succeed in placing either one of these contests in the win column, they very assuredly made things extremely difficult for Calvin, the defending MIAA Champions, and Olivet's Comets.

Alma bowed stubbornly to Calvin's hoop squad, 79-73, in the closing minutes, and dropped another squeaker to Olivet 84-80. It was but a year ago that Alma fell to the Grand Rapids five by 32 points and then by 50 points at the opponent's gymnasium.

Unlike teams of recent years, the Scots displayed for the fans of Phillip's Gymnasium, an inspired and hustling attack. Although a very heavy underdog in both games, Alma exhibited a confident attitude, one of reckless abandon and the heated desire to win.

The 1967 rendition of Alma College basketball is an exciting one to watch. First it's an accurate jump shot from the free throw line by Sophomore forward John Toland; then a long arching two - pointer by guard Gordon Hetrick, followed by a behind the back dribble by the reactivated Junior guard Jerry

Knowlton, or a handful of animal-like rebounds by two freshmen jumping-jacks John Fuzak and Al Vandermeer.

Aided by an extensive recruiting program, Alma can no longer be considered an MIAA pushover. In Knowlton and Hetrick, the Scots sport possibly the best guard combination in the league. The potential is there, but it looks as though it is not quite ripe - a little more experience, a little more polish and Alma WILL win! Yes, things have changed.

AP Includes Three on Team

Three Alma College grid-iron players were named to the 1966 Michigan small college All-State football team selected by the Associated Press.

Senior tackle Al Borgman was placed on both the offensive and defensive teams. Senior Keith Bird received recognition at his defensive end spot, and junior transfer Gordon Hetrick was picked for the All-State backfield. Hetrick was also named to the National Association of Intercollegiate Athletics elite as a defensive halfback.

Father Vaughn returned to Alma last week-end bringing, as he put it, "Greetings from the Vatican". Accompanied by percussionist Dick Riordan and Bassist Danny Jordan, Father Vaughn played for an unusually responsive and appreciative Alma Audience. Vaughn is assistant rector of St. John's Episcopal Church in Midland, and a recording artist for RCA Victor.
