Volume 59- Issue Number 23

Alma College-Alma, Michigan

May 18, 1967

Above is a session of the Preparatory Committee of Community Government which was held yesterday afternoon. The committee discusses different proposals for community government which will later be voted on by the faculty and by students.

## Community Government

### DEBATE STUDENT PART IN FACULTY AFFAIRS

by John Cook

In a meeting held yesterday afternoon, the Community Government Preparatory Committee considered another set of recommendations for the structure of a new governing structure. The greatest amount of controversy centered around student representation on the proposed Administrative Council and the Faculty Personnel Committee.

The matter of student representation on the Faculty Personnel Committee was an area for sharp disagreement within the committee. Under the proposal considered the committee—which would decide promotions, appointments, tenure and other related matters concerning the faculty—would consist of the three deans, six faculty members and three students.

Dr. Luke felt students should not be seated on the committee, but served in a consultant capacity. He reasoned that the work of this committee would require a detailed evaluation of faculty members which might affect the students performance in the classroom.

Dr. Kolb supported this viewpoint, and added that the committee would be forced to limit discussion if students were present at meetings. Because of this, Kolb added, the general effectiveness of the committee would be reduced.

Offering a different interpretation, Dr. Kimball stated students "Have a right to be on (the committee,) and have to be on with the vote." He added, "When we

### Almanian Wins Four Awards From M.C.P.A.

This week the Almanian was presented with four awards from the Michigan Collegiate Press Association. In the category for weekly newspapers with a circulation under 1600, the Almanian placed second in news writing, editorial writing, and cartooning. A third place award was won for a signed column.

Marcia Lindley's story "Alma to Host Important Population Conference," "Orgas" "Would You Believe?" Jolly Conine's "A Call for Counsel and Communication," and Miss Conine's column "Don't Baby Your Booze" were the winning entries.

are getting to the things which are really important to the faculty, then we don't want students involved." Kimball and other members of the Prep Committee commented further that if student involvement on the committee was limited to an advisory capacity, they would have no part in the decision making process of the committee.

In regard to the function of the Administrative Council, in the proposed plan, Dr. Bechill stated that body would serve as the central policy making organ—although Student Council and the faculty would have a veto. He added that the student representation of the committee should consist of the Student Council president; the presidents from the sophomore, junior, and senior classes; and two members elected at large.

In the viewpoint of some committee members, such as Dr. Luke, the crucial factor here was whether the class officers would provide adequate communication with

the rest of the student body. Student Continued on page 3

### Sutherland Begins Reform; Includes Women's Regulations, New S.C. Constitution, Union

by John Cook

According to its new president Gregg Sutherland, the reform of Student Council is underway. Sutherland said the new council is taking a larger part in formulating social activities and revision of the constitution is currently underway. He also stated that the Student Council should have a larger voice in the reform of women's regulations.

Sutherland believes the role of the council in the planned social affairs of the college will be increased as a result of the appointment of vice-president Chic Adams to the chairmanship of Tyler Board. In the past, Sutherland added, "Tyler staff has done the work which should have been done by Tyler Board." Other members of the board will be appointed soon by Adams.

The aim of the revised constitution is, according to Sutherland, "to have a workable constitution." To make the council "workable" he added that the committee of several students now working on the revision will be especially concerned with the size of the council. "There is general con-

sensus," Sutherland stated, "that the size of the council should be cut from its present forty-five members to about twenty-five."

"Hopefully," he added, "the students will be able to vote on the revised constitution by the end of this year." There is no requirement within the present constitutional set-up which necessitates a student vote, but Sutherland feels it will give the students a chance to participate and to air their views.

In reference to the powers and operation of AWS, Sutherland stated, "I would like to see it concerned with women's rights in the dorms and not formulation of overall policy." AWS has had responsibility for initiating policy concerning women's per and other related matters. In this area Sutherland believes, "AWS has done a rather ineffective job, not because of their own fault but due to other circumstances."

Among other things which Sutherland plans to look into are the remodeling of the sitting area in the union and a weekly column in the "almanian."

### Tyler Plans Festivities For Yearly Holiday

May 30, 1967, Alma College will celebrate the seventeenth annual Campus Day. It was originally set aside for a "Clean-up day." Gradually, it has assumed a more festive air, and now it is a traditional holiday on the Alma College Campus.

An outdoor dance will herald the beginning of the activities on Campus Day Eve, Monday, May 29, 1967. Then, competitive activities will begin Tuesday morning with the push-cart races. Women's doubles, men's doubles, and couples may also enter three-legged races and potato sack races on the football field that morning. Prizes will be awarded to the winner in each division.

After a picnic lunch, a skit by the Delta Sigma Phi fraternity and a performance by the Kiltie Lassies will honor this year's Campus Day Queen at a Coronation Ceremony. Immediately following, will be a special Cornerstone Ceremony for the new Bruske Hall.

In the afternoon, sports-minded Almanians charge for the canoe races. A prize will be awarded to the winners of the men's doubles, women's doubles and couples' entries. Those interested in entering the races may sign up at Tyler Booth.

Tuesday evening's activities will begin with a Hootenanny in Geiston Court. Following the Hootenanny, an outdoor movie in The Court will bring the day's activities to a close.

### Henry Addresses Chapel Service

Dr. Carl F. H. Henry, a leading spokesman of evangelical Christianity, will address the chapel service Sunday morning at 11:00.

Dr. Henry has been the editor of Christianity Today since it began its fortnightly publication in 1956. In addition he has authored sixteen philosophical and theological books, the most recent of which (The God Who Shows Himself) attempts to answer the death-of-God theologians.

In 1952, Dr. Henry spearheaded the Mid-Century Rose Bowl Rally in Pasadena, until then the largest Christian rally in the history of the Western World. Last October he directed the World Congress on Evangelism in Berlin.

Mr. Berry, Alma College Chaplain, described Henry as being "the other end of the spectrum from Bishop Pike." The Sunday service is a convocation.

### Publications Board Announces Almanian Staff For Next Year; Cook Chosen Editor-In-Chief

Mr. John Cook, Harrisville junior, will act as Editor-in-chief of the Almanian for the coming year, according to the announcement of Dr. Florence Kirk, chairman of the Publications Board. Cook has been managing editor of this year's Almanian, and served as a reporter in his sophomore year.

In other action, the Publication Board selected Miss Leslye Hofmeyer, Baton Rouge (La.) sophomore, as managing editor; Kathy Richards, East Lansing sopho-

more, as news copy editor; and Elizabeth Broadwell, Lincoln Park sophomore as copy editor. Jim McCarty, Saranac sophomore, will retain his position of sports editor, and Eleanor Harden, Towanda (Pa) sophomore will continue as Business manager. Sophomore Chia-Wei Wang of Malaysia was selected as Circulation manager.

Miss Hofmeyer held the position of copy editor on this year's Almanian, Miss Richards has served as a reporter, and Miss Broadwell has served as typist and occasional reporter.

The Board decided at its May 10 meeting to "proceed with all possible speed" with the revisions of the student publications for next year. These include expanding the present Scotsman year-book into a magazine of photogra-

phic essays, news essays and creative writing, as well as some academic papers. The Almanian anticipates publishing three times weekly.

The magazine staff, and the Almanian photography staff will be announced next week.

Phi Alpha Theta, the history honorary, will hold an informal meeting next Tuesday in the Reid-Knox room in the administration building. The purpose of the gathering will be to acquaint anyone interested in history at AC with the members, general nature and lighter side of the department. Anyone who has taken a history course, or feels he might like to, is invited.

### Tyler Staff Appointed; Outline Years Plans

by Bill Robinson

Appointments to Tyler staff for the forthcoming school year have been made by the administration under whose auspices the four man team functions. Tyler staff for 1966-67 includes juniors Sam Pfeiffer and Art Bova both of whom have served on Tyler this year, and sophomores Karole Olson and Martha Hayden who have been active participants on Tyler Board during this year.

When asked about their plans for next year, the staff members mentioned several ideas that they are considering. In addition to the regular social functions such as Homecoming, Snow Carnival, Song Fest and Campus Day, the staff hopes to bring some big name entertainment such as the "Mamas and the Pappas" or the "Lettermen" who performed here two years ago.

Also, with the acquisition of buses next year, it will be possible to take advantage of lectures, concerts and other events of near-

by Universities on a larger scale than in the past.

The possibility of having a Mardi Gras with a costume dance, and booths of various sorts is being considered. A major undertaking for next year will include a thorough study of the possibility of converting the present gymnasium into a student center after the new physical education plant is completed. This will involve travelling to other campuses to visit student centers and an appraising what is needed by the student body to supplement the facilities of Tyler Center.

Vice President Kimball reported that Tyler Center was originally designed to accommodate three or four hundred students.

Another item of interest is that Gregg Sutherland, president of student council, has appointed vice president Chick Adams as president of Tyler Board for the com-

CONTINUED ON PG. 2

## Dorm Spirit...?

A few weeks ago an anguished note appeared on all the bulletin boards of the Newberry Hall. It asked where dorm loyalty was, why nobody cared about hall spirit, and it charged its readers with overwhelming apathy.

At about the same time Pioneer Hall was bringing home approximately a half a tone of smelt which seven guys from that hall had caught on a fishing trip. They energetically cleaned them, ate a few, froze the rest, and planned an "all-campus smelt fry."

Nobody in Pioneer Hall, we suspect, posted an angry note or stood up in a dorm meeting and demanded Hall-Spirit. Nobody said "All right, guys, we're going to go out and catch some smelt, and this is going to be a dorm project, and we're doing it to indicate our loyalty to Pioneer!"

It was simply a matter of a bunch of students, who happen to live together, deciding to go fishing.

There is nothing about a residence hall that encourages dorm spirit. It is a brick and mortar shell housing the student and it doesn't care a fig about loyalty.

Campus, community or dorm spirit are motivated by people who enjoy being together, not by accusing notes. Charges of apathy don't make people want to throw a party.

If your residence hall lacks spirit, we submit that this should not concern you in the least. It may mean that the residents have channeled their energies into worthier veins, like Student Council or A Capella Choir or physics club. Or, it may just mean that they're damn sick of hearing about apathy.

## More Howl From The Owl On Viet Nam

(ACP)—Not too enthralled over the prospect of being labeled either a hawk or a dove, one is faced with the possibility of being called anything from a screaming eagle to a yellow-chested chicken, comments the Colorado State University Collegian.

One humanoid bird that isn't receiving his due recognition these days, the Collegian says, is the owl. He needs more consideration not because he is a symbol of wisdom but because he runs around asking "Who?" Also, "What and Why."

The puzzled bird is asking many questions about everyone's favorite topic, the war in Vietnam. He starts out with the scholarly, historical approach: "How the hell did we get there?" Reply: "Well, we were sort of handed this seed and a few years of poor tending

turned it into a sick and ugly growth." He asks, "Why us? Why not let someone else look after it?" And he learns that it is not only us, but also Australians, South Koreans, even South Vietnamese. Asking when we are getting out, he receives only grumbles and stares.

Puzzled by news reports, he asks about them. "Has there ever been a time when American casualties were anything but light? Is there any truth to the statements about bombing civilians?" To both questions, one reply: "Incredible."

He focuses his attention on the home front. Being an old bird, he remembers better days. "Isn't it customary here," he asks, "for a man to question national policy and politicians and to raise a note of dissent without

being branded cowardly or anti-American? And isn't it possible as another man to support, for moral and legal reasons, military actions in another part of the world without being called a guileless follower or a butcher of children?"

His feathers are ruffled by a crossfire of shouts but he persists. "Do you mean that a man is wrong if he feels he has a strong obligation to oppose the draft and burns his draft card?"

"Right," answers a 19-year-old Marine.

"Do you mean that a man is wrong if he is convinced that this is the greatest nation in the world and he is privileged to serve in her armed forces?"

"Right," answers a 19-year-old pacifist.

## LETTERS TO THE EDITOR

### Why Not A Big Change?

Dear Editors:

In the brief time I have been here I have noted a great many changes in almost all the aspects of college life. However, there seems to be one sadly neglected area. I would like to see a yearly if not constant effort on the part of the faculty to work with the student body to improve the academic areas. It seems as though the Western Civilization drastically changes every year, and this change is heralded with great interest on the part of the student body. With questionnaires and opinion polls, the students were allowed to voice their opinions openly. Why doesn't this

apply to all classes? Why can we question whether Freshman or Sophomore Studies should come back next year when we can't do the same for courses like Philosophy 326, of French 113? Perhaps now am I making my point?

Could we please devote the last five student-faculty luncheons to a general discussion of class curriculum and structure? Perhaps dividing these sessions into particular areas of study would aid the discussions. Then through the united efforts made by both the students and the faculty we could see changes in all classes.

Sincerely,  
Kathy Richards

### Student Poem

#### Eulogy: In Memory of a Once-Alive World

(Once upon a time)  
Creativity sang in philosophic chambers.

(Once upon a)  
Young eager restless minds rejoiced in nimble verbals.

(Once upon)  
Ripe fruit grew heavy on vines of curiosity.

(Once)  
Old-style thoughts of ancients were freshly resurrected.

But IT happened.

...sigh...

(now  
songs simply echo  
minds fuzz out  
curiosity is a rotting curio  
and apathy chokes my pen)

i have been severed from Eden  
by a star-gazing keyed-uped sinister serpent

for whom i am sorry.

(amen)

Donald B. Lindley

### Car Rally Set For May 20th

On the morning of May 20th a car rally will begin in the parking lot of Gelston. Sponsored by the Alpha Phi Omega fraternity, the race emphasizes clock watching rather than speed and power.

Each car starts from Gelston at intervals with a packet containing instructions as to rate of speed and directions for the morning cruise. Clues contained in the packet indicate the exact details. Cars will be checked and clocked at several points along the route, and after completing the course total time will be tabulated as well.

APO drivers have spent many hours carefully going over the course with many different drivers and cars, and they have averaged out the different times. The winners of last year's rally was less than thirty seconds off of the established time, and the second place car was less than one minute off the official number.

The course runs approximately two hours, and all laws of the road are allowed for. Time is allowed for safe turns, stop signs, etc. Official time will be set by the last stroke of the chapel bells at 9:00 o'clock on the morning of May 20th.

The registration fee is \$1.00

per automobile, and handsome trophies will be awarded for the three best teams. The award will be given out at the U.M.O.C. dance held later in the evening. They will be presented by Debbie Trudgen.

It is reported that last year's second place driver, Mr. Stu Strait, and third place driver Tom Morrisset, are ready to try for victory again this year.

### 1800's A TIME OF REBELS, RIOTS

(ACP)—If college administrators think they have it rough dealing with today's demonstration-happy students, a look at some "demonstrations" in the early 1800s might convince them that they don't have it so bad after all, comments the University of Maryland Diamondback.

In those days students were fined, suspended or expelled for such offenses as using profanity, playing billiards, associating with "idle or dissolute persons," traveling more than two miles from campus or attending the theater. Reacting to such harsh discipline, students at Hobart College heated cannon balls till they were red-hot and rolled them down a dormitory corridor, seriously injuring a faculty member.

In 1807 Princeton expelled more than 60 per cent (125 of an enrollment of 200) of its student body for rioting. Seven years later some pyrotechnically-inclined Princeton Tigers Constructed a giant firecracker out of a hollow logpacked with two pounds of gunpowder and nearly blew up a campus building.

Not to be outdone by Princeton, students at Bowdoin in 1827 set off powder charges under several tutors' chairs. Three students

# Seniors Announce Job Positions For Next Year

The following seniors have reported their placement for next year to the Placement Office:

Mrs. Charlene Blair, Teaching Assistantship University of North Carolina in Spanish. Warren Everett, Alma Jr. High teaching social science. Randy Hopkins, University of Utah, Graduate School. Janice King, Teaching French, Waterford Twp. Schools at Pontiac. Linda King, Later elementary teaching Lakewood Schools, Lake Odessa. Sue Miller, Physical Therapy School at University of Michigan. Randy Norris, American Airlines stewardess. Karen Hinck Pacific, 1st grade, Milan, Michigan. Deborah Parker, Girls' Physical Education, Wilson, New York. Janice Shanahan, Teaching Assistantship English, Central Michigan University. Elizabeth Smith, Kindergarten, Waterford Twp. Schools at Pontiac. Shirley Thomas, Detroit, Michigan 9th grade English. David Warren, Madison Heights, Michigan teaching Math, Ass't. baseball coach. Elizabeth Wilson, Kindergarten

Pine Ave. and Luce Rd. Schools, Alma.

Julia Anderson, Child Social Worker at Hawthorn Center, Northville, Michigan. James Butterick, University of Michigan Medical School. Michael B. Clark, Meteorology Research for University of Michigan, Alaska expedition this summer. Dwight Conlan, University of Michigan Dental School. Bill Counts, Graduate work in Urban renewal at Wayne State University. Keith Crandall, Marketing Manager for Crandall Can Filler Machine Co., Kenmore, N.Y. Richard Dana, C.P.A. Training Program with Lybrand, Ross Bros. & Montgomery, Detroit. Barbara Dean, University of Washington Assistantship in Clinical Psychology. Richard Deming Michigan State University Graduate School in College Administration. John Duda, University of Michigan Dental School. JoAnn Eshelman, Peace Corps. Franklin Godwin, Air Force. Janice Grace, Federal Prospective Teacher's Fellowship, Vanderbilt

University. Frank Hamtak, Research Assistantship in Geophysics, Colorado School of Mines. Donald Haynes II, U.S. Coast Guard Officer Candidate School. Gregory Jackson, Teaching Assistantship Dept of Speech, Auburn University. Raelyn Janssen, Research Assistantship in Psychology, University of Michigan. Marcia Lindley, National Institutes of Health Fellowship, University of Michigan. Bill McLaughlin, Michigan College Scholarship in Bus. Admin. University of Michigan. Glenn Meyers, Teaching Assistantship in Mathematics, Oakland University. Gladys Motz, University of Wisconsin, MAT program in Chemistry. Earl Newland, Wayne State University Medical School. William Nichols, Wayne State University Law School.

Lois Ann Peerbolte, Medical Technology, Providence Hospital Detroit. David Richards, Teaching Fellowship in Physics, University of Michigan. James Ross, University of Michigan Electrical Engineering. Ann Scheifley, National Institute of Mental Health Traineeship in Social Work at Western Reserve University. Thomas Schultz, NDEA Fellowship in English, Southern Illinois University. Joseph Shambo, Graduate School, Western Michigan University. Floyd Slasinski, Return to U.S. Navy. Conrad Smith, University Fellowship Georgetown University. Michael Trout, San Francisco Theological Seminary. John VanArsdale, Graduate School in Biology, Central Michigan University.

# Bruske, McDuck Open For Summer Students

The office of Dean Plough announces that there will be two small living units available for students during the summer months. Bruske House will be open for women and McDuck House will be open for men. These houses have a capacity of about ten each. We will allocate spaces to students on a first-come-first serve basis through Student Services Office. Room rates will be \$7.00 per week. Students will have to arrange for board on an individual basis. Saga Food Service does not wish to cater for these students and any arrangements made with Mr. Gehres will have to be on the individual student's initiative.

Dean Plough would like to take care of these housing assignments within the next two weeks, that is, by May 27. Students are encouraged to sign up with the Student Services Office as soon as possible. After May 27th, he will not be responsible for procuring additional housing for students. Also, any students who are not registered with this office by that date, will not be allowed to reside in these units. These pro-

cedures are set up to allow the office time to prepare these units for summer residency, to assess the summer housing demands, and to have some record by which it can directly specify these students responsible for the upkeep of these living units during the summer months.

If it should become apparent by May 27 that more than two small units are needed, Dean Plough will attempt to provide the additional housing space.

# vanZwoll Going To Washington

ALMA—Dr. Cornelius van Zwoll, professor of German language and literature at Alma College, is one of 12 reserve officers from throughout the country selected to participate in a course conducted by the school of Foreign Affairs of the State Department's Foreign Service Institute.

The course will be offered in June in Washington, D. C. and is entitled "Communism, Its Basis in Theory and Practice."

Professor van Zwoll, a veteran of World War II, is a major in the Army Reserve and has also served as a crypto-linguist in the National Security Agency. Following the tour in Washington, Professor van Zwoll will engage in his normal reserve duty as Foreign Liaison Officer at Fort Gordon, Georgia.

Dr. van Zwoll graduated from Calvin College and holds an M. A. degree from the University of Michigan and a Ph. D. from Michigan State University.

# Locksley Returns To Summer Conf.

ALMA—Norman Locksley, associate professor of mathematics at Alma College, has been invited to return to the National Science Foundation Conference on Linear and Multilinear Algebra at the University of California, Santa Barbara, during August. This is the third and final summer in a three-year program for a selected group of college teachers of linear algebra.

# Flanagan Convo: Quaker Speaks On Vietnam Conflict

ALMA—Ross Flanagan, executive secretary of the Quaker Project on Community Conflict of the New York Yearly Meeting of the Religious Society of Friends, will speak at an Alma College student convocation at 8 p.m. Tuesday, May 23, in the college's Dow Auditorium.

Flanagan has been active in the attempt to provide relief for civilian victims of the Vietnam conflict, both in North Vietnam and South Vietnam.

# Russell Gives Recital

ALMA—A piano recital by Dr. Paul C. Russell, assistant professor of music at Alma College, will be presented at 2:30 p.m. Sunday, May 21, in the college's Dunning Memorial Chapel.

Dr. Russell will play "Sonata in E Major" by J. C. Bach, "Appassionata Sonata" by Beethoven, three preludes by Debussy, "Ballade in G Minor" by Chopin, and "Polonaise in A Flat Major" by Chopin.

Every year we fail to educate thousands of potentially successful citizens because they're mentally retarded.

And we're supposed to be so smart.

Do something. A free booklet will tell you how you can help.

Cont. From Pg. 1

dent representative Mark Morley stated the potential for communication is present within the class organization, although it is currently dormant.

The recommendations of the committee considered yesterday, along with one set of proposals already discussed and another which will be discussed soon, will be presented to the faculty and students next fall for discussion and eventual ratification. The membership of the committee consists of four students, four faculty members and three administrators. All were present at yesterday's meeting except student representative Gregg Sutherland. Generally speaking, most of the discussions and proposals at the meeting were presented and initiated by faculty and administrative members.

The "lusty" month of May" and, at long last, some genuine Spring weather were celebrated with a kite flying spree by Phil White.

# Scots Win End-of-Season Doubleheader

The Scots wrapped up the season last Tuesday by winning both games of a double header against a tough Calvin team. Mike Weatherwax was the winning pitcher in both games.

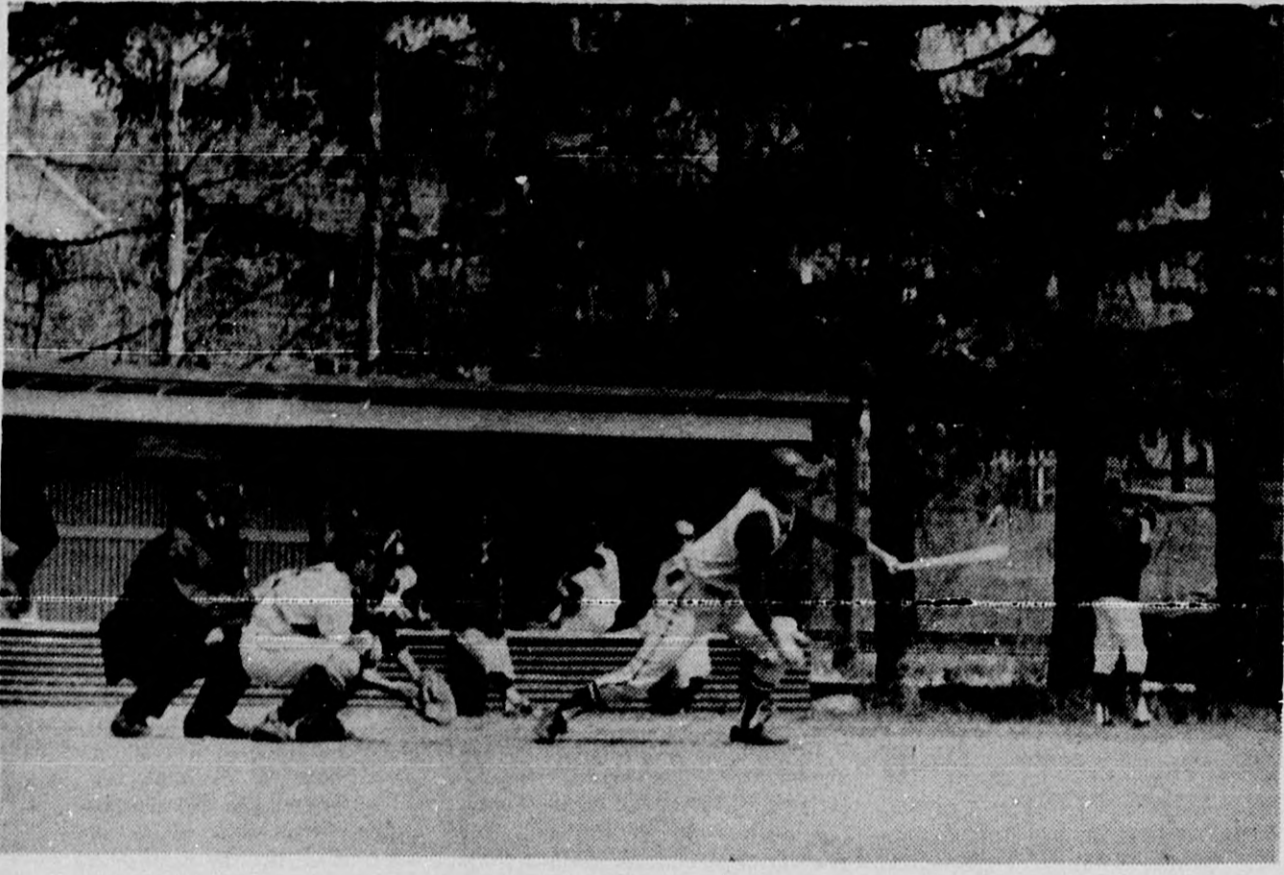

Ray Terwilliger pitched the first six and two-thirds innings of the first game. With the score 3-2 in favor of Calvin he was relieved by Dan Curran, who pitched the final out in that inning. Weatherwax came in to finish the game, and in the bottom of the seventh the score was tied 3-3. In the 8th, Roger Frayer belted a single with Masson and Fuzak on, and knocked in the winning run.

The Scots won the second game 6-1. The big play of the game came when Roger Frayer hit a three run home run into left field.

Coach Charles Skinner said "The games brighten up a rather dreary season, and we could wind up as high as second place in league standing."

In an earlier doubleheader with Olivet, the Scots traded victories. Olivet won the first game by the score of 2 to 1. That game continued for eleven innings before Olivet pulled out ahead.

In the second encounter, Alma defeated Olivet 9 to 3. Rob Masson went three for four in the game, and one of the hits was an in-the-park homerun. Terwilliger was the winning pitcher.

Bo Minnich takes off after slugging the ball. The Scots won both of the games in this doubleheader with Calvin.

## NETTERS TAKE OLIVET, HAVE 5-5 RECORD

by Marc Sylvester  
Saturday, May 13, the Alma tennis team evened its record at 5-5 with a 9-0 trouncing of Olivet. Only Tim Lozen and Marc Sylvester, playing numbers one and two respectively, dropped sets as the Scots swept to their second shutout of the year.

Tuesday, May 16, Alma hopes for a third place finish grew dim as the Scots failed in a bid to upset third place Calvin. There were many strong performances but there was not a strong enough overall effort to produce an Alma victory. The final score of the match was 6-3.

The Scots have always been a team with promise and potential but never seem to come through when the chips are down. The team can make up for a season of "almosts" this week-end as they travel to Kalamazoo for MIAA Field Day. With regular season play completed, Alma finds itself in fifth place, a point behind Albion and two points behind Calvin. By scoring enough points this week-end, the team has the opportunity to move up in the standings. Look Out Albion!

## Tekes Establish Borgman Memorial Award To Be Presented At Awards Banquet

ALMA-The Albert Borgman Memorial Award, honoring Alma College's all-MIAA football star who drowned in a canoe mishap this spring, will be presented to the college's Athletic Department at the annual Athletic Awards Banquet on Monday, May 22.

The award, established by Borgman's Tau Kappa Epsilon Fraternity brothers, will be presented each fall, beginning in 1967, to the Alma football player who ex-

hibits the most hustle and enthusiasm.

Borgman, the only player in the Michigan Intercollegiate Athletic Association to make both the offensive and defensive honor teams last fall, was a star tackle for the Scots. He drowned April 19 in a canoe accident on the Pine River in Alma.

Most valuable player awards will be presented to Alma athletes for 1966-67 competition in foot-

ball, cross country, basketball, tennis, golf, track and baseball.

Plaques also will be awarded to the Scots' all-MIAA selections.

Speaker at the 7:45 p.m. banquet will be John C. Hoekje, president of the Michigan Private Colleges Association and commissioner of the MIAA. Master of ceremonies will be Walter Myhrum, associate professor of education at Alma College.

Theodore Whites documentary film, "China: The Roots of Madness," will be presented next Thursday evening at 7:30 p.m. The film, which was denied an airing on network television, will be shown in the audio, visual room of the library.

Dr. Sullivan announces that he will hold auditions throughout the remainder of this term for next year's A Cappella Choir. Students interested in singing in the choir next year are asked to sign up for an appointment at Dr. Sullivan's office, Room 2, Chapel Basement.

## Alma Hosts Golf Field Day; Golfers Undefeated In MIAA

For the first time in its history, Alma will host an all league field day for a spring sport. The MIAA 36 hole golf play-off will be held this Friday, beginning at 7:15 a.m. If the Alma team takes a first or second in the tourney, the golfers should take the trophy.

The AC team stands undefeated so far in MIAA competition, and according to coach Art Smith, the team has lost only three MIAA matches within the last four years. The matches within the league thus far equal one half of the requirement for the championship.

In action last Monday, the golfers defeated Calvin by a score of 11-4. Coach Smith, looking at this game and the previous ones said the

results "couldn't be better."

### The 1800's

CONT. FROM PG. 2

were expelled and 20 more were disciplined.

Smashing things was in vogue at several colleges. At Harvard it was crockery. In 1817 freshmen and sophomores demolished every piece of china the college owned. At Princeton, students, for some reason, felt the windows had to go. Princeton students did it with rocks but North Carolina students got in some target practice by shooting out every window in sight.
