Alma College, Alma, Michigan

November 6, 1957

Coach Speaks - It was a big Saturday as an elated coach speaks for his no. 1 team at the welcome home pep-rally.

### SCOTS MIAA CHAMPS -- BEAT K-ZOO IN SHUTOUT 30-0

Alma paraded to its first undisputed MIAA championship since 1950 by steamrolling to its fourth straight shutout, a 30-0 conquest of Kalamazoo College. The convincing win at snowy and muddy Angell Field climaxed the Scots first perfect season since 1948.

A snowstorm raged throughout most of the contest, making playing conditions highly unfavorable for the second straight Saturday.

A 37 yard pass from Tom Jakovac to Chad Creevy set up Jeff Blough's 22 yard field goal with 4:00 remaining in the first quarter.

The second stanza saw the Scots score twice. With Jakovac, Gordon Hetrick and Jack Prince running well, Alma moved 64 yards with Prince smashing over for the first T.D. midway through the period.

Hetrick's 27 yard fourth down scamper of a fake punt was the big play in Alma's 70 yard T.D. march late in the quarter. With but 57 seconds left Chris Clark scooted three yards, Blough kicked the point, and the Scots led 16-0 at the half.

Alma scored early in the third stanza, following a fumble recovery at the Hornets 30. Prince made it 22-0 when he tallied his second T.D. from the two.

Then senior Bruce Haines hauled in a Jakovac aerial at the 13, and three plays later a Hetrick to John Fuzak pass made it 28-0.

Jim Ogg nailed Kazoo's Gary Armstrong for a safety and Alma's final two points at the end of the third quarter.

Alma completely dominated the contest, rushing for 343 yards and passing for 104 more. The Scots amassed 25 first downs while holding the Hornets to 4. Kalamazoo netted 60 yards on the ground and 36 through the air.

Clark was the leading ground gainer with 107 yards in 27 carries.

### ABSOLUELY NO TRESPASSING

## SCOT VICTORY QUARANTINES CLASSES

Today has been declared an "unofficial" holiday by the students of A.C. According to Tim Kraft, co-chairman of Tyler Board, the faculty and administration have resisted comment, but this holiday will become official with a unanimous effort on the part of the student body to resist going to classes. "It is only a day off if the students take the initiative to refrain from classes" said Kraft. All doors will be locked, with the exception of parts of the science labs which require daily use.

At 3:00 in front of Tyler there will be a powder-puff football game. Any co-ed is welcome to participate, with coaching provided by members of the football team.

At 5:00, again in Hamilton Commons, there will be a champion-

ship cake provided by Saga Foods. This twelve layer cake is in the shape of an "A", and is over three feet high. Coach Stolz will begin the cutting, and there will be "goopy boards" for the ice-cream, also provided by Saga. Dinner will be at the regular time.

The morning will be free, with meals being served at their regular times. At 1:30, in Hamilton Commons there will be a victory rally. The Commissioner of the M.I.A.A., Mr. Hoekje, will be on hand to award the conference trophy to president Swanson, who will in turn award Coach Stolz with his well deserved first. All football members will be present, and Captain Denny Bongard will speak.

### A BIRTHDAY PARTY FOR THE RUSSIAN REVOLUTION

The 50th anniversary of the Russian Revolution will be observed at an open meeting of Phi Alpha Theta, the history honorary, Tuesday evening at 9:30 p.m.

Guest speaker at the meeting will be Mr. Alex Kornfuehrer of the History Department. Following his presentation the meeting will be open for discussion and questions concerning the implications and causes of the revolution.

TOILET PAPER PARADE -- Students march behind the team following Saturday's victory chanting "We're number one and we are!!!!"

### HOLD FORUM ON GOVERNMENT

The Fifth Column will sponsor an open forum on community government Tuesday at 6:30 p.m. in Tyler Lounge. Invitations have been extended to all students, faculty members and members of the Ad Hoc Preparatory Committee on Community Government.

Jim Magee, chairman of the Fifth Column committee on Community government and a member of the Ad Hoc Preparatory committee, said "This is the first open forum for students to air their views on community government."

"The meeting is important," Magee added, "because it will give some indication of student apathy or interest."

The preparatory committee is currently considering faculty comments and objections to the three plans the Ad Hoc group prepared last spring.

After student opinion is considered, the three proposals (labeled A, B and C) will be re-examined by the committee and the final proposals will be submitted to the faculty for a final selection.

## Burham- The Majority Rules

Dear Almanian,

Man has always been faced with stepping on the toes of a minority in a society which is, out of necessity, controlled by a majority. If we were humanly able to be considerate of the feelings of every minority we would be lost in a ceaseless struggle of groups that would never be able to compromise.

To disallow the 'Old South' theme implies all sorts of restrictions on our campus life. Going beyond the two restrictions listed by Chaplain Berry—the Italian and Jew themes—the 'Old West' theme of last year's Homecoming must be overruled because of its 'obvious' slander against the American Indian. Homecoming themes in general must accordingly be dropped altogether because there is something in everything that will hurt someone. Perhaps we should tear down Dunning Chapel to avoid insult to the Catholic and Jewish minorities.

These latter suggestions are obviously ridiculous. Yet as,

illustrated in the recent Homecoming controversy, minority groups are a definite-factor. The majority will always continue to be predominant in our society, for that is part of the groundwork upon which our country was built. I am not saying 'To hell with the feelings of the Negro students—we want to have a nice, white Homecoming—we're the majority here.' What I am saying is that the feelings of the minority must be taken into consideration, but cannot control the events of our lives. If it were the case, we would not only lose Homecoming and Alma College, but our entire country would rapidly deteriorate as so many countries have—through dissension between irrevocable philosophies.

Sincerely,

Grant Burnham

P.S. What kind of world would it be if we could not be allowed to eat Aunt Jemima pancakes?

## COMMUNITY GOVERNMENT

### TKEs- Need Informed Students

Dear Almanian,

Currently available at the office of Pean Cornelius is the Ad Hoc Committee report on community government. The present controversy over the community system of government represents the most vital and significant issue to his this campus in years.

A college exists solely for the benefit of its students. Students, in general, do have a great deal of concern and interest in the decisions that regulate a portion of their lives and they should be permitted a voice in the governmental system.

This privilege, however, carries with it a great responsibility on the part of the student body.

For any institution to run efficiently, free and adequate lines of communication must exist. Many students have not felt

that there are, in fact, free and adequate lines of communication and representative participation on this campus.

The realization of community government would bring the Alma College community closer together on a level of equal and responsible adulthood and would be a step forward in student rights, responsibilities and education.

Every student should make an attempt to understand the proposals in the Ad Hoc report, as community government will benefit all members of the campus.

A well informed and interested student body will enable community government to succeed on the Alma College campus.
