Faculty auctioneers Dr. Kapp [above] and Dean Maust [right] encourage the audience to bid for articles sold at the Sigma Beta Faculty Auction held in Dow Auditorium Friday night. Their calls were muffled at the end of the evening, however, when each received a whipped cream pie in the face by student auctioneers who brought in a majority of the \$2,000 raised to support our African Fellow.

ALMANIAN photo

Auction raises \$2,000 for African Fellow

By Jody Rich
Assistant News Editor

Enthusiasm, laughter, and good jokes reigned over the Faculty Auction held in Dow Auditorium on February 16. Various auctioneers such as Dr. Kapp, Dean Maust, Gary Peters, and Gary Thompson persuaded the audience into bidding on some very important items.

Many of the auctioneers bid for items themselves. Gary Thompson bid \$26 for Nike Training shoes and is now the proud owner of them.

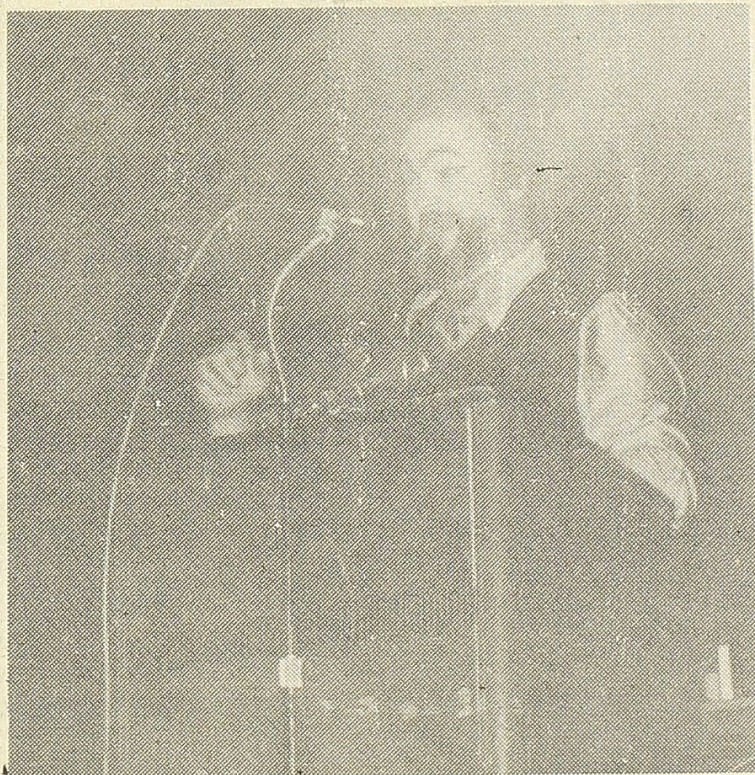

With the higher-priced objects, furious bidding and bickering went back and forth in the audience. During one of these hot disputes, an Alma-colored quilt was outbid at \$77.

Some of the items sold went very cheaply. A pair of skis and ski poles went for \$30, while a canoe trip for four down the Au Sable River went for only \$41.50. The Progressive Dinners with Beaumont, Deci, Kapp, Behring, Bower, Edgar, Sullivan and Hutchinson varied from \$20 to \$30.

Other dinners and goodies were auctioned also. They included the famous Yavenditti Fudge and Sourdough dinners with Chef Curlye (President Swanson).

The highlight of the auction was at 11:00 p.m. when pies of whipped cream were thrown into the faces of Dr. Kapp and Dean Maust. This pie-throwing was done because the student callers brought in more money than the faculty auctioneers. At the end of the auction, whoever brought in less money got a pie in the face.

The auction was a big success. Everyone seemed to have a great time, and the Sigma Betas were able to raise \$2000 to support our African Fellow.

Orchestra talent competition soon

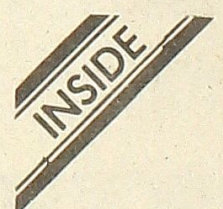

The Alma Symphony Orchestra annual Talent Competition will be held on Saturday, February 24 in the Eddy Music Center Rehearsal Room on the Alma College Campus. Auditions will begin at 1:00 p.m. The competition is limited to persons in the Greater Gratiot Community who are 25 years of age or younger.

The winners of this competition will perform with the Alma Symphony Orchestra

on its April 8th concert in Dunning Memorial Chapel.

Participants in the competition are asked to perform a selected work which has orchestral accompaniment. For the competition the participants must provide their own piano accompanist.

For further information and application procedures contact Todd Snyder, conductor of the Alma Symphony Orchestra, at 463-2141 ext. 316 or 317.

Panel discusses relation of politics and administration

By Jon Thorndike
News Editor

Last week an informal panel discussion addressing the topic of "Politics and Administration: Inseparable Careers?" took place in Swanson Academic Center. The discussion was well-attended by students, and the panel, partially composed of Alma College graduates, raised many interesting ideas about the relationship between politics and administration.

On hand at the discussion were 10th District U.S. Congressman Don Albosta and Isabella County Commissioner Cathy Ling. Other panelists included Alma College graduates Rich Bearup (74), currently an Administrative Assistant to State Senator John Engler, Paul Inglis (68), Oceana County Administrator, and Rich Studley (74), former Clare City Manager and presently employed by the Alma Center for Continuing Education.

Congressman Albosta opened the discussion with his idea of the politician. Albosta suggested that the effective politician must have a complete overview of the people within his district and that the main objective of the political process is trying to get those people to share a single point of view. Commissioner Ling brought in the idea that this shared point of view is a main source of power within the legislative system. Any group of citizens of bureaucratic organization that can show it has a significant number of individuals sharing a point of view on a particular topic can in theory have much power in government.

Rich Studley called politics from an administrative point of view the decision making process. Moderator Dr. Daniel Behring then drew the initial line between poli-

Dance class to give demonstration

By Jon Thorndike
News Editor

On Tuesday evening of this week there will be an Aerobic Dancing Demonstration at the P.E. Center dance studio. The demonstration will start at 8:00

p.m. Instructor Anne Jalkanen has been conducting a Dance Slimnastics class this term and any questions about the class may be directed to Anne at room 4, Clizbe House, extension 271. Aerobic Dancing is a part of the current physical fit-

ness boom initiated by Dr. Kenneth Cooper and his various books dealing with the concept of aerobic exercise. This type of exercise emphasizes moderate activity levels over extended periods of time to promote cardio-vascular fitness. Many studies have concluded that aerobic exercise is the most beneficial type of activity that people can participate in; it results in many improvements in health, mood, and work capacity.

A few studies even show a direct relationship between physical fitness and grades at college. 83 percent of the freshmen that flunked out of the University of Syracuse were in bad physical condition, and students that were failing in a New York high school were put on an exercise program that showed substantial grade point increases as the program progressed.

Overall, you have nothing to lose and everything to gain by starting up in an aerobic exercise program of some type.

Wrestling Team raffles television

By Heidi Dean
News Writer

Recently, the Alma College Wrestling Team sponsored a raffle made possible by Coach Bruce Dickey. He bought and donated a portable color T.V. which was raffled off for the wrestling team.

In order for each team

member to earn enough money to participate in the Orange Bowl Tournament in Florida, he had to sell 120 tickets. 1,560 tickets were sold with Ken Urwiller as the winner of the color T.V.

Neil Toumi, captain of the wrestling team, stated that the proceeds from the raffle went toward the trip to Florida and the purchase of a new mat.

NEWSBRIEFS

U.S. recognizes Iran

The United States gave formal diplomatic recognition to Iran's Islamic government Friday. The government of Ayatollah Ruhollah Khomeini began executing top generals and other government officials loyal to the Shah as the announcement came of U.S. recognition.

Prisoners dig tunnel

A 19-foot long tunnel was discovered last week by prison officials at the Marquette maximum security facility in Michigan's Upper Peninsula. The tunnel was believed to be started last summer and it reached about 1/3 of the way to the prison wall. Among those caught digging the tunnel was Ann Arbor sex slayer John Norman Collins.

Traffic deaths top 50,000

For the first time since the 55 mile per hour speed limit was imposed five years ago, U.S. highway traffic deaths topped 50,000 federal officials said last week. Safety agency administrator Joan Claybrook urged motorists to observe the 55 limit and to use seat belts.

Talks with Mexico end

The troubled talks between President Carter and Mexican President Jose Lopez Portillo ended Friday as both sides agreed that the major issues dividing the countries remained unsolved. The two presidents agreed to meet next summer to continue talks on such crucial issues as the U.S. purchase of Mexican oil and gas, and the flow of tens of thousands of illegal Mexican workers into the United States every year.

Task force to look at sorority housing

By Jessie Broda
News Writer

A recently-formed committee organized to study the possibility of sorority housing met Tuesday, February 13. The task force has the purpose of presenting "a proposal for the establishment, for the short range, of a sorority housing system,

which is equitable with respect to all parties on campus, with the understanding that the short range plan will be open to review and modification after initial implementation."

The task force, composed of sorority members and non-Greeks, has already made plans for two more meetings. One is with the

fraternities and sororities on campus regarding the financing of housing, and problems that have been encountered in the present fraternity housing. The other meeting is with the administration. Several administrators will be discussing the possibility of sorority housing with the task force. The report of the task force will then be brought up with the Board of Trustees during their meeting this May.

The housing committee plans to establish a separate house for each of the AZT and AO sororities. The buildings used will be selected from housing the college has already purchased or leased.

Students welcome at Food Service meetings

By Becky Banks
News Writer

When asked about complaints that the Food Service Committee has received in recent weeks, Paul Haus, advisor of the F.S.C. said that comments received by Saga Foods are mostly in the form of suggestions, not complaints.

The Food Service Committee acts as a liaison between students and the Food Service with regard to needs and changes in policy. The F.S.C. also approves and assists in student specials such as the Christmas dinner and the upcoming Pizza Bust.

Red Cross to offer course in swimming handicap

The Mid-Michigan Chapter of the American Red Cross in Lansing is offering an Instructor's Course in Adapted Aquatics. This class is of particular interest to students working with handicapped persons. The requirements for entry are that the student be at least 17 years old and that he holds a current Water Safety Instructor's card from the American Red Cross. The class is scheduled to begin March 20 and continue for 10 consecutive weeks from 7-10 in the evenings at the chapter building in East Lansing.

Please call the Gratiot County Red Cross for more information (463-3209).

The Pizza Bust will be held Monday the 19th from 9:00 to 11:00 p.m. in Hamilton Commons. A Honky Tonk piano player and banjo player from Grand Rapids will be playing music for people to sing-along with, or just listen to. This student special features all-you-can-eat, with pizza and soft drinks being served.

In addition to the above mentioned duties, the Food Service Committee also evaluates what foods students like and dislike, acts on suggestions whenever possible, and reports on unauthorized behavior such as removing food from the salad bar too early. One example of action taken at the recommendation of the F.S.C. is that the dining room dividers were removed when it was discovered that they separated the dining room too much.

Allowing students to eat in the dining hall of their choice was a policy change that took place this term, said Haus. The feedback on this change, according to Haus, has been very positive.

A month of price comparison and evaluation took place over the Multimeal Plan that was presented to Student Council. Members of Student Council voted against the plan because they felt it would have cost the student more.

The Food Service Committee meets every other Monday to evaluate what has been done about the recommendations of the past week and receives new suggestions. The meetings are open to students. Meeting dates are posted on the bulletin board in the center of the dining room. The next meeting will be next Monday the 19th at 6:00 p.m. in the Highlander Room. All interested students are invited to attend.

Chapel to serve Holy Communion this Sunday

Next Sunday morning, on February 25, there will be the celebration of Holy Communion in the Chapel Service at 11:00 a.m. This is an open Communion service, and all Christians of any denomination or church affiliation are invited to participate.

Rev. Clifford Chaffee will preach at this morning service on the subject: God Has Something Good for You!

Bob Harris will play special selections on his trumpet. Dr. Eugene Pattison will assist Mr. Chaffee in the Communion Service.

On March 18, following the Spring Recess, Dr. Ulrich W. Mauser, Professor of New Testament at Pittsburgh Theological Seminary will be the guest preacher. Dr. Mauser is not only an excellent speaker but also a Christian scholar of the first rank. He is the author of several books and has contributed articles to various religious journals.

Dr. Mauser's topic will be: The Search of God. Special guests at this service will be several hundred high school students from churches in the Lake Huron Presbytery, Michigan Presbytery, and Mackinaw Presbytery. Mr. Heeschen of Memorial Presbyterian Church in Midland will conduct a choir made up of high school students who attend the Youth Mix that weekend.

Dickey calls P.E. thefts a rumor

By Andy Vasher
News Writer

Reports of many thefts occurring at the Physical Education Center in recent weeks are false according to Bruce Dickey, director of the Alma College Complex.

Dickey cites only 3 people approaching him this school year about having items stolen from lockers in the lockerroom of the P.E. Center. These people were not students, but members of the President's Club. (People that have donated a certain sum to Alma College.)

Alma College student Steve Wright did have his

An Editor's Opinion

Why the lack of interest in our Student Council?

By Jody Rich
Assistant News Editor

Why aren't **you** interested in the Student Council Constitution? Why didn't **you** vote on the new revision of the Constitution? Why don't **you** care?

These questions have been running through my head these last two weeks since the figures were tabulated. Eighty-three students of approximately 1200 at Alma College voted on the Constitution last February 1. Of those eighty-three students that voted, forty-five voted **yes** which passed the Constitution by a slim margin of two votes. The results show that either students weren't interested, they do not care, or there just wasn't enough publicity concerning the balloting. It seems to me to be a combination of all three.

What is really sad is that the students don't realize that Student Council runs under this Constitution. It is through this organization that other committees such

wallet stolen from his locker on February 2, but he is the only theft victim on record in the Student Affairs Office.

Thefts in the P.E. Center are mainly the result of failing to lock lockers or just not having a lock, according to Dickey. When using the Physical Education Building all people should remember to bring locks and to use them.

If you do get something stolen on campus, a Fire/Theft/Vandalism report should be filed with the Student Affairs Office.

Hopefully the number of thefts on campus can be reduced to zero with student cooperation.

as Election Board, Student Budget & Finance, Union Board, and the Community Screening Committee commences and functions. The voting date could be extended so more students could cast their ballot. In order to do this though, 20 per cent of the student body must sign a petition for an extension.

In my opinion the major problem was the lack of publicity and information **not** provided concerning the Constitution, date of election and overall effect on the student body.

Alma Students, voting is a right and privilege in our American Democracy. If you **don't** exercise your voting power, our American Democratic System will cease to exist. **You** should be interested in the new revision of the Student Council Constitution! **You** should utilize your right to vote! **You** should care! After all, the survival of Alma College student government is your responsibility!

Panel discussion "very stimulating"

Continued from page 1

tics and administration. Dr. Behring referred to politicians as the policy makers and administrators as the policy enforcers. This drew much attention from the panel as many of the panelists maintained that politics and administration could not be separated that easily. Paul Inglis said that the two are still intimately related. Rich Bearup suggested that administrators could be viewed as "Rule-makers" for the broad "game" that the politicians are engaged in. The panel seemed to agree on the fact that politics and administrators are related, but the exact connection did not emerge as a clearly-defined function. Dr. Behring asked the panelist why they were involved in the business of politics and administration. Rich Bearup described the occupation as "fascinating", with every day bringing new situations and new problems. Congressman Albosta thought of his job as a challenge to find the faults in

society and try to correct them through the government. Paul Inglis described the occupation not only as a challenge, but also as filling the definite need for good administration in society.

In trying to determine the qualities essential to a good politician or administrator, the panel suggested that he must be proficient in many technical skills and possess the ability to critically analyze. Rich Studley brought in the faults of the academic setting in terms of the structured and ordered lives that students live. Studley said that the effective administrator must be able to function well in a variety of situations in which there is no consensus as to an efficient procedure. Commissioner Ling urged students interested in a political or administrative career to get involved in campus politics or local political activities.

A brief question period followed the discussion and Dr. Davis thanked all the panelists for attending the very stimulating session.

Her first book touched your heart. Her second will change your life.

First came *Joni*, the unforgettable autobiography that has sold over 2 million copies. Now, Joni Eareckson takes her "ministry" a step further, meticulously piecing together the puzzle of human suffering in a way few others could. Here, with the help of close friend Steve Estes, Joni answers questions about the "whys" of suffering from the depths of her own experience and a growing personal realization of the truths of Scripture. "I don't pretend to have all the answers," she begins. "Instead, this is a personal look at how God has used circumstances, people and events in my life to reveal more of Himself - and how we are to respond to the trials He brings in our lives." Illustrated with photos and Joni's drawings. *A Step Further* speaks to persons at every level on the scale of suffering.

Question of the Week

What is your opinion about "malimony"

By Keely Hessler
Feature Editor

This week's question may need a bit of explaining for those of you for some invalid reason or another, are neglecting the important social issues of the day:

Lee Marvin (one of our Hollywood friends), entered into a living arrangement with his girlfriend--for seven years. After seven years they separated and Lee has since remarried. Lee's former girlfriend is now demanding alimony because she "gave him the best years of her life"--cleaning, cooking and caring for his needs. She contends that she is due the same legal rights as a wife, for during these seven years both parties acted as though they were indeed legally married.

The Question is, "Do you feel Lee Marvin's former girlfriend has the right to demand alimony after they lived together for seven years and then split?"

P.S. I personally feel she is an insult to the intelligence of American women. Not only is she grasping at straws with her demands of alimony, she is degrading everyone involved with her horrendous public statements about her relationship with Marvin. I guess it's true that "Love hath no fury like a woman scorned"!

Scott Placeway, Lapeer Senior- No, just for the fact that she wasn't married to him. If any woman is so naive to think that men are such great things... if a man wants a woman to live with him, he'll say anything. But I don't necessarily condone his actions toward her.

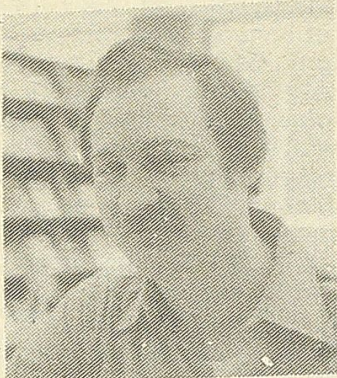

Hal D'Arpini, Monroe junior- I think he owes her something. In every other aspect of their relationship they were married--it was just minus the marriage license.

Laurie McMaster, Illinois junior- No, I don't. If they never got married legally I don't feel she deserves to demand alimony.

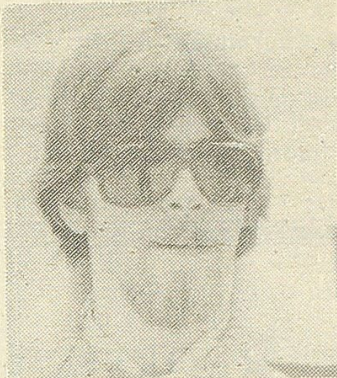

Jeanne Beckstrom, Traverse City sophomore- No, I don't think so. Living together is not the same kind of contract the marriage is--it is not as binding as a marriage is.

Mark McCloskey, Livonia senior-Alimony, but not what she's asking (one half of everything). She was a wife except in the legal sense.

Fred Grand-Girard, Jackson freshman-No that's ridiculous. Some people will do anything for money.

You don't have to shop around. Icelandic has the best bargain to Europe. \$295 roundtrip.

You've heard a lot about fares to Europe, but none of them can compare with the one you've just found. Icelandic's 14-45 day APEX fare from Chicago to Luxembourg is just \$295 roundtrip. Tickets must be booked and paid for 30 days in advance. Fare subject to change. No weekend surcharge. You'll get free wine with your dinner, free cognac afterwards and excellent friendly service all the way across the Atlantic. We'll take you to Luxembourg, right in the heart of Europe, where you'll be just hours away by train or car from almost all of Europe's most famous landmarks. Seats are limited, so don't waste any more time hunting. You've already found the best bargain of them all.

See your travel agent or contact the Puffin nearest you. Or write Dept. #C-396, Icelandic Airlines, 18 S. Michigan Ave., Chicago, IL 60603. Or call 800-555-1212 for the toll-free number in your area.

Now that the Faculty Auction is done for another year we can reflect on the past three weeks of pledging and honestly say that it is a time that none of the brothers of Sigma Beta will soon forget. Pledging saw the brothers of Sigma Beta gain five new members. They are: Brian Graham, junior from East Jordan, Paul Gregory, sophomore from Traverse City, Mark Schultz, sophomore from Alpena, Tom Francis, sophomore from South Bend, Indiana, and Paul Keeler, freshman from Otsego.

It was the most active pledge class for Sigma Beta in recent history. If this is any indication of their enthusiasm for the frat, we are quite fortunate to have these 5 new members.

Dollar totals for the auction are not yet available but all indications are that it was the best auction ever.

We now look toward the remainder of the term and see a soccer schedule unfolding before us, three games having already been played.

In March we have a square dance planned. The date is March 17, at 8:30 p.m. in Tyler. So mark your calendar.

underclassmen, DGT plans on making a much stronger showing next year.

Pledging is nearly over for the young men in the "Baker's Dozen". The Brotherhood is hoping for the best for these pledges led by Pledge President Jim Watts. Rich Sine, Steve Whittaker, Tom Behrns, Chip Ratien, Dave Reiners, Jim Krimball, Bill Healey, Mark Henn, and Dave George round out the line up.

Good luck to the Swim team as they prepare for the league meet this Saturday. A special wish of luck to DGT's All-American diver Scott Bailey; do it Bales. Thanks to the AZT's, our sisters, for the best AMO-te ever and for just being our sisters.

GSS

Informal initiation for the Gamma Sigma Sigma Winter 1979 pledge class took place on Sunday evening. The sorority is celebrating 20 new pledges and 3 honorary members. After signing the pledge list on Thursday the new members were awakened by their Big Sisters early Friday morning to assemble in the sorority room followed by breakfast in Hamilton Commons. It was an exciting indoctrination to pledging and has each and every one "fired up" for what is ahead. Keep an eye out for the red and white!

Congratulations to the brothers of Sigma Beta for a successful faculty auction. Turning an important service project into such a good time must be acknowledged as talent. We're proud of you and glad we could help.

Sunday afternoon Sigma Beta joined us for another bit of fun as we romped with the kids from the Big Brothers/Big Sisters organization. Thank-you's go out to those sisters who put so much into the activity planning to make this such a worthwhile experience.

DGT

The DGT would like to congratulate our own Todd Friesner on being elected Snow King and Snow Queen Beth Brede. The Brothers participated by building a snow sculpture of a sphinx. Brothers John Dorman, Kevin Fisher and Dan Glosky headed the project and did an outstanding job.

I.M. hoop is over, and the DGT made an effort to return to supremacy in I.M. Basketball. A strong last half of season allowed the A-team to make the play-offs only to be beaten by an excellent New Dorms team. With the core of the team being

PINK PANTHER WEEK

"A SHOT IN THE DARK" 954	10:00 Wed Tyler	Starring: Peter Sellers, Elke Sommer, George Sanders, Herbert Lom The bumbling Inspector Clouseau of the Paris Police has a mystery on his hands as well as gorgeous Elke Sommer, a French maid accused of murdering her Spanish lover but apparently the only one in the chateau who didn't. Sellers is, of course, convinced of her innocence. The result, particularly as punched neatly into place by Blake Edwards' direction, is grand fun.
"THE PINK PANTHER" 854	10:00 Thurs TYLER	Starring: Peter Sellers, David Niven, Capucine, Robert Wagner, Claudia Cardinale The inveterate bungler Inspector Clouseau attempts to catch a suave, sophisticated jewel thief (David Niven). Clouseau must also tend with Niven's eager nephew and a Eurasian princess that everyone's out to fleece. A couple of gorilla costumes, some runaway cars and a fabulous gem called The Pink Panther get involved in the proceedings too.
"Return of the Pink Panther" 754	12:00 FRI TYLER	Starring: Peter Sellers, Christopher Plummer, Catherine Schell, Herbert Lom The indefatigable Inspector Clouseau is once again in search of the Pink Panther diamond. From the early scene in which Clouseau pompously asserts his right to arrest a man begging in front of a bank which, to all but the Inspector is in the process of being robbed, to the truly insane ending, the virtuoso talents of director Blake Edwards and Sellers threaten to overflow the screen with invention.
"THE PINK PANTHER STRIKES AGAIN" 754	8:00 Sat Tyler 8:00 SUN DOW	Starring: Peter Sellers, Herbert Lom, Colin Blakely, Lesley Anne Downe The disaster-prone Inspector Clouseau meets the greatest challenge of his hilarious career as Peter Sellers again stars as the bumbling French sleuth in the latest of writer-director Blake Edwards' "Pink Panther" comedies.

Men's Basketball upsets Kalamazoo

By K.C. Smith
Sports Writer

The Alma Scots Basketball team came out firing Saturday as they posted a 104-83 win over visiting Kalamazoo. Seniors Jim Davidson, Dan Stolz and Dave Froelich led the potent Scot attack as they put down 26, 24 and 21 points apiece.

Davidson was the crowd pleaser as on numerous occasions he would take the outlet pass, come down two on one in a fastbreak situation, only to pull up and put down a 20 footer. J.D. put down 16 of those points in the second half as he helped the Scots pull away from the sloppy Kazoo squad.

Alma had held a skimpy 49-47 halftime lead as both teams were really hot. Kazoo hit on 58% of their shots in the first 20 minutes while Alma hit on 57%.

It was a different story in the second half though, as Alma tightened its defense, and kept its own offense rolling. Alma hit on 66% of its second half shots while Kazoo only hit 36%.

Dan Stolz also tossed out 10 assists to go along with his 24 points. He hit on 7 of 11 field goal tries while hitting all 10 of his free throws.

Dave Froelich also pulled down a game high 12 rebounds to go with his 21

points. Fro hit on 8 of 15 field goal attempts and hit on all five of his free throw attempts.

Jeff Meath tossed in 10 of his 14 points in the first half, all from long range, with many coming at the start of small first half rallies for the Scots.

Subs Cavin Mohrhardt and Mark Henn also contributed substantially to the Alma cause, Cavin with his ball handling and play-making and Henn with his rebounding and defensive work.

The Scots will entertain league leading Albion on Wednesday and will travel to Adrian on Saturday. Alma's record now stands at 14-6.

Besides having their best week thus far in the season, the women's basketball team set a new Alma College scoring record last Tuesday night against Kalamazoo. The Scotswomen scored 91 total points to the Hornet's 40 on their way to the first of two conference victories within three days.

Thursday night the Alma netters defeated Hope 76-49 in what was undoubtedly their best overall team performance of the year.

In the record breaking game, Linda Ban squeaked by Barb Lundy for top individual scoring honors with 27 and 25 points, respectively. Junior guard Mary Curtis helped with 12 points, as did Cookie Novitsky and Jeri Hanley with 6 apiece. Ban pulled down the most rebounds with 16 while Novitsky had 11.

Against Hope Thursday, it was Linda Ban once again with 27 points to lead all

scorers with 18 of those points coming in the first half. Lundy had 14, Novitsky 8, and Marcia Mikan, another freshman, contributed 8 points in one of her finest efforts of the season. The entire Alma squad shot 51% from the floor, and 67% from the free-throw line.

Besides having endless favorable comments about the performance of her team, Coach Glennie Smith was very disillusioned with the fact that more students turned up at Cappaert Gymnasium Tuesday night to watch an intramural game than the women's varsity basketball team. "I can't understand it, especially since we have such a talented team. I think it's a shame."

The last home contest for the Scotswomen will be Saturday the 24th when Alma is once again hosting the MIAA tournament. Play begins at 10:00 a.m. and will be continuous until the final match-up at 7:00 p.m. that evening.
