ALMA SQUEAKS TO FOURTH STRAIGHT VICTORY

HE'S OPEN -- Scot quarterback Tom Jakovac (number 14) gets set to heave the football to John Fuzak (number 87) who waits in the endzone with open arms during Saturday's contest with Hope.

A missed two point conversion attempt with no time remaining on the 'clock' was the difference as Alma squeaked to their fourth straight victory, 20-18, over a determined Hope squad. Playing before a packed Bahike Field crowd, the Scots and Flying Dutchmen provided numerous thrills and tense moments.

Alma scored first, that coming midway through the first quarter. Defensive end Ed Robertson set it up with a Hope fumble recovery at the opponents seven yard line. Four plays later, Roger Frayer turned a broken field goal attempt into an Alma touchdown by passing seven yards to John Fuzak for the score.

Hope came right back with a sustained 80 yard touchdown drive to knot the count at six apiece.

Then with three minutes left in the half a pass interference call on a Tom Jakovac to Fuzak bomb put the ball on the Hope seven from where Gordon Hetrick reversed his field and ran it in for the breaker. Jeff Blough kicked the point and the Scots led 13-6 at intermission.

Alma threatened soon in the sec-

ond half when Frayer intercepted a Gary Frens aerial and raced to the Hope fifteen. However, an intercepted pass in the end zone muffled the opportunity.

The fourth quarter was an action-packed one. Chris Clark exploded ten yards for Alma's third touchdown after Jack Prince ran for fifteen and Chad Creevy caught a twenty yard pass. Blough kicked the point and the Scots seemed to have a commanding 20-6 advantage.

However, Hope roared back two passes, one for 40 yards put the pig skin on the Alma 25. With five minutes left the Dutchmen pushed it over for their second tally. A two point conversion pass went astray and Alma led 20-12.

Minutes later Hope took over on Alma's 38 yard line following a Hetrick punt. A fourth and one situation on the ten saw Frens complete a crucial pass to the five. Then with seconds remaining, a screen pass produced a touchdown as time officially ran out. Hope again went for two in an attempt to salvage a tie, but Dale Dillingham and Jim Ciceri broke through to spill Frens and clinch the victory.

Alma netted 159 yards in total offense while Hope rushed and passed for 225.

Elect Students To Who's Who

Each year a number of Alma College juniors and seniors are honored by being elected to 'Who's Who Among Students in American Universities and Colleges.' Voting is done by the Student Council, Faculty, and Administration on the basis of scholarship, participation and leadership in academic and extra-curricular activities, and citizenship and service to the school.

This year the following Alma

students are so honored: Barbara Baker, Art Bova, Marcia Buhl, Dennis Carter, Mase Cobb, Gary Fenchuk, Kathy Goodenaw, Marilyn Grinnell and Marianne Miller.

Jim Magee, Bob Nichols, Ann Pierson, Denny Rice, Mary Skinner, Greg Sutherland, Rick Vandenburg, Susan Wainright, Rich Warmbold, Sandy Wilson, and Ron Sexton were also included.

Tom Pegley was the only A.C. junior among the 21 who were chosen in last week's voting.

Harriers lose heartbreaker Sat.

The A.C. cross-country team lost a heartbreaker to the Flying Dutchmen of Hope Saturday by the score of 28 to 29 on a windy course.

Hope's superb junior harrier Rich Bruggers streaked home with a fast 20 minute 50 seconds clocking. Don Yehle, The Scot's fine freshman four miler, stayed on Bruggers' shoulder all the way, finishing second in 20:53.

It was Yehle's first sub-21 minutes time on the home course. The Scots also took the number three and four positions as freshmen Frank Roder and Chris Marin crossed the finish line in 22:02 and 22:12 respectively. Marin held on to nose out Hope's Cal Osterhaven by two seconds.

Jim McClain and Mike Pettyjohn rounded out the scoring for Alma finishing 8th and 12th with times of 23:15 and 24:16 respectively. Bruce Bean came home 13th in 24:30.

Alma's Greg Ledy lost his footing and fell at the three mile point and was unable to continue. The Scot's Chuck Wiggins and Rich Thurston were unable to compete because of knee and ankle injuries. All are expected to be ready for next Saturday's contest at Albion.

Coach Charles Gray's squad will be up against a very good Briton

team, last year's MIAA cross-country champion.

Dr. Bowman and the hippies

BY DAVE BRUNNELL

This summer Dr. Douglas Bowman, assistant professor of Religion, spent two months in San Francisco visiting his brother. While he was there he had ample opportunity to talk with the hippies and to find out what they are like and what they think about our society.

He came away with mixed feelings. He felt that many of their criticisms of American society were valid, and that they showed a considerable amount of courage by living up to their beliefs in a society which 'punishes the defiant.'

On the other hand, they were generally filthy, and diseases spread rapidly among them. (Contrary to what he had read in the papers.) Above all, he deplored their use of drugs. He said that many of them were literally destroying themselves with L.S.D. He recalled seeing some hippies on a television interview program who couldn't put a coherent sentence together.

He had also heard of 'grisly' murders committed by people who 'freaked out' and about a young man who thought he was invulnerable and stepped in front of an oncoming train to prove it. As it turned out, he was mistaken.

It is pretty generally known that the hippies are engaged in a revolt against middle class standards of success and propriety. Dr. Bowman felt that some of the origins of this reaction may be found in the Second World War. Soldiers who were coming home wanted peace and security. They just wanted to be left alone to build their 'own little kingdoms'.

Dr. Bowman said that hippies consider themselves to be the only 'real' people left. The rest of us are 'humanoid types' who

have had our human-ness stifled by artificial way of life.

The 'establishment's' use of sex is a good example of what they mean. They maintain that we degrade sex by using it for advertising purposes and for making money at the movies. They feel that the use of cosmetics is artificial and un-natural. Bowman added that they are 'crying uncle at their parents' hypocrisy' and other matters. Their parents didn't really follow the sexual code of 'abstinence before marriage, faithfulness after', or so it seemed to them. So why should they ask the Hippies to? And why should they pretend to do so?

Hippies consider capitalism to be the means by which the rich get richer and the poor get poorer, and generally despise money, or at least the hoarding of it. Bowman continued.

They feel that the government is run by a very few men at the top and that the ordinary citizen has very little say.

Hippies have 'turned their backs on the entire Western religious tradition,' and consider modern Christianity to be a 'denial and betrayal' of Christ. Although they feel that the Church has 'lost its dynamics', hippies generally hold Jesus and all other religious founders in great reverence.

There is a great search among the flower children for a religion of 'altruism and love' and many of them have turned to Eastern religions such as Buddhism, Hinduism and Confucianism. Lately there has been a great deal of interest in American Indian Religions which imbue all nature with life. Furthermore, there is an in-

One feature of the religious program at Alma is a Bible study meeting on Thursday nights at 9 p.m. in Van Dusen lounge. It has no formal structure or religious affiliation; a student voluntarily conducts the meeting.

The study is concerned with applying the principles of Christianity in life. In the past thought-provoking discussions have been presented by Shar Simpson, Inter-Varsity representative, and the Rev. Mr. Arthur Wakefield from Rhodesia.

BOWMAN'S HIPPIES

CONTINUED FROM PAGE 1

Interesting sect among them they call 'The Neo-American Church' which venerates the 'great Boobies' who are people who 'blew their minds' taking L.S.D.

Some hippies treat these people as holy men, Bowman reported, and spend hours listening to their incoherent statements which they treat as a source of great wisdom. This may illustrate a fascination for the grotesque which, according to Dr. Bowman, is quite common among young people of that age.

Dr. Bowman is worried about the future of the hippies. As Dr. Cornelius Berry said, 'It may be fun to be a hippie when you're in your teens, but what happens when you're forty? Or as Dr. Bowman put it, 'They have to come in some time, or else become a ward of the state.'

The trouble is apathy - no one cares enough to fight for what they want.

Yes! If students united for action, things would get done!

Let's start an action organization right now!

RIGHT!

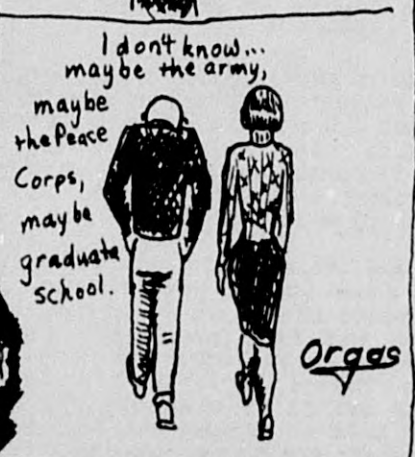

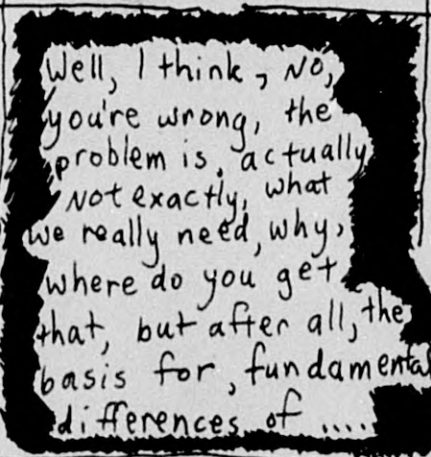

...and so that's why we are here - Student Organization United against Stupidity Everywhere. S.O.U.S.E.

Our purpose is to demand and get action to secure our rights as free individuals - NOW! What rights do we demand?

Well, I think, no, you're wrong, the problem is, actually, not exactly, what we really need, why, where do you get that, but after all, the basis for, fundamental differences of ...

I don't know... maybe the army, maybe the Peace Corps, maybe graduate school.
